

 NEW THINKING.  
HYUNDAI | NEW POSSIBILITIES.

***CRETA***

# CRETA MAKES MORE POSSIBLE

CRETA really does make more possible. First, it gives you big car roominess and versatility but without the big car price. And second, it drives just like a sedan and feels just as comfortable thanks to its spacious, well-appointed interior. Its high seating position promotes a feeling of safety and security inspiring greater confidence. CRETA really does open up the door to all kinds of possibilities.

# CONFIDENT STYLE

Seating five in high style and in decent comfort, CRETA doesn't leave much to be desired. Whether in basic GL trim or the premium GLS, CRETA packs more standard features than the competition and proves that good things really do come in small packages.

A Style that Really Gets You Going

#### STATIC BENDING LIGHTS

Employing LEDs, these lights improve visibility and safety by following every turn of the wheel to illuminate dark spots not covered by the headlamps.

#### REAR COMBINATION LAMPS

Strikingly large and handsome tail lights feature a split-type design for maximum brilliance and durability. They also incorporate clear lenses for the back-up lights.

#### REAR GARNISH

Chrome garnish creates an upscale look and is exclusive to the GLS while in GL trim, the garnish matches the body color for an equally impressive presentation.

#### MIRRORS WITH LED REPEATERS

Visibility and safety are greatly enhanced by embedding LED side repeaters into the side mirrors.

#### ALLOY WHEELS

Good looking steel wheels are standard but for a more exclusive look, consider the 16- and 17-inch alloy wheel options. Their lighter weight enhances handling and fuel efficiency and they really raise your game.

# SMALL FOOTPRINT BIG FEATURES

It may have a small footprint but it is packed with plenty of big features: That's the beauty of CRETA. Driving around the city, it handles with nimbleness and agility to make parking in tight spots an absolute breeze. And you will find very few compromises in the spacious and surprisingly well-appointed cabin.

### SOUNDS GOOD

CRETA's two front and two rear speakers have been acoustically tuned to deliver rich, clear sound quality that is capable of satisfying the most discriminating audiophile. Performance can be upgraded with two front tweeters.

### SUPERVISION GAUGE CLUSTER

Pleasing and highly soothing to the eyes, this high-tech display borrows technology from our luxury sedans. Vital vehicle information is conveyed in vivid shades of blue, white and red and in exquisitely fine resolution.

### LEATHER STEERING WHEEL

Made with premium leather and extra-fine stitching, this steering wheel shows exquisite workmanship and feels absolutely luxurious. A leather-wrapped gear knob is included as part of this option package.

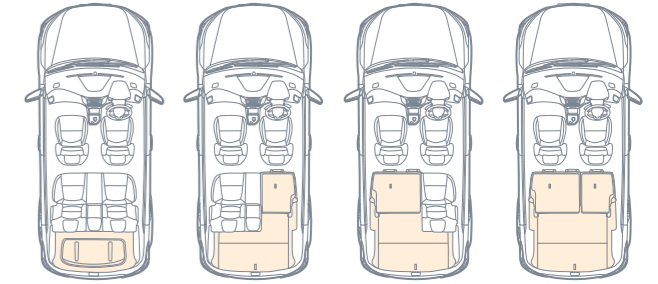

OPEN WIDE,  
WIDER

#### SEAT VARIATION

The rear space is highly flexible and can be configured to carry a variety of different combinations of cargo and passengers. CRETA's cargo compartment is cavernous: It offers up to 1,396 liters of space with seats folded flat. That's more than any other competitor.

# THE FREEDOM OF SPACE

CRETA sets you free to let you explore the great outdoors. Comfortably seating up to five adults, CRETA's spacious interior takes versatility to new heights with its split-rear seats which can be folded down to make room for extra cargo.

## 6 Airbag system

The latest depowered-type front airbags serve the driver and front seat passenger. Side airbags protect the thorax and pelvic areas of the driver and front seat passenger. Curtain airbags provide head protection across the side window areas.

# ARRIVE SAFELY

With its own captive steel manufacturing division, Hyundai knows steel like no other automaker. Applying that knowledge to CRETA has resulted in the safest possible body structure. The use of advanced high strength steel in CRETA's body structure has been increased to 20 percent—the highest ratio in the segment. The result is an incredibly rigid body that can safely absorb crash impact forces like no other.

### HILL-START ASSIST CONTROL

When stopped on a steep hill and releasing the brake to begin acceleration, HAC automatically takes over and eliminates the worry of accidentally rolling backwards. (Included with ESC)

### ANTI-LOCK BRAKE SYSTEM

In a panic braking situation, one or more wheels may lose traction which leads to a loss of directional control. ABS applies braking power over individual wheels to help the driver maintain full directional control of the vehicle.

### ELECTRONIC STABILITY CONTROL

Using inputs from multiple sensors including vehicle speed and performing thousands of calculations per second, ESC regulates engine output and adjusts braking power over individual wheels to prevent the loss of directional control.

## NEW THINKING. NEW POSSIBILITIES.

People's expectation toward individual mobility requires more than just a convenient means of transportation. The old understanding of cars has become outdated. A car represents individuals' lifestyles, and it became an integral part of their lives. At the same time, the automobile industry has experienced seismic change. Hyundai Motor Company has grown rapidly to become one of the largest automakers, backed by world class production capability and superior quality. We have now reached a point where we need a qualitative approach to bring bigger ideas and relevant solutions to our customers. This is an opportunity to move forward and we have developed a new brand slogan that encapsulates our willingness to take a big leap. Led by our new slogan and the new thinking underlying it, we will become a company that keeps challenging itself to unlock new possibilities for people and the planet.
