

CHRYSLER

300

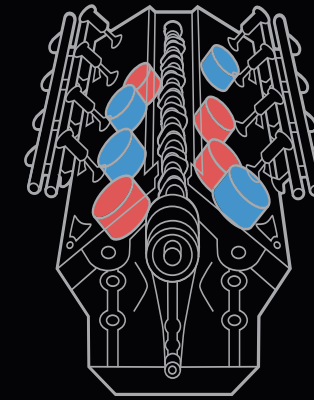

CONNECT

From the moment it made its entrance on the automotive stage it has stood for standing out, for connecting style with accessibility, attitude with grace, poise with confidence, and power with efficiency. It is a rarity; a casual stride with a noble air that has the ability to connect day to night and back again without ever looking tired. This car combines beauty with character. And you'll want its number. This is the Chrysler 300.

The Multi-Displacement System (MDS)⁽¹⁾ allows the 5.7-liter HEMI® V8 engine to operate with the fuel efficiency of four cylinders or the power of eight, depending on driving habits and conditions.

CONNECT TO PERFORMANCE

Sophisticated systems and high-performance yet fuel-efficient engines deliver a stunningly potent driving experience.

The instrument cluster features an available Electronic Vehicle Information Center (EVIC) that can access up to 128 vehicle functions. The unique 300C SRT8® instrument cluster boasts a race-inspired 180 mph speedometer. The Reconfigurable Performance Display houses data such as 0-60 times, 1/4-mile times and 1/8-mile times, braking distance, and lateral g-forces.

⁽¹⁾16 city/25 highway est. EPA mpg for 5.7L HEMI® V8 with MDS. Results depend on driving habits and conditions.

CONNECT TO STYLE

Celebrated Chrysler 300 design begins with its signature front grille, bold proportions, and available chrome-clad aluminum 18-inch wheels. Available leather-trimmed seats, Genuine California Walnut accents on the door pulls, console, and steering wheel, and Satin Silver trim throughout set a sophisticated tone within its cabin.

CONNECT TO COMFORT

Spacious and sophisticated, the Chrysler 300 cabin features a standard eight-way power adjustable driver's seat, Dual-Zone Temperature Control, soft-touch door armrests, and a center console with French seams. Opt for an eight-way power adjustable front-passenger seat with leather trim, adjustable pedals, steering wheel-mounted audio controls, and heated rear seats. Exclusive SRT® leather-trimmed, microfiber suede-accented performance seats have bolstered sides that keep the driver and passenger firmly planted when cornering.

Uconnect™

This is not merely a radio, this is Media Center 730N AM/FM/CD/DVD⁽¹⁾ radio with 30GB hard drive, GPS Navigation, 6.5-inch touch screen, MP3/WMA support, USB input, 4,250 song capacity, SIRIUS® Satellite Radio, SIRIUS Traffic,™ and Voice Command. Uconnect Web⁽²⁾ connects any Wi-Fi-enabled device to the Internet at 3G broadband speeds, allowing multiple passengers to surf the Web. Uconnect Web is an Authentic Chrysler Accessory by Mopar. Subscription required, sold separately. iPod® Control connects most iPod compatible devices to your car's stereo using the in-car cable, then control them with your radio or steering wheel controls. Voice Command lets you audibly select radio stations, satellite radio channels,⁽³⁾ and navigation⁽³⁾ destinations. Uconnect Phone Lets you talk on your Bluetooth® compatible phone virtually hands-free. Address Sync⁽⁴⁾ lets you call anyone in your address book by saying their name.

⁽¹⁾In-dash DVD capability not available in all states. See your dealer for details. ⁽²⁾The Uconnect Web feature is not intended for use by the driver while the vehicle is in motion. ⁽³⁾When satellite radio and navigation features are equipped on your vehicle. Any voice commanded system should be used only in safe driving conditions and all attention should be kept on the roadway ahead. Failure to do so may result in an accident causing serious injury or death. ⁽⁴⁾Phone must support Bluetooth Phone Book Access Profile (PBAP).

CONNECT TO SAFETY

If ever called on to protect, Chrysler 300 is at the ready. Available all-wheel drive (AWD) with automatic disconnect provides optimal traction and cornering stability in nearly all conditions, especially on wet, slippery roads. Only Chrysler offers these two independent technologies together. A Five-Star crash test rating for front impact⁽¹⁾ represents the highest possible frontal crash safety rating from the National Highway Traffic Safety Administration (NHTSA). Advanced multistage front air bags⁽²⁾ and supplemental front and rear side-curtain air bags⁽²⁾ offer additional protection.

⁽¹⁾Star ratings are part of the U.S. Department of Transportation's SaferCar.gov program (www.safercar.gov). ⁽²⁾The advanced front air bags in this vehicle are certified to the new Federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly.

TRIM LEVELS

SRT8® The powertrain represents a higher level of HEMI® performance, as its 6.1-liter SRT® HEMI V8 produces a formidable 425 horsepower and 420 lb-ft of torque. First-class handling sets it apart, as well as enveloping drivers in a rich interior featuring forward technology. 300C SRT8 takes high performance to the next plateau.

300C Dramatic looks, finely appointed interiors and the breathtaking performance of the 5.7-liter HEMI Variable Valve Timing (VVT) V8 with 360 horsepower and fuel-saving Multi-Displacement System (MDS)⁽¹⁾ give it an unmistakable brilliance. High-tech innovations abound inside, from the standard Boston Acoustics® audio system to available, Uconnect™ navigation and Uconnect Multimedia offering SIRIUS® Satellite Radio.

Limited Power and efficiency run hand in hand with the 250-horsepower 3.5-liter High Output V6 engine. Standard Torino leather trim combines elegance and comfort, rain-sensing wipers for safety in wet conditions, abundant high-tech features including SmartBeam™ intelligent headlamps, and available all-wheel drive (AWD) for confident handling are features that make 300 Limited an extraordinary package.

Signature Series The robust 3.5-liter High Output 250-horsepower V6 engine under the hood provides power in full measure, with standard antilock brake system (ABS) and an Electronic Stability Control (ESC)⁽²⁾ with Brake Assist and all-speed traction control, smoothly supported by a five-link independent rear-wheel suspension. Available all-wheel drive includes a 5-speed AutoStick® transmission.

Touring Sleek styling, superb handling, remarkable value. Touring gives you 18 city and 26 highway EPA Est. mpg with the standard 2.7-liter V6, a durable, quiet engine that delivers 178 horsepower. Remote keyless/illuminated entry, tilt/telescoping steering column, and eight-way power driver's seat surround you with convenience. A Media Center 130 AM/FM/CD with MP3/WMA Support and audio jack come standard.

Chrysler 300 W.P. Chrysler Executive Series. The customized Chrysler 300 W.P. Chrysler Executive Series provides six more inches of rear leg room. Choose from a host of optional features for tailoring the model exclusively to your needs, like creating a mobile office in the back seat with a writing table, footrests, two 12-volt power outlets, and available direction reading lamps. State-of-the-art entertainment options include a rear seat DVD Video Entertainment System (VES®).

⁽¹⁾16 city/25 highway est. EPA mpg for 5.7L HEMI V8 with MDS. Results depend on driving habits and conditions. ⁽²⁾No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt.
