

THE ALL NEW HYUNDAI *ix20*

A wide-angle landscape photograph capturing a sunset over a valley. In the foreground, a paved road with a white line curves from the bottom left towards the center. To the right of the road is a low stone wall. The middle ground shows a valley with a city or town, its lights beginning to glow as the sun sets. The background features rolling hills and mountains under a sky filled with scattered, golden-lit clouds. The sun is a bright, glowing orb on the horizon, casting a long, shimmering reflection on a body of water in the distance. The overall color palette is dominated by warm oranges, yellows, and deep blues.

WHO SAYS YOU HAVE TO WORK TILL 6? OR FINISH AT 65?
IS SUCCESS BORN AT UNIVERSITY, OR IN THE GARAGE?
ARE DADS BETTER MUMS? WHO SAYS A FAMILY CAR
CAN'T BE DYNAMIC? CAN TECHNOLOGY BE INTUITIVE,
OR POWER BE GENTLE? TODAY, THE OLD RULES NO
LONGER COUNT, CATEGORIES ARE BLURRED.

SO WHY SPEND LIFE IN A BOX?

THE ALL NEW HYUNDAI *ix20*

To ensure you enjoy each and every mile for years to come, every Hyundai ix20 comes with the 5 YEAR TRIPLE CARE service as standard. This warranty is designed to give you peace of mind for 5 years with unlimited

mileage. We even provide roadside assistance within the warranty period and perform a check on key elements of your car, in addition to your main annual service. You'll see, some things in life do come with a guarantee.

READY FOR A NEW ANGLE
ON LIFE?

CAN TECHNOLOGY
BE INTUITIVE?

WHO SAYS OUTDOORS
CAN'T BE INDOORS?

With the new Hyundai ix20, you really can have it all. This stunning multi-purpose vehicle (MPV) is an expert at creating a special atmosphere. Its optional panoramic sunroof offers the next best thing to driving with the roof down: the cabin is flooded with light, adding to the spacious feeling inside. Plus, your passengers can always admire the view above. To take in the air, the front section of the sunroof tilts and slides at the touch of a button. It's clever ideas like these that turn every journey into a spectacle.

Fixed dimensions. Endless room to enjoy.

Compact on the outside, yet spacious on the inside. It's not rocket science – just another smart solution for those who always expect a little more. Thanks to the unique Hyundai ix20 spaciousness, you'll enjoy an airy cabin with plenty of room for a comfortable ride. Quality materials throughout add to the overall feeling of well-being.

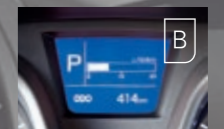

Seats

The ix20 offers comfortable fabric upholstery, a combination of leather and fabric, or pure sumptuous leather with double stitching in contrasting colour. Whatever style you prefer, all seats provide the right balance between support and comfort for any length of journey.

Classic and Comfort grades

Choose between Classic and Comfort equipment grades with Black mono-tone or Beige two-tone interior colours. The seats are available in Black or Beige fabric or with a Brown fabric/leather combination as an option. The Comfort grade is also available with Black or Beige leather. You'll see, there's a style to suit everyone.

Being in charge has never been so relaxing.

Welcome to the driver's world. A place designed around you, where intuitive technology is always at your fingertips. We've taken great care to create an ergonomically designed cockpit that puts you firmly in charge of enjoying the ride.

A. Instrument panel

You'll notice the blue illumination of the cylinder-style instrument dials – they both look sporty and reduce eye strain. You can choose between Conventional Cluster or Supervision Cluster* with two LCD screens.

B. Trip computer*

The adjacent trip computer displays vital data about your journey as text or icons: average speed, time driven, distance to empty, distance of trip A & trip B as well as instant and average fuel consumption. These are some of the many functions accessible via the handy steering remote controls.

C. Steering remote control*

Keep your hands on the wheel and your eyes on the road. Simply adjust the audio system volume, make or receive calls, access the trip computer or set the Cruise Control via the steering wheel buttons.

*optional

All the comforts of home on the road.

Gone are the days when a car simply took you from A to B. In the Hyundai ix20, you can expect to be entertained all the way. The centre console provides the key to this unique experience. It houses smart technology for those who want to get more out of their journey – without missing out on home comforts. Play your favourite music, find the quickest route to your destination, or choose the perfect temperature on board – with the ix20's intuitive technology, it couldn't be any simpler.

A. Navigation system

To make sure you get to your destination swiftly and comfortably, the ix20 can be fitted with a 6.5" full map touch-screen navigation system. Specify the address with the intelligent typewriter and find routes across Europe. The optional integrated back

warning camera helps you fit your car into tight parking spaces. The optional navigation system is always combined with the back warning camera.

B. Audio system

Play your favourite music courtesy of the sophisticated Hyundai audio system. It features a radio, CD player as well as USB and AUX outlets for your MP3 player. And with the optional iPod cable, you've got access to your entire music collection for any length of your journey. All this, in perfect sound quality thanks to six high-quality speakers placed throughout the cabin.

C. Bluetooth

Should you need to get in touch with friends or family en route, optional hands-free Bluetooth lets you make phone calls without taking your eyes off the road. That's another piece of safe and clever technology on board the ix20.

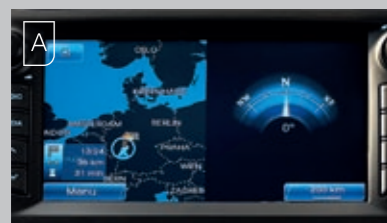

D. Air conditioning

To keep everyone on board cool, you can choose between manual air conditioning and full-automatic air conditioning, which adjusts to maintain your set temperature.

MEET YOUR CO-PILOT, DJ AND PERSONAL ASSISTANT.

The striking centre console, which reflects the hexagonal design of the front grille, combines everything for the right sound, the quickest route and the best atmosphere.

Parking to fall in love with.

Now nothing can spoil your journey once you've arrived. The Hyundai ix20 ensures you master any parking challenge with top marks. Nobody needs to know you're calling upon smart technology: the Rear Parking Assist System uses four back sensors and acoustic warning sounds to guide you as you reverse. Or choose the back warning camera for further convenience. A camera situated next to the rear number plate illumination transmits images to the display in the rear-view mirror or, in conjunction with the navigation system, to the large TFT screen, showing you how much room you've got left.

Smart key with button start

There's plenty more to make your life easier: for example, the smart key with button start. It puts an end to searching for the car keys in your pocket or handbag. Carry your smart key with you, and the system sends

a signal to your ix20 as you approach. All you need to do is touch a button on the door handle to unlock the car. To start the engine, simply press the START/STOP button.

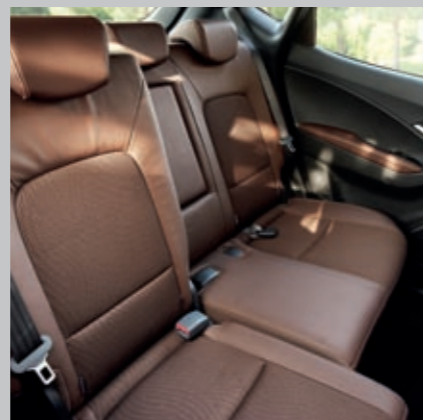

Because sometimes one car just isn't enough.

Whatever you want the Hyundai ix20 to be, it delivers: comfortable tourer or spacious shopping carrier, holiday companion or sports adventurer. This Hyundai truly deserves the name "multi-purpose" vehicle.

The flexible seats provide the key to its versatility, with rear seats that fold and dive, recline and even slide backwards and forwards to create a world of options.

Fill the 440 litre luggage compartment, or increase the volume by turning the ix20 into a 2, 3 or 4-seater thanks to the 60:40 split rear seats. No wonder

the ix20 seems like many cars all rolled into one.

You can maximise your storage area with the two-step standard flexible floor. Simply adjust its height to carry more items above or below the luggage floor. There's also a luggage undertray* which keeps your belongings safely stored beneath the flat luggage surface. To secure your load, a luggage net* and hooks are also available.

*optional

Continental Silver, Ice Blue, Sienna Orange, Blueberry ... It doesn't matter what colour Hyundai ix20 you prefer, each and every model is green. Our vehicles are responsibly manufactured and designed to be as kind to the climate as possible. As a result, the new ix20 features among the most fuel efficient engines in its class. For example, our 1.4 litre low-power diesel engine emits only 114 g/km of CO₂ emissions with Idle Stop and Go (ISG).

Fuel Efficiency Pack

If you opt for the Fuel Efficiency Pack, you can reduce emissions even further whilst boosting efficiency. The pack contains smart solutions like Idle Stop and Go (ISG), Alternator Management System (AMS) and low-rolling resistance tyres.

Alternator Management System (AMS)

AMS constantly monitors the state of the battery. It automatically disengages the alternator during periods of low electrical loads and a full battery charge. As a result, the load on the engine is reduced and fuel consumption lowered.

Idle Stop and Go (ISG)*

ISG simply switches off the engine when the car is in neutral and the foot off the clutch. As soon as you engage the pedal, the engine restarts automatically, allowing you to resume your journey seamlessly. A simple idea which helps save fuel substantially. All models fitted with the Fuel Efficiency Pack carry the Blue Drive logo. (Not available for A/T 1.6 litre petrol engine.)

*optional

WHY AREN'T ALL COLOURS GREEN?

CAN POWER BE GENTLE?

Dynamic and efficient. Don't expect anything less.

True to form, the new Hyundai ix20 doesn't compromise when it comes to driving pleasure. Our engineering expertise brings you a choice of advanced powertrains combining poise with class-leading efficiency. Choose between the 1.4 litre (90 PS) and the 1.6 litre (125 PS) petrol engine. Or opt for the 1.4 litre diesel engine with a choice of 77 PS or 90 PS. All diesel engines feature the latest Common Rail Diesel technology. On petrol models, Continuous Variable Valve Timing (CVVT) technology and electronic fuel injection boost output.

Transmission

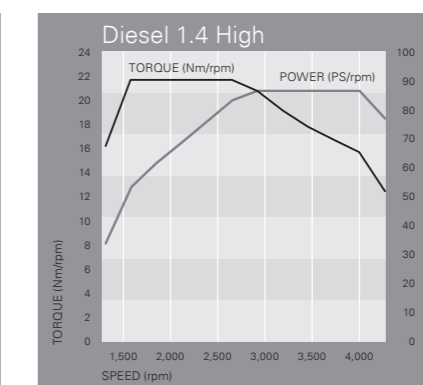

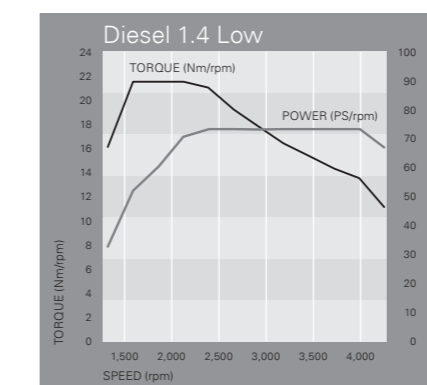

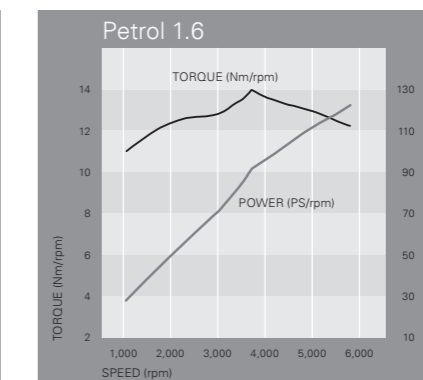

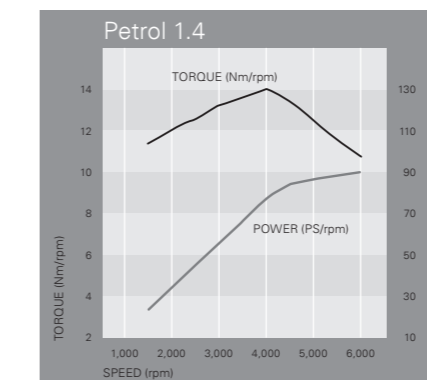

You'll get the best out of the 1.4 litre petrol engine with the 5-speed manual transmission (B), all other models feature 6-speed transmission. The 1.6 litre petrol engine can be fitted with a smooth 4-speed automatic transmission (A) for an even more comfortable driving experience.

Shift Indicator

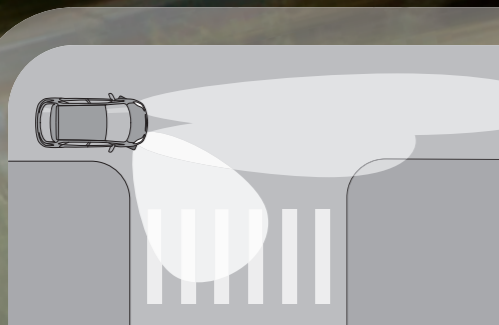

All manual models are fitted with a Shift Indicator which shows you the best time to change gear. That's another clever solution to help you save fuel.

Suspension and steering

The precise Motor Driven Power Steering (MDPS) and a torsion rear axle suspension ensure great handling and comfort.

CAN DARKNESS BE BRIGHT?

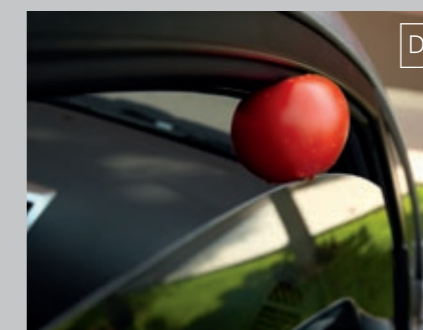

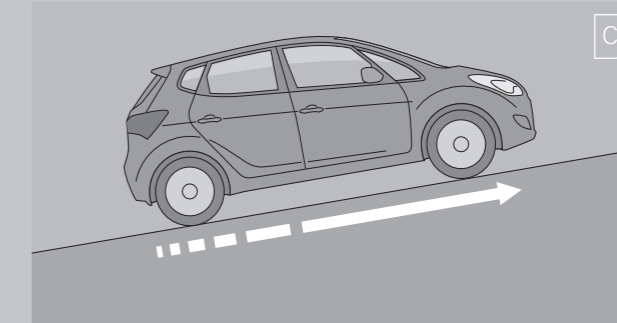

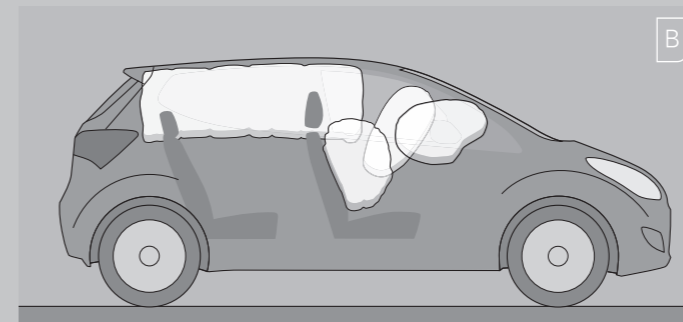

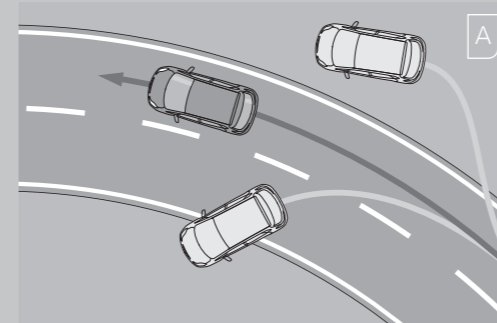

You never know what's around the corner, but with the new Hyundai ix20 you are always well prepared. That's because the beautiful headlights house the latest in safety technology. The optional projection headlamps with static bending can be fitted to shed more light in dark corners. The extra light is activated when you're driving at a minimum speed of 3 km/h, the headlamps are switched on, and as soon as you turn the steering wheel at an angle of at least 30°.

As safe as houses,
wherever you are.

Your home is where you feel most protected. So wouldn't it be great to enjoy the same sense of security when you're out and about? For complete peace of mind, the new Hyundai ix20 features a highly robust reinforced passenger safety

cell and advanced airbags. All the while, sophisticated active safety features help avoid dangerous situations in the first place. These comprehensive measures are further proof that your safety and well-being is at the heart of everything we do.

A. Electronic Stability Control (ESC)

ESC helps control your vehicle when necessary. The system applies braking power automatically to individual wheels to counter oversteer or understeer. Engine power is also adjusted until control is regained. ESC is combined with HAC.

B. Airbags

Surrounded by the best: to reduce injury in a collision, the ix20 has two front airbags which deploy at reduced force, as well as two side airbags and two curtain airbags in the first and second seat rows.

C. Hill Start Assist Control (HAC)

HAC is a handy feature for starts on steep hills. The system allows you to get ahead without rolling backward. HAC is combined with ESC.

D. Safety power windows*

The convenient power windows feature a clever safety function. If they sense an obstacle, the windows automatically stop when closing.

E. Active headrests

During a rear-end collision, the front active headrests move forward and up to minimise head and neck injuries.

Anti-lock Braking System (ABS)

To help you stay in control during emergency braking, ABS prevents the wheels from locking.

*optional

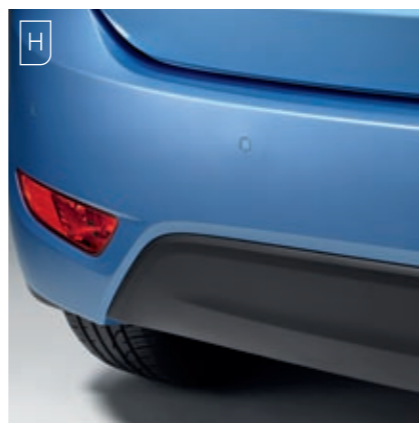

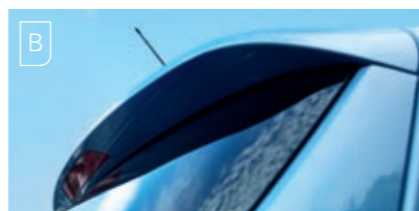

IS THERE SOMETHING
FOR EVERYONE?

Life is full of opportunities. So why not choose a car that helps you make the most of them? The Hyundai ix20 is bursting with ideas to suit everyone's needs. Just take a look at our extensive equipment range.

Stylish, dynamic, flexible, practical, beautiful, safe, entertaining ... Whatever attribute you're looking for, the Hyundai ix20 delivers with a comprehensive range of standard and optional equipment.

- A. The optional projection headlamp with static bending light.
- B. For a dynamic look: the standard rear spoiler with High Mount Stop Lamp.
- C. Front fog lights with daytime running light are fitted as an option.
- D. Choose the outside mirror in body colour (optional on Classic). Additional option on Classic and Comfort: electric, heated, folding, and with side repeater.
- E. Matching design: the door handle in chrome (optional).
- F. The striking front face with the standard bar-type grille.
- G. The striking rear light with standard fog light.
- H. Rear Parking Assist System (optional).

For a special dynamic stance: the 205/50 17" alloy wheel and the 205/55 16" alloy wheel (both optional).

- A. For a safe drive: the optional rain sensor.
- B. Heated front seats are fitted as an option.
- C. Add a little luxury with the optional leather steering wheel.
- D. The door armrest with power windows (front and rear) and control buttons for outside mirrors (electric and folding function) as an option.
- E. Keeps your drinks cool: the glove box with optional cooling function (combined with optional manual air conditioning or full-automatic air conditioning).

Facts and figures to get everyone excited.

Specifications shown in this brochure are based on the latest available information at the time of printing. The colours and finishes reproduced in this brochure are subject to the limitations of the printing process and may vary from the actual colour and paint finish. In line with our policy of continual product improvement, Hyundai Motor Europe reserves the right to make changes at any time, without notice, to prices, colours, material, design, shape, specifications and models, and to discontinue items. For the latest details, please consult your Hyundai dealer.

THE FUTURE IS CERTAIN.

There is one thing the new Hyundai ix20 has no room for: worries. Instead, we give drivers complete peace of mind with a warranty service that you can trust. Our 5 YEAR TRIPLE CARE service reflects our commitment to giving you the best quality and customer care. As a result, you can focus on enjoying the drive for years to come.

5-years unlimited warranty

A 5-years unlimited mileage* warranty is the first component of the 5 YEAR TRIPLE CARE service. It provides a 5-years bumper-to-bumper warranty, including powertrain, as well as a 12-years anti-perforation warranty. It covers 26 European countries (excluding Russia, Croatia and the Ukraine).

5-years roadside assistance

5-years roadside assistance coincides with the 5-years warranty period. It offers Hyundai ix20 owners free call centre calls in case of breakdown on the road and towing to the nearest Hyundai dealer, for both domestic use and abroad.

5-years vehicle health check

For 5 years, besides your main annual service maintenance, your Hyundai dealer will perform a check on key elements of car care, including engine, transmission, steering, suspension and brake systems. If you prefer, you can replace the 5-years vehicle health check with any other service programmes.

You see, Hyundai gives you the reassurance and the peace of mind to enjoy your ix20 to the fullest.

*Vehicles used for taxi or rental car purposes are covered by a 3-years, 100,000 km warranty.
