

2014

HYUNDAI

SANTA FE

IT DRAWS A CROWD. BY STANDING OUT FROM IT.

Presenting the 2014 Hyundai Santa Fe.

Do the right things, and you'll draw attention. In a category crowded with choices, Hyundai Santa Fe is being recognized as one of the best SUVs on the road. A few of the accolades include *AUTOMOBILE Magazine*, which named it "Family Crossover for 2013".¹ Kelley Blue Book's *KBB.com* judged the 2013 Santa Fe Sport one of the "10 Best SUVs Under \$25,000",² while Autobyte called it 2013 Crossover/Wagon of the Year.³

But that's not all. The 2013 Santa Fe Sport also received the prestigious GOOD DESIGN™ Award, bestowed upon the world's most prominent designers and manufacturers for advancing new, visionary and innovative product concepts.⁴

For 2014, Santa Fe does even more things right. For added comfort, Santa Fe is now available with heated and ventilated front seats, as well as an Integrated Memory System for driver seat and side mirror settings. For added convenience and security, it's also available with a Blind Spot Detection System and Rear Parking Assistance System. Blue Link,® Hyundai's innovative telematics offered with three years of Assurance Connect Care, comes standard.⁵ To improve both form and function, HID headlights and LED taillights are also available.

So, which way to Santa Fe? There's GLS (7-passenger), Limited (6-passenger) or Sport (5-passenger). No matter which you choose, you'll enjoy a high level of driving sophistication, thanks to advanced technologies like available Active Cornering Control AWD and Driver Selectable Steering Modes.

SANTA FE SPORT

Recipient of the prestigious
2012 GOOD DESIGN™ Award
from The Chicago Athenaeum:
Museum of Architecture and Design.⁴

SANTA FE SPORT 2.0T TECHNOLOGY PACKAGE in Serrano Red
SANTA FE GLS PREMIUM PACKAGE in Circuit Silver

AUTOMOBILE Magazine "2013 Family Crossover Comparison", June 2013. For more information, visit kbb.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. Assurance Connected Care requires active Blue Link subscription. Assurance Connected Care includes 3 years of the Blue Link Assurance Package. Three-year term starts from the new-vehicle date of first use and is available for new-vehicle purchases and leases on or after May 16, 2013. Only use Blue Link and corresponding devices when safe to do so. Cellular and GPS coverage required. Blue Link available on most 2013 and 2014 Hyundai vehicles. Features and fees vary by subscription plan. For more on details and limitations, visit Hyundai.com or your authorized Hyundai dealer. Blue Link is a registered trademark of Hyundai Motor America. Hyundai is a registered trademark of Hyundai Motor Company. All rights reserved. ©2013 Hyundai Motor America. Blue Link service works using CDMA-based cellular networks in the 50 United States. Blue Link service is not available where there is no cellular coverage, particularly in enclosed or remote areas. Service availability may be affected by signal strength, foliage, weather, topographical conditions (mountains) and nearby structures (all buildings, tunnels) and other factors. For additional details and system limitations, visit HyundaiBlueLink.com.

“The Hyundai Santa Fe is the new benchmark for us.”
~ **AUTOMOBILE Magazine, June 2013**

¹Class-leading comparison based on CUV competitive set defined by Hyundai Motor America, which includes Chevrolet Equinox, Dodge Journey, Ford Edge and Toyota Venza. ²Figures reflect front-wheel drive transmission. EPA estimates for comparison only. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition. ³Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). Top Safety Pick based on Insurance Institute for Highway Safety 40 mph moderate overlap frontal crash test, 31 mph side-impact test, 20 mph rear-impact test and roof strength testing. Test performed by the Insurance Institute for Highway Safety. For details, visit www.iihs.org.

SMARTER SEATING Santa Fe Sport and GLS adapt easily to cargo or kids. Just flip the 40/20/40 split-fold second row seats down to create whatever configuration works best. An available sliding function adds even more versatility when you need to make room for an additional passenger or skis and snowboards.

SMARTER STEERING Santa Fe Sport is the first CUV to feature Driver Selectable Steering Modes, which allow you to choose your preferred mode of power steering – Comfort, Normal or Sport – using a button on the steering wheel for a more customized feel behind the wheel.

SANTA FE SPORT 2.0T TECHNOLOGY PACKAGE in Serrano Red

2014 SANTA FE SPORT

PUTS 'SPORTY' BACK INTO THE SUV VOCABULARY

The theory behind so-called crossover vehicles is to cross the functionality of an SUV with the feel of a sports sedan. But in practice, many crossovers tend to add lots of extra weight – losing their agile handling, brisk acceleration and responsive braking in the process.

Not Santa Fe Sport. It's a spacious, versatile 5-passenger crossover whose 71.5 cubic feet of cargo volume is not overburdened by bulk. You get the passenger room and cargo capacity you need, along with the athletic handling and outstanding acceleration you want.

Santa Fe Sport delivers something else that's in demand: One of the most powerful 4-cylinder engines in its class.¹ A Gasoline Direct Injection 2.4L engine delivers 190 horsepower and an EPA-estimated 27 MPG highway.² Want even more? The Santa Fe Sport 2.0T features twin-scroll turbocharging. It cranks out 264 horsepower, a figure normally found only in a V6. Yet it sips fuel, achieving an impressive EPA-estimated 27 MPG highway rating.²

2013 IIHS TOP SAFETY PICK

5-Star Safety Ratings

TOP SAFETY RATINGS Technologies like Vehicle Stability Management, Hillstart Assist and Downhill Brake Control helped Santa Fe Sport achieve the highest safety scores from both major rating agencies in 2013 – a 5-Star Overall Safety rating from NHTSA, and a Top Safety Pick from the Insurance Institute for Highway Safety.³

¹Refer to the Owner's Manual for proper towing use.

ACTIVE CORNERING CONTROL AWD

Choose your 2014 Santa Fe with available All Wheel Drive, and you will be putting next-generation innovation to work. Active Cornering Control improves lateral stability in turns and removes unintended over- and under-steer for maximum traction and control in dry, wet or snowy driving conditions.

ENJOY THE CLIMATE An available panoramic sunroof stretches over the second row of seats, sliding open at the press of a button to reveal a huge swath of sunny or starry sky overhead. Automatic temperature control with a CleanAir ionizer and auto-defogging lets you set the desired cabin temperature, and it takes care of the rest.

SANTA FE LIMITED TECHNOLOGY PACKAGE in Circuit Silver

PLENTY OF PULL Santa Fe V6 models come standard with a trailer prep package and a towing capacity of 5,000 pounds. So if your idea of adventure involves towing some of your toys along for the ride, no worries – Santa Fe's 290 horsepower, 3.3L Gasoline Direct Injection V6 engine won't break a sweat getting you to playgrounds near and far.¹

2014 SANTA FE

THE THREE-ROW SANTA FE: THE LUXURY OF CAPACITY.

What makes driving a Hyundai Santa Fe so rewarding? Sit anywhere, and you'll notice how our designers created room in all the right places.

Santa Fe adds space for a third row of seating with surprisingly generous legroom. Getting to the third row is easy, thanks to a second row that folds and slides forward. For those who think second-row passengers should take a back seat to no one, Santa Fe Limited adds leather-clad captain's chairs in place of the GLS model's bench seating.

Santa Fe surrounds everyone with available features that remind you utility doesn't have to feel utilitarian. Ventilated front seats, heated rear seats or rear side-window sunshades, anyone? How about a heated steering wheel wrapped in leather, or the liberating effect of an available panoramic sunroof? And how nice would it be to choose the amount of power assistance you want from the steering? Like a more engaging steering response? Select Sport mode. Prefer a softer edge? Set it to Comfort mode. Now doesn't that feel nice?

¹All SiriusXM Services require a subscription sold separately after a trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. Other fees and taxes will apply. All fees and programming are subject to change. Sirius satellite service is available only to those at least 18 years of age in the 48 contiguous USA states, DC, and Puerto Rico (with coverage limitations). SiriusXM Internet Radio service is available throughout our satellite service area and in AK and HI. ©2013 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. ²The Bluetooth® wordmark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Hyundai is under license. Not available on all models.

REARVIEW CAMERA Santa Fe's available 8-inch navigation and 4.3-inch touchscreen audio systems feature a rearview camera that displays views from behind the vehicle on a central in-dash screen. Guidelines on the screen help direct you through tricky turning maneuvers or into tight parking spaces when backing up your Santa Fe.

BLUE LINK Our innovative telematics let you search for points of interest using voice commands and easily download them to the navigation system for turn-by-turn directions. If your Hyundai is stolen, Blue Link can immobilize it. Teenager borrowing the car? Geo-Fence, Speed and Curfew Alert features let you rest easy. A mobile app lets you lock, unlock and start your Hyundai remotely.⁵ For a full list of features, visit HyundaiBlueLink.com.

SANTA FE LIMITED TECHNOLOGY PACKAGE in Gray Leather

VISIONARY TECH For added help seeing what's around you, Santa Fe now offers two advanced technologies. A Rear Parking Assistance System helps you back into parking spaces, while Blind Spot Detection flashes an alert in the driver's side mirror whenever a vehicle enters the blind zones alongside your Santa Fe.

SANTA FE TECHNOLOGY

IT'S TIME YOU HAD A TALK. WITH YOUR CAR.

It's 2014. Voice recognition technology now makes it easier to drive without distraction. Santa Fe's available 8-inch touchscreen navigation system responds to voice commands that include street addresses and city names all spoken in one sentence. The large color screen displays not only your route and next three maneuvers, but the posted speed limits as well. NavTraffic® is also onboard, offering updates on traffic conditions, accidents, construction and road closings.¹

Santa Fe also comes standard with Bluetooth,[®] so simple voice commands let you make calls from your compatible cell phone. You can also stream music from your smartphone and download your phonebook.²

But enough talk – it's time you listened. Santa Fe's audio choices include an available 4.3-inch color touchscreen system, a Dimension[®] 10-speaker system, and a 550-Watt Infinity[®] premium audio system with Logic 7[®] surround sound and 12 speakers.³ Tune into the high-fidelity sounds of HD Radio[™] and diverse channel choices of available SiriusXM[®] Satellite Radio, or enjoy your own playlist by plugging your iPod[®] or compatible MP3 player into the standard USB port.⁴

2014 SANTA FE LINEUP

GLS

KEY STANDARD EQUIPMENT:

- 290-HP 3.3L Gasoline Direct Injection DOHC V6 engine with Dual Continuously Variable Valve Timing
- 6-speed SHIFTRONIC[®] automatic transmission
