AN ADVANCED LEVEL OF ADVANCED.

The Leon sees the world through different eyes. And if you like to take your time to admire the view, you certainly won't understand it. No, the Leon is a driver's car, pure and simple, and only those with the same insatiable appetite for design, technology and performance should get behind the wheel. So go ahead and pick your passion: Leon FR, FR+ or Cupra R. Whichever one you choose, wherever you go, one thing's for certain: you're in for one heck of a ride.

IT DOESN'T JUST SEE CURVES. IT SEES GRAPHS.

Throw the Leon into a corner and you'll feel the difference technology makes. It comes in the form of XDS (electronic differential lock system), an advanced traction control system that's linked to our Electronic Stability Programme (ESP). XDS provides each wheel with just the right amount of torgue to maximize traction and improves response throughout the curve. Combine this with a range of powerful engines (like the Cupra R's 2.0 TSI 265PS) and brace yourself for goosebumps.

HIGHLY DEVELOPED INSIDE AND OUT.

Inside the Leon you'll find a space that's perfectly suited to you. Upholstery is customisable and comes in a range of trims and colours. Are you a more refined Tan Leather person? How about sporty Red Alcantara? The centre console and instrument cluster are ergonomically streamlined, and a combined USB/AUX-in port (CUP) is MP3, iPod®* and USB compatible. The 5-inch colour display with optional SEAT Media System offers high-quality maps and precise acoustic recommendations that you can access through the touch screen or steering wheel controls.

*For full iPod® integration and a charging facility, an additional adapter is required. Please contact your local dealer for more information.

SPECIAL FEATURES

Passenger airbag de-activation.

Electronic Stability Programme (ESP).

iPod®* and MP3 compatible USB/AUX-in port (CUP). Model shown with iPod® support cradle*.

Auto-dimming rear view mirror.

Multi-function steering wheel.

SEAT Media System 2.2 with Bluetooth®, touch screen and DAB (Digital Audio Broadcasting).

Start/Stop System.

Tyre pressure monitoring.

Gearshift indicator.

Bi-xenon headlights with AFS (Adaptive Front-lighting System).

Front fog lights with cornering function.

Petrol models range from the 1.4 85PS (63 kW) to the Cupra R's astounding 2.0 TSI 265PS (195 kW).

2.0 TDI CR 170PS (125 kW) DPF

All our diesel engines come with a Diesel Particulate Filter (DPF) that traps soot particles. Common Rail engineering keeps things quieter, lighter and more efficient.

WHERE HIGH TECH MEETS HIGH SPEED.

From high performance to low emissions, there's something for everyone under the Leon's hood. Petrol models range from a 1.4 85PS to a 2.0 TSI 265PS. Not for the faint of heart, the Cupra R's 2.0 TSI 265PS will satisfy the biggest power craving. Meanwhile, Common Rail technology makes the 2.0 TDI CR 140PS and 170PS units smoother and quieter, while also lowering fuel consumption and CO₂ emissions – and meeting EU5 emission standards. And with emissions of only 99 g/km, the Leon Ecomotive is one of the most economical cars in its segment (more on that later).

PETROL	Urban driving mpg (l/100 km)	Extra urban driving mpg (l/100 km)	Combined consumption mpg (l/100km)	CO2 emissions (g/km)
1.4 85PS	33.6 (8.4)	55.4 (5.1)	44.8 (6.3)	147
1.2 TSI 105PS	43.5 (6.5)	60.1 (4.7)	52.3 (5.4)	124
1.4 TSI 125PS	35.3 (8.0)	54.3 (5.2)	45.6 (6.2)	145
2.0 TSI 211PS	28.2 (10.0)	49.6 (5.7)	38.7 (7.3)	170
2.0 TSI 211PS DSG-auto	28.5 (9.9)	47.1 (6.0)	37.7 (7.5)	174
2.0 TSI 265PS	26.4 (10.7)	42.8 (6.6)	34.9 (8.1)	190

DIESEL

1.6 TDI CR 105PS	55.4 (5.1)	76.3 (3.7)	67.3 (4.2)	109
1.6 TDI CR Ecomotive 105PS	60.1 (4.7)	83.1 (3.4)	74.3 (3.8)	99
1.6 TDI CR 105PS DSG-auto	50.4 (5.6)	67.3 (4.2)	60.1 (4.7)	123
2.0 TDI CR 140PS	46.3 (6.1)	68.9 (4.1)	58.9 (4.8)	125
2.0 TDI CR 140PS DSG-auto	42.2 (6.7)	62.8 (4.5)	53.3 (5.3)	139
2.0 TDI CR 170PS	43.5 (6.5)	65.7 (4.3)	55.4 (5.1)	134
2.0 TDI CR 170PS DSG-auto	39.8 (7.1)	58.9 (4.8)	50.4 (5.6)	148

THE CLEANEST, AND MEANEST, IN ITS CLASS.

You might think the numbers don't add up. 0 to 62 mph in 11.5 seconds, top speed of 118 mph, and CO₂ emissions of only 99 g/km? How is this possible? One answer is technology, another aerodynamics. We knew that lowering resistance would help lower emissions and fuel consumption. So we added special low friction tyres and deflectors over the wheels. We modified the radiator grille so airflow was redirected out of the engine bay. This reduced the drag coefficient from 0.33 to 0.30. Then we added a 1.6 TDI 105PS engine with Common Rail technology, a gearshift indicator, and Diesel Particulate Filter (DPF). By finally adding Start/Stop and Energy Recovery Systems, we boosted fuel consumption to 74 miles for every gallon and cut emissions by a further 20 g/km, an impressive figure when you consider the possible tax benefits. The Leon Ecomotive is not only exempt from RFL (Road Fund Licence) charges, since January 2011 it has also been able to evade the London congestion charge. All this while staying true to our philosophy of 'less emissions, more emotions'. The numbers, and the prospects, look good indeed.

When the car is stopped, the gear lever set to neutral and clutch pedal is released, the Start/Stop System switches the engine off. Once the clutch is engaged again the engine starts automatically.

An Energy Recovery System works by varying the amount of power absorbed by the alternator. During braking, power which would otherwise be wasted is drawn into the electrical systems and battery. Under acceleration the alternator draws less energy, so more can be sent to driving the wheels. This system helps you reduce overall fuel consumption, and consequently the CO₂ emission level.

SAFETY 2.0.

We couldn't take performance to the next level without doing the same for safety. The list includes standard driver and passenger airbags, and optional rear side airbags. Optional bi-xenon headlights come with Adaptive Front-lighting System (AFS), which react to steering, speed and elevation and automatically adjust to illuminate the road ahead. Front fog lights with cornering function light the way even more. When cornering, XDS (electronic differential lock system) and a multi-link rear axle work in tandem to provide you with a higher level of control. The Leon also comes equipped with the newest generation Anti-lock Braking System (ABS), Electronic Stability Programme (ESP) and Emergency Brake Assist (EBA). These systems monitor information from the steering wheel, tyres, brakes and accelerator, making adjustments when necessary to maximize safety.

¹ The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS by 1.0139.

²Where law permits.

³Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving style, road traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures which may differ from those calculated within this standard.

SEAT INFORMATION

The SEAT Warranty

Three-year Warranty. All new SEATs registered in the UK come with a three year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 (whichever is soonest) Dealer Warranty. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised SEAT dealer or repairer, however, this additional warranty must be purchased before the mileage reaches 60,000. Cover is subject to the car being serviced and maintained according to the manufacturer's technical guidelines. Full details of the three-year warranty are available from your SEAT dealer or repairer.

Three-year Paint Warranty. The paintwork of the Leon is covered against manufacturing defects for a period of three years. Naturally, the Leon must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised SEAT dealer or repairer for full warranty details.

Twelve-year Body Protection Warranty.

The internal body sections and panels of the Leon are covered against rusting through from the inside for a period of twelve years. Naturally, the Leon must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised SEAT dealer or repairer for full warranty details.

SEAT Parts Warranty. SEAT parts and accessories supplied after new vehicle delivery are covered by our 24 months parts warranty.

SEAT Accessories. Every accessory is designed specifically for SEAT and is fully tested to our high quality standards. All accessories unless otherwise stated come with a two year warranty, extended to three years when purchased and fitted prior to delivery of a brand new vehicle, and what's more, they can be fitted by SEAT approved technicians.

Specifications. Specifications for the Leon refer to Model Year 2012. While SEAT makes every effort to make sure that specifications are accurate at time of going to press (11/11), you should always check details with your SEAT dealer as there may have been changes in view of SEAT's policy of continuous product improvement. The right is reserved to change specification and colour at any time. The information in this brochure can therefore be given as guidance only.

SEAT Assistance (including European cover). Any new SEAT purchased and registered in the UK from an authorised SEAT dealer, is covered free by SEAT Assistance (including European cover) for roadside repairs or recovery to an authorised repairer for a term of two years. Your member of the SEAT authorised network will ensure that all servicing and repairs are carried out in accordance with the manufacturer's instructions. Terms and conditions apply.

SEAT Finance. SEAT Finance specialises in providing funding solutions for SEAT drivers. Whether your SEAT is for private or business use, you can choose from a range of funding options. Here is our full range of finance products.

- Solutions a personal contract plan
- Hire purchase Lease purchase
- Finance lease Contract hire

With all of our finance products you can choose one of our fixed-cost maintenance plans designed to help you budget accurately. No matter what finance product you choose, your local SEAT dealer will be able to provide you with a personalised quote that could meet your budget and vehicle needs. SEAT Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only. **Test-Drive a SEAT.** To arrange a test drive at your nearest dealer, or for any questions you may have about SEAT, visit our website at seat.co.uk or call us on FREEPHONE 0500 22 22 22.

Fuel Consumption Information.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The individual vehicles have not been tested and there are inevitable differences between individual examples of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driving style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption.

Vehicle Excise Duty and CO₂ Emissions. All vehicles first registered on or after 1st March 2001 are subject to a form of Vehicle Excise Duty (Road Fund Licence) based on the type of fuel the vehicle uses and its carbon dioxide (CO₂) emission level, measured in grammes per kilometre (g/km).

Optional Equipment. Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. Any vehicle ordered with optional equipment (other than metallic paint) will be subject to a 12 week minimum delivery period.

SEAT Business Sales. SEAT Business Sales is committed to meeting all your fleet requirements and driver needs. For Fleet & Small Businesses please call our Fleet Business Centre directly to speak to our business advisors on 0800 096 2328 or email us at businesscentre@seatfleet.co.uk. For Fleet & Small Businesses please call our Fleet Business Centre directly to speak to our business advisors on 0800 096 2328 or email us at businesscentre@seatfleet.co.uk. For more information on SEAT Business Sales and the Business Sales Centre network, please visit the Business Sales area at seat.co.uk.

SEAT is committed to a policy of continuous product development and reserves the right to make changes to specifications, colours and prices without notice. The information in this brochure can therefore be given as guidance only. While SEAT makes every effort to ensure that specifications are accurate at the time of publication (November '11), you should always check with your authorised SEAT dealership for the latest information. Due to limitations of the printing process the colours reproduced in this brochure may vary slightly from the actual paint colour and material. These vehicles and all their parts, as well as the original spares, were designed according to the Legal Regulations governing the prevention and minimisation of Environmental Impact, through the use of recycled/recyclable materials, with measures taken to achieve suitable recycling for the conservation and improvement of environmental quality. SEAT UK has made provision for the correct disposal and recycling* of all SEAT Vehicles when they are delivered by the customer to its national network of Environment Agency authorised treatment facilities. This service is offered at no cost to the last holder and applies to SEAT vehicles of any age which are substantially complete. The service is provided by Cartakeback.com and to find your nearest facility contact 0845 257 32 33 or browse to www.cartakeback.com. **Since 2006 all vehicles returned to SEAT were certified by UK Government to be recycled to 85%. This brochure has been produced from Hello Silk paper which is Forest Stewardship Council certified.*
