ICOTY
INDIAN CAR OF THE YEAR 2008

THE NEXT GEN i10

A world of perfection awaits you – the world of the Next Gen i10. From the cutting – edge technology behind the engine to the fluid form of its sleek design and stylish interiors, the i10 is clearly more than just a car. It's a testament to perfection. The aggressive, modern and sleek exteriors, 2-tone beige and brown interiors with blue illumination and chrome accents at multiple locations give the Next Gen i10 a premium feel and make it a car like no other.

Folding Key with Keyless Entry

A careful design ethos can be found even in the ignition key console which has a convenient folding bayonet, a first-in-class feature that adds oomph to the Next Gen i10. Remote locking/unlocking facility provides protection against any unauthorized entry.

Full Wheel Cover

The Next Gen i10 is simply irresistible and speaks volumes about class and innovation from every angle. From the 2 DIN Audio, the AUX & USB ports to the tilt steering and full wheel cover, everything is designed to make the drive more convenient and comfortable.

INNOVATION IN STYLE AND TECHNOLOGY

The soothing and elegant blue interior illumination makes the instruments easy to read without straining the eyes. The stunning design makes the cluster look really interesting.

1.1 litre iRDE2 Engine

To ensure an irresistible combination of power and mileage, the 1.1 iRDE2 (Intelligent Responsive Drive Engine) has been technically enhanced and upgraded to deliver a peak power of 69 ps.

eco

Hyundai offers eco-efficient LPG technology with 1.1 Sportz LPG variant.

i10 eco-technology promises both performance and low running costs with easy petrol to LPG shift. Separate fuel tanks for LPG and petrol ensure high fuel efficiency in both cases, thus reinforcing Hyundai's commitment to the people and the planet.

LPG Benefits:

- Lower running cost than petrol
- 2-year unlimited warranty gives peace of mind
- Dual fuel advantage of petrol and LPG
- Longer drive range with an additional 34 litre LPG tank
- Company fitted kit ensures quality
- Specially designed tank to not compromise the boot space

Auto LPG

LPG is a clean burning, high octane, eco-friendly fuel. It has lower emission levels & reduces engine wear and tear.

- Environment friendly
- Enhanced engine life

LPG fuel gauge

The Toroidal LPG Tank

The company fitted Toroidal LPG tank is specially designed and is smartly located so that it does not use up much of the useful boot space.

Tank capacity (water filling)/34 litres

AMS (Alternator Mangament System)

AMS is yet another innovative technology from Hyundai, which controls delivery of power to the battery. While decelerating, the power supply to the battery is normal and during acceleration it limits the same.

- Extended battery life
- Improved mileage

Gear Shift Indicator

The first-in-class manual transmission shift indicator helps to decide optimum gear usage.

- Improved mileage
- Enhanced driving performance
