

The new
Hyundai i20 Active

HYUNDAI | NEW THINKING.
NEW POSSIBILITIES.

Room for life. Designed for action. The new i20 Active.

Life is an adventure. And life is as big as you make it. The new i20 Active is a life-expanding compact crossover that doesn't hide its character. Its ruggedly handsome appearance is created by an increased ride height and robust design highlights, including the sporty hexagonal grille, silver front and rear skid plates, prominent fog lamps and stylish new 17" alloy wheels. The i20 Active opens up a new world of possibilities. So what are you waiting for?

Raising the game.

With its strikingly confident crossover styling the i20 Active immediately attracts attention. Yet its appeal goes way beyond its design, because it delivers all the performance that its bold looks promise, thanks to the availability of an all-new turbocharged 1.0-litre T-GDi petrol engine. This extremely light and compact power plant is capable of extracting more lively performance from every drop of fuel.

Concentrated turbo power. The 1.0 T-GDi 100 PS engine is tuned for optimal fuel economy, while the 120 PS unit is engineered to deliver even more spirited performance for the enthusiastic driver.

Bespoke alloy wheels. The specially designed 17" alloy wheels add an extra touch of rugged dynamism. Only available on the i20 Active.

Dynamic headlamps. The efficient bi-function projector headlamps incorporate stylish LED positioning lamps and LED daytime running lights.

Front and rear skid-plates. The robust character of the i20 Active is confirmed by the prominent skid-plates integrated into the front and rear bumpers.

Fit for an active life.

The bold character of the i20 Active is complemented by an ergonomically designed cabin featuring soft-touch materials and high-quality fabrics or leather. Metal pedals add a sporty accent, and the raised ride-height is augmented by a higher driving position for even better visibility. And you can personalize the cabin with a unique option that includes Tangerine Orange highlights.

Ready for action.

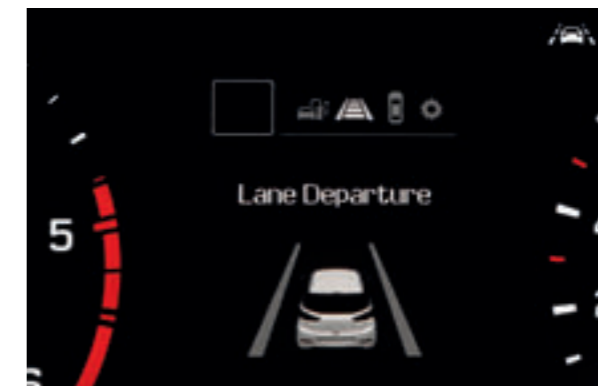

The fun you'll have driving is boosted by the navigation system that offers a world of information via TomTom® LIVE Services. And the advanced audio system includes phone connectivity and integrated 1 GB music storage. So you'll always be entertained, informed and in touch. Other high-end features such as heated front seats will keep you warm during colder months while the rear-view camera helps to take the stress out of reverse parking.

TomTom® LIVE Services. A free 7-year subscription to TomTom® LIVE Services provides precise information about traffic, speed cameras*, weather and local facilities, all displayed on the 7" colour TFT LCD touch-screen. Connectivity is assured by Bluetooth®, USB and AUX ports.

Heated steering wheel and front seats. Nothing is more welcoming on a cold winter morning than the welcoming warmth of a steering wheel and seats that are heated.

Lane departure warning system. Instant visual and audible warning of unintentional departure from the lane you're driving in.

Rear view camera. For easier reversing into confined spaces. Image displayed on navigation screen or interior rear-view mirror.

Room for adventure.

The i20 Active is the perfect crossover for anyone who's keen to get more out of life. It has a well-finished cabin offering class-leading roominess, and can be reconfigured to carry whatever life throws in by folding down the rear seats. Or you can enjoy comfortable accommodation for up to five. And whether your expedition involves trekking through the urban jungle or cruising the open road, features such as large front fog lamps and Hill Start Assist will ease the way to your destination.

Roof rails. Stylish roof rails make it easy to transport whatever makes your world go round. Perfect for carrying sports gear like your surfboard, mountain bike or kayak.

Variable carrying capacity. The versatile load space accommodates a generous 326 litres of luggage beneath the retractable load-cover. Folding the rear seats flat provides a total of 1042 litres (VDA norm).

Front fog lamps. Prominent fog lamps emphasize the heroic character of the i20 Active and illuminate the way to your next adventure.

Hill Start Assist Control. Prevents unintentional rollback when starting on challenging gradients. (Image shows i20 5-door)

So much choice. You decide.

We're all different, and we all have our own preferences and priorities. The i20 Active is available in a range of exterior colours that enhance its adventurous spirit. There are four interior colour packages and a unique option that includes Tangerine Orange highlights. You can also add further personal touches with your choice of optional equipment and accessories. Your local Hyundai dealer will help and advise you with your selection.

New Thinking. New Possibilities.

We, at Hyundai, are inspired by the passion to create cars that exceed your expectations. Dedicated to the way things should be, not the way they are. Looking for answers before the questions have been asked. We never stop searching for better solutions that help you get more out of life. It's just the way we are.

What does this mean for you? It means that the Hyundai you drive has been engineered to surprise you with its built-in quality. To compliment you with its striking design. To care for you, your family and passengers with its embracing strength. To minimize its impact on the environment. And to satisfy you with intuitive packaging that leaves nothing to be desired.

All of this being the product of new thinking that opens up a world of new possibilities.
