Smart styling

The Honda Mobilio breaks the monotone of conventional design with its impressive side profile. From its strong design lines to its flared bumper and aerodynamic rear spoiler, the Mobilio exudes contemporary style and expresses a sleek sporty feeling.

Ultimate comfort meets impressive functionality

In addition to the generous space offered by the Mobilio, this 7-seater boasts comfortable and plush interiors with great functionality. Honda's experts have made sure that these superb features accommodate every need of the Mobilio's occupants.

Your car, your space

Convenience is a key feature of the Mobilio, with one touch second row tumble for easy entry and exit. At the front of the car, the dash board is curved for maximum passenger legroom and the concave door lining provides more room on the sides so you can store those personal belongings.

Honda's 'Man Maximum, Machine Minimum' philosophy comes to life with the spacious interior of the Mobilio. The seats are scooped at the back for more knee room, while the third row seats can be tumbled for flexi space, allowing you to store almost anything with ease.

- Rear wiper
- Central locking - remote

> Your peace of mind on the road

The Honda Mobilio was designed with the family in mind. For this reason, safety is a top priority in this 7-seater vehicle.

With an impressive safety system, the Mobilio is sure to make you feel secure on the road.

The Mobilio features driver and passenger SRS airbags that will inflate immediately when heavy impact occurs, and Honda's original G-Force Control Technology (G-Con) and Advanced Compatibility Engineering (ACE) are also featured in the Mobilio. They absorb and distribute the force in the cabin during collision.

In addition, the Mobilio has an anti-lock braking system (ABS) that prevents locking during sudden braking and Electronic Brake-Force Distribution (EBD), adding a more efficient braking system to the car.

Colour options

Choose a colour that suits your style and personality with Mobilio's wide range of colour options:

HONDA

The Power of Dreams

Indicated CO₂ and fuel consumption figures quoted are obtained when testing the vehicle in line with the compulsory requirements of SANS 20083 and therefore may not necessarily be achieved under day to day driving conditions.

Actual fuel consumption figures may be influenced by a range of factors, including but not limited to vehicle maintenance, driving style and behavior. Fuel consumption may be further affected by the environmental factors and conditions under which the vehicle is operated including altitude, road condition and traffic flow. The figures used in this guide should therefore be treated as indicative only.

Honda Motor Southern Africa (Pty) Ltd. reserves the right to change and modify equipment or specifications at any time without prior notice. The models illustrated in this brochure may show specifications for various markets and not specifically for Southern Africa. They may include optional equipment and accessories not fitted as standard. Subject to error. For precise information, please contact your Honda Dealership. © Honda Motor Southern Africa (Pty) Ltd.
