

HONDA
The Power of Dreams

BR-V

PRESENTING THE ALL NEW
BR-V

LET THE HUNT
BEGIN

HONDA

OUT THERE. SOME WHERE.

Out there, are many unaware stories waiting to be captured. Whether it's a mountainside adventure or a fossil souvenir. A rare Beatles vinyl or that winding road pretending to be a roller-coaster ride.

It's time you head out and make them all yours with the all-new BR-V. A versatile four-wheeled beast with looks that kill. Seek as far and wide as you wish.

BOLD AND ACTIVE

The BR-V is a robust vehicle built to perform, with best-in-class ground clearance and a powerful engine.

OUTSTANDING

Sporty design of BR-V is made with high quality material.

GET YOUR WHOLE GANG

A roomy 3-row versatile car with huge cargo space. Bring everyone and all they need.

SAFE FOR THE PACK

Engineered to protect your friends and your family.

WITH EXHILARATING PERFORMANCE**

i-DTEC DIESEL ENGINE

Honda's revolutionary 1.5L i-DTEC diesel engine, from the Earth Dreams Technology Series, is nothing short of an engineering marvel, offering you an impressive mileage of 21.9 kmpl and an exhilarating power of 100 ps.

Mated with the 6-speed MT, the aluminium construction engine runs on low friction technology, so you take your hunt to the farthest corners with perfect efficiency.

The 6-speed MT is lightweight with top class transmission efficiency and smooth shift feel.

100 ps

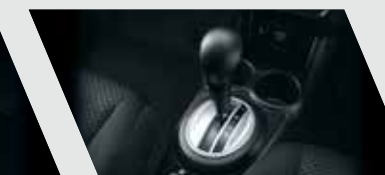

i-VTEC PETROL

Honda's legendary 1.5L i-VTEC petrol engine gives you a fierce combination of high power output and class leading fuel efficiency.

The 1.5L i-VTEC in the BR-V comes with two transmission options - the light weight 6-speed Manual Transmission (MT) which has top class transmission efficiency and first-in- segment Continuous Variable Transmission (CVT).

Powered by Continuous Variable Transmission (CVT), BR-V is the ultimate automatic. Its G-design shift and torque converter deliver excellent performance and help you cruise through traffic with ease.

ECO-LAMP

Eco-Lamp for fuel-efficient driving.

SAFE, STURDY, UNSHAKEABLE

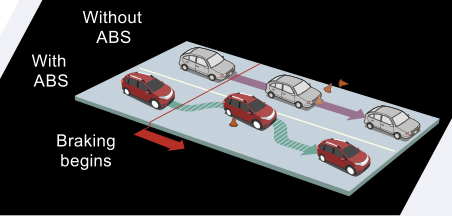

The all new BR-V sets a high standard in care and safety with its exclusive ACE™ body structure that enhances self protection while mitigating damage to other vehicles in the event of a collision. It comes with the driver and front passenger SRS airbags and ABS with EBD. Now hit the road to hunt new experiences.

THE DUAL SRS AIRBAGS

These instantly inflate in the event of a collision, providing the cushioning you and your co-passengers will need.

ACE™ BODY STRUCTURE

BR-V provides cutting-edge protection and safety in every trip. Its ACE™ body structure enhances self protection while mitigating damage to other vehicles in the event of a collision.

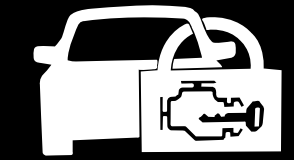

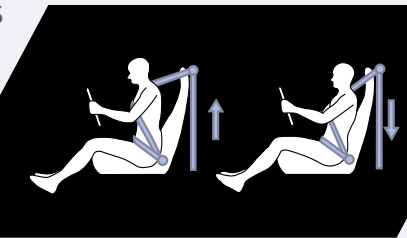

ABS WITH EBD

The advanced Anti-lock Braking System (ABS) prevents wheels from locking during emergency braking.

Electronic Brake-force Distribution (EBD) functions to distribute braking power according to the vehicle load.

PRE-TENSIONER SEAT BELTS WITH LOAD LIMITER

During a collision, the Pre-Tensioner seatbelt automatically tightens to keep the passenger's body in position; avoiding jerky forward chest movement. The Load Limiter functions to reduce excessive pressure, injuries to the chest and also ensures that the body is in position to fall directly on the airbag as it inflates.
