

Levante

Levante.

The Maserati of SUVs.

Maserati has a history of naming its vehicles after the world's most powerful winds. It started in 1963 with the legendary Mistral. Then came Ghibli, Bora and Khamsin.

In 2016, Levante joined the illustrious Maserati range. The wind that bears its name blows across the Mediterranean and can change from benign calm to gale force in an instant. The Levante SUV has a similar nature, although its powerful forces always remain perfectly under your control.

In true Maserati grand touring tradition, the Levante offers everything you would expect of a Maserati – from snarling responsiveness to effortless long-distance refinement. At the same time, its dramatic SUV proportions are balanced with graceful lines and muscular forms that convey its dynamic purpose.

The restyled signature front Trident grille is even more imposing on the elevated dimensions of the Levante. In the rear, the taillamps with a bold new “boomerang” shape is inspired by the legendary Maserati 3200 GT designed by Giugiaro, and are created with state-of-the-art 3K injection moulding technology that gives them a three-colour lens.

Inside, Levante exudes signature Maserati character. Its elegant Italian style, meticulously crafted finishes and race-bred power inspire long-distance, luxurious travel. A redesigned instrument cluster and a new 8.4-inch frameless HD screen with Maserati Intelligent Assistant (MIA) multimedia system, which makes your driving experience even more intuitive and engaging.

The ultimate combination of leading on-road performance and off-road capabilities offers a choice of V6 and powerful V8 petrol engines, including the V6 diesel version.

Prepare for exhilarating performance on any terrain, with the elegance and comfort of a prestigious grand tourer. A new journey has begun in Levante — the Maserati of SUVs.
