Introducing the new Audi
Q7 with Audi connect.

#FutureIsAnAttitude

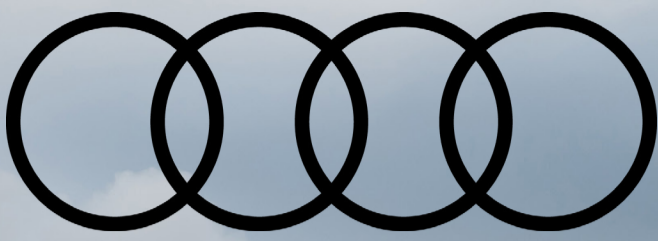

Versatile luxury.

The new Audi Q7 and SQ7
with Audi connect*

With space for up to seven people, the new Audi Q7 and SQ7 are versatile luxury vehicles founded on the strengths of quattro all-wheel drive, intelligent suspension and an exceptionally spacious interior. The drive select system of these new models gives you seven different modes, including optional sport air suspension which lets you control the height of the vehicle depending on the terrain and the type of driving experience you're looking for.

*Audi connect is not supported outside of South Africa

Audi connect.* Forward thinking. On the go.

Available for the Audi Q7 and SQ7 from 2021, Audi connect gives passengers and drivers an impressively high level of comfort and convenience. By harnessing the power of an onboard mobile connection, it allows you and your passengers to enjoy a range of enhanced safety, security, navigation and infotainment features.

Design

The new Audi Q7 and SQ7 models' class leading comfort and generous size makes planning family or group road trips a pleasure. Both convey understated power and sportiness, with a distinctive octagonal front grid, harmonious well balanced lines, large front air intakes. The SQ7 model boasts even more sporty appeal, with trims of selenite silver, bumper and light accents, red brake calipers and four standout tailpipes.

Performance

The Audi Q7 45 TDI quattro with tiptronic transmission is available with 183 KW power.
