

# EVEREST **SMART** FEATURES

#### KEYLESS ENTRY & PUSH-BUTTON START<sup>1</sup>

Set off without ever taking the key out of your pocket. Just open the door to unlock the New Everest and press a button to start the engine.

#### DUAL-PANEL (POWER) MOONROOF<sup>2</sup>

Open up your world and experience life under clear blue skies with a glass panoramic moonroof that comprises nearly 50% of the New Everest Limited's roof space and includes a powered sunblind.

#### TERRAIN MANAGEMENT SYSTEM

Tackle any surface<sup>3</sup>, on- or off-road, at the turn of a dial. With Terrain Management System<sup>4</sup> on 4WD models you can shift modes to maximise traction and stability whether you're on snow, mud, grass, sand, rock, or road.

#### PRE-COLLISION ASSIST WITH PEDESTRIAN DETECTION (AUTONOMOUS EMERGENCY BRAKING)

On Limited models, this feature is designed to scan the traffic ahead and warn you if it senses the possibility of a collision with traffic or pedestrians. If a collision is likely, it can apply the brakes<sup>5</sup>.

<sup>1</sup>Only available on XLT and Limited derivatives. <sup>2</sup>Only available on Limited derivative. <sup>3</sup>The driver is responsible for assessing off-road situations, determining if the terrain is passable and using appropriate off-road driving techniques. <sup>4</sup>To activate Rock mode, the vehicle must be stationary and in 4WD low range. Mud, Grass, or Snow mode does not replace the need to fit chains if required. <sup>5</sup>Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. <sup>6</sup>Maximum towing capacity using a Genuine Ford Tow Pack. Subject to State and Territory regulations. To comply with these limits, occupants and/or luggage may need to be restricted. For further details regarding passenger and luggage restrictions, please consult your authorised Ford Dealer and/or refer to the Owner's Manual. <sup>7</sup>Maintaining a steady speed of not more than 7km/h.

Control

Keeping Aid

Rain Sensing Wipers

#### SYNC®

SYNC®3 is a fully integrated, voice-activation system that lets you use your favourite devices while your hands stay on the wheel and your eyes stay on the road. Sync your phone to call your friends and play your favourite music, and stay on track with the integrated satellite Navigation system. Equipped with a customisable 8" colour LCD capacitive touchscreen; SYNC®3 is quicker and more responsive than ever before.

\*Sync<sup>®</sup>3 is standard on XLT and LTD.

#### **BIG TOWING CAPACITY**

Be ready for any task, no matter how big. The New Everest XLT and Limited models with the new Bi-Turbo diesel engine can now tow even heavier loads with a maximum rated towing capability of 3 100kg<sup>6</sup>.

#### EXTRAORDINARY CAPABILITY

The new Everest 4WD will confidently wade through water up to 800mm deep<sup>7</sup> and with a high ground clearance of 225mm. Uphill isn't a battle either, thanks to Hill Launch Assist<sup>5</sup>. And on the way back, Hill Descent Control<sup>5</sup>.

#### 8 INCH COLOUR TOUCH SCREEN

The 8" Colour Touch screen delivers improved connectivity and is largely equivalent to SYNC®3 with the exception of Navigation and Embedded Voice Recognition. The system is fully compatible with Android Auto and Apple Carplay. Other features include Applink, textto-speech and Wi-Fi hotspot compatibility.

\*8" colour touch screen in standard on XLS.

#### **BI-TURBO DIESEL**

#### 157kW / 500Nm

#### 4-Cylinder Diesel Engine

The innovative Bi-Turbo diesel engine's two turbos work sequentially to deliver huge power and torque, combined with a state-of-the-art 10-speed auto transmission.

Computer-generated image. Features differ per derivative. See specification sheets.

#### SINGLE-TURBO

#### 132kW / 420Nm

4-Cylinder Diesel Engine

Not only does the Single-Turbo diesel engine deliver strong performance lower down the rev range, the 10-speed automatic transmission also helps improve fuel efficiency.

#### 3.2L TDCI

#### 147kW / 470Nm

5-Cylinder Diesel Engine

The tried, tested and trusty workhorse that has capably delivered seamless torque to thousands of EVERESTs.

#### 2.2L TDCI

#### 118kW / 385Nm

4-Cylinder Diesel Engine

The economic choice, this engine will provide thrifty service for years.

#### FORD PROTECT

Ford **PROTECT** offers a holistic suite of service, maintenance, warranty and roadside-assistance products aimed at keeping your new Everest in perfect working condition.

All **EVERST** derivatives retailed on or after 01 November 2021 will not have a service plan included in the vehicle in line with the Competition Commission's Guidelines for the Automotive Aftermarket Industry. Service and maintenance plans can be purchased directly from the Finance and Insurance Manager at any Ford Authorised dealership. Please ensure you follow your service booklet for your service intervals. Service Plan covers all scheduled servicing except friction materials and wear items, i.e. brake pads and wiper blades. An Extended Warranty may be purchased prior to the expiry of the 4-yr/120 000km New Vehicle Limited Warranty (NVLW).

Warranty: Extension covering your vehicle for up to 7 years or 200 000kms from the original warranty start date. Service Plans options available for up to 8 years or 135 000kms from original warranty start date. Maintenance Plans: Ford Protect has a variety of maintenance options for up to 8 years or 135 000kms. Roadside Assistance: opt for an additional 1 or 2 years Roadside Assistance

### Please contact your nearest Ford Dealer for more information regarding Ford PROTECT plans and products options or visit www.ford.co.za/fordprotect

The declared fuel consumption and CO<sub>2</sub> emissions figures were achieved during technical laboratory testing in accordance with the legislated technical specifications (SANS 20101: 2006/ECE R101: 2005 as last amended) and validated and approved by the UK Vehicle Certification Authority (VCA). Fuel consumption and CO<sub>2</sub> emissions figures are used to compare different vehicle types under uniform conditions, and are not necessarily indicative of real-life driving conditions. Note that the actual fuel consumption and emissions levels will depend on many factors and are directly affected by the length of the journey; number of passengers and the amount of luggage carried; individual driving style; road conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures in day-to-day driving, although the vehicle is technically capable of doing so.

Ford reserves the right, subject to all applicable laws, to discontinue or change features and other specifications either temporarily or permanently, which will be communicated to the Ford Dealer Network. E & OE. Printed October 2021.
