## PRECISION ENGINEERED BECAUSE LIFE ISN'T

The bold new HR-V gives you more. Stylish, versatile and practical, it delivers a multidimensional driving experience that's small on compromise and big on fun. With the beautiful lines of a coupé and the practical space and toughness of an SUV, it's a car that can keep pace with your life.

## BOLD AND BEAUTIFUL SLEEK DESIGN

**A passion for design.** The HR-V's contemporary shape catches the eye, but it also stirs the heart. Its robust appearance and sporty side profile have been designed to make it a car you'll love to see and be seen in. So whatever road you're on, from a weekend away, to meeting friends in town, the HR-V is designed to fit.

Everything has been thought out. The little details really make a difference, such as the recessed door handles and the tapered rear windows. It's a car with a purposeful look; striking light clusters and distinctive sculpted lines, a sporty body coloured tailgate spoiler and elegant roof rails\* and with the HR-V's opening panoramic glass roof\*, looking out is as impressive as looking in.

## GOOD LOOKS DEMAND A SECOND LOOK

**Design that gets you noticed.** The HR-V's looks aren't just skin deep. All our refinements have a purpose. The chiselled lines have been engineered to make the car more aerodynamic and fuel efficient.

But there's no economising when it comes to style. Design touches, like the flowing front grille and sharply cut lines of the profile, mean the HR-V cuts quite a dash, even when standing still. While it has agility, it also has solidity. Details like the lower body panels and distinctive bumpers give it a rugged appeal. Combined with the sophisticated-yet-fun driving dynamics and fuel-efficient performance, the HR-V really delivers.

## THINKING BIG MAKES THINGS A LITTLE EASIER

**Designed around you.** When you need to keep your eyes on the road, it's great to know that you've got everything to hand. We've intuitively designed the HR-V cockpit, so that every feature is where you need it. The elegant dashboard uses the very latest technology, yet is incredibly simple to understand and use. Together with the new Honda CONNECT touchscreen entertainment system, you stay in complete control.

Other features are also close at hand. Dual climate control means that it's not only you who's comfortable on a long journey, but also your passengers. Add electrically adjustable door mirrors, power windows and front heated seats\* and you'll find sitting in the HR-V is something you could really warm to.

and Start

## LIKE THE SPACE LOVE THE FLEXIBILITY

### Designed to adapt and change with your life.

The HR-V is engineered to fit your life. It doesn't just give you a lot of space, but a lot of useful space. The centrally mounted fuel tank liberates more space in the boot, and accommodates Honda's innovative Magic Seats system.

The 60:40 split Magic Seats adapt effortlessly. The rear seats can configure in lots of useful ways. With one simple motion the seat can be folded up towards the headrest, providing a tall space behind the front seats.

The boot space is also capacious, with 470 litre capacity with the rear seats in use, and 1,026 litres to the window line with the rear seats folded away. A wide tailgate opening and low loading height also mean the boot is quickly and easily accessible. From parked to packed in no time at all.

But it's not just the seats that are magical. The fact that the HR-V has the comfortable leg and headroom often found in larger cars, is quite a trick. The sense of space is further heightened by the opening panoramic glass roof\*, allowing light and air in.

Model shown is HR-V 1.5 EX with manual transmission.  
\*For more information on which grades these features are available on, please refer to specification pages 35-38. Images are shown for illustration purposes only and show a left hand drive vehicle.  
In the UK, the HR-V will be a right hand drive vehicle.

1026 litre loading space  
adaptable, flexible and spacious.

## KEEPING YOU CONNECTED KEEPING YOU ENTERTAINED

The HR-V incorporates the new Honda CONNECT in-car audio and information system, keeping you in touch with all the things you love in life, like your music and your friends.

Honda CONNECT offers excellent connectivity so you can stay connected whilst on the road through Wi-Fi tethering\* or Mobile Wi-Fi Router. The Honda CONNECT 7" touchscreen can be personalised with your favourite photos. It is also easy to select the soundtrack to your journey with DAB\*\* and Aha™ radio. You can listen to your favourite internet-delivered music services and radio programs from around the world including news, weather, sports, podcasts and audio-books.

The Bluetooth™ connectivity allows you to connect your smartphone to the Hands Free Telephone system within the car. Furthermore it is possible to browse the internet\*\*\* on your touchscreen. Garmin's award-winning satellite navigation is available as an option on Honda CONNECT and uses a simple icon menu to provide you with real time traffic information, road speed limit warnings as well as access to free map updates. Honda CONNECT is also MirrorLink™ enabled\*\*\*\*.

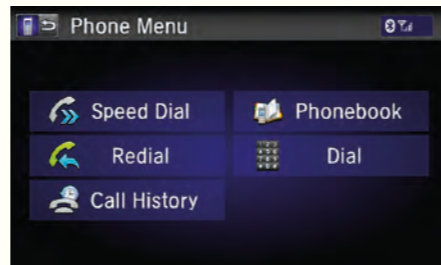

### PERSONALISED HOME SCREEN †

Personalise Honda CONNECT by uploading your favourite photo as wallpaper. The display can be customised to suit your style.

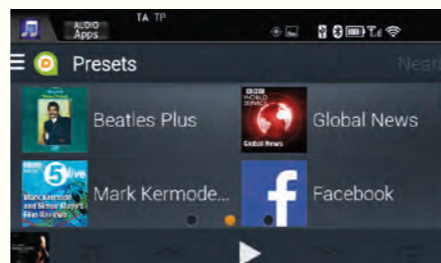

### GARMIN NAVIGATION †

Garmin PhotoReal™ displays upcoming junctions with photo-realistic images of junctions and exits with arrow lane indication to provide clear guidance. The system also includes predictive routes, real-time traffic avoidance, road speed limit display, 3D buildings, terrain views and more.

### BLUETOOTH™ HANDS FREE TELEPHONE †

Use the intuitive touchscreen to access all your mobile phone contacts.

### AHA™\*

The Aha™ app enables you to connect to internet radio, access your Facebook™ and Twitter™ accounts and find nearby restaurants and hotels.

\*Data usage and roaming charges may result from using applications on Honda CONNECT. We recommend that you check your mobile phone subscription package.  
 \*\*Only available as standard on EX and SE grades.  
 \*\*\*Function can only be used when the car is stationary.  
 \*\*\*\*This feature is only available where user's smartphone is compatible with Honda CONNECT MirrorLink™. This technology enables the user to mirror their smartphone display and gain access to their smartphone applications.  
 †For information on which grades these features are available on, please refer to specification pages 35-38.  
 †HFT Compatibility may vary.

**TAKE COMFORT**  
WE'VE THOUGHT OF EVERYTHING

**Take time out from your hectic day.** Relax. We've designed the spacious interior of the HR-V to be a really pleasurable place to spend time. You may just be doing the weekly shop, but that shouldn't mean you can't do it with space and style. The generous interior is coupled with quality details like chrome door handles and leather steering wheel and gear knob\*, giving the HR-V a premium feel.

Space is often said to be the ultimate luxury and the new HR-V lets the driver and passengers travel in a quiet, comfortable, airy environment. There's plenty of room in the rear, so those long journeys will feel a lot shorter.

Model shown is HR-V 1.5 EX in White Orchid Pearl with manual transmission and Honda CONNECT.  
\*For information on which grades these features are available on, please refer to specification pages 35-38.  
Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the HR-V will be a right hand drive vehicle.

**GENEROUS PERFORMANCE**  
GREAT FUEL ECONOMY

**Advanced technology to give you a brilliant, highly efficient drive.** It's all down to our new engines and engineering which mean you don't have to compromise. Choose from the responsive and efficient 130PS 1.5 i-VTEC petrol, or the 120PS 1.6 i-DTEC. Both engines are available in 6-speed manual options for a refined, smooth driving experience.

Plus the new 1.5 litre i-VTEC is available with a CVT automatic transmission, which ensures optimum engine output for your speed. The result is a smooth and comfortable drive. With the added benefit of reduced emissions, it's responsive, as well as being more responsible.

All engines have idle stop, which turns off the engine when you come to a standstill. It then re-starts automatically when you select a gear, helping to deliver CO<sub>2</sub> emissions as low as 104g/km.

By pressing the ECON button fuel economy is helped further still. Once activated, the transmission and engine are optimised to conserve fuel. For example, a gentler throttle controls power and torque and the air conditioning is set to consume less energy. You might not notice the difference straight away, but you will when you visit the pumps a bit less often.

ECON Button

Idle Stop Button

**EXTRA SMART  
EXTRA SAFE**

**Everyone wants to protect their family.**

We think the best way to avoid collisions is to be one step ahead, which is why we offer our Driver Assistance Safety Pack technologies. They aid the driver by acting as extra sensors, warning and reacting where necessary.

The City-Brake Active System, for example, which is standard on all grades, monitors slow moving traffic in front of the car and warns of a forward collision. This allows the driver time to take action, even applying emergency braking to reduce speed as much as possible if no action is taken by the driver.

Our Lane Departure Warning\* alarm alerts you if your HR-V deviates from a lane without indication and the clever Forward Collision Warning\* monitors the area in front of the car to help you avoid collisions and keeps everyone that bit safer.

**INTELLIGENT SPEED LIMITER\***

Automatically sets the speed limit that the traffic sign recognition system detects.

With the Intelligent Speed Limiter activated the car will drive normally but cannot exceed the prevailing speed limit unless the system is over-ridden by the driver.

**TRAFFIC SIGN RECOGNITION SYSTEM\***

Traffic Sign Recognition System identifies traffic signs up to 100m away and relays this information to the driver via the MID as you pass them. Two signs can be displayed at any one time.

**LANE DEPARTURE WARNING\***

When road lines are detected and the car deviates from your current lane without indicating, Lane Departure Warning alerts you to the fact with audible and visual warnings.

**FORWARD COLLISION WARNING\***

Should the front camera pick up a car in front, the system warns of a front-on collision, allowing you time to take action.

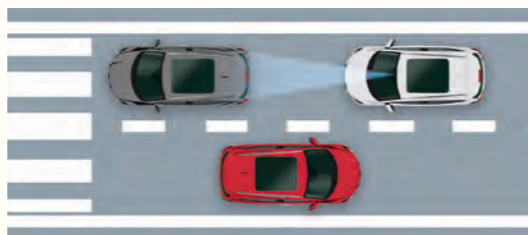

**HIGHBEAM SUPPORT SYSTEM\***

The Highbeam Support System assesses the driving conditions around you and switches automatically between high and low beam.

**CITY-BRAKE ACTIVE SYSTEM**

**1:** While driving around town between 5-20 mph, to give you the best chance of avoiding a collision, this system can monitor the distance between you and the car in front.

**2:** If you continue getting closer to a detected vehicle, the HR-V gives you audible and visual warning via the MID display.

**3:** If you've still not reacted, and a collision is imminent, the City-Brake Active System can automatically apply emergency braking to reduce speed as much as possible. In good driving conditions it can even avoid a collision altogether.

\*Available on EX and SE grades only. For information on which grades these features are available on, please refer to specification pages 35-38. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the HR-V will be a right hand drive vehicle.

## ENGINEERED FOR YOUR SAFETY

The safety of your passengers, other road users and pedestrians has always been one of our fundamental design requirements. That's why we have packed a great deal of advanced engineering into the new HR-V, most of which comes as standard across the range.

### DRIVER AND PASSENGER SRS AIRBAGS

For maximum protection, the front airbags use a two-stage inflator allowing the timing and force of deployment to vary according to severity of impact. Side curtain airbags protect the driver and passengers in the front and back in the case of a side-on collision, working in conjunction with the 3-point seat belt.

### VEHICLE STABILITY ASSIST

Monitors all four wheels independently and calculates the precise amount of power or braking force needed to regain control if traction is lost. In slippery conditions, it manages engine torque and braking to each wheel, reducing speed to a point that allows safe and consistent travel.

### WHIPLASH LESSENING FRONT HEAD RESTRAINTS

In the event of a collision, the headrests and seatbelts help keep passengers safe and secure.

### HILL START ASSIST

Hill Start Assist prevents roll back when starting on an incline. Using a slope sensor the brake pressure is controlled, keeping the car stationary for 1½ seconds after you release the brake pedal.

### BRAKE ASSIST

Brake Assist helps the vehicle come to a stop sooner during emergency braking.

### EMERGENCY STOP SIGNAL

Emergency Stop Signal rapidly flashes the hazard warning lights, warning following drivers if you need to brake heavily, reducing the possibility of a rear end collision.

### Smart keyless entry and start

Smart keyless entry and start allows you to lock, unlock and start the car whilst keeping the key in your pocket.

### Roof rails

Good looking and practical, much like the HR-V itself.

### Panoramic opening glass roof

Providing light, air and a feeling of space.

### Rear privacy glass

Privacy glass creates a private space and a sport edge to your HR-V.

### LED Headlights and daytime running lights

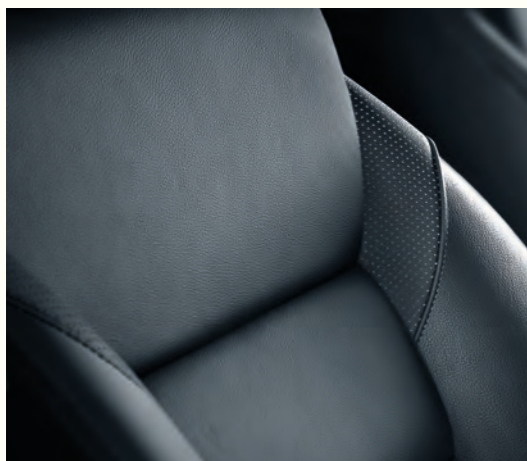

Providing powerful light to make night driving easier and creating an iconic and individual look to your HR-V.

### Rear parking camera

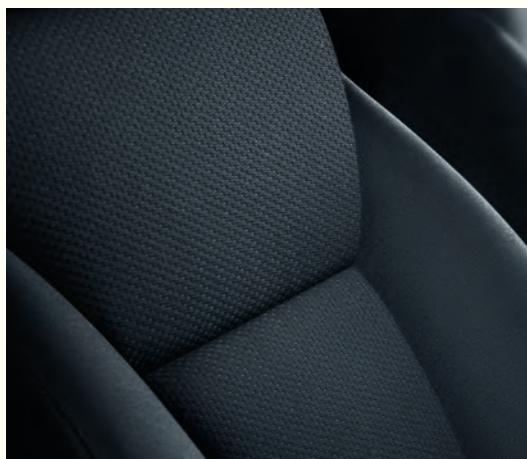

Situated in the tailgate, this gives you a clear view of what is behind you when reversing.

## YOUR COMFORT

Whether it's smart fabric or premium leather, our upholstery means your HR-V won't just look great, it will feel great.

Leather interior only available on EX grade.

Fabric interior only available on SE and S grades.

## YOUR COLOUR

A choice of colours that sound as good as they look. From Morpho Blue Pearl to Milano Red, there's the choice to match your personality perfectly.

Alabaster Silver Metallic

Brilliant Sporty Blue Metallic

Crystal Black Pearl

Modern Steel Metallic

Ruse Black Metallic

White Orchid Pearl

Milano Red

Morpho Blue Pearl

Models shown are HR-V 1.5 EX. Images are shown for illustration purposes only and show a left hand drive vehicle. In the UK, the HR-V will be a right hand drive vehicle.

## YOUR OPTIONS

Personalise your HR-V with genuine accessories, there are a variety of packs to choose from.

They have not only been designed and produced to our same exacting standards, but each one is specifically designed to enhance and fit your HR-V perfectly.

### ROBUST PACK

The Robust Pack gives your car a stronger and more rugged appearance. It includes items that have aesthetic as well as protective functions.

**Pack Contents:**  
Front skid plate  
Rear skid plate  
Side skid plates

Images include 18" Fortis alloy wheels, available separately.

### CARGO PACK

A package of accessories to upgrade the function and aesthetics of your boot area.

**Pack Contents:**  
Boot tray with dividers  
Cargo garnishes  
Rear cargo step protector

### AERO PACK

The Aero Pack gives your car a more sophisticated appearance. It includes items that change the exterior look of the car using colour-match accessories.

**Pack Contents:**  
Front aero bumper  
Rear aero bumper  
Running boards

Images include 18" Fortis alloy wheels, available separately.

### ILLUMINATION PACK

This pack gives an ambient atmosphere to the interior and helps visibility on the exterior of the car.

**Pack Contents:**  
Puddle lights  
Illuminated doorstep garnishes

### CHROME PACK

The Chrome Pack gives your car a more sophisticated appearance. It includes items that change the exterior look of the car using chrome finished accessories.

**Pack Contents:**  
Front bumper garnish  
Rear bumper garnish  
Door lower garnish  
Tailgate garnish

Images include 18" Potis alloy wheels, available separately.

### PREMIUM PACK

A package of accessories stylishly designed to protect your car from mud, sand and scratches.

**Pack Contents:**  
Side body trims  
Doorstep garnishes  
Front and rear mudguards  
Elegance floor carpets

Image includes 18" Potis alloy wheels, available separately.

**TABLET HOLDER** To keep your passengers entertained, you can now also add our tablet holder. The holder's different positions offer you a comfortable space to watch a movie, read your e-mails or play games.

**CARGO STEP PROTECTOR** This item protects your car's bodywork from annoying scrapes and scratches when loading or unloading your boot.

**DOOR MIRROR COVERS** Perfectly integrated exchange covers for side mirrors. They add an extra aesthetic touch. Available in matte silver and Milano Red.

**PUDDLE LIGHTS** LED lights underneath the door sills on driver and passenger sides. For better visibility when entering and exiting your car.

**ALLOY WHEELS**

18" Potis Alloy Wheel

18" Ignis Alloy Wheel

18" Fortis Alloy Wheel

**BOOT TRAY WITH DIVIDERS** Perfectly formed to your car's boot shape, the waterproof, anti-slip boot tray with raised edges will protect the car's finish from dirt and scratches. Dividers are included.

**ROOF ATTACHMENTS** Expand your car's carrying capacity with strong and secure cross bars or base carriers.

**Available attachments:**  
Ski box  
Roof box  
Ski and snowboard attachment  
Bicycle roof attachment

**SPEAKER RING ILLUMINATION** This accessory gives a modern and ambient atmosphere to the interior of the car.

**RUNNING BOARDS** For easier entering and exiting of your car, these smoothly integrated running boards add design and functionality.

**FRONT BUMPER GARNISH** This chrome accessory gives the front of your car a more sophisticated appearance.

**HONDA 3D SOUND**  **Honda 3D SOUND**

**Honda 3D Sound "Music never sounded so real"**

We all want our car sound systems to reproduce the music of our chosen artists faithfully. By adding this compact DSP (digital signal processing) unit to the existing sound system in your Honda, you can enhance your listening experience to a concert hall feeling.

**FRONT AND REAR AERO BUMPERS** Enhance the dynamic looks of your car with the front and rear aero bumpers.

**WINDSHIELD COVER** Protect your car's windshield and mirrors from heavy weather when it's parked outside by applying the genuine windshield cover.

**DETACHABLE TOW BAR**  
With the detachable tow bar you can tow your caravan or trailer with a maximum towing capacity of 1,400 kg for diesel cars, 1,000 kg for petrol cars and a maximum vertical load of 70 kg. A fixed tow bar is also available.

◦ For a list of compatible phones, please contact your local dealer. <sup>A</sup>Always use the recommended USB flash memory device. Some USB memory devices may not work in this audio unit. <sup>B</sup>Fuel consumption CO<sub>2</sub> and weight figures are measured according to EC directive procedures. As a result of driving behaviour, road, traffic and weather conditions, general state and equipment level of the vehicle, real life fuel consumption and CO<sub>2</sub> figures may differ from these official values. In case of weight (defined as mass in running order), it applies to vehicles with standard equipment. Optional equipment may increase this figure and decrease the payload. \*Connectivity for Aha™ app (including internet radio) and for internet browsing is through Wi-Fi tethering or Mobile Wi-Fi Router. Data usage and roaming charges may result from using applications on Honda CONNECT. We recommend you check your mobile phone subscribed package. Internet browsing function can only be used when the car is stationary. Note: Honda CONNECT is also MirrorLink enabled (this feature is only available where user's smartphone is compatible with Honda CONNECT MirrorLink™).

The HR-V is covered by several different warranties as follows:

- 3-year or 90,000 miles standard warranty
- 3-year Surface corrosion warranty
- 5-year Exhaust corrosion warranty
- 10-year Chassis corrosion warranty
- 12-year Structural corrosion warranty

Insurance Group: 18E

FOLLOW YOUR  
DREAMS

Dreams can be powerful, they push you to achieve more, to explore new ideas, new technologies and uncover new ways of solving problems. They can be the inspiration to design and build a true supercar like the dramatic new NSX, or the desire to create the technologically advanced CR-V.

Dreaming of a better world for people to enjoy has given life to a humanoid robot called ASIMO, taken flight with HondaJet and created some of the most popular motorbikes on the planet. The knowledge we gain from all the things we do and all the things we learn, goes into everything we make, just like the HR-V.
