

1986

CHRYSLER

LEBARON

The LeBaron Selection: Stylish...

IS STYLING your highest priority? Choose *any* 1986 LeBaron... from a wide selection of distinctively styled midsize models. All in good taste. And each one in style technologically...with Chrysler's advanced front-wheel drive engineering. The competition is good, we had to be better.

About this catalog. We have tried to make this catalog as complete as possible. And we hope you will find it useful. However, since the time of printing, some of the information you'll find here may have been updated. Your dealer has details, and you should ask him for current information before ordering.

Some of the optional equipment shown or described throughout this catalog is available at extra cost.

Practical...

SING A SONG of the open road. LeBaron will hum along in harmony with your spirit. If you want to pick up the tempo, select Chrysler's optional 2.2-liter turbocharged engine with multipoint electronic fuel injection (available on all LeBaron models). It zings.

The full line of 1986 Chrysler LeBarons, shown in Dark Cordovan Pearl Coat.

Distinctive.

THE ONLY thing routine about LeBaron is the family chores you'll assign it. But you'll never feel uncomfortable about all that practicality because LeBaron is a workhorse with the lines of a racehorse. And it's backed by Chrysler's 5/50 Protection Plan (*see page 17*).

Upbeat...

THERE'S a fine line between sporty and distinctive, and LeBaron is balanced perfectly upon it. Do you prefer the discreetly sporty two-door, the more traditional four-door, the extroverted convertible, or the industriously artful Town & Country wagon? LeBaron encourages you to be selective.

Chrysler LeBaron Two-Door.

PERHAPS this is the year for your foray into sportiness. A time to be a little daring. Without losing your dignity. The LeBaron two-door is not a radical departure from Chrysler traditions of comfort, convenience and quality. It is a proper car. But a car whose subtle sportiness keeps it on the lighter side of stodgy. It is a sensibly stylish car...a car of uncramped comfort, electronic convenience, and uncompromised quality.

Optional cloth high-back bucket seats with folding center armrest, shown in Cordovan.

Chrysler LeBaron two-door, shown in Radiant Silver.

Chrysler LeBaron Four-Door.

THE LEBARON four-door favors family togetherness, but not family stuck-togetherness. Even family can get too close for comfort. Roomy LeBaron won't cramp your family. Aerodynamically designed LeBaron won't cramp your style. Efficiently engineered LeBaron won't cramp your pocketbook. Its 2.2-liter four-cylinder engine with electronic fuel injection pulls six passengers...at family rates. And each of the kids can have his or her own room.

Redesigned instrument panel for 1986 LeBaron four-door.

Chrysler LeBaron four-door, shown in Garnet Red Pearl Coat.

Chrysler LeBaron Convertible

WHY SIT AROUND waiting for a summer breeze to come up when you can create quite a stir yourself? Behind the windshield and the wheel of a 1986 LeBaron convertible. Breeze along with the top down. Or bolt along with the power up by adding the optional 2.2-liter EFI turbocharged engine...Vroom with a view. If that spark for driving excitement glows inside you...fan it to life in a LeBaron convertible.

Optional Mark Cross Edition leather interior, shown in Almond/Cream.

Chrysler LeBaron Town & Country convertible (foreground), shown in White.
Chrysler LeBaron convertible, shown in Light Cream.

Chrysler Town & Country Wagon

A WAGON should be dressed up, even if it's only going to work. Town & Country wagon, with its contemporary styling and simulated woodgrain paneling, is as well-suited for an evening on the town as it is for collecting crate-fulls in the country. A wagon should haul. Town & Country pulls its weight (and then some) with Chrysler's new standard 2.5-liter electronically fuel-injected balance shaft engine. It carries the family in comfort and carts in quantity. The 1986 Town & Country wagon. It'll transport you.

Standard cloth split-back bench seat with folding center armrest and adjustable head restraints, shown in Cordovan.

Cargo capacity: 67.1 cubic feet with rear seatback folded down.

Chrysler Town & Country wagon, shown in Light Cream with simulated wood trim.

Chrysler Le Baron Engineering

Engines: New 2.5-liter engine with single-point electronic fuel injection and vibration-reducing balance shafts is standard on Town & Country wagon, optional on all other LeBarons. **2.2-liter engine** with new single-point electronic fuel injection system is standard on two-door, four-door and convertible. **2.2-liter turbocharged engine** with multipoint electronic fuel injection improves performance and increases passing acceleration. Available optionally on all models. All engines feature Chrysler's "fast-burn" cylinder head design that effects more rapid and complete fuel combustion.

Iso-Strut front suspension is rubber-isolated to prevent transmission of road shock, and features independent front coil springs and dual-path Iso-Struts with linkless antisway bar.

Torqueflite three-speed automatic transaxle offers wide-

ratio gearing that improves acceleration without loss of fuel economy.

Front-wheel drive concentrates engine/transaxle weight over front wheels for stability and more interior room.

Power-assisted rack-and-pinion steering provides low turning effort and fast response.

Power-assisted brakes, front ventilated disc and rear drum, ensure consistently smooth and sure stops.

Trailing arm rear suspension combines beam axle with integral tubular stabilizer bar, trailing arms, coil springs, shock absorbers and track bar to provide a smooth, level ride.

Automatic rear load leveler is standard on Town & Country wagon. Its "air shocks" raise the rear suspension system when weight is added to maintain a level, smooth ride.

1. Wire-wheel covers or aluminum road wheels. Add a sporty look and feel with locking wire wheel covers or 18-spoke cast aluminum road wheels. **2. Illuminated vanity mirror.** Illuminated mirror (on back of passenger sun visor) to add those "finishing touches." **3. Tilt steering column.** Adjusts to six positions, and makes entry and exit easier. **4. Automatic speed control.** Automatically holds the miles per hour selected, helping to improve highway fuel economy. **5. Power seats.** Available on all models with standard front bench seats, and for the driver's seat on models with bucket or 50/50 front seating. **6. Air conditioning.** Bi-level ventilation increases air circulation and helps reduce cold spots. Low-travel controls provide more precise temperatures and a more varied selection of air direction and velocity. **7. Ultimate Sound System.** This 36-watt electronically

tuned AM stereo*/FM stereo radio receiver includes memory scan; up-and-down scan; Dynamic Noise Reduction (DNR)†; cassette player with automatic reverse and metal tape capability; five-band graphic equalizer; joystick balance/laser control; six-speaker sound; ambience sound control; integral digital clock. **8. Rear window defroster.** Keeps rear window clear electrically. Includes tinted glass on all models. (Not available on convertible.)

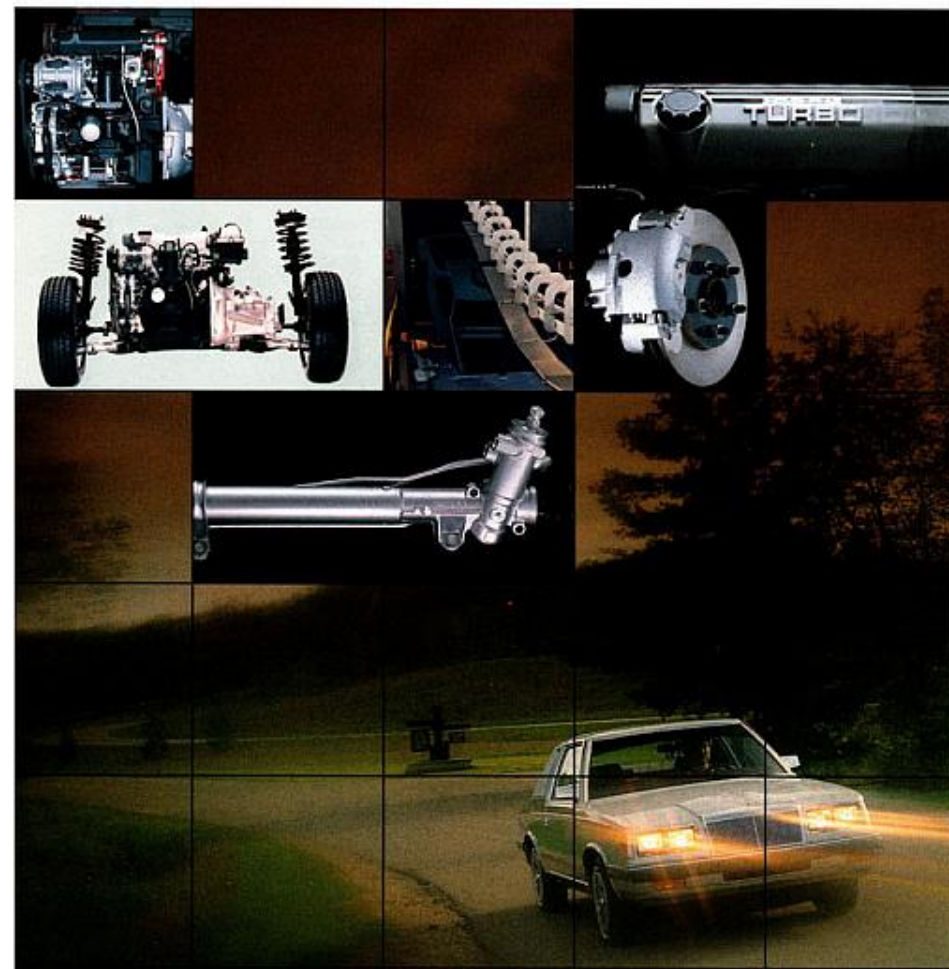

*Limited AM stereo reception may be experienced in some areas because some AM stereo broadcasting is not compatible with this radio's reception capabilities.

†DNR (Dynamic Noise Reduction) is a trademark of National Semiconductor Corporation.

Certain models, packages, and options are subject to specific restrictions, requirements, and late availability. Consult your dealer for current ordering information.

- Leather-wrapped luxury steering wheel
- 2.5-liter EFI four-cylinder balance shaft engine
- Low-back Corinthian leather with vinyl trim bucket seats¹
- Power Convenience Package
- Power deck lid release
- Power driver's seat
- Protection Package
- Trunk dress-up
- Vinyl door trim panels with flexan inserts; Mark Cross medallions²
- Wire wheel covers with locks (four)³

*Limited AM stereo reception may be experienced in some areas because some AM stereo broadcasting is not compatible with this radio's reception capabilities.

POWER CONVENIENCE DISCOUNT PACKAGE

- Power door locks*
- Power windows (power quarter windows standard on convertible)*

*Available in package only.

capabilities. ¹Available in package only. ²Includes: digital speedometer and odometer; electronic gauges for engine coolant temperature, electrical system voltage, fuel level and oil pressure; gauge alert system; integral trip computer. ³Ten-year-inch cast aluminum road wheels may be substituted at no extra charge.

POWER CONVENIENCE DISCOUNT PACKAGE

- Power door locks*
- Power windows (power quarter windows standard on convertible)*

*Available in package only.

INTERIOR ILLUMINATION PACKAGE (Two-door coupe and four-door sedan only)

- Illuminated entry system*
- Illuminated visor/vanity mirror (passenger side)*

*Available in package only.

DELUXE CONVENIENCE PACKAGE

- Automatic speed control*
- Tilt steering column*

*Available in package only.

COLD WEATHER PACKAGE (Not available on convertible)

- 500-ampere maintenance-free battery*
- Electric rear window defroster¹

*Available in package only.
¹Required on coupes and sedans registered in New York State.

PROTECTION PACKAGE (Not available on Town & Country wagon)

- Front and rear bumper guards, color-keyed*
- Vinyl bodyside protective moldings, color-keyed

*Available in package only.

CENTER CONSOLE PACKAGE* (Not available on convertible)

- Freestanding front center armrest¹
- Full-length forward front console includes floor-mounted shift lever, forward storage bin with latching door, ash receiver, center and rear open storage bins, coin holder, cup holder (replaced by cassette holder when cassette/radio is ordered)²

*Bucket seats required.
¹Available in package only.

STANDARD SAFETY FEATURES

- Anti-theft ignition and steering column lock
- Backup lights
- Brake fluid pressure loss warning light (also serves as indicator when parking brake is applied)
- Combination lap/shoulder belts for the driver and right front passenger; lap belts for all other passengers
- Double ball-joint rearview mirror mount
- Dual braking system with separate brake fluid reservoirs in the master cylinder
- Dual throttle return springs
- Electric windshield washers and wipers
- Electronic ignition
- Energy-absorbing front seatbacks
- Energy-absorbing steering wheel
- Energy-absorbing sun visors
- Fade-resistant front vented disc brakes
- Front seat head restraints
- Glare reduction measures for windshield wipers, instrument panel, and steering wheel
- Hazard warning flasher system
- Headlight and wiper circuit breakers with automatic reset
- Impact-activated fuel supply shut-down relay
- Inside and outside rearview mirrors
- Interlocking door latches

5/50 PROTECTION PLAN

Warranty protection is a matter of confidence. And Chrysler Corporation is so sure of the care and precision that go into each LeBaron that they offer the Five-Year/50,000-Mile Protection Plan. It speaks for itself. Upon expiration of the normal 12-month/12,000-mile new vehicle limited warranty, limited warranty coverage is extended on power train components, including engine, transaxle, axle, and turbocharger—plus outer panel rust-through protection—to five years/50,000 miles, whichever comes first. A deductible may be required. Fleet, lease and export vehicles excluded. See your dealer for details.

Fuel Capacity (gal)	14.0	14.0	14.0	14.0

OPTIONAL 5/50 SERVICE CONTRACT COVERAGE

Chrysler Service Contracts provide you with additional peace of mind protection for your new vehicle. Coverage starts on the specified components after your vehicle's basic warranty expires and continues for five years or 50,000 miles (whichever occurs first) from the original warranty start date. A deductible applies. Allowances for car rental and towing are also included. Ask your dealer for details. Buckle up for safety.

CONSIDER LEASING

In these days of tight money and high interest rates, more consumers are considering leasing as an alternative to buying. Leasing a new Chrysler LeBaron usually involves a small security deposit and a first month's lease payment. Monthly payments are usually less than financing a new car purchase. Ask your dealer for details.

5/50 PROTECTION PLAN

Warranty protection is a matter of confidence. And Chrysler Corporation is so sure of the care and precision that go into each LeBaron that they offer the Five-Year/50,000-Mile Protection Plan. It speaks for itself. Upon expiration of the normal 12-month/12,000-mile new vehicle limited warranty, limited warranty coverage is extended on power train components, including engine, transaxle, axle, and turbocharger—plus outer panel rust-through protection—to five years/50,000 miles, whichever comes first. A deductible may be required. Fleet, lease and export vehicles excluded. See your dealer for details.
