

**Volkswagen**

## **The Volkswagen Polo**

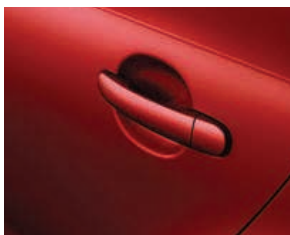

# EXTERIOR

The New Polo comes with more than just power. It comes with the style to carry it off effortlessly. Its all-new sporty aesthetics, inspired by the GTI, flows smoothly into the indomitable Honeycomb Grille, as well as the new Front and Rear Bumpers. The bold new Smoked Tail Lamps dazzle as they stand out and stand their own ground in this list of luminaries, while the Side Skirts outline the new playful personality of the Polo. Get in and make the roads your playground.

But there's more than meets the eye. Its Electronically Foldable Side Mirrors integrated with turn indicators can be adjusted automatically from your seat. The Dual-beam Headlamps and Front Fog Lamps come with cornering lights that are meant for additional safety.

And the Heat Insulated Glass on the side and rear windows are added to keep you cool. With the R15 'Portago' Alloys, the Volkswagen Polo is ready to serve both, the tough and the trendy. You could say, it's power that spoils the right way.

## DASHBOARD

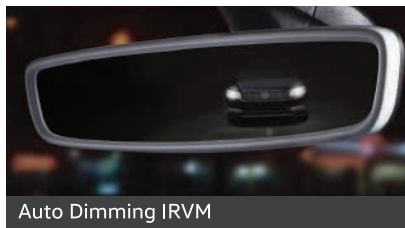

Get ready to be awed every time you enter the Polo's black cabin accentuated with chrome accents. Sink into the stylish upholstered seats, while the ambient lighting with theatre dimming effect, sets the mood. The Leather-wrapped Steering Wheel feels as elegant and smooth to the hand as it is to handle, and comes with a brushed-aluminium finish that adds just the right amount of class to it.

## It's What Inside That Counts.

We've left no stone unturned in crafting comfortable interiors that are intuitive and a cut above the rest. Like the Mirror Adjustment Control, that's optimally placed and easy to use. In case of a sudden downpour, its Rain Sensor automatically activates the wipers.

Even those long drives on highways will now become effortless with Cruise Control that helps maintain a steady speed. The sweeping, scratch-resistant Dashboard houses an intelligent Touchscreen Infotainment System, an advanced Multi-function Display and everything you need at your fingertips. Just connect your phone to its multi-function console using Bluetooth and click the command button on the steering wheel to operate. If you still like to keep you hands-free, you can make and receive calls through voice command.

The Auto-dimming IRVM dims out any glare from vehicles that trail behind to save your eyes from strain. The Climatronic automatic air-conditioning, along with the cooled glovebox, makes sure that all passengers have a comfortable journey, no matter what the temperature is outside. Now, nothing can stop you from being in your element with the Polo.
