

GRAND CHEROKEE

Jeep[®]

COMMANDVIEW® DUAL-PANE PANORAMIC SUNROOF

This dual-paned ceiling with single sliding-glass panel includes a power-controlled sunshade in front and a fixed-glass window in the rear.

**AUTHENTIC 4x4
AUTHORITY**

QUADRA-TRAC II® All-Speed Traction Control quickly distributes power to the axle with the most traction. The two-speed transfer case acts quickly to keep you moving wherever challenging road conditions are found.

SELEC-SPEED® CONTROL adds Hill Ascent Control to the familiar Hill Descent Control. Hill Ascent engages the throttle to help provide stable low-range control when going uphill, whereas Hill Descent uses engine and physical braking to aid in vehicle control when going downhill.

SELEC-TERRAIN® TRACTION MANAGEMENT SYSTEM
Five selectable settings let you dial in to the type of 4WD traction control your Jeep® Grand Cherokee needs at any particular moment. Selec-Terrain® pairs with an available 4x4 system, giving you the ability to tailor your capability to the road and driving conditions. Selec-Terrain helps to adapt traction performance with a selectable dial that features Snow, Sand, Auto, Mud and Rock settings. This intelligent system gives you ultimate driving confidence by coordinating 12 vehicle systems, including throttle control, transmission shifting, transfer case, traction control and Electronic Stability Control (ESC)¹⁴

SPACIOUSNESS / VERSATILITY

THE GRAND CHEROKEE OFFERS GREAT CARGO CARRYING OPTIONS THAT ADD FUNCTION TO A BEAUTIFULLY SPACIOUS INTERIOR.

TRUE PEACE OF MIND

CHASSIS STRENGTH

With more than 70 Standard and available Safety and Security Feature, including the standard Blind Spot Monitoring and Rear Cross-Path Detection System, Jeep Grand Cherokee helps you remain confident driving in all weather conditions, over all terrain. The strength of a reinforced structure adds a welcome layer between you and the outsideworld, with both passive and active systems working together to keep everyone safe and secure.

**LANE SENSE LANE DEPARTURE
