

CLIC TYPE R

5 YEAR UNLIMITED KM WARRANTY

HONDA

“The Civic Type R is not just fast, but is a sports model that can be driven with complete confidence, and fills the driver with an overwhelming desire to keep on driving. It’s the car Honda has dreamed of making.”

Hideki Kakinuma, Civic Type R Project Lead

BRED TO BREAK BOUNDARIES

The Type R has risen to the top time and time again, winning both Performance Car of the Year and Bang for your Bucks Champion in the same year. It’s an honour no other vehicle in Australian automotive history can claim. Praised both for its “phenomenal on road and track” performance as well as setting “a new standard for front-wheel drive hot hatches” the Type R has exceeded expectations at every turn – inspiring everyone involved to dream bigger and keep breaking boundaries.

‹ Track-tested aero kit

ADVANCED AERODYNAMIC DESIGN

The Civic Type R is anything but subtle. Its muscular styling and aggressive physique are not for shrinking violets. Every inch of its track-tested aerodynamic package is designed to deliver superior balance between downforce and drag, contributing to greater speed and stability.

The weight-saving aluminium bonnet is sculpted to cut through the air. Larger grille openings maximise airflow to the engine. The front bumper is shaped to inhibit air turbulence around the front wheels. While a front air curtain, wide front splitter and deep side skirts manage airflow and create downforce on the front axle.

Behind the front wheels you'll find 2-piece disc brakes that prevent fade during hard braking. There are also air slats in the bodywork behind the wheels that reduce static pressure within the wheel arches and improve the lift coefficient. So when you hit the track, you can corner with confidence and precision.

At the rear, the signature Type R wing works in conjunction with vortex generator fins on the roof line, diverting air flow over and away from the rear of the car to reduce the overall drag coefficient. There are even cutting-edge ADS dampers that read the road faster and respond quicker, so even the most thrilling ride will be a comfortable one.

WELCOME TO YOUR COCKPIT

Its interior is unmistakably Type R. Signature suede-effect red and black fabric high-backed bucket seats offer unparalleled support for sports driving – keeping the driver and front passenger firmly in place through acceleration and cornering.

The Alcantara®-wrapped steering wheel with red inserts and hexagonal stitching give you the grip you need while the dashboard's carbon fibre effect panelling and race red highlights provide a distinctly sporty feel. Complementing this are the Type R's iconic drilled alloy sports pedals, suede-booted aluminium shift knob and custom serial number embossed on the centre console.

At the top of the centre console you'll find a brilliant seven-inch touchscreen display. Featuring Apple CarPlay® and Android Auto™, it lets you connect seamlessly to maps, music message and more. It's also home to your climate control functions as well as a reversing camera and LaneWatch that give you a bigger picture of everything around you.

LogR*, our proprietary data logging app, can be accessed via that very same touchscreen. It's designed to improve your driving performance by tracking, scoring and monitoring every trip you take around the track.

Overseas image shown.

In front of the driver, the instrument display layout provides vivid clarity and highly intuitive useability. A seven-inch colour TFT LCD Driver Information Interface (DII) display makes up the largest central section of the instrument binnacle, which includes virtual gauges as well as a switchable section that can display a variety of different function readouts including an LED gearshift indicator light, boost pressure gauge, G-Meter and lap time recorder.

And if that wasn't enough to get your blood pumping, the Active Sound Control (ASC) will. Featuring different setting for the Type R's Sport, +R and Comfort driving modes, it works through the audio system's speakers to enhance the acceleration sound and dial up your Type R driving experience.

*Apple CarPlay, iPhone and Siri are trademarks of Apple Inc. CarPlay and Siri requires iPhone 5 model and above running iOS 7.1 or higher.
 †Google, Android and Android Auto are trademarks of Google LLC. To use Android Auto on your car display, you'll need an Android phone running Android 5.0 or higher, an active data plan, and the Android Auto app.
 *Terms and conditions apply to the use of the LogR app, available at Honda LogR in the Apple App Store and Google Play Store. Honda LogR requires Android version 8.1 or higher, or iOS version 12 or higher.

EXHILARATING PERFORMANCE

The guttural and highly tuned 2.0 litre VTEC turbo engine responds instantly to your command with an adrenaline pumping 228kW of power with 400Nm torque delivered between 2500-4500rpm.

With a tested top speed of 272km per hour*, it's amongst the quickest cars in its class.

A scalpel sharp, 6-speed manual transmission with rev matching function which enables engine speed to be aligned with the main shaft speed during upshifts or downshifts, provides for an intimate and rewarding connection for the driver.

Final drive is transmitted through an exceptionally responsive Helical Limited Slip Differential (LSD) which aids track cornering traction, even during hard driving for a more dynamic driving experience.

*Tested on European model, under controlled test conditions. Overseas model shown.

EXPERIENCE THE SCIENCE OF POWER AND CONTROL

The Type R delivers a thrilling balance of raw power and clever control. Depending on the road and track conditions, you can choose from an enhanced selection of driving modes including Comfort, Sport and +R mode. Each one automatically adjusts the suspension dampers, steering force, gearshift feeling and throttle response to suit any situation.

COMFORT MODE

Comfort mode offers a softer suspension setup and smoother steering feel, for a more comfortable daily drive.

SPORT MODE

Sport mode offers a more dynamic response to your drive. It sharpens the throttle response, stiffens the suspension and increases steering sensitivity – providing an optimum vehicle set up for driving on the open road.

+R MODE

+R mode is the choice for track driving. Engine responsiveness is heightened with the torque-mapping changed to a more aggressive and performance-focused configuration. This allows for more available torque at lower engine speeds. Damping force is increased by 15% over Sport mode to produce a firmer, flatter ride with greater agility for high-performance handling. The Vehicle Stability Assist (VSA®) system is also retuned for +R mode to focus on acceleration and performance, allowing a greater yaw and slip rate before intervening.

UNIQUE FEATURES

VORTEX GENERATORS

2.0 LITRE VTEC TURBO ENGINE

TRACK-TESTED AERO KIT WITH REAR WING SPOILER

228kW POWER @ 6,500 RPM
400Nm TORQUE @ 2,500-4,500 RPM

CENTRAL TRIPLE EXHAUST

LIGHT WEIGHT RACING INSPIRED SEATS

LIGHTWEIGHT ALUMINIUM VENTED BONNET

ADAPTIVE DAMPER SYSTEM

20-INCH BLACK ALLOY WHEELS WITH BREMBO 4-PISTON ALUMINIUM FRONT BRAKE CALIPERS

HELICAL LIMITED SLIP DIFFERENTIAL

6-SPEED MANUAL TRANSMISSION WITH REV MATCHING FUNCTION

2-PIECE FRONT DISC BRAKES

COLOUR RANGE

Championship White (Premium)*

Crystal Black (Pearlescent)*

Rally Red

Racing Blue (Pearlescent)*

Alcantara®-wrapped steering wheel

20-inch black alloy wheels

Lightweight racing inspired seats

*Premium/Pearlescent paint additional cost.

SPECIFICATIONS

ENGINE/TRANSMISSION

2 litre DOHC VTEC Turbo in line 4-cylinder engine
 6-speed manual transmission with rev matching function
 3-Mode Drive system (Comfort/Sport/+R)
 Drive By Wire throttle (DBW)
 Helical Limited Slip Differential (LSD)

PERFORMANCE/ECONOMY

228kW @ 6500rpm (max. power)
 400Nm @ 2500-4500rpm (max. torque)
 Fuel consumption: 8.8L/100km~ (combined)

STEERING

Dual Pinion Motion Adaptive Electric Power Steering (MAEPS)

EXTERIOR

Red Honda badges (front and rear)
 Piano black grille and B/C pillar finish
 Carbon fibre effect front splitter, rear diffuser and side skirts with red striping
 Shark fin antenna
 Electrically adjustable and retractable door mirrors with integrated LED indicators
 Central triple exhaust
 Black rear wing spoiler with body coloured sides
 Vortex generators (rear roofline)
 Vertical air intakes (front)
 Hood scoop
 Rear window demister
 2-speed and auto rain-sensing front wipers
 LED Daytime Running Lights (DRLs) & Front LED fog lights
 Automatic dusk-sensing LED headlights with auto-levelling & auto-off timer

SAFETY

Honda Sensing suite of driver-assist technologies:
 Forward Collision Warning (FCW)
 Collision Mitigation Braking System (CMBS)
 Lane Departure Warning (LDW)
 Lane Keep Assist System (LKAS)
 Road Departure Mitigation System (RDM)
 Adaptive Cruise Control (ACC)
 Highbeam Support System (HSS)
 LaneWatch
 Agile Handling Assist System (AHAS)
 Vehicle Stability Assist (VSA)
 Traction Control System (TCS)
 Anti-lock Braking System (ABS)
 Electronic Brake-force Distribution (EBD)
 Brake Assist system (BA)
 Hill Start Assist (HSA)
 Tyre Deflation Warning System (DWS)

SUSPENSION

MacPherson with Dual Axis Strut front suspension
 Multi-link rear suspension
 Adaptive Damper Suspension System

BRAKES

350mm ventilated disc brakes (front) with Brembo 4-Piston Aluminum Front Brake Calipers
 305mm solid disc brakes (rear)

INTERIOR

LCD Driver Information Interface with colour display featuring:
 G-force meter
 Stopwatch (Lap timer)
 Boost meter
 Brake pressure (MPa)
 Throttle position indicator
 Steering wheel-mounted controls
 Dual-zone climate control
 Drilled alloy sports pedals
 Electric parking brake with brake hold function
 Power windows with auto up/down function (driver and all passengers)
 Rear privacy glass
 Auto-dimming rear view mirror
 Smart keyless entry with push start button
 Tilt and telescopic steering column
 Type R sports bucket seats with red suede style fabric (driver and front passenger)
 Black fabric with red stitching rear seats
 60/40 split fold rear seats
 Red seatbelts
 Alloy gear shift knob
 Black and red Alcantara®-wrapped steering wheel
 Type R serial number plate
 Black suede style door trim with red stitching (front)
 Carbon fibre effect panels (front door/dash)
 Beverage holders (x6)
 Retractable cargo cover

MULTIMEDIA

Advanced Display Audio (7-inch touchscreen) featuring:
 AM/FM radio
 Android Auto™* with Google Assistant
 Apple CarPlay®** with Siri® Eyes Free mode+
 Bluetooth® connectivity with audio streaming°
 Digital Radio (DAB+)[^]
 Data LogR* featuring:
 Performance monitor
 Logging
 Driving score
 Active Sound Control System (ASC) with sports sound
 HDMI connectivity (1 port)
 USB connectivity (2 ports)
 180W 8-speaker sound system
 Speed-sensitive Volume Compensation (SVC)

SECURITY

Engine immobiliser
 Security alarm system
 Walk Away Door Locking

WHEELS

20-inch black alloy wheels
 Tyre repair kit

*Fuel consumption figure is based on ADR 81/02 test results. You may experience different results depending on driving conditions and the condition of the vehicle. *Apple CarPlay, iPhone and Siri are trademarks of Apple Inc. CarPlay and Siri requires iPhone 5 model and above running iOS 7.1 or higher. †Google, Android and Android Auto are trademarks of Google LLC. To use Android Auto on your car display, you'll need an Android phone running Android 5.0 or higher, an active data plan, and the Android Auto app. °The Bluetooth word mark is owned by The Bluetooth SIG, Inc. and use of such mark by Honda is under licence. ^Digital radio station coverage dependent on vehicle location. *Terms and conditions apply to the use of the LogR app, available at Honda LogR in the Apple App Store and Google Play Store. Honda LogR requires Android version 8.1 or higher, or iOS version 12 or higher.
