

2015 XTS

Sumillm

XTS

XTS Premium Collection / Dark Adriatic Blue Metallic

A TESTAMENT TO
EXCEPTIONAL LUXURY.

The 2015 XTS is a tribute to enticing comfort, spacious design, performance with a tenacious purpose and intuitive technology. It exudes the indulgent feeling of a limousine – so much so, you almost expect it to include a chauffeur. Then again – why let a chauffeur have all the fun?

XTS Platinum Collection / Graphite Metallic

XTS Premium Collection / Kona Brown with Jet Black Accents

THE CROWNING
ACHIEVEMENT.

Reigning supreme, the **SPACIOUS INTERIOR** of the XTS is a marvel. The **LUXURIOUS LEATHER** seating surfaces are ultrasoft to the touch and boast a refined appearance that is complemented by beautifully grained woods and finely brushed metals. Rear passengers enjoy an unsurpassed-in-class 40" of legroom, while the available **ULTRAVIEW SUNROOF**, which stretches over both rows of seats, further enhances the roomy feel. The **STORAGE SPACES** are intelligent, to say the least – from the smartly designed mobile device holders and compartment behind the climate controls to the deceptively spacious trunk.

AN AUDITORY
OCEAN.

Customized for the unique acoustic environment of the XTS, the **14 - SPEAKER** **BOSE®** Studio Surround® sound system in the Premium and Platinum Collections washes over you in sonic waves. The system uses two **PERSONAL® SURROUND SPEAKERS**, placed on the top of each front seat, to provide an immersive and individual experience, while proprietary speakers and a powerful amplifier enhance the rich, detailed sound. **AUDIOPILOT® NOISE COMPENSATION TECHNOLOGY** continuously adjusts the music to compensate for background noise and vehicle speed.

CONVENIENCE, CONTROL,
CONNECTIVITY.

Convenience. Control. Connectivity. These are the three principles guiding the technology present in the XTS. **CADILLAC CUE**¹ brings today's intuitive technology to your fingertips. Connect to Pandora[®] radio², analyze the weather³ or travel confidently with available **3-D GPS NAVIGATION**⁴ – all with the simple swipe of your hand or sound of your voice. Available **ONSTAR WITH 4G LTE** and a built-in Wi-Fi[®] hotspot⁵ provides a fast, reliable connection. Passengers can connect up to seven mobile devices, allowing them to browse the web, update their status and even stream videos right from the vehicle. Also available on select models is the **RECONFIGURABLE GAUGE CLUSTER**, a customizable feature that allows you to arrange the gauges to display the information you desire the most.

1. Full functionality requires compatible Bluetooth[®] and smartphone. Some devices require USB connectivity. 2. Data plan rates apply. 3. Requires active SiriusXM subscription. 4. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. 5. Devices must be WPA2-compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Visit onstar.com for details and system limitations.

SAFETY
YOU CAN FEEL.

An available patented Safety Alert Seat sends pulses through the seat cushion on the left or right side or simultaneously, alerting you to a variety of potential hazards as well as the direction they're coming from.

COVERING YOU
FRONT TO BACK, LEFT TO RIGHT.

XTS Platinum Collection / Graphite Metallic

Available on the XTS Luxury Collection and included on the Premium and Platinum Collections is the **DRIVER AWARENESS PACKAGE**. It encompasses such features as **FORWARD COLLISION ALERT**, which uses a camera to detect and warn you when an impact may be imminent, and **LANE KEEP ASSIST** (FWD models only), which subtly engages the electric power steering to help keep your XTS within its lane (if an unintended lane change is detected). Other features included in the Driver Awareness Package are the **REAR CROSS-TRAFFIC ALERT**, which uses sensors to sweep the left and right sides of your XTS when you're backing out of parking spots, alerting you to approaching vehicles, and the **SIDE BLIND ZONE ALERT**, which provides a seat pulse and visual alert in your side mirrors if vehicles are in your blind spot. The **DRIVER ASSIST PACKAGE**, available on the Premium and included in the Platinum Collections, features **ADAPTIVE CRUISE CONTROL**, which uses forward-looking radar and camera technology to naturally maintain a driver-selected following distance from the vehicle ahead, even in stop-and-go traffic. **FRONT AND REAR AUTOMATIC BRAKING** detects when a frontal or rear collision is imminent and automatically applies the brakes to lessen impact severity, helping the driver avoid certain low speed impacts altogether.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times.

PROTECTION
AS SOLID AS STEEL.

The **SAFETY CAGE** on the XTS is constructed with high-strength steel alloys and strategically placed crumple zones and incorporates 10 standard airbags! **PREVENTIVE SAFETY FEATURES** include Electronic Braking Force Distribution, which helps balance the braking power between the front and rear brakes, and the **STABILITRAK** Electronic Stability Control System.

1. Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more safety information. 2. Visit cadillac.com/autodry for limitations and details.

OPTIMAL
BRAKING.

Auto-Dry² brakes position the brake pads closer to the rotor, sweeping away moisture once the windshield wipers are activated. This helps keep the brakes drier, optimizing braking performance.

ENGINEERED FOR EXCELLENCE,
DESIGNED FOR THE FUTURE.

XTS Vsport Premium / Dark Adriatic Blue Metallic

A SMOOTH
OPERATOR.

Fitted with advanced suspension technology and a 304-hp, 3.6L direct-injection V6, the XTS offers a powerful yet smooth drive. Dual-mode **MAGNETIC RIDE CONTROL** assesses the road up to 1,000 times per second, adjusting to provide responsive handling. HiPer Strut technology helps keep the tires keyed to the surface, delivering a comfortable ride. Additionally, the engine is coupled to an automatic transmission that provides crisp, clean shifts. Upgrade to either of the XTS **VSPORT MODELS**, and you'll get an exhilarating 410-hp, 3.6L Twin Turbo direct-injection V6 with 369 lb.-ft. of torque that is complemented by 20" wheels, an exclusive grille and unique rear Vsport badging.

XT5 Platinum Collection / Graphite Metallic

THE EXQUISITE
SHAPE OF LUXURY.

With a chiseled body and an available range of striking grilles, the exterior of the XTS is the embodiment of elegance, modeled with meticulous details to attract the rare connoisseurs who appreciate them.

XTS Platinum Collection / Dark Adriatic Blue Metallic

AN IMPRESSIVE DISPLAY
WITH LIGHTING TO MATCH.

XTS Premium Collection / Dark Adriatic Blue Metallic

BRILLIANT
ILLUMINATION.

Approaching the XTS sets off beautifully **CHOREOGRAPHED LIGHTING** designed to enhance nighttime visibility. Elements in the headlamps and outside mirrors, along with available illuminating accents on the door handles, acknowledge your presence and emit a soft glow to brighten the area around the vehicle. The High-Intensity Discharge (HID) headlamps are available with **INTELLIBEAM TECHNOLOGY**, which automatically switches between low and high beams when either taillamps or oncoming headlamps are sensed. In addition, available **ADAPTIVE FORWARD LIGHTING** allows you to keep your eyes on the curve by peering around corners as you turn the steering wheel.

XTS Platinum Collection / Graphite Metallic

THE IDEAL COMPLEMENT.

Cast-aluminum. Chrome inserts. The wheels on the XTS proceed smoothly from artful design to stunning practicality.

Cadillac

OWNER BENEFITS

We have created the most comprehensive suite of owner benefits offered by any luxury automotive brand in the world, providing everything our Cadillac owners need and everything they deserve.

PREMIUM CARE MAINTENANCE

The Cadillac Premium Care Maintenance program¹ covers routine oil changes, tire rotations, certain air filter replacements and a thorough multipoint vehicle inspection for 4 years or 50,000 miles²

WARRANTY PROTECTION

The Cadillac 6-year or 70,000-mile³ Powertrain Warranty offers more years and miles standard than BMW, Mercedes-Benz and Audi. In addition, our 4-year or 50,000-mile³ Bumper-to-Bumper Warranty covers repairs on your entire vehicle, including parts and labor, to correct any concerns in materials or workmanship.

COURTESY TRANSPORTATION

This program provides alternative transportation and/or reimbursement of certain transportation expenses if your Cadillac requires warranty repairs for 6 years or 70,000 miles.⁴ That is more years of service standard than any leading luxury automaker.

ROADSIDE ASSISTANCE

Cadillac offers more years of standard Roadside Assistance than any leading luxury automaker, with services for 6 years or 70,000 miles.⁴ This 24/7 program provides lockout, towing, refueling, Dealer Technician Roadside services and more.

The OnStar^{®5} Directions & Connections[®] Plan allows you to push one button to connect with a specially trained Advisor to find the things and places you need. Get directions or a diagnostics check while you drive. Make calls with both hands on the wheel, and control your vehicle with the OnStar RemoteLink[®] mobile app.⁶ And, as always, get help immediately in a crash or an emergency. XTS comes standard with one year of the OnStar Directions & Connections Plan.

EMERGENCY BY ONSTAR

With Automatic Crash Response,⁷ in a crash, built-in sensors can automatically alert a specially trained OnStar Advisor who is immediately connected into your Cadillac to see if you need help sent to your exact location. Other OnStar emergency services include Injury Severity Prediction and First Assist, which ensure you quickly get the help you need when seconds matter most.

SECURITY BY ONSTAR

If you've reported your Cadillac stolen, OnStar can use GPS technology to help authorities quickly locate and recover it. An OnStar Advisor can further assist authorities by sending a remote signal to activate Stolen Vehicle Slowdown,⁸ which can gradually slow the vehicle to a stop to aid in its recovery. Advisors can also enable a Remote Ignition Block,⁹ making it impossible to restart a stolen vehicle once it has been turned off.

NAVIGATION BY ONSTAR

Just push the blue OnStar button, and an Advisor can download turn-by-turn directions⁵ to your Cadillac. A voice will then call out every turn, or the directions will be sent to your navigation system, if equipped. You can also plan routes using MapQuest.com[®] and send them to your Cadillac.

CONNECTIONS BY ONSTAR

Available OnStar Hands-Free Calling⁹ allows you to make and receive calls safely from your Cadillac. With the OnStar RemoteLink mobile app, you can access real-time information and control your vehicle from anywhere you have cell phone service. With a few simple steps, you can find a destination using the RemoteLink app and send directions right to your vehicle.

Available OnStar with 4G LTE and built-in Wi-Fi[®] hotspot¹⁰ can help you stay better connected to the world around you. The content and connections you crave throughout your day have moved inside your Cadillac, with a hotspot capable of supporting up to seven mobile devices at once, along with a high-speed, highly reliable 4G LTE connection – making it an easy way to access data on the go. You'll also see an enhancement to current OnStar services, including shorter response times and faster service delivery. This is the most powerful OnStar ever, empowering you and your passengers to create a highly connected world inside your car.

DIAGNOSTICS BY ONSTAR

With the most comprehensive vehicle diagnostics¹¹ from OnStar, maintaining your Cadillac can be as simple as checking your email or your OnStar RemoteLink mobile app. Every month, you can receive an email with the status of key operating systems, or push your blue OnStar button for a real-time diagnostics check on demand!¹¹

MYCADILLAC APP¹²

The ingenuity of the XTS doesn't stop with the vehicle. As a Cadillac owner, an advanced app is available for your new car. From virtually anywhere at any time, a few taps of your finger on your iPhone[®] or Android[™] smartphone let you access features such as parking reminders, Roadside Assistance and more. Plus, in conjunction with the OnStar RemoteLink app, you'll have the ability to remotely start your vehicle (when factory-equipped with remote start) and lock and unlock your doors from any place you have cell service. In addition, you can access key diagnostic information, including fuel tank level and range and remaining oil life.

1. Standard on all 2011 and newer vehicles. 2. Whichever comes first. See dealer for select scheduled maintenance details. 3. Whichever comes first. See dealer for limited warranty details. 4. Whichever comes first. 5. Visit onstar.com for coverage map, details and system limitations. Services vary by conditions. 6. Available on select Apple[®], Android[™], BlackBerry[®] and Windows[®] devices. Services vary by device and conditions. Requires active OnStar subscription. 7. Visit onstar.com for details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. 8. Service varies with conditions. 9. Requires an existing OnStar service contract and prepaid minutes. Visit onstar.com for coverage map, details and system limitations. 10. Devices must be WPA2-compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Visit onstar.com for details and system limitations. 11. Capabilities vary by model. Visit onstar.com for details and system limitations. 12. Requires iPhone[®] or Android[™] mobile device.

ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing (September 2014), please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

ONSTAR® OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (466-7827) or visit onstar.com for OnStar's Terms and Conditions, Privacy Policy, and details and system limitations.

ENGINES Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

TIRE SEALANT AND COMPRESSOR KIT If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a 1/4-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended that you take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than 1/4 inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire one time before its expiration date.

ASSEMBLY Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

UPDATED SERVICE INFORMATION Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-551-4123 or by visiting www.helminc.com.

NEW-VEHICLE LIMITED WARRANTY World-class coverage comes standard on every 2015 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST) Powertrain Limited Warranty with no deductible, Roadside Assistance Program¹ and Courtesy Transportation Program¹.

COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST) Bumper-to-Bumper coverage; tires – defects in material and workmanship; repairs made to correct any vehicle defect; corrosion on body sheet metal panels.

RUST-THROUGH COVERAGE Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years and unlimited mileage. Cosmetic or surface corrosion – resulting from stone chips or scratches in the paint, for example – is not included in the rust-through coverage. Application of additional rust-inhibiting materials is not required under the rust-through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

1. Roadside Assistance Program and Courtesy Transportation Program are not part of the New-Vehicle Limited Warranty. A separate booklet titled "Warranty and Owner Assistance Information" furnished with each new vehicle provides detailed warranty coverage information.

1. Requires a subscription, sold separately by SiriusXM after the trial period. SiriusXM Radio service only available in the 48 contiguous United States and the District of Columbia. For more information and to view Customer Agreement, visit siriusxm.com. 2. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. 3. Go to gmtotalconnect.com to find out which phones are compatible with the vehicle. 4. Not compatible with all devices. 5. Devices must be WPA2-compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Visit onstar.com for details and system limitations. 6. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. 7. Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more safety information. 8. Before making a lane change, always check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards, and start the turn signal. 9. Adaptive Cruise Control is not substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. 10. Visit onstar.com for vehicle availability, details and system limitations. Services and connectivity may vary by model and conditions. 4G LTE service available in select markets. Some services require data plan.
