

09 **Honda** Cars and Trucks

Honda is a firm believer in The Power of Dreams. But it takes more than a visionary to change the world. It takes an unwavering commitment to making it happen. To solve what at first seem to be impossible tasks. Like the dream of ensuring bluer skies for our children. The reality? Honda's new hydrogen fuel cell FCX Clarity, a vehicle that emits nothing but water vapor. For 60 years Honda has been examining big ideas and putting visions to the test. The results include breathtaking innovations on the ground, on the water, and with the revolutionary HondaJet™, above the clouds.

## Put an idea into motion and you give it power.

But if advancing personal mobility is our goal, fun is our passion. What would you expect from the world's largest motorcycle manufacturer? Safety is another. It's the reason we put our most advanced safety technology in nearly every vehicle we sell. Looking to the future, our minds are open and our spirit is ready. As Soichiro Honda once put it: "An idea is nothing if it isn't put into action."

Fit

Fit Sport shown in Crystal Black Pearl.

**Let's expand our expectations.** Let's make choices that will benefit all of us. Like a vehicle big enough to comfortably carry five and their gear, yet gets up to 35 mpg!<sup>1</sup> A super-spunky engine. Trigger-happy paddle shifters on Fit Sport.<sup>®</sup> An interior with the flexibility of a contortionist. And a host of standard safety features, including Honda's exclusive Advanced Compatibility Engineering™ body structure. Honda Fit. A city's greatest champion. [fit.honda.com](http://fit.honda.com)

## Accord Coupe

Accord EX-L V-6 Coupe shown in Belize Blue Pearl.

**An icon of simplicity and style.** More than just steel, aluminum, rubber and glass, the Honda Accord is a collection of ideas. Like the belief that being responsible and having fun are not mutually exclusive. Or that the proper hierarchy in automotive design is man first and machine second. Or that innovative engine technology can result in both power and efficiency. Ingeniously simple. Emphatically human. Environmentally conscious. Fantastically fun. The Accord is not just a car, it's a mission statement. [accord.honda.com](http://accord.honda.com)

## Ridgeline

Ridgeline RTS shown in Bali Blue Pearl.

**Backbone meets brain.** Usually, half-ton pickups boast of ruggedness at the expense of refinement. At Honda, our goal was to build a truck every bit as tough as it needed to be, but also send it into new territory. So in addition to Ridgeline's rigid construction and ability to tow up to 5,000 lbs,<sup>13</sup> it also scores big in delivering comfort, efficiency and bold innovation. Industry-first features like a dual-action tailgate in a pickup and lockable In-Bed Trunk<sup>®</sup>, as well as all of its fun-to-drive qualities, keep the Ridgeline in a class all its own.
