

**THE NEW MINI COUNTRYMAN.**

# LET'S GET AWAY FROM IT ALL - TOGETHER.

Looking for adventure? Let the new MINI Countryman inspire you to take the path to new experience and new horizons of the mind.

This versatile Sports Activity Vehicle will stir you to leave it all behind and enter a world of unique discovery. Naturally, the Countryman is just as home in an urban jungle as it is in the great outdoors. With powerful engines, it tackles even the trickiest terrain with ease. It also has space for five people and their luggage. Practical additional features and state-of-the-art technology guarantee exciting new experiences, whether on a planned holiday or a spontaneous getaway. So what are you waiting for?

# A POWERFUL DRIVE FOR THOSE DRIVEN TO EXPLORE.

When it comes to power, the new MINI Countryman makes no compromises. A turbo-charged petrol engine with four cylinders gives it a performance range to cover any eventuality. Switching between the MINI Driving Modes of MID, GREEN and SPORT changes the driving style by adjusting the steering and acceleration.

Thanks to Dynamic Stability Control (DSC), its drive torque is automatically distributed. The result: maximum traction on any surface, whether curved or sloped. Depending on the selected drive version, a range of automatic transmissions are available.

① Electronic gear selector lever for automatic transmission. ② MINI Driving Modes.

## COOPER S.

Better, faster, stronger: 2.0 l 4-cylinder petrol engine with 192 hp<sup>1</sup> for maximum sporty power. Hallmarks include the red S on the rear, side scuttles, the mesh-look radiator grille and chrome-plated tailpipes on the left and right sides.

<sup>1</sup> Depending on the environmental conditions, a temporary peak of the combustion engine power is provided, which can be approx. 10% above the rated power. The duration of the peak performance increases with falling ambient temperature (approx. 5 s at +25 °C, approx. 40 s at -20 °C).

# CREATE YOUR OWN ATMOSPHERE.

Sometimes a bit of contrast can make life more interesting. So why not enjoy the elegant interior of the new MINI Countryman the next time you're on your way to experience nature in all its diversity? Its interior design features the highest-quality surfaces made of selected materials in a stunning design. Its sophisticated standard and extra features are enhanced by exclusive trims that put the finishing touch on its interior atmosphere. To ensure that everything blends harmoniously, a range of interior styles are available that are tailor-made to complement each other.

① Harman Kardon® HiFi system.  
② 40:20:40 folding rear seat backrests | fully or partially sliding  
40:60 rear seat bench.

# DESIGN FOR THE SENSES. A SENSE FOR THE PRACTICAL.

Quintessential MINI: an abundance of style in a concentrated form. At 4.3 metres long, it offers plenty of head-and legroom, plus a luggage compartment with a capacity of 450–1390 litres. Smart details, from the LED headlights to the picnic bench at the rear, serve as inspiration for new adventures.

① Sage Green paint colour. ①+⑥ MINI ALL4 Exterior Optic package. ① Roof rails. ② Multifunctional 14 cm/5" instrument display. ③ MINI Head-Up Display. ④ Fold-out picnic bench in the luggage compartment | 450–1390 litre luggage capacity. ⑤ Comfort Access system with electric tailgate and Easy Opener function.
