## Santa Fe steps out in style

Santa Fe represents three Hyundais in one. Such is the model's versatility that combines a reassuring off-road capability with the comfort and driveability of a large passenger car and the practicality of a people-carrier for up to seven people. Top quality goes without saying. Naturally, it has all the convenience and safety features one would expect of a Hyundai. The high seating positions provide above-it-all visibility for added safety and reassurance. Truly, this is a car for all reasons.
