

2012

RAV4

 **TOYOTA**
make things better

make things better.

Three words that influence everything we do at Toyota. They shape our commitment to safety and reliability, proven by the fact that 80% of Toyotas built in the past 20 years are still on the road today*.

They are words that inspire innovation, with breakthrough technologies like our Hybrid Synergy Drive and the Star Safety System™. They shape our commitment to this country, from our Canadian manufacturing plants, to the programs we support in communities big and small. At Toyota, we all strive to make things better, in our products, our services and in the lives of our customers. It's how we approach everything we do, every day.

*Based on R. L. Polk Canada Inc. Canadian Vehicle In Operation data as of July 1, 2008, for model years 1989-2008. Actual longevity of any vehicle will vary based upon operating conditions.

If you're looking for the ultimate in versatility, you'll find it hard to do better than the 2012 RAV4. With a surprisingly spacious interior, it is fun to drive, incredibly versatile and remarkably fuel efficient. RAV4 offers all-weather performance on a variety of terrain whether you choose the 2WD with the 4-cylinder engine or the 4WD with the 4-cylinder or V6 engine. And because it's a Toyota, RAV4 has a heritage of reliability, durability, outstanding value and the Star Safety System™ that gives peace of mind at every turn. That's how the 2012 RAV4 makes things better.

Built in Canada.⁸ Nearly all 2012 RAV4 vehicles are built at our Woodstock, Ontario assembly plant. The first Canadian-built RAV4 rolled off the line in 2008.

Sport V6 4WD shown in Pacific Blue Metallic.

Base

4-cylinder 2WD/4WD
V6 4WD

FUEL CONSUMPTION*

9.5 City/6.9 Highway L/100 km

2WD 2.5-litre, 4-cylinder with automatic transmission

9.7 City/7.2 Highway L/100 km

4WD 2.5-litre, 4-cylinder with automatic transmission

SELECT FEATURES

- 179 hp, 2.5-litre, 4-cylinder, DOHC, 16-valve, Dual VVT-i engine with sequential multiport electronic fuel injection.
- 269 hp, 3.5-litre, V6, DOHC, 24-valve, Dual VVT-i engine with sequential multiport electronic fuel injection. (4WD only)
- 2WD – Front Engine/Front Wheel Drive, 4WD – Active Torque Control.
- Power-assisted, ventilated front discs, solid rear disc brakes.
- Electronically Controlled Transmission with intelligence and gate-type shifter.
- AM/FM CD/MP3/WMA player, 6-speakers, USB audio input, Bluetooth®3 capability, audio auxiliary input jack, steering wheel audio controls.
- Air conditioning, rear seat heater ducts.
- 60/40 split rear bench seat with fold-down seat back.
- 50/50 Split and Stow 3rd Row™ bench seat. (optional Base V6 4WD only)
- Colour-keyed moulded spare tire cover.

A. Base V6 4WD with optional 17-inch aluminum alloy wheels shown in Pyrite Mica. **B.** Base V6 4WD interior shown in Ash fabric.

RAV4 Base offers a level of standard features that's anything but basic. For starters, its fuel-efficient 2.5-litre 4-cylinder is rated at 179 hp. That's the kind of responsive power you might not expect from a 4-cylinder engine. If you're looking for a little more punch, RAV4 4WD Base is also available with a 3.5-litre, 269 hp V6 engine. And how's this for exceeding expectations - every RAV4 Base model comes with your choice of 2WD or 4WD.

- Dual zone automatic climate control, soft touch heater controls, rear seat heater ducts.
- Heated driver and front passenger seats.
- Push Button Start, Smart Key System.
- Power 8-way adjustable driver’s seat.
- P225/65R17 all-season radial tires.
- 17-inch aluminum alloy wheels.

A. Limited V6 4WD shown in Classic Silver Metallic.
B. The elegant RAV4 Limited V6 4WD interior shown in Ash leather.

From the smooth contours of the centre console to the soft textures of the leather seats – every aspect of RAV4 Limited has been designed with refined elegance and comfort in mind. The innovative Smart Key System allows you to start RAV4 Limited with the push-button ignition. It also features an impressive 6-inch Display Audio System so you can easily view your music track list.

Performance

Powered by either a 179 hp 2.5-litre 4-cylinder engine or the brute strength of the 269 hp 3.5-litre V6, RAV4 is more than willing to go where others fear to tread. Both engines are Dual VVT-i with sequential multiport electronic fuel injection to give you improved efficiency and power. RAV4 also comes equipped with Active Torque Control on its 4WD models. It operates in fuel-efficient 2WD mode during normal driving, transferring automatically to 4WD when traction conditions demand more grip.

DOWNHILL ASSIST CONTROL (DAC) Available
DAC sets a target speed of approximately 6-9 km/h on steep declines. The system applies the brakes, helping eliminate wheel-locking for a more controlled descent. [V6 models only]

HILL START ASSIST CONTROL (HAC) Available
HAC helps ensure a smooth start on inclines, braking for 2-3 seconds to help prevent vehicle rollback as the driver switches from the brake pedal to the accelerator. [V6 models only]

Dual VVT-i engine with sequential multiport electronic fuel injection.

Limited V6 4WD shown in Classic Silver Metallic.

Safety

Toyota engineered RAV4 to earn the confidence of its driver. Which is why RAV4 is available with several advanced traction technologies including available Electronic On-Demand 4-wheel drive, which helps optimize grip when necessary by automatically switching from fuel-efficient front-wheel-drive to 4WD mode.

RAV4's advanced safety features offer peace of mind in the event of a collision. Standard on all models, RAV4 includes: **(A)** Dual-stage driver and front passenger airbag Supplemental Restraint System.¹ **(B)** Front seat-mounted side airbags.² **(C)** Roll-sensing first- and second-row head/side curtain airbags.³ **(D)** 3-point seatbelts in all seating positions.

The sideview mirror mounted turn signal offers added safety and increased visibility to drivers when turning.

ACTIVE FRONT HEADREST In the event of certain rear-end collisions, a mechanism in the lumbar region of the front seats triggers the movement of the headrests up and forward to help position the headrests to better support the occupant's head.

STAR SAFETY SYSTEM™

2012 RAV4 comes standard with the Star Safety System™. This integration of active safety features is designed to protect occupants by helping drivers avoid accidents in the first place. The Star Safety System™ includes Vehicle Stability Control (VSC),⁵ Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA),⁶ and Smart Stop Technology (SST).⁷

- VSC VEHICLE STABILITY CONTROL**
Helps prevent slips and loss of traction by reducing engine power and applying the brake force to the wheels that need it.⁵
- TRAC TRACTION CONTROL**
Helps maintain traction on wet, icy, loose or uneven surfaces by applying brake force to the spinning wheel(s).
- ABS ANTI-LOCK BRAKE SYSTEM**
Prevents brakes from locking up by "pulsing" brake pressure to each wheel to help you stay in control in emergency braking situations.
- EBD ELECTRONIC BRAKE-FORCE DISTRIBUTION**
Redistributes brake force to help keep the rear wheels from locking up during sudden braking situations.
- BA BRAKE ASSIST**
Detects sudden or "panic" braking and adds the full pressure needed to help prevent a collision.⁶
- SST SMART STOP TECHNOLOGY**
Smart Stop Technology is designed to reduce engine power when the brake is firmly applied helping to bring the vehicle to a stop, even if the accelerator pedal is fully depressed.⁷

Toyota was the first full-line manufacturer to make all of the elements of the Star Safety System™ standard on every new vehicle. Visit toyota.ca for more details.

New vehicle warranty summary

NO DEDUCTIBLES – NO TRANSFER FEES

COMPREHENSIVE COVERAGE – 3 YEARS OR 60,000 KM This warranty includes 24 hour Roadside Assistance and other benefits, as well as coverage of repairs on any part of the vehicle that is defective in material or workmanship under normal use and maintenance. Different warranties apply to original tires.

POWERTRAIN COMPONENTS – 5 YEARS OR 100,000 KM This warranty covers repairs to powertrain components that are defective in material or workmanship under normal use and maintenance.

MAJOR EMISSION CONTROL COMPONENTS – 8 YEARS OR 130,000 KM

This warranty covers repairs to specified major emission components that are defective in material or workmanship under normal use and maintenance.

CORROSION PERFORATION – 5 YEARS UNLIMITED DISTANCE Any sheet metal found, under normal use, to have developed a perforation from corrosion due to defects in material or workmanship.

Accessories

Personalize your vehicle to enhance its appearance and performance with Toyota Accessory Parts. Your Toyota Dealer can help you select the right accessories to suit your individual style. Many of Toyota's Accessory Parts can be residualized or advanced through Toyota Financial Services when purchased at the time of a new vehicle sale, and all are backed by a Toyota Warranty. To view a complete list of accessories specifically designed for your vehicle, visit customizeyourtoyota.ca, your local Dealer or toyota.ca.

Whether you prefer convenience, practicality or luxury; adding accessories will help create a RAV4 that is uniquely yours.

Discover more with Toyota

At Toyota, our goal is to continuously make things better for you. That's why we offer a wide range of programs and services before and after your vehicle purchase designed to help make your Toyota experience the best it can be.

Fewer emissions and pollutants.¹ More kilometres on less fuel. And designed with power and performance in mind. Available in Prius, Prius v, Camry and Highlander, these latest generation Toyota hybrids offer you the best of all worlds.

Toyota Dealers are dedicated to making the experience of owning a Toyota both satisfying and rewarding. With Toyota Genuine Parts and factory-trained technicians, only your Toyota Dealer can deliver the quality service experience that you and your Toyota deserve.

If you're looking at leasing or financing, we're here to help. We provide competitive interest rates, flexible terms, and an easy online pre-approval process. The toughest decision should be choosing which Toyota you want. Visit us at www.toyotafinancialservices.ca.

Enhance your Toyota ownership experience by joining Club Toyota – a complimentary and exclusive online service for Toyota owners. Benefit from an abundance of interactive services, and information conveniently at your fingertips. Register today at clubtoyota.ca.

With Extra Care Protection you receive inflation protected coverage from mechanical failures, road emergencies, and much more. It's affordable peace of mind. Consult your Toyota Dealer for details.

The Toyota Mobility program is dedicated to addressing the transportation needs of Toyota Owners who have a disability, or know a family member with a disability or mobility issue. The program offers cash assistance, resource information and financing for adaptive equipment for their vehicle.

All new Toyota cars and trucks include a full tank of gas, roadside assistance and floor mats.

Toyota Graduate Program This program assists new graduates in their purchase of a New or Certified Used Toyota. The program differs depending on the model chosen. Be sure to ask your Dealer when purchasing your Toyota. Some conditions may apply.

¹Compared against similarly equipped conventional gasoline powered vehicles. Based on North American sales data and Federal Tier 2 engine emission requirements.

Committed to Canadians, today and tomorrow.

Being a leader in the automotive industry does not simply begin and end with making great vehicles. It also means being a leader in the community. Toyota Canada and its dealerships across Canada fund the Toyota Canada Foundation, a non-profit organization that works to make a difference for Canadians, through direct community involvement supporting the environment, education and safety.

Through initiatives as diverse as the Toyota Earth Day Scholarship Program, Scientists in School, the Traffic Injury Research Foundation, and even the Toyota Volunteer Training Days program with Special Olympics Canada, the Toyota Canada Foundation is committed to Canadian communities, today and tomorrow.

(1) All Toyota vehicles shown in this brochure, have Supplemental Restraint Systems (SRS) which, depending on the model, may include driver and front passenger airbags, a driver's knee airbag, front seat-mounted side airbags or side curtain airbags. For important safety information about the Supplemental Restraint System in a vehicle, please see the Owner's Manual or contact your local Toyota Dealer.

(2) These estimates are based on the Government of Canada's approved criteria and testing methods. The actual fuel consumption of this vehicle may vary. Refer to the Government of Canada publication *EnerGuide Fuel Consumption Guide*.

(3) Toyota tests certain phones for compatibility with Bluetooth technology. Some vehicles equipped with Bluetooth technology are available with bilingual capability. Note that the recommendation of Toyota is not a warranty of the performance for any phone and that some problems may occur with any type of handset based on the service coverage available in your area. Please see your Toyota Dealer for details.

(4) The Toyota Navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Changes in street names, road closures, traffic flow or other road system changes may affect the accuracy of the mapping software. Rely on your common sense to decide whether or not to follow a specified route. Detailed coverage is not available in every city. Optional periodic geographic updates are available at an additional cost. The Navigational systems in some vehicles are available with bilingual capability. Please see your Navigation system Owner's Manual and your Toyota Dealer for further details.

(5) Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control.

(6) Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

(7) Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping.

(8) Toyota Canada is proud to say that all Toyota vehicles built in Canada are made from Canadian and imported parts.

Toyota Canada Inc. Every effort has been made to ensure the specifications and equipment shown are accurate based on information available at time of printing. In some cases, certain changes in production capacity, standard equipment, options or product delays may occur which would not be reflected in this brochure. Toyota Canada Inc. reserves the right to make these changes without notice or obligation. The Toyota website toyota.ca – or your Toyota Dealer is your best source for up-to-date information.

At Toyota **quality, safety** and **sustainability** are built into every vehicle we make. To learn more about Toyota's commitment to manufacturing safe, high quality, long lasting vehicles – and to see the awards we've won for doing just that – visit toyota.ca.
