NEW WAYS OF LIVING**

# SPORTIVE AND FASHIONABLE DESIGN

FASHIONABLE DESIGN BRINGS YOU A MORE COLORFUL LIFE.

● Young and fashionable exterior

● Dual color hub + red callipers

● Sporty and comfortable interiors

The image shows the front interior of a car. The dashboard is black with a carbon fiber texture and features three circular air vents with red accents. A central infotainment screen displays a video of a crowd. The steering wheel is black with red stitching and has the MG logo in the center. The instrument cluster behind the steering wheel shows speed and RPM gauges. The rearview mirror is visible at the top. The windshield shows a large, cheering crowd, suggesting a concert or festival setting.

## VARIOUS ENTERTAINMENT

### VARIOUS ENTERTAINMENT FOR AN ENJOYABLE RIDE

- 7.0 inch screen+smartphone interconnection
- Leather multi-function steering wheel
- High-quality sound system

# EASY AND PASSIONATE CONTROL

## SAFETY FIRST

-  ABS + EBD
-  Energy absorbing steering column
-  Dual Air Bags
-  Brake over-ride system

FUN DRIVING EXPERIENCE BRINGS YOU PASSION

**MBtech**

- SAAB design standard and development process coupled with MBtech research

- AISIN supplies auto transmissions to over 55 automotive manufacturers globally

- 1.5L aluminum engine. Fuel-efficient variable valve timing technology, variable-length intake manifold

*"Never doubt that a small group of thoughtful,  
committed citizens can change the world"*

**Margaret Mead,**  
Anthropologist

BAIC has been among the pioneers of the automotive industry in China, with a history that can be dated back to 1958, the year of founding of Beijing Automotive Works. BAIC has now produced and sold more than 17 million cars in total, and has also witnessed the history of the Chinese automotive industry and the development, from infancy to maturity. It has recorded production and sales volume of **2.48 Million** in the year 2015, making them the **4th highest vehicle manufacturer** in China's automotive sector.

One significant milestone of the BAIC Group is producing its first domestic **Mercedes-Benz**, laying its foundation to produce luxury high-end cars for the domestic market. In 2015, BAIC signed an official strategic partnership with Daimler to establish a joint venture company, the BAIC **MBtech** Development Centre. BAIC Group is ranked **No. 160 in the Fortune Global 500**. Currently BAIC Group has around 130,000 employees with a comprehensive portfolio of products ranging from passenger to commercial vehicles.

**BAIC leaps to 160th  
in Fortune 500**  
**FORTUNE**  
GLOBAL  
**500**

**1958**

Produced their  
first sedan  
'Jinggangshan'

**1975**

Developed the  
first military  
grade off-road  
vehicle

**1984**

First sino-foreign  
automotive joint  
venture

**2002**

BAIC and  
Hyundai  
established the  
joint  
venture.

**2003**

BAIC and Daimler AG  
established the joint  
venture Beijing Benz.

**2009**

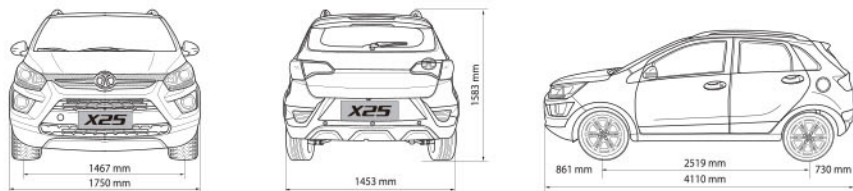

Acquired the  
intellectual  
property rights from  
the Swedish  
automobile brand  
SAAB
