The Power of Dreams

THE ALL-NEW **ODYSSEY**

THE EXECUTIVE SUITE

HONDA

THE ALL-NEW
ODYSSEY

The Executive Suite

Experience unrivaled comfort. Bask in luxurious style. Designed with prestige and perfection the executive truly deserves, The All-New Honda Odyssey sets the bar in automobile sophistication.

**THE ALL-NEW
ODYSSEY**

Sophisticated Styling

Captivating lines and sleek curves
exude a commanding presence.
A fitting tribute to the privileged few.

LED HEADLIGHTS with LED DAYTIME RUNNING LIGHTS (DRL)

The LED headlights with dual projectors are brighter
and 50% more efficient than conventional headlights.
Optimum road visibility ensures a safer drive day and night.

17" ALLOY WHEELS

Elegant grooves accentuate the body,
giving the All-New Odyssey an
impressive stance.

SUNROOF

Open up to the skies with a push of
a button. The power tilt and slide sunroof
is equipped with an anti-pinch feature.

THE ALL-NEW
ODYSSEY

Exclusive Space

Luxuriate in a spacious cabin exclusively designed and fitted using top-notch materials with your comfort and style in mind.

CAPTAIN CRADLE SEATS with OTTOMAN

The All-New Odyssey features Captain Cradle Seats that are especially designed for the second row passengers. It features a cradle structure, bendable seatback and ottoman for ultimate comfort and relaxation.

Five-Star Features

The best of the best for the executives. Features that promise to pamper with every trip. An executive treat only from The All-New Odyssey.

LOW STEP-IN HEIGHT

The ultra-low platform and large power sliding door step lets you board or alight effortlessly.

REAR-SIDE SUNSHADES

Regulate the amount of sunlight that enters the cabin with side window shades for a cooler, cozier ride.

POWER SLIDING DOORS

Enjoy first class treatment as you enter and exit your All-New Odyssey, with doors that smoothly slide open.

REAR ENTERTAINMENT SYSTEM

Travel made more fun and enjoyable – right in your own cabin.

Top of the Line Technology

Experience a touch of elegance with the All-New Odyssey's top-quality interior surface and intelligent cockpit features. Its ergonomic design keeps you in command with enhanced displays and easy to reach controls.

TOUCH SCREEN AUDIO DISPLAY WITH NAVIGATION

Take control through the 7-inch touchscreen display audio with navigation in a few simple touches.

TRIPLE-ZONE AUTOMATIC AIRCON

Keep the cabin temperature perfect in all weather conditions for your utmost comfort.

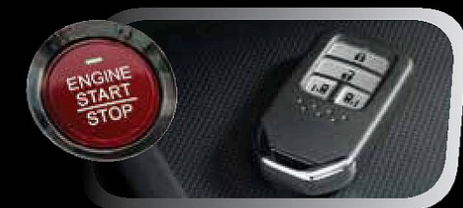

HDMI, USB and POWER PORTS

Multiple ports make connectivity and charging easier than ever.

8-WAY POWER DRIVER SEAT

Drive in your preferred sitting position with the 8-way adjustable power seat.

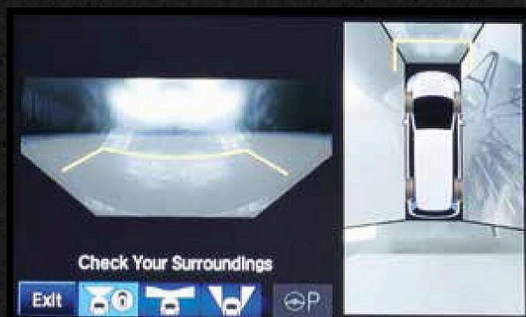

SMART ENTRY WITH PUSH START BUTTON

Lock and unlock your vehicle with utmost ease with the All-New Odyssey's Smart Entry System. Start or stop your engine with a push of a button.

THE ALL-NEW
ODYSSEY

VIP-Class Safety

With the Odyssey's added features, passengers are assured of a safe and secure ride.

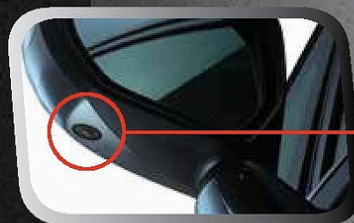

MULTI-VIEW CAMERA SYSTEM

Multi-view Camera System supports drivers by significantly improving visibility around the vehicle through images generated from multiple cameras.

FRONT CAMERA

Front camera helps you see objects directly in front of the car when parking or driving through an intersection with poor visibility.

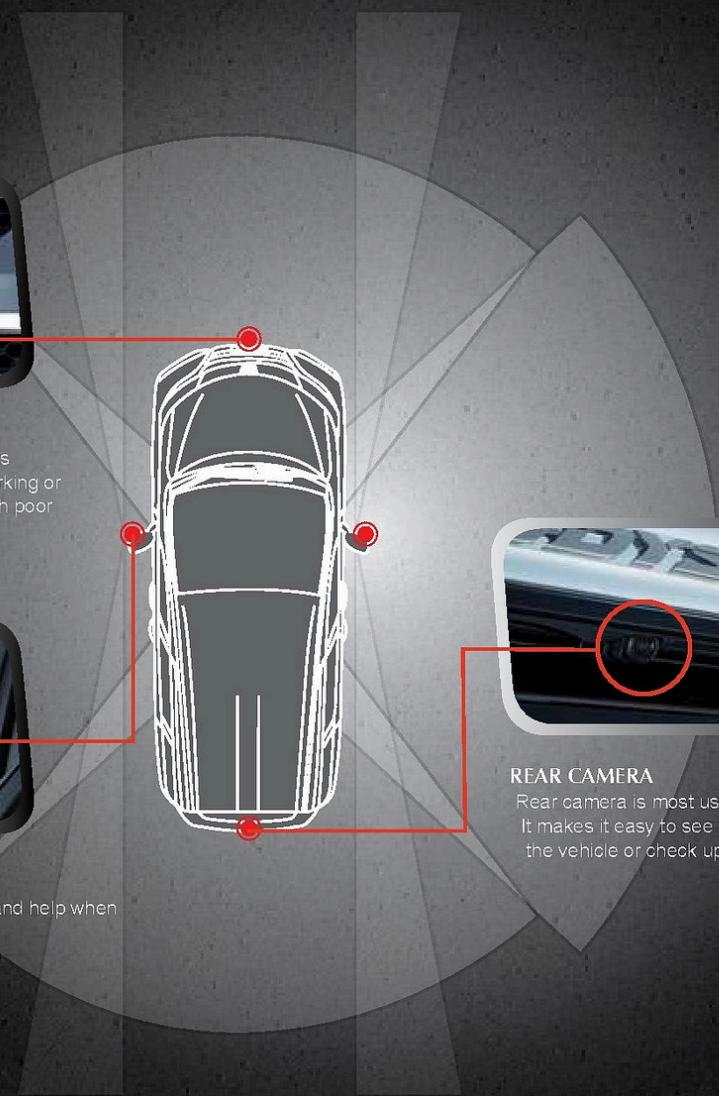

SIDE CAMERAS

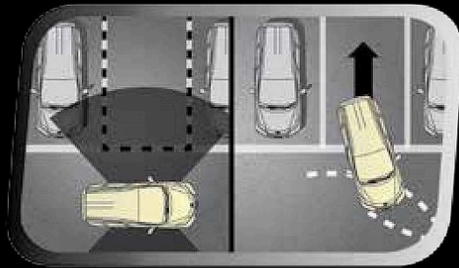

Side cameras reduce blind spots and help when driving through a narrow street.

REAR CAMERA

Rear camera is most useful when backing up. It makes it easy to see any obstacles behind the vehicle or check upcoming traffic.

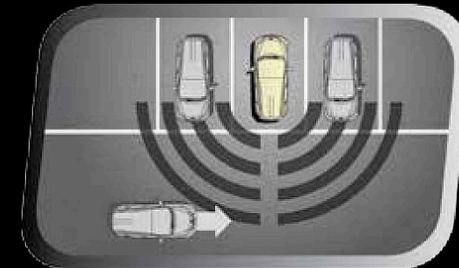

SMART PARKING ASSIST SYSTEM

The Smart Parking Assist System helps the driver to park with automatic steering input using the EPS motor; this is based on automatic detection of the parking space by analyzing the images framed by the Multi-view Camera System

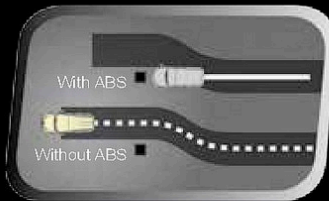

BLIND SPOT INFORMATION

Blind Spot Information notifies the driver of vehicles in the blind spot through an indicator on the door mirror.

CROSS TRAFFIC MONITOR

The Cross Traffic Monitor issues an alarm sound and warning on the display screen if a vehicle is approaching from the rear side while backing out of a parking space.

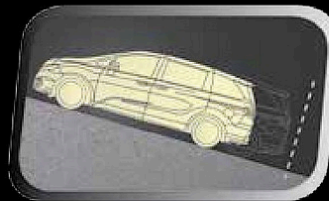

ANTI-LOCK BRAKING SYSTEM (ABS) WITH ELECTRONIC BRAKE FORCE DISTRIBUTION (EBD)

The ABS helps the driver retain steering control during hard braking, and the EBD system balances the front/rear forces during dynamic loading.

VEHICLE STABILITY ASSIST (VSA)

The VSA provides lateral skidding prevention and stabilized cornering.

HILL START ASSIST (HSA)

The HSA prevents the vehicle from rolling backwards when the brake is released on an incline.

EMERGENCY STOP SIGNAL (ESS)

The ESS automatically activates the hazard warning lights during hard braking to alert the drivers of trailing vehicles.

LED ACTIVE CORNERING LIGHTS

For safer driving and parking at night, the vehicle is equipped with active cornering lights that enhances side-illumination when the vehicle is turning and parking.

DUAL FRONT, SIDE AND SIDE CURTAIN AIRBAGS

Travel safe and sound with 6 airbags that provides all passengers optimal protection

THE ALL-NEW
ODYSSEY

Highly Functional Luggage Space

The All-New Odyssey lets you reconfigure your seats to keep up with your topflight lifestyle. Enjoy maximum luggage space when the 3rd row seats are stored under the floor, or relax with more legroom when the 2nd row seats are pushed back.

FOLD-FLAT THIRD
ROW SEATS

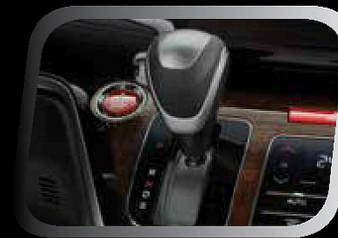

Optimized for Engine Power and Fuel Efficiency

The All-New Odyssey is equipped with technology and systems that allow lower fuel consumption without compromising on performance.

EARTH DREAMS TECHNOLOGY

Honda's new Earth Dreams 2.4-litre DOHC i-VTEC system is a breakthrough technology that works by improving thermal efficiency and minimising friction. With the new powerplant, it offers even better output, torque and fuel economy than ever.

CONTINUOUSLY VARIABLE TRANSMISSION (CVT)

Elevate your ride. CVT allows seamless shifting, gives rapid response, and delivers outstanding fuel economy.

PADDLE SHIFTERS

Feel the exhilaration as you control the 7-speed paddle shift. Achieve your desired performance at the tip of your fingers.

ECO ASSIST SYSTEM

Power does not have to be wasteful. The All-New Odyssey comes equipped with an Econ Mode that lets the driver manipulate throttle, transmission, and air-conditioning settings to improve fuel efficiency. Furthermore, Eco Coaching Lights change from green to white depending on whether the driver is being aggressive or efficient with the throttle pedal.

IDLE STOP SYSTEM

Idle Stop System automatically switches off the engine when the vehicle comes to a standstill, and restarts automatically when the brake is released - saving fuel and reducing emissions. For optimum passenger comfort, the All-New Odyssey features a cold-storage evaporator which maintains a comfortable temperature for occupants during auto idling-stop.
