WITH 24HR
ROADSIDE ASSIST

With the LDV D90 a family getaway has never been so easy thanks to its beefy 165kW/350Nm turbo-charged petrol engine with 6-speed auto that has a braked towing capacity of 2.8 tonnes. Or choose the powerful 160kW/480Nm turbo-charged diesel engine with 8-Speed Auto that has a braked towing capacity of 3.0 tonnes. All D90s are equipped with three selectable drive modes: Normal, Sport and Eco. Pick from 2WD or 4WD options; the latter fitted with an electronic differential lock and an added four drive modes: Mud, Sand, Snow and Rock. You're ready for anything. Despite the capabilities of the D90, fuel economy hasn't been forgotten, from long expansive roads to inner city suburbs, the D90 will take you on all of life's twists and turns and with 4WD, the end of the road is no longer the end.

ELEGANCE REDEFINED

Turn heads and spark conversations. The D90 will command attention. The angles, style and presence on the road make the D90 one satisfying drive. On the Elite 2WD and 4WD models you get 18" alloy wheels, the Luxury 4WD has 19" alloy wheels which add to your experience on the road. Sleek roof rails will appeal to your weekend adventure side, and not forgetting the sturdy side steps to make entry and exit easy. It's a real beauty.

SAFETY

With a 5 Star ANCAP Safety Rating, we're serious about safety. Everyone wants all the bells and whistles in a car, but at the forefront of any checklist is safety. The 5 Star ANCAP Safety Rated D90 makes safety a priority, so drive with peace of mind knowing your D90 is filled with safety technology and sophistication. It has six airbags, electric parking brake and driver assist technology such as blind spot monitor, lane departure warning, fatigue reminder and attention assist are the level of sophistication you can expect. Autonomous emergency braking, which can automatically apply the brakes is a big step forward for safety, coupled with front collision warning can together aid in a potential emergency should the driver be slow to respond. Added eyes provided by the reversing camera and front and rear parking sensors. You can feel confident driving the D90 knowing it is packed with safety assurance.

PACK MORE IN TO GET MORE OUT

One look inside and you'll agree that the D90 was built with comfort and space for the whole family in mind. We get it, family life can be hectic, but the D90 is designed to help. Flexibility comes from its seven spacious adult sized seats and a massive load space that can expand to 2.3 cubic metres when the rear seats are folded flat, providing plenty of room for all life has to offer. There is multi-zone climate control for when your passengers require different temperatures and adaptive cruise control to make travelling a breeze.

MOD CONS: TICK

When you think about how far the world has advanced in terms of technology, the D90 has not been left behind. Centre of attention is the massive 12-inch touch screen entertainment system, complete with Apple CarPlay and Android - Interconnected; meaning you can navigate, make calls, send and receive messages, and listen to music, taking your smartphone into the driver's seat. Bluetooth keeps you connected and three USB ports keep you powered, road-tripping with the family never seemed more enjoyable. And with 6 speakers on the Elite 2WD and Elite 4WD, 8 speakers in the Luxury 4WD you'll wonder how you ever travelled like this before.

2. Fuel consumption figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only. 3. Payload and kerb weight figures are based on vehicle certification. It is the driver's responsibility to ensure: weight of fully loaded vehicles do not exceed GVM; front and rear axle load limits are not individually exceeded; the combined weight of the fully loaded vehicle (including tow ball download when towing) and trailer does not exceed the GCM; compliance to New Zealand towing regulations. Payload is the combined value of occupants, luggage, cargo, added options, accessories and tow ball download (when towing). Kerb weight includes the vehicle with a full tank of fuel and all standard equipment excluding occupants. Additional weights of optional features, occupants, luggage, cargo, accessories and tow ball download (when towing) must be taken into account when calculating payload and kerb weight. When a genuine tow bar and wiring are fitted, blind spot monitoring will be disabled. 4. Safety technologies may not operate optimally under all driving conditions and effectiveness depends on many factors. Driver is responsible for safe and attentive driving. See owner's manual for complete details. 5. Leather accented features and upholstery contain some synthetic materials. 6. Subject to terms and conditions on ldv.co.nz
