Grand Cherokee summiT®

Enter the world of the Jeep® Grand Cherokee and the rest is up to you. Authentic Jeep brand capability is matched with an exquisite cabin design and enhanced with a hushed, smooth ride. It's no wonder Grand Cherokee stands proud and tall. This is where adventure lives – where luxury and success thrive and the journey begins.

GRAND CHEROKEE SUMMIT® DELIVERS REIMAGINED LUXURY AND REDEFINED CAPABILITY THAT PERFORM HEROICALLY NO MATTER THE WEATHER. YOU'LL FEEL THE STRENGTH OF ITS REINFORCED STRUCTURE SURROUNDING AN ENVIRONMENT THAT SERVES YOU WELL. GO BOLDLY FORTH, EMPOWERED WITH INSPIRED CONFIDENCE.

Grand Cherokee Summit achieves the most premium status by delivering an experience that is truly first class. Summit owns this benchmark of exclusivity. New features for 2015 include illuminated door sills, Berber cargo mat and premium audio badging.

**INSPIRED DESIGNER PALETTE**

Summit's available Jeep® Brown interior is inspired by the warm tones that grace the majestic walls of the Grand Canyon. Copper-colored bezels and accent stitching continue the homage to this world wonder.

**NEW! ACOUSTIC GLASS WITH ACTIVE NOISE CANCELLATION**

Summit's cabin removes you even further from the sound of traffic and wind. The standard acoustic front side glass is now matched by the new, now-standard acoustic glass in the windshield and rear side windows. They all work together to noticeably decrease NVH (noise, vibration and harshness). Here, peaceful comfort comes along for the ride.

**ELEGANT TOUCH POINTS**

Premium Natura-Plus leather is featured on Summit's leather-trimmed seats, console, upper instrument panel and door panels. Real open-pore wood in Summit Brown adorns the instrument panel and door trim. A soft, suede-like headliner adds to the rich appeal of Summit's unique interior design.

**COMMANDVIEW® DUAL-PANE PANORAMIC SUNROOF**

This view from the top is revealing. There's more to be seen when you look up and out via Grand Cherokee's full-power sunroof with a power sunshade in front and a fixed-glass window in the rear. One look at this dual-paned sliding-glass ceiling and you'll definitely enjoy seeing what comes naturally into view.

**SEATING IN FIRST CLASS**

All first- and second-row seats are heated for comfort in every climate, and front seats are ventilated and power adjustable eight ways, with four-way lumbar adjustment.

**HIGH TECH MEETS HIGH EXPECTATIONS**

The Uconnect® 8.4-inch touchscreen treats you to a wealth of intuitive features like voice recognition, navigation, climate control and so much more. And the customizable 7-inch Multi-View Display offers a quick and easy glimpse at a myriad of vehicle systems and driving information.

**LUXURY FOR AUDIOPHILES**

For those who appreciate world-class sound design, Harman Kardon® sound engineers have developed a state-of-the-art system that sends 825 watts of power surging into 19 GreenEdge™ speakers, which utilize efficient engineering to improve sound quality while significantly diminishing energy consumption.

### SNOW

Adjusts for ultimate performance over snow- and ice-covered roads by maximizing vehicle stability and minimizing oversteer. Major systems auto-engaged and managed in this mode include antilock brakes and traction control.

### SAND

Traction control operates with aggressive response to wheel spin. The suspension raises for optimal performance. Deeper wheel-slip antilock brake settings and off-road-tuned Electronic Stability Control (ESC)<sup>1</sup> are among the primary systems engaged.

### AUTO

In Auto, Selec-Terrain<sup>®</sup> does all the work, automatically adjusting vehicle dynamics to best suit the terrain.

### MUD

In this setting, the Quadra-Lift<sup>®</sup> Air Suspension System raises to Off-Road 1 Mode, traction control operates with sensitive response to wheel spin and torque is tuned for optimal performance.

### ROCK

This Selec-Terrain setting raises the vehicle to the maximum ground clearance of 274 mm; the transfer case, differential and throttle coordinate to provide low-speed control. ESC<sup>1</sup> is tuned appropriately for off-road conditions.

## AVAILABLE SELEC-TERRAIN<sup>®</sup> TRACTION MANAGEMENT

FIVE SELECTABLE SETTINGS GIVE YOU ULTIMATE DRIVING CONFIDENCE BY COORDINATING 12 VEHICLE SYSTEMS, INCLUDING THROTTLE CONTROL, TRANSMISSION SHIFTING, TRANSFER CASE, TRACTION CONTROL AND ELECTRONIC STABILITY CONTROL (ESC)<sup>1</sup>.

ULTIMATE CAPABILITY TAKES YOU FAR WITH THE AVAILABLE TRAIL READY JEEP® GRAND CHEROKEE. RISE ABOVE CHALLENGING ROAD OBSTACLES THANKS TO ITS IMPRESSIVE GROUND CLEARANCE. FOR UNSHAKABLE CONFIDENCE FACING THE MOST CHALLENGING ROAD CONDITIONS, THE CHOICE IS CLEAR. GREATNESS LIES AHEAD.

#### QUADRA-LIFT® AIR SUSPENSION SYSTEM

This is how to move ahead with an air-cushioned, adjustable ride height that smooths on-road handling, increases fuel efficiency, eases entry and loading, and lifts Grand Cherokee to great heights – all with finger-touch control. Raise up to 287 mm above rocks and snowbanks. Lower it 40.6 mm for easier entry, exit and loading. Available.

#### JEEP® 4x4 CONFIDENCE

Choose from two available 4WD systems:

+ QUADRA-DRIVE® II employs an electronic limited-slip differential that can transfer up to 100 percent of torque to the rear wheel(s) with traction to help you maintain forward movement. Available.

+ QUADRA-TRAC II® offers all-speed traction control via a two-speed low transfer case that can quickly distribute power to the axle with the most traction. Available.

#### SELEC-SPEED® CONTROL

Selec-Speed adds Hill Ascent Control to the familiar Hill Descent Control. Hill Ascent engages the throttle to help provide stable low-range control when going uphill, where Hill Descent uses engine and physical braking to aid in vehicle control when going downhill. Available.

#### TRAIL READY CAPABILITY

Excel if conditions include snow, sand, mud or ice when your Grand Cherokee is equipped with an authentic trail ready 4WD system.

### 3.0 V6 DIESEL ENGINE

LOVE THE PLANET ALONG WITH GREAT FUEL ECONOMY? THEN THE JEEP® BRAND'S DIESEL ENGINE WILL RING TRUE. IT LETS YOU ADHERE TO YOUR PRINCIPLES AND GET EXTRA POINTS FOR EMBRACING INNOVATIVE TECHNOLOGY.

**EFFICIENCY** Impressive fuel economy allows you to go farther between fill-ups, so you can make the most of every tank of fuel.

**PERFORMANCE** Awe-inspiring performance comes courtesy of 184 kW of power and 550 N•m of torque, providing a surge of towing strength that can haul up to 3500 kg when properly equipped.

**CLEAN** A marvel of modern engineering, with a block made of compacted graphite iron and aluminum twin-cam heads, the engine delivers quiet, clean-diesel technology with low CO<sub>2</sub> emissions.

### 8-SPEED AUTOMATIC TRANSMISSION

It glides with a smooth and quick efficiency, consistently using energy to its best advantage. This is Grand Cherokee's standard 8-speed automatic transmission. Its construction provides additional gears with no gain in weight, enhanced acceleration with reduced fuel consumption and increased torque with added strength to pull. This Grand Cherokee drives to engage a stratum of automotive connoisseurs who desire a premium driving experience paired with efficient performance. Fine-tuning elevates your ride quality to levels experienced in the most luxurious sedans. Engage the steering wheel-mounted paddle shifters when you want to customize your shift schedule. The best possible fuel economies can be attributed to a wide ratio spread that supports lower engine rpm driving in both city traffic and on the highway. When equipped with a two-speed transfer case, crawl ratio is improved by 46 percent, enhancing Grand Cherokee's legendary prowess. Switch to the available Sport Mode and your shift schedule and engine power are both adjusted to hand over a sportier driving experience. It all adds up to a ride that delivers powerful strength without compromise.

### ECO MODE

This selectable feature constantly works to maximize your fuel economy by automatically modifying the shift schedule of the 8-speed automatic transmission and torque converter. Your idle speed is gently lowered, allowing gains in precious L/100 km. The Multi-View Display in your instrument panel can inform you of just how efficiently Eco Mode is performing every kilometer along the way.

IMPRESSIVE STRENGTH AND CAPABILITY IS MATCHED WITH AN INCREDIBLY SMOOTH AND LUXURIOUS RIDE. ELEGANT ROAD MANNERS ARE ENHANCED BY THE ADDITION OF EVEN MORE PREMIUM ACOUSTIC GLASS, MAKING GRAND CHEROKEE'S CABIN QUIETER THAN EVER.

### INDEPENDENT THINKER

Independent front and rear suspensions provide a greater sense of precision and control. Isolated cradles help absorb all the irregularities that roads and trails offer up. Or upgrade to the available Quadra-Lift® Air Suspension. Here, fingertip control allows you to easily raise your vehicle higher for a maximum available ground clearance of 287 mm above ridges and rocks. Or lower it 40.6 mm for easier entry, exit and loading. This closed-air suspension system uses four-corner air springs that help to provide a cushioned and comfortable ride at every altitude.
