

FordFocus Coupé-Cabriolet

Feel the difference

Fall for it once

Fall for it twice

How do you describe a feeling? In all honesty, you can't. Not perfectly. Unless someone has shared the same experience, describing it will never do it justice. Try describing falling in love to someone who never has. You have to rely on imagination to fill in the blanks.

So let us trust ourselves to your imagination. Because if ever there was a car to excite your feelings, the Ford Focus Coupé-Cabriolet is it. This is a car that captivates twice over, once as dynamic coupé then again as elegant cabriolet.

And while its genuine innovation and advanced technical know-how will appeal to the rational, it's also a car that truly touches the emotions. Hardly surprising you may think in a model co-designed and built by the renowned Italian manufacturer, Pininfarina, whose name is the epitome of style in the motoring world.

To experience this sensuous styling, to sit in the driver's seat and sense the creative energy that has gone into the car's development is to sense a virtual gravitational pull on your emotions. Then, out on the road with the car's potential unleashed, that same feeling will be there once more. Coupé or cabriolet. Prepare to be smitten once, expect to be smitten again.

It's a feeling
of awe...

It's an awesome feeling...

It's a sense
of space

It's a sense of freedom

You're driving along in your sleek, aerodynamic 4-seater coupé. The sun comes out. Being able to adapt to changing circumstances puts a more positive slant on life. So, pull over and at the push of a button without moving from your seat, the 2-part hardtop folds back to reveal you're sitting in a stunning cabriolet. Take off, then take off. True to its Ford Focus heritage, whether you're in coupé mode or going along with the top down, this car displays uncompromising driving dynamics. With independent Control Blade rear suspension, it's precise and sure-footed, nimble and responsive, everything you need to own the road – at least, that's how it'll feel.

It's a feeling of being in control

Take your place behind the wheel and you'll feel like you're not just in the driving seat but poised to enjoy the open road. While the sense of freedom is tangible, you'll always feel in touch as sophistication surrounds you in the shape of the latest technical features that are available as options. Voice-activated controls and Bluetooth® hands-free technology mean you can manage the audio as well as your Bluetooth® - compatible mobile phone, simply at the sound of your voice. With the convenient and secure KeyFree System there's no need to hunt for your car keys, while the DVD navigation system with 7" colour touch screen provides detailed audio-visual directions to your destination.

Sony 6CD audio

This 6CD RDS EON stereo radio/6-disc in-dash CD autochanger features a 'Keycode' for security. Also available as a single CD/MP3 system both featuring an auxiliary port for your MP3 player.

Voice Control System

Bluetooth® wireless technology allows electronic devices to communicate by radio waves instead of cables. Coupled with voice control, it provides a convenient way to use a compatible mobile phone with the safety of both hands on the wheel and without the need for a headset.

It's the fun of choosing

Which Focus Coupé-Cabriolet is right for you? Whichever model you choose, you'll discover a genuine 4-seater, with more leg and headroom than you would expect in a car of this class: the result of hundreds of hours of research exploring just how people sit in cars. And adding to your comfort is air conditioning as standard and a choice of luxury fabric, partial leather or leather interior in three shades.

CC-1

Detail upon detail define the Focus Coupé-Cabriolet and the CC-1 with roll-over protection and chrome detailing is evidence of a car that is exciting, practical and stylish.

- 16" Alloy Wheels
- Radio/CD with 6 speakers
- CFC free Air Conditioning
- Electrically operated and heated door mirrors
- Body colour door handles and bumpers
- Thatcham Cat 1 Alarm

CC-2

Performance-inspired features such as the sport suspension and 17" 10-spoke wheels as well as the heated windscreen make this a highly distinctive and desirable model.

- 17" 10-Spoke Alloy Wheels
- Sony Audio system CD/MP3 player
- 3-spoke Leather Sports Steering Wheel
- 'Quickclear' heated windscreen
- Unique Sports Suspension
- 2.0L Duratec (145PS) Petrol engine
- Optional 2.0L Duratorq TDCi (136PS) Diesel engine available at extra cost

CC-3

Rich in features, including partial-leather seats, cruise control and air conditioning, the CC-3 adds a touch of luxury, taking comfort, style and practicality to impressive levels.

- 17" 10-spoke 'machined' Alloy Wheel
- Sony Audio 6CD player
- Partial Leather trim
- 4-spoke Leather Steering Wheel
- Cruise Control
- Heated front seats
- Rain Sensing Wipers, Automatic headlights and Auto-dimming rear-view mirror
- Chrome front foglight and lower grille surrounds
- Drivers seat power height adjustment
- 2.0L Duratec (145PS) Petrol engine
- Optional 2.0L Duratorq TDCi (136PS) Diesel engine available at extra cost

Styled gear lever knob

Styled to add that extra touch of class. (Accessory.)

Styled handbrake cover

Designed with unique 'aluminium effect' inserts to match perfectly with the gear lever knob. (Option and accessory.)

Premium velour floor mats

Available in four colour combinations to harmonise with your Focus Coupé-Cabriolet interior style and colour. (Accessory, standard on CC-3)

Space to boot

The Focus Coupé-Cabriolet gives you 534 litres of space with the roof up and 248 litres with the roof down. Plenty of space for that well-planned touring holiday or a spur-of-the-moment weekend break. For a car of this class, the Focus Coupé-Cabriolet gives you more, in more ways than one.

Unique chrome-finish mirrors

with integrated side indicators, they are made to underline the elegant design of your car and are a perfect combination with the standard chrome elements. (Accessory.)

Foldable windbreak

With the top down and the windbreak up, you can enjoy the elements in comfort. When not required, it can be simply folded away to store in the boot in it's own bag. (Option and accessory.)

Becker satellite navigation system

Single DIN-sized navigation system renowned for its brilliant sound and superior navigation abilities. Also plays CD/MP3. (Accessory.)

It's a personal thing

There is a host of extras with which you can shape the Focus Coupé-Cabriolet to a perfect fit with your lifestyle. Each item from the range allows you to personalise your car your way, so it better suits your needs and your individual style.

Option = Must be ordered at time of vehicle purchase

Accessory = Available from your Ford Dealer

CC-1
16" 5-spoke alloy wheel (Standard)

CC-2
17" 10-spoke 'anthracite/machined' alloy wheel (Standard on CC-2 and available as accessory)

CC-3
17" 10-spoke 'silver/machined' alloy wheel (Standard on CC-3 and available as accessory,

17" 5-spoke alloy wheel (Accessory)

17" 7x2-spoke alloy wheel (Accessory)

18" 7-spoke 'anthracite/machined rim' alloy wheel (Accessory)

18" 7-spoke 'machined' alloy wheel with chrome centre cap (Accessory)

18" 10-spoke Y-design alloy wheel (Option and accessory)

Wheels and alloys

Each distinctive wheel adds another element to the Focus Coupé-Cabriolet's sleek and stylish design.

To us, environmental care comes naturally

Care for the environment is one of Ford's oldest concerns. Long before it became fashionable or required by law, we were questioning established practices and searching for better, more efficient alternatives. Like so much of our philosophy, the concept of sustainability dates right back to our founder, Henry Ford, a man who could not abide unnecessary waste.

Driving into the future

Lighter, quieter, and using less fuel with lower emissions, today's Ford engines create less impact on the environment than ever before. Our smooth, quiet and economical passenger car diesel engines comply with the strict Euro IV-emissions regulations while, at the same time, improve the overall performance. Indeed, our new Galaxy 2.0 Duratorq TDCi 140 PS diesel engine develops higher torque than its predecessor, while producing even less carbon dioxide (CO₂) emissions.

A natural approach to alternative fuel

Imagine a car that runs on renewable fuel derived from sugar beet, cereal or wood shavings. Impossible? Then think again. Ford has been successfully selling the Focus Flexi-Fuel in Sweden since 2001, where sales now account for 80% of all Focus models sold. The 1.8-litre car, which can run on petrol, bioethanol, or a mixture of the two, offers a 70% reduction in carbon dioxide emissions compared to a petrol model, without any loss in performance. Because bioethanol fuel is plant-based, the CO₂ emitted at the tailpipe is broadly equal to the CO₂ absorbed while the plants were growing.

Recycling for good

Legend has it that Henry Ford used timber from old packing cases to build floors for the Model T. Today, the average Ford vehicle includes more recycled material than ever. Across our European vehicle range, more than 300 parts are made from recycled non-metallic materials. This helps to safeguard raw materials and diverts unwanted waste from landfill sites. Combined, our use of parts manufactured from recycled and renewable materials kept almost 35,000 tonnes* of waste out of landfills.

A breath of fresh air

In our bid to provide the healthiest car interiors possible, the Ford Focus and Focus C-MAX, along with the new Ford S-MAX and Galaxy, were the first cars worldwide to receive the 'Allergy-Tested Interior' seal of approval from the TÜV, the German independent testing and assessment organisation. Not only that, but the certification has also been confirmed by the British Allergy Foundation. By combining materials that are free from harmful emissions, together with pollen and dust filters, the interiors provide the perfect allergy-friendly environment for sufferers of asthma, hay fever or contact allergies, such as eczema.

When less means more

What impact does a new vehicle have on air quality over its lifetime? How much noise will it produce when it drives down the street? Using a new tool called the Product Sustainability Index, Ford is taking a leading role by addressing the environmental, social and economic impact of its vehicles from the early stages of their development. As one of the key issues facing society in the 21st century, sustainable development presents an enormous global challenge and reinforces our message that 'business as usual' is not an option.

*2004 figures.

Finance and services

Across the UK, a dedicated network of Ford Dealers is equipped and trained to meet the needs of today's drivers. Because of our coveted reputation for quality and reliability, from the moment your new vehicle leaves the showroom, you are assured of lasting, attentive service in many ways. Ford not only cares through Dealers, we also offer a variety of finance and leasing schemes to suit the needs of both the private and business customer. With our wide choice of plans and services no one is more committed to delivering complete motoring confidence and total peace of mind than Ford.

FordCredit

As part of Ford Motor Company Limited, Ford Credit offers convenient and competitive financial services to Ford customers. Choose, try, finance and insure your Ford – without having to leave the showroom.

Ford Options Ford Options is the flexible way to finance your Ford. If you are looking to renew your vehicle more often, this is the ideal plan. At the end of the agreement, choose which option suits you best – own the vehicle, return it or choose a new one.

Ford Acquire Ford Acquire is a simple method of vehicle finance for private customers and business users. Convenient to arrange, and with flexible terms to suit your needs, owning your Ford has never been so easy.

Ford Business Partner As a specialist division of Ford Credit dedicated to partnering businesses, Ford Business Partner will work with you to achieve a complete Contract Hire transport solution.

Ford Insure Ford Insure offers a wide range of products for you and your Ford including Comprehensive Motor Insurance, Payment Protection Plan* and Guaranteed Asset Protection**. When you purchase a Ford from a Ford Dealer, you will receive 7 days' Driveaway cover*** free when you call Ford Insure for a no-obligation annual quotation.

What's the next step? Your local Ford Dealer will be pleased to help if you have any further queries and advise you of current special promotions. Your Dealer can also supply a personalised quotation for the finance plan and vehicle of your choice.

To find your local Ford Dealer, please call 0845 7111 888.

Services

Company Car Drivers Talkback - the company car drivers' club offers members extended test drives, tax and buying advice as well as special offers and invitations to special driver events. To join, log on to www.talkbackclub.com or call 0845 605 55 66 - it's free and you don't even have to drive a Ford.

Ford Mobility MAGIC (Mobility and General Information Centre) is a Ford-dedicated care centre created to provide free and comprehensive information on all motoring and mobility issues to anyone requiring such assistance. MAGIC has many special offers for HRDLA recipients, or Motability scheme users, call free on 0800 240 241.

Ford Protect Every new Ford car sold is protected by 12 months' unlimited mileage manufacturer's warranty, plus the option of extending this warranty to a 3-year/60,000 miles Ford Protect Classic Plan at no extra cost. Upgrades are also available, giving you the option of extended Ford Assistance and scheduled servicing.

Ford Rapid Fit The national fast-fit network backed by Ford, offering you the convenience of a 'no-appointment-necessary, while-you-wait' service covering tyres, exhausts, brakes, batteries and much more. There are over 260 sites nationwide.

Ford Accident Repair Centres If your Ford is involved in an accident, your Ford Dealer is best placed to return it to its pre-accident condition. Dealerships displaying the Ford Accident Repair Centre sign all meet the rigorous customer service and repair quality standards laid down by Ford, and offer a three-year repair guarantee.

Ford Customer Relationship Centre In the unlikely event that your Ford Dealer can't help you or you need to speak to Ford directly, the Ford Customer Relationship Centre is just a phone call away. Call local rate 0845 841 1111.

Ford Rental - local service nationwide Providing quality car and van rental from Ford's latest model range. For further information contact your local Ford Dealer.

Finance subject to status and conditions. Over 18s only. Guarantees/Indemnities may be required. Written quotations on request. Freepost Ford Credit. Correct at the time of going to print. Contact your Ford Authorised Dealer for terms and conditions. Business Partner Contract Hire is provided by Lex Vehicle Leasing. Ford Insure is underwritten by Norwich Union Insurance Limited, registered in England no. 99122. A member of the Aviva group. Authorised and regulated by the Financial Services Authority. Luxury Pack – Leather trim plus DEATC air conditioning			○
18" Alloy Wheel Upgrade		○	○

● = Standard, ○ = Optional, at extra cost.

6000CD audio

This single CD/radio RDS EON features AM/FM radio with 'Keycode' anti-theft coding, and four front and two rear speakers.

Remote audio controls

Steering wheel-mounted toggle controls let you operate the audio system without taking your hands off the wheel. (For use with Ford audio systems only.)

DEATC air conditioning

Dual-zone DEATC air conditioning allows both the driver and front passenger to control the temperature in their area individually. This feature can also work in conjunction with the Voice Control System (where specified).

Cruise control

Reduce your stress on long trips or when towing, with optional cruise control. Simply select your desired speed and the system will maintain it for as long as you wish. Also includes leather-trimmed, 4-spoke steering wheel. (Option on CC-2, standard on CC-3.)

Colour and trim

Model	CC-1	CC-2	CC-3

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular car. The cars themselves have not been tested and there are inevitably differences between individual cars of the same model. In addition, a car may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the car has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation. **Illustrations, descriptions and specifications.** This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Fitment/Pack', etc., you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. ***Ford Information Service.** Calls are charged at national rate and may be recorded for training purposes.
