Brilliance BS4

**BRILLIANCE**

Feel at home. [www.brilliance-motors.eu](http://www.brilliance-motors.eu)

Come for its style.  
Go for its quality.

First impressions count. And this is where the Brilliance BS4 really fills the bill. Its elegant sedan shape is a clear reference to Italian design culture. Its technical advantages are the result of European engineering and the most modern Chinese construction

facilities. As you can see, we do not believe in frontiers. And most certainly not where it is a case of your driving enjoyment. Convince yourself.

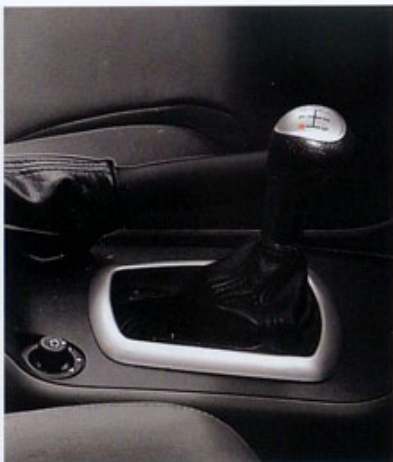

**TRAVEL IN COMFORT. ARRIVE RELAXED.**

The interior offers you everything that you would expect from a sedan – and a little more. Italian designer Pininfarina succeeded in providing a particularly stylish touch for each trip. High quality materials and a harmonised colour concept provide an atmosphere in which you immediately feel at home.

The inclusive equipment of the Brilliance BS4 also ensures that you are denied no comforts when travelling. From the air conditioning through electric windows to the eight position driver's seat, every detail is planned for your personal driving enjoyment.

**STYLE THAT IS REASSURING AND DYNAMISM THAT IS FUN.**

As elegant as the interior is, just so stylish is the handling of the Brilliance BS4. The compact dimensions make the car easily manoeuvrable. At the same time, the well-balanced running gear provides an optimum roadholding position. With up to 125 kW (170 HP) and a maximum torque of 235 Nm, you can reach a maximum speed of 210 km/h. The automatic 4-speed gearbox ensures that this power of the BS4 1.8 AT Turbo is put to optimum use. Wherever you drive, with this technology you can feel at home anywhere.

\* In Europe the middleseat of our BS4 is equipped with 3-point belt and head rest.  
 \*\* The screen displayed is not available in Europe.

**FEEL THE SAFETY. ENJOY THE FREEDOM.**

A safe feeling is based upon solid facts. The Brilliance BS4 has safety equipment in line with the most modern European standards. ABS and electronic brake-force distribution as standard equipment ensure the directional stability of the car. Apart from driver, front passenger

and side airbags (front), side impact protection and four disc brakes increase your safety. The Brilliance is ready for anything. Get acquainted and prepare yourself for a pleasant surprise.
