

124 *spider*

THE ABARTH SPIDER IS BACK.

1966
The first Fiat 124 spider

1972
The first Abarth 124 spider

A new contender when it comes to performance.

In 1972, the Officine Abarth made the first Abarth 124. Today the new Abarth 124 spider is born, a brand-new spider with the attitude of the Abarth Scorpion.

A PERFECT, BEAUTIFUL MADNESS.

"Motors, machines, motor-races, love of cars, passion of velocity. It is the illness, the very beautiful and mad illness which has reached the whole humanity, which has made ourselves those ardent admirers of what is more and more swift, of what is more and more mechanically perfect. In this research of perfection, in these experiments which come out very often of the industrial branch for librating in pure passion, for at last transforming theirselves in greater safety for whoever travels and greater engine efficiency, we have found friends, patient collaborators, experienced technicians, who have helped us, who have believed in us."

CARLO ABARTH

Addicted to performance. Since 1949.

Transforming small cars into performance cars, exploiting every aspect to deliver the ultimate driving experience.

This is the Abarth spirit since 1949.

1953

Mille Miglia 1953: The Abarth-Ferrari 2000 with a modular body; a great technological innovation that made it possible to significantly reduce the weight of the car and also facilitate easy access to the engine and other key components for the mechanics.

1957

Abarth 750 Pininfarina cars were specially built to break records - Between 24th and 27th July, 1957, 11 records at Monza were broken over 5000 km in 3 hours with Cabianca, Cattini, Guarnieri, Manfredini and Poltronieri.

1962-1967

Six consecutive victories in the World Manufacturers' Championship with sports cars and saloon cars between 1962-1967. A period of great success with competitive cars in all categories and in all countries, giving numerous drivers a chance to savour a first place victory.

1965-1969

The banked racing circuit at Monza: four wins in the European Touring Car Manufacturers' Championship with the Fiat Abarth 1000 TC: 1965 with Ed Swart, 1966 with Giancarlo Baghetti, 1967 with Willi Kauhsen and 1969 with Marsilio Pasotti.

1969

At Imola in 1969, the introduction of the Abarth 2000 SE Sport, of which 25 examples were made, let numerous private race drivers achieve victories in both circuit racing and time trials. In this car, debuting the climb of the Ampus, Peter Schetty was the winner.

1975

The rallies and the Abarth 124 Spider Rally which won the European Championship in 1975 with Maurizio Verini (in the photo at the rally on the Island of Elba), who also finished second three times in the World Championships 1973-1975.

2016
The new Abarth 124 spider

PERFORMANCE IS IN THE AIR.

Get ready to experience it.

When a spider meets the passion of the Abarth engineers, the result is a car unlike any other. This is the new Abarth 124 spider, once you get behind the wheel; you won't want to be anywhere else. Open up the soft top, take to the road and breathe: performance is in the air.

ADRENALINE ON THE ROAD.

Take on the challenge.

Grip the wheel and experience the performance in your hands and that thrilling sensation of open top driving. It's that unique feeling you get when you drive a spider, when pure adrenaline runs through your veins.

THE SCORPION ATTITUDE, INSIDE.

**BREMBO
BRAKING SYSTEM**
Performance braking

Performance in good shape.

The new Abarth 124 spider sets a new benchmark. A curb weight of only 1,060 kg, with a weight-power ratio of just 6.2 kg/HP. The weight is concentrated within the wheelbase for optimum weight distribution (50:50) and to ensure agility and performance. Unparalleled handling thanks to suspension derived from our racing experience. The transmission developed in collaboration with the Abarth Racing Corse Team delivers a dynamic driving experience in both automatic and manual versions. Now, fun turns into something serious.

SPORTS FEATURES		
ABARTH D.A.M. (Sport Mechanical Limited Slip Differential)		●
Dual Mode <i>Record Monza</i> exhaust system with 4 exit tips		●
Mechanical gear box with short and direct lever		●
Brembo braking system		●
Sport suspension Abarth by Bilstein		●
Extra stiffness strut brace		●
Aluminium sport pedals with bottom hinged accelerator		●
17" <i>Corsa</i> alloy wheels		●
Racing antiglare kit matt black front and rear hoods		●
Racing Alcantara® kit (Instrument panel brawn, handbrake and gear knob boot, lower dashboard and personalized arm rest Alcantara)		●
Sport instrument cluster with central red revs counter		●
Electronic stability control with deactivation system		●
Start Engine button		●
Drive mode selector with sport mode		●
Automatic transmission <i>Esseesse</i> with shift paddles		○
INTERIOR DESIGN		
Sport steering wheel with viewfinder		●
<i>Officine Abarth</i> carpet mats with aluminium insert		●
Leather Abarth bolstered sport seats		●
Heated seats		●
<i>Officine Abarth</i> numbered plate		●
EXTERIOR DESIGN		
Aerodynamic Abarth kit (front bumper with enlarged air intake, rear extractor, sport side skirts)		●
<i>San Marino 1972 Metallic Black</i> with racing antiglare pack		●
A-Pillar and roll bar in <i>Forgiato Grey</i>		●
Colour Pack (mirror covers, front dam, hook cap)		
<i>Corsa Red (on Turini 1975 White, Isola d'Elba 1974 Blue, San Marino 1972 Metallic Black)</i>		●
<i>Forgiato Grey (on Portogallo 1974 Grey and Costa Brava 1972 Red)</i>		○
<i>Turini 1975 White</i> with racing antiglare pack		○
<i>Costa Brava 1972 Red</i> with racing antiglare pack		○
<i>Portogallo 1974 Metallic Grey</i> with racing antiglare pack		○
<i>Isola d'Elba 1974 Metallic Blue</i> with racing antiglare pack		○
Front and rear hood in body colour		○
COMFORT		
Keyless Go		●
Manual air conditioning		●
Radio AM/FM e MP3 player, USB & AUX Ports, steering wheel commands, 4 Audio Speakers		●
Cruise control		●
Halogen front and DRL headlamps		●
Fog front lamps		●
LED tail lamps		●
Soft Top with inner liner soundproofing		●
OPTION PACKS		
SOUND UPGRADE PACK		○
7" touchscreen with multimedia control		
2 USB and 1 AUX ports		
Bluetooth®		
Aha™ by HARMAN and Stitcher internet radio apps Internet Wi-Fi (only throughout smartphone)
