

Q50

 INFINITI

# POWER. INTELLECT. INTENSITY.

---

*Your Infiniti Q50 reflects the way the world sees you. Its increased performance, technological advances and stirring design will spark a reaction wherever you go.*

# ELEVATING YOUR POWER AND POTENTIAL

**SIGN OF PERFORMANCE** We believe performance should deliver more than a heightened driving experience; it should also unleash something inside you. Combining more intense power, handling and design, every Infiniti Sport Model, displaying the "S" Badge, will ignite your true "Sport" driver.

**SPORT – "RED"** The Q50S embodies the most powerful engine in the line-up: the new 3.0t twin-turbo 405 PS engine.

**SPORT – "BLUE"** The Q50S is designated for the Infiniti Direct Response Hybrid engine, an enhanced hybrid that delivers inspiring performance with efficiency at its core.

**SPORT – "SILVER"** The Q50S Sport not only delivers an enhanced styling package and tuned setup, it also features two powerful yet fuel-efficient engines. Select either the 2.2 litre Direct Injection Turbo Diesel offering 170 PS, or the 2.0 litre Turbocharged Petrol delivering 211 PS.

364 PS | 5.1 s  
0-62 mph

**3.5-LITRE V6 ENGINE WITH INFINITI DIRECT RESPONSE HYBRID** A combined system power of 364 horsepower responds with thrilling immediacy, while it achieves a surprising 45.6\* mpg combined fuel consumption. It transitions from all-electric mode to full-power hybrid mode with an intense and organic response.

211 PS | 44.8\*  
mpg

**2.0-LITRE TURBOCHARGED ENGINE** Engineered to deliver eager response and quick acceleration on demand, the turbo spools quickly to produce 211 PS at 5,500 rpm. It also outputs a stirring 350 Nm of torque starting at just 1,250 rpm while achieving 44.8\* mpg combined fuel consumption.

S | 405 PS | 5.1 s  
0-62 mph

**ALL-NEW 3.0-LITRE V6 TWIN-TURBO 405-PS ENGINE** This advanced 3.0t V6 twin-turbo engine introduces innovative technologies such as water-cooled intercooler, advanced electronic valve timing control, and a turbo speed sensor for faster response at a higher peak. As a result it delivers exhilarating acceleration and the empowering performance of 405 PS power and 475 Nm torque.

170 PS | 65.7\*  
mpg

**2.2-LITRE DIESEL ENGINE** Robust with a flexible supply of pulling power, this 2.2-litre diesel engine delivers efficient performance with 170 PS and 400 Nm of torque. Accelerate to cruising speed and achieve less than 115 g/km of CO<sub>2</sub> emissions.

\*This figure refers to the lowest combined fuel consumption available.

# INTENSIFY THE FEELING OF PERFORMANCE

*Unleashing the intelligence and force of the Q50 frees you to drive your way.*

## PERSONALISE YOUR Q50

**AN ELECTRIFYING CONNECTION** The Q50 steers with innovation. Choose hydraulic rack-and-pinion steering or Direct Adaptive Steering (DAS).<sup>1</sup> The world's first digital steering system, DAS steers quickest whilst filtering out unwanted vibrations. Tuned for a more natural connection, it also offers an array of settings to personalise performance.

**ENHANCED HANDLING** The all-new Dynamic Digital Suspension<sup>1</sup> monitors chassis vitals and continually adjusts the suspension to deliver a smooth ride while maintaining tight handling in the turns. Activate Sport mode and tighten the suspension for even firmer handling should you so desire. With Direct Adaptive Steering (DAS),<sup>1</sup> you control a digital handling system that ensures confidence through every turn.

**INTUITIVE TRACTION** Intelligent All-Wheel Drive<sup>1</sup> infinitely adjusts for better available traction by sending anywhere from zero to 50% of the power to the front wheels when you need it, and 100% to the rear wheels for sporty response when you don't. You get All-Wheel Drive (AWD) traction without sacrificing rear-drive feel.

**MORE RESPONSIVE BRAKING** With ventilated discs, 4-piston opposed front callipers and 2-piston opposed rear callipers, the available Sport Brakes<sup>1</sup> simultaneously deliver exceptional stopping force from both sides of the rotor, for better bite, more friction and direct feel.

**A CONTINUOUS RUSH** Acceleration Swell<sup>1</sup> is our vision of power, dedicated to delivering a shape and feel to your increasing speed. By precisely tuning the engine to unleash torque at a broader rev range, you feel a force that seems to increase the faster you go, making its swell feel like a limitless rush, rather than a momentary thrill.

**ENHANCING THE DRIVE** The Infiniti Drive Mode Selector allows you to personalise the driver settings – steering, engine and suspension – that best suit conditions and driving preference.

# SHAPED WITH PURPOSE AND INTENSITY

*Break free from convention with design that adds a new dimension to premium styling and leaves an unmistakable impression wherever you go.*

**SIGNATURE STARE OF INTENSITY** Undeniably Infiniti, the human-eye-like LED headlights and taillights replicate each other whether the lights are on or off.

**IMPRESSION AMPLIFIED** Prominently placed front and centre, the double arch grille is a signature expression of the Infiniti design. The bottom arc, naturally reflecting the one above, gives the Q50 its distinctive appearance.

**AERODYNAMIC ADVANTAGE** The Q50 directs airflow over, around and under it, turning the air into an effective down force. This overall design achieves zero lift at the front and rear, helping to reduce the effect of high-speed wind turbulence, and ensuring increased stability.

**ATHLETIC STANCE** Large 19-inch alloy wheels<sup>1</sup> not only complement the sporty proportions of the Q50, they make handling more responsive and allow quicker turn-ins.

# MASTER THE WAY YOU MOVE THROUGH THE CITY

*Intelligent technologies are always adapting to meet changing road and traffic conditions.*

**MANAGE YOUR PACE** Set your desired speed and Intelligent Cruise Control (Full-Speed Range)<sup>1,5</sup> will automatically adjust your speed in slowing traffic, all the way to a complete stop. Once the way clears, Intelligent Cruise Control will bring you back up to your pre-set speed.

**KEEP YOUR DISTANCE** Distance Control Assist<sup>1,6</sup> helps you maintain a safe distance behind the vehicle just ahead of you in your lane. Sensing a slower moving vehicle, DCA automatically adjusts the throttle or applies the brakes to reduce your speed and keep you at a safe following distance.

**HELPING YOU STAY IN CONTROL** Along with Direct Adaptive Steering<sup>1</sup>, Active Lane Control<sup>1,2</sup> evaluates the road ahead, automatically adjusts as needed if your Q50 experiences minor direction changes due to uneven road surfaces or crosswinds. You gain an increased feeling of stability, while reducing steering wheel vibration.

**MAINTAIN YOUR LANE** The Lane Departure Warning and Lane Departure Prevention Systems<sup>1,3</sup> monitor lane markings and will warn you if you start to drift. If the drift continues, the Lane Departure Prevention System will provide slight input to ease your Q50 back towards the centre of your lane.

**KNOW YOUR WAY** Infiniti InTouch Navigation<sup>1,4</sup> offers a simple, intuitive interface for finding your way through busy city streets or unfamiliar surroundings. Route Guidance will direct you using voice commands, and built-in 2D overhead, or 3D bird's-eye view maps, which are always visible on the Q50's double screen lay-out. Another option is Destination Search and Setting. It offers both simple address entry, as well as Point Of Interest Searching, just by touching the corresponding icon on the Infiniti InTouch screen.

# A HEIGHTENED VISION OF WHAT IS AROUND YOU

*Expand your abilities – naturally and instantly –  
to see and to feel, without having to think about it.*

**INTUITIVE FRONT LIGHTING** Illuminate where you really want to be. The Adaptive Front lighting System<sup>1</sup> (AFS) improves visibility at intersections and around curves by sensing your steering and turning the headlights to see not just ahead but around as well.

**RECIRCULATE. REFRESH. RELAX.** The Advanced Climate Control System<sup>1</sup> constantly monitors cabin air quality, sensing and removing outside pollutants before you breath them in. The system closes the vents, and then recirculates purified air, filtering out up to 99.5% of allergens.

**ASSISTING EFFICIENCY** To help improve fuel economy, the Eco Pedal<sup>1</sup> system counteracts with the pedal push-back control mechanism if an excess of pressure on the accelerator is detected. An indicator on the instrument panel will also indicate the optimal level for fuel-efficient driving.

**VISIBLE COURTESY** If an oncoming vehicle approaches when your high beams are on, Smart Beam Assist<sup>1</sup> will automatically dim your headlights. The system optimises your vehicle's forward lighting, without requiring you to be distracted by turning the high beams on and off.

360°  
VIEW

**SEE EVERY SIDE** Gain a new perspective on what is around you. With the Around View Monitor with Moving Object Detection and the Front and Rear Sonar System,<sup>1,7,8</sup> four cameras and one virtual 360° view from above make it easy to see and manoeuvre in even the tightest spaces.

**STAYING ALERT** The Moving Object Detection<sup>1</sup> system will give an audible alert when a moving object is detected around the Q50.

# PREPARED FOR

**SENSES WHERE YOU CAN'T SEE** The Blind Spot Warning and Blind Spot Intervention Systems<sup>1,9</sup> use sensors to detect vehicles entering the blind spot area. First, a warning light will illuminate. Then, if you move toward the occupied lane, a warning sounds. A slight input will also help guide your Q50 back to your current driving lane.

**ADVANCED WARNING** Forward Emergency Braking<sup>1,10</sup> provides another level of security by detecting vehicles in the lane ahead of you. If deceleration is required, it pushes up the accelerator pedal and applies the brakes, helping you to prevent or minimise a collision.

**RECOGNISING DANGER** Predictive Forward Collision Warning<sup>1,11</sup> uses radar to continuously monitor not only the vehicle directly ahead of you but also the vehicle in front of it. If the system detects a potential risk, it provides an audible and visual alert.

**MORE SURE WHEN REVERSING** Backup Collision Intervention<sup>1,12</sup> helps increase your awareness and ability to react. As you back up, the system warns you if approaching vehicles or large stationary objects are detected behind your Q50 and can help you avoid a collision by applying the brakes.

# PREPARED FOR

**STRONGER AND LIGHTER** Ultra high-strength steel is twice as strong as conventional steel and is built around you to enhance your safety in case of a collision.

**THERE SHOULD YOU NEED IT** The Engine Pop-Up Hood<sup>1</sup> is another Infiniti industry-leading safety technology. In a front-end pedestrian collision, the hood is designed to pop-up instantly. This creates additional space above the engine in order to reduce the severity of the impact.

**PREPARED TO PROTECT** During emergency braking situations, the Pre-Crash Seat Belts<sup>1</sup> are automatically tightened.

# WHAT YOU CAN'T SEE

# WHAT YOU CAN'T AVOID

# IN TOUCH WITH YOUR CONNECTED WORLD

*Infiniti InTouch makes your world flow. Your life is always moving, and Infiniti InTouch with Navigation<sup>1</sup> and Infiniti InTouch Mobile Apps<sup>4</sup> seamlessly bring your world into your car. Stay ahead and with access to your voice, text, email, calendar, navigation and music.<sup>4</sup>*

**A PREMIUM CONNECTION** Establish a seamless connection between the Q50 and your hand-held technology. Connecting your smartphone to Infiniti InTouch with Navigation<sup>1</sup> and Infiniti InTouch Mobile Apps<sup>4</sup>, brings your world into your car, allowing you to safely read email or text, do a Google<sup>®</sup> search, listen to your playlist, navigate unfamiliar streets or call your friends.

**MORE OF YOUR WORLD** Personalise your Q50 to keep you moving ahead instead of catching up. With Infiniti InTouch you can sync calendars and email, plus your smartphone's favourite apps to your Q50, so you will stay connected on the road.

**ADJUSTS TO YOU** Infiniti InTouch<sup>4</sup> delivers an intuitive experience right from your driver's seat in the manner that best suits you. Once your smartphone is connected, you can interact with the state-of-the-art system however you find easiest. The top screen can be operated by touch, the steering wheel switches or the Infiniti Controller; it is primarily used for driving information, including the monitor system and navigation. The bottom screen can also be operated by touch and lets you manage the infotainment systems, such as apps, audio and climate control.

**HIGH-QUALITY SOUND** The Bose<sup>®</sup> Premium Audio System<sup>1</sup> boasts 14 speakers, three of which are 25.5 cm subwoofers to add palpable depth to every form of music. Their positioning and sound delivery is precision-engineered specifically for the interior of the Q50 to filter out noise and distortion, surrounding you with rich and realistic sound.

**BLUETOOTH<sup>®</sup> AUDIO STREAMING** Turn your Bluetooth<sup>®</sup>-enabled smartphone into a source of music, and listen to your top playlists over the Q50's audio system.<sup>13</sup>

**HANDS-FREE VERSATILITY** With the Infiniti Bluetooth<sup>®</sup> Hands-free Phone System,<sup>13</sup> you can make and receive wireless calls using voice recognition. No fumbling. No need for a headset. Just press a button on the steering wheel.

# DEDICATION IN EVERY DETAIL

*Reveal true craftsmanship that goes into everything you see and the materials you touch.*

**PLEASING TO THE EYES** The soothing glow of the Fine Vision electroluminescent gauges has been designed to not only be brighter, but the contrast delivers information clearly, even at a glance.

**CONSISTENT SWITCH FEEL** Touch a button. Then touch the one next to it. Every button and switch is crafted with the same level of precision, so you sense a consistent Infiniti feel under your fingertip. With this attention paid to a switch, imagine how the remaining surfaces feel.

**SOFTER SEAT BELTS** The seat belt is one of the few surfaces you continually touch, so we use a variable herringbone weave that is 20% softer than standard fabrics. This makes it more comfortable to wear, easier to pull out, and even less likely to snag your finer fabrics.

# TAILORED TO YOUR EVERY ARRIVAL

*Begin every journey with a special moment. Be at the centre of thoughtful conveniences that always make you feel special.*

**INVITING YOU IN** For added convenience and safety, Attraction Lighting<sup>1</sup> responds to your presence automatically with a sequence of exterior then interior lights. The puddle lights illuminate the ground below, and then the interior lights glow to help you settle in. The choreographed sequence ends with the pulsing of the Start/Stop button<sup>1</sup>, waiting for you to bring it to life.

**INFINITI INTELLIGENT KEY** The Infiniti Intelligent Key<sup>1</sup> enables you to unlock the doors and boot, or start the engine, all without taking the key from your pocket or purse. As you enter, your seat slides back to welcome you, while the steering wheel and outside mirrors automatically adjust to your preferences.

**OPTIMISED COMFORT** Your Infiniti Q50 has the unique ability to recognise you and a second driver. You can both custom-programme the vehicle to remember and return to each driver's exact pre-sets – including navigation, audio, climate control and performance settings, as well as seat, steering wheel and mirror positions.<sup>1</sup>

**WARM WELCOME** Here, every aspect of your entrance is as hospitable as possible. Heated front seats<sup>1</sup> will keep you warm during winter months or chilly nights with the simple push of a button.

## DISCLAIMERS

INFINITI Europe, Division of Nissan International SA, CH-550-1047524-0, Z.A. La Pièce – Bât. B2, Route de l'Etraz, 1180 Rolle, Switzerland

This brochure is intended for general descriptive and informational purposes only. It is subject to change and does not constitute an offer, representation or warranty (express or implied) by INFINITI Europe. Before relying on this brochure to make a purchase decision, interested parties should directly contact the Infiniti Centre to confirm the accuracy of any information given herein and how it relates to a specific vehicle. INFINITI Europe reserves the right to make changes, at any time, without prior notice, in prices, colours, materials, equipment, specifications and models and to discontinue models or equipment. Due to continuous product development and other pre- and post-production factors, the actual vehicle, materials and specifications may vary from this brochure. Some vehicles are shown with optional equipment. See the actual vehicle for complete accuracy. Availability and delivery times for particular models or equipment may vary. Specifications, options and accessories may differ in other countries. For additional information on availability, options or accessories, contact your Infiniti Centre.

Infiniti has taken care to ensure that the colour swatches presented here are the closest possible representations of actual vehicle colours. Swatches may vary slightly due to the printing process and whether viewed in daylight, fluorescent or incandescent light. Please see the actual colours at your local Infiniti Centre.

1 Available on select models. 2 Active Lane Control may not detect the lane markers in certain road, weather or driving conditions. 3 Lane Departure Warning/Lane Departure Prevention Systems operate only when the lane markings are clearly visible on the road. Speed limitations apply. 4 Subscription, compatible device and cellular network required. May require retailer service visit or software upgrade. Costs/third party terms may apply. Only operate when safe to do so. 5 Intelligent Cruise Control is not a collision avoidance or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. 6 Distance Control Assist helps maintain a distance to the vehicle in front under certain conditions. Not a collision avoidance system. Failure to apply the brakes could result in an accident. 7 Around View Monitor with Moving Object Detection cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 8 km/h (5 mph). Always check all surroundings before moving vehicle. 8 Sonar System is a convenience, not a substitute for proper parking and/or backing procedures; may not detect every object. 9 Blind Spot Warning/Blind Spot Intervention Systems are not a substitute for proper lane change procedures, will not prevent contact with other vehicles or accidents, and may not detect every vehicle or object around you. 10 Forward Emergency Braking cannot prevent accidents for example due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply. 11 FCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed limitations apply. Always drive safely. 12 Backup Collision Intervention will not detect every object. Always check all surroundings before moving vehicle. 13 Compatible device required.

# GENUINE INFINITI ACCESSORIES

*The same exacting standards applied to creating an Infiniti vehicle go into designing and manufacturing Genuine Infiniti Accessories. With a wide array of quality products designed to integrate seamlessly, you can be assured of a custom fit and finish.*

**ACCESSORIES SHOWN,** midnight black grille, load carrier, roof box, welcome lighting.

**17" SILVER ALLOY WHEELS** Wherever you go, there'll be no questioning your sense of style and love of sporty design. 225/55 R17, 10 spoke alloy wheels.

**ENTRY GUARDS** Set in a stainless steel panel, these soft "Infiniti" illuminated entry guards give the sill area a sporty and sophisticated look. The kit, supplied in pairs, lights up your entrance and protects the paintwork.

**TRUNKBOX** Collapsible and constructed of a durable and flexible material, the trunkbox helps keep your belongings and other items from moving around while driving, protecting them and your trunk from damage and reducing clutter.

**REAR SPOILER\*** Custom-designed for perfect fit and factory-matched colour, it enhances your vehicle's sporty, aerodynamic appearance.

**TOW BAR** Tested to meet the highest demands of safety and functionality, the tow bar allows you to bring your needs wherever you want. It is integrated into the car's bodywork and has an approved towing capacity of 1.5t. The tow bar can be removed easily when not needed.

**FLOOR MATS** These tailor-made floor mats feature an elegant model emblem and perfectly match the sophisticated and luxurious interior of your Q50. Dirt-repellent and fixed with a safety hook, these mats always stay in best shape.

\*Please check applicability with your local Infiniti Centre.

# DRIVEN BY DESIRE

*Design doesn't answer to logic, it answers to the heart. It begins with the artist drawing a simple line, curve or shape and loving something in it that must be fully expressed. To Infiniti, design is more than a passion, it is part of our business DNA.*

**WHEN A BRAND IS LED BY DESIGN,** that becomes the brand's way of communicating. Every vehicle gives voice to that language through the harmony of striking lines, liquid curves and muscular stance. Proprietary elements, including the double arch grille and crescent cut, distinctly express the Infiniti design-led approach to product development and business vision. Fuelled by the power of design, an Infiniti concept car is a glimpse into tomorrow as it develops from being a sketch on the artist's table to taking its rightful place on the road.

Q80 Inspiration

QX Sport Inspiration

In synthesis with powerful design, purity of form rises above style. Through sweeping lines and arching curves, the thing we place above all else is the artist. His sense of the future.

*ALFONSO ALBAISA*  
ALFONSO ALBAISA  
INFINITI DESIGN DIRECTOR

# UNDENIABLE PRESENCE. UNFORGETTABLE EXPERIENCE.

---

*The Infiniti vehicle range defies convention and redefines the premium segment through empowering technologies and expressive design.*

ESTABLISHED IN 1989, Infiniti has now grown to include saloons, coupés, convertibles, crossovers and SUVs in its line-up and spans 50 countries worldwide. Infiniti is unique and distinctive – not trying to be all things to all people, but everything to some people. At the heart of the Infiniti brand is a history of human attentiveness where the belief that the total ownership experience is much more important than just the car itself, coupled with a commitment to delivering a more empowering, more assured and more exhilarating driving and ownership experience.

INFINITI HAS COME to be recognised as a brand that delivers expressive and striking car design. A distinctive design crafted by human hand and delivered with a powerful and daring presence on the road. This, combined with an obsessive attention to detail and precision engineering, all contribute to the feeling that to drive an Infiniti is something special.
