Room for freedom

You feel the athletic characteristics of the Audi RS 6 Avant in the high-quality interior. The RS sport seats with high-quality rhombus or honeycomb pattern provide firm support while you use the driver-oriented technologies on the sleek, three-dimensional instrument panel.

The black-panel architecture, inlays in aluminum race, anthracite and the two RS design packages in red and gray add even more sportiness to the impressive design. The RS embossing on the steering wheel, seats and door sill trims reaffirm your personal statement of living life to the full.

The all-in driving experience

Top speed (limited)

250 km/h
