

HONDA LEGEND

**HONDA**

**Few cars can match the graceful authority of the Legend Coupe. Its elegant lines are perfectly complemented by an exquisitely refined interior, while its powerful 3.2 litre, 24-valve, V6 engine delivers exceptional performance. Exclusively appointed, meticulously engineered, the Legend Coupe's prestige is unrivalled.**

LEGEND

LEGEND

**The Legend Saloon represents**

**luxury motoring of the highest**

**calibre. With its**

**superb**

**performance,**

**exceptional specification and**

**unprecedented safety features,**

**it offers rare quality and status.**

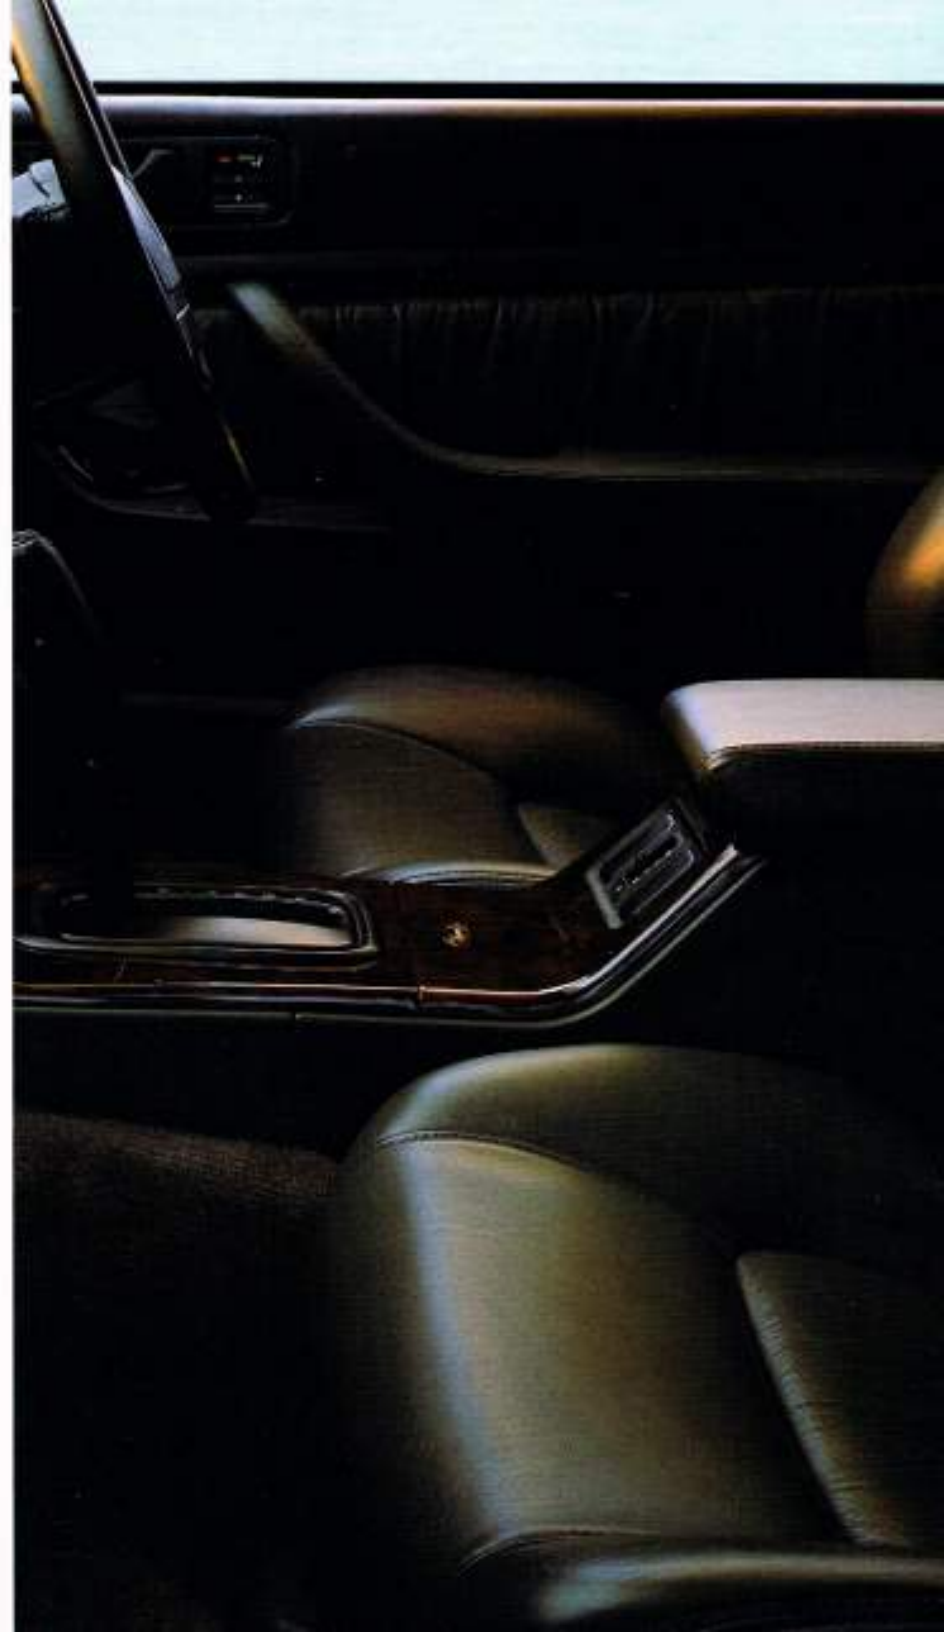

**For the discerning few, the Legend offers unsurpassed luxury. The essential controls fall easily to hand, while features like power steering and cruise control enhance comfort and convenience. Further underlining the prestigious specification, the Legend includes a leather interior and a state-of-the-art radio cassette player.**

## INTERIOR COMFORT

Meticulous attention to detail is the hallmark of the Legend. Nowhere is this more apparent than the exquisitely refined interior which highlights the Legend's superb craftsmanship. Fine burled walnut provides a finishing touch to both the centre console and the electric window control, while the soft, genuine leather seats have been created using time-honoured leather working techniques. The finest materials, the finest craftsmanship - providing a further degree of refinement to this most exclusive luxury car.

**Luxurious leather seats,  
electrically adjustable with  
built in memory for  
convenience, confirm the  
Legend's unrivalled pedigree.  
Refinement abounds in the  
spacious interior, with an  
electric tilt-and-slide sunroof  
that opens at the touch of a  
button, climate controlled air  
conditioning, electric windows  
and heated door mirrors.**

#### TECHNICAL

The Legend's high performance 3.2 litre, 24-valve, V6 power plant is longitudinally mounted at a 90 degree angle. The advantages of this design, with its more efficient weight distribution, are many,

including better overall handling, reduced noise and less vibration.

Coupled with a high precision electronically controlled automatic transmission for a

smooth and effortless transference of power to the road,

the Legend offers a fast, responsive performance, and is capable of delivering up to 201bhp at 5,500rpm.

**An exceptional car demands exceptional roadholding, comfort and safety. The Legend's four-wheel double wishbone suspension, developed during years of research, offers precise handling and enhanced ride comfort. And, in a sudden emergency, ABS anti-lock brakes assist steering stability and control, for greater safety.**

Naturally, a car capable of such a dynamic performance requires uncompromising safety measures.

The Legend does not disappoint. Its rigid structural design is complemented by special impact absorbing "crumple zones" in the front and rear. For further reassurance, the Legend is also equipped with pretensioner seat belts and a Supplemental Restraint System (SRS airbag) on both the driver and passenger side, to cushion forward movement and reduce the prospect of injury in an accident.

#### **SAFETY**

SPECIFICATIONS		SALOON	COUPE
<b>Engine</b>			
Type		SOHC 24v 90° V6 longitudinally mounted

Trade Descriptions Act (1968) Where efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution, and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specification details with their supplying dealer especially if your model selection is dependent upon one of the features advertised.

These specification details do not apply to any particular product which is supplied or offered for sale. The manufacturers reserve the right to vary their specifications, including colours with or without notice and of such times in such manner as they think fit. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult the Dealer with whom your order is placed for details of the specification of any particular product. This publication shall not constitute in any circumstances whatsoever an offer by the Company to any person. All sales are made by the Distributor or Dealer concerned subject to and with the benefit of the standard Conditions of Sale and Warranty given by the Distributor or Dealer, copies of which may be obtained from him on request. This publicity material applies to the UK only.
