TECHNOLOGY TO ENJOY

TECHNOLOGY TO ENJOY

Getting you to your destination isn't the end of the journey for our cars. It's just the beginning. We want them to inspire you as well. So we engineer them with your enjoyment in mind. It's this philosophy that lies behind everything we do as a company.

LEON ST

Model Shown: Leon ST FR with optional Performance 18" Alloy wheels, Technology Pack, Adaptive Cruise Control and Monsoon Grey paint

WE GIVE DESIGN A PURPOSE

The SEAT Leon family has been redesigned from the ground up. Quality engineering and technology ensure the Leon is a driving experience like no other. With iconic angular design at its heart, the Leon benefits from sporty, streamlined proportions that make it responsive at every turn.

The sharp angles merge seamlessly with fluid curves and flowing lines to ensure a bold exterior. One that truly sparkles in sunlight and embraces the warmth you have come to expect from a SEAT. Without light there is no design and that has driven this car, from conception to completion.

The **Leon 5 door hatch** is more confident, more dynamic and filled with some of our brightest ideas yet. Like the EasyConnect System, which controls the entertainment, communications and car functions via a touchscreen. And the SEAT Drive Profile, allowing you to select different driving modes depending on what driving mood you're in. Available with a range of powerful but efficient engines, you'll wonder why all cars aren't engineered like the SEAT Leon. After all, every detail has a higher purpose. Put simply, this is a car to enjoy.

Model Shown: Leon 5DR SE with optional Dynamic 17" Alloy wheels, Electric Sunroof, Technology Pack, Front & Rear Parking Sensors, Winter Pack and Nevada White paint.

LEON 5DR

LEON SC

DYNAMIC DRIVING FOR A DYNAMIC LIFE

And for the sportier amongst us, look no further than the **SEAT Leon Sports Coupé (SC)** a three door variant of the Leon. The Leon SC has everything the Leon 5dr has, with a specific focus on agility to provide a dynamic driving experience. Being agile allows you to rapidly respond to change. It is the skill of movement – the combination of balance, coordination, speed, reflexes, strength and endurance. We can think of no better place for those attributes than in your car. The Leon SC not only comes with sports seats, standard in all trims, but is also fitted with a shorter wheelbase than the Leon 5dr, resulting in a more dynamic chassis, a more responsive drive and more impressive design proportions.

Just like the Leon 5dr, the Leon SC benefits from one of the best sound systems in its class with built in subwoofers, and also has an optional Tiredness Recognition System that will alert you if you lose concentration. But if you still want more, there's also a Direct Shift Gearbox (DSG) with steering wheel paddles* that puts sporty driving at your fingertips. Welcome to the bright side of driving.

* On FR & CUPRA models.
Model Shown: Leon SC FR in Emocion Red.

MORE SPACE MORE LIFE

We can never be sure what life has in store for us, that's why we built the **Leon Sports Tourer (ST)** with versatility at its heart. It's our first Leon estate, so naturally we wanted it to be first class. That's why along with all the other great features of the Leon 5dr and Leon SC, we packed it full of space. It comes with an impressive boot of 587 litres of capacity that can easily turn to 1470 litres at the pull of a handle thanks to the innovative Easy Rear Seat-back Release mechanism*. The boot has a chrome loading sill* for added protection and offers endless possibilities thanks to its double boot floor design.

If that's not enough, add to it the optional Adaptive Cruise Control (ACC) that automatically adjusts your speed to keep you safe and panoramic sunroof that gives your view a fresh new perspective. Now that's the new Leon ST. Never again will you have to decide between style and versatility.

* Standard on SE and FR models.
Model Shown: Leon ST SE with optional Dynamic Multi 17" Alloy wheels, Technology Pack, Adaptive Cruise Control, Front & Rear Parking Sensors and Monsoon Grey paint.

LEON ST

LEON X-PERIENCE DESIGNED FOR DISCOVERY

The New **SEAT Leon X-PERIENCE**, the first all road Leon with 4Drive, permanently on demand all-wheel drive technology, combines a distinctive design with exclusive features, giving you the perfect vehicle to explore new destinations and have new experiences. With this new all road, you can enjoy every second of the journey.

The New SEAT Leon X-PERIENCE maintains the same beautiful design that characterises the Leon family, and enhances it for an all road lifestyle. Specific features such as protective cladding on the wheel arches and side skirts combine robustness with protection, while a higher suspension ensures an effortless drive on even the most challenging of roads.

Inside, meticulous attention to detail enhances the car's style and improves your driving experience. Materials of the highest quality are used throughout, with details like the orange stitching on the leather steering wheel, adding a touch of sophistication and better grip too. As versatile as it is attractive, with the adaptable boot space of up to 1470 litres, you have the flexibility to pack exactly what you need.

Travel in safety and comfort on every track thanks to its state-of-the-art technology. The 4Drive system automatically adapts to the road, distributing power between the wheels to ensure agility and control in every situation.

Leon X-PERIENCE SE Technology with optional Adaptive Cruise Control and Adventure Brown Custom Paint.

LEON X-PERIENCE

LEON CUPRA 280

INTENSIFY THE EVERYDAY

The new **Leon CUPRA 280** is SEAT's most powerful series-production car. Featuring an all-new 2.0 TSI dual injection engine and packed with technology developed for the racetrack, the CUPRA 280 guarantees precision-driving fun and outstanding performance on every drive.

The CUPRA 280 blends stunning dynamics with precise agility. From the Dynamic Chassis Control, which adapts the characteristics of your CUPRA's chassis to the conditions of the road, to the front mechanical differential lock, designed to improve traction and handling while also delivering a more precise and relaxed steering feel. The CUPRA engine provides maximum power and its high performance brake system delivers a safe and reliable deceleration every time. Even the SEAT Drive Profile has been redesigned to suit the car's ultra-sporty characteristics.

Just by looking at the CUPRA, its dynamic design stands out. Impressive air intakes, full LED headlights, dual chrome exhaust pipes as well as its alloy wheels with titanium finish and red brake callipers reflect its sporty appearance. The accentuated dynamics of the exterior continue seamlessly throughout the interior. The aluminium finished pedals add refinement and its door sill trim displays the CUPRA logo. Likewise exclusive to the CUPRA are the sports seats clad in Alcantara, with fabric accents and grey stitching. There are also Bucket Seats as well as leather upholstery too. The CUPRA logo on the front grille leaves no doubt: This SEAT is a real high performer.

All this, combined with its impressive efficiency (combined mpg 44.1 with SC DSG and 42.8 all other versions), make the CUPRA 280 the car that best expresses SEAT's racetrack heritage on the road.

Model Shown: Leon SC CUPRA 280 with optional Adaptive Cruise Control, Electric Sunroof, Winter Pack and Dynamic Grey paint.

THE ENVIRONMENT ALSO DESERVES TO ENJOY THE RIDE

Bold, powerful and agile, the SEAT Leon Ecomotive is a natural athlete. But it's also a bit of an eco-warrior too.

This is thanks in part to something known as the Start/Stop system. This innovative technology limits the amount of time that the engine spends idling, shutting down when you're at a standstill. So if you spend a lot of time in traffic, it cuts down your emissions and your fuel bills.

To give you an example, the most efficient Leon model is the 1.6 TDI 110 PS Ecomotive with Start/Stop, which emits only 87 g/km of CO₂ and has a combined fuel consumption of 85.6mpg.

Our Leon FR comes with Active Cylinder Technology (ACT), the 1.4 TSI ACT 150 PS engine shuts off two cylinders when less power is needed and seamlessly re-activates them when more power is required. Reducing fuel consumption without reducing power.

So while the Leon might make a big impression on you, the environment will hardly know it's there.

START/STOP SYSTEM.

This standard system allows you to save fuel and cut down on CO₂ emissions. Start/Stop System activates when you are in a neutral gear position. The engine turns off completely and remains stopped until you put the foot on the clutch. To be on the move again, you only need to step on the clutch, shift into first gear and the engine will start automatically.

WE CARRY THE BEST OF US INSIDE

We wanted the Leon to be more than a car. We wanted it to be an experience.

That's why every feature and fitting is made to such exacting standards. From the ergonomic seats and moulded instrument clusters, to the chrome door handles and leather steering wheel; everything in the Leon breathes an air of quality.

There's a range of upholstery choices, including cloth, Alcantara and leather.

An extra touch of distinction is provided by the optional LED Interior Illumination Pack, which includes courtesy lights (front and rear), footwell and vanity mirror lights, all with bright LED technology. You will also find sophisticated infotainment systems that will keep you up-to-date and entertained.

Perfectionism can be seen and felt in every detail of the Leon's construction.

And that's before you've even turned the key.

THE WORLD RIDES WITH YOU

The SEAT Sound System and radio, navigation system, Bluetooth® and more, are all controlled through our very own EasyConnect entertainment system, which is standard on all models. This allows you to manage the Leon's large array of infotainment options through a single touchscreen mounted on the dashboard. In addition, the entire console is driver-oriented for easier control.

A substantial 5" screen comes as standard, with the option to upgrade to Navigation System High, featuring a higher resolution 6.5" touch screen, enhanced connectivity and 3D image navigation. Whichever you choose, the three-dimensional button designs, razor-sharp display and logical interface will keep you connected to the world and to your inner-child.

SEAT DRIVE PROFILE.

Change the Leon's driving mode on the SEAT EasyConnect. Choose from Normal, Sport, Eco or Individual to vary the engine responsiveness, power steering and door lighting. Standard on FR and CUPRA.

NAVIGATION SYSTEM.

Driving is less stressful when you can see where you need to go, effortlessly with an upgraded 5.8" colour touchscreen. Available as part of the optional Technology Pack or on its own. Standard on CUPRA 280.

NAVIGATION SYSTEM HIGH.

With a super high resolution 6.5" colour touch-screen display incorporating: 3D map views, 10gb jukebox, image and video viewer, SMS reader and improved voice recognition as well as SEAT Sound System. Optional on SE trim and above.

TRIP COMPUTER.

Displays relevant information about the status of the car, divided into three menus; driving data, eco and vehicle status. Within these menus you will find information relating to fuel consumption, speed and journey times. Standard on all models.

OPTICAL PARKING SYSTEM DISPLAY.

The Optical Parking System display allows you to see a moving image of the car as you park, and helps you to avoid any obstacles. For cars with front and rear parking sensors. Standard on FR, optional on SE.

SEAT SOUND SYSTEM.

The Leon's optional sound system is easy to use and with 9 speakers and a built-in subwoofer in the boot, it leaves a big impression wherever it goes.

DRIVING PLEASURE IS ABOUT ENJOYING THE DETAILS

Look deep into the Leon's sculpted front and rear lights, and you'll see the future: SEAT Full LED headlights. A unique feature that brings the benefits of daylight to night time driving.

LED lights are smarter and more efficient than their halogen equivalents. With pure white 'daylight' at the front for improved vision and faster response lighting at the back to give drivers behind you more time to react when you brake. Not only do they make you more visible, they also give the Leon a sleek look that's sure to be admired.

With futuristic lights outside, we had to create the optimum experience inside too.

Why not combine the full LED headlights with two more convenient features of navigation system and DAB digital radio. The optional Technology Pack combines all three of these most popular options and offers great value.

TECHNOLOGY PACK

DIGITAL AUDIO BROADCASTING (DAB) RADIO TUNER.
Enjoy listening to your favourite radio station with complete clarity, in addition to FM and MW frequencies.

NAVIGATION SYSTEM.
Let it guide you to your destination with its 7 digit post code functionality, 3D map display and navigation via voice command.

FULL LED HEADLIGHTS.
The Leon is the first car in its segment to offer full LED headlights. They make use of LED technology both in the main and dipped beams, but also the daytime running lights. They also give the Leon a sleek, contemporary look. Headlamp washers are optional as part of the optional Winter Pack.

SYSTEMS THAT CAN FORESEE YOUR REACTION

The most important things that go into the Leon are you and your passengers. That's why we've designed it to be one of the safest places you can be on the road.

There are a host of ways the Leon also looks out for you. With the aid of a mono-video camera installed on the windscreen, the High Beam Assist automatically alters the intensity of the headlights when faced with oncoming traffic. Lane Assist warns you if you unintentionally drift into another lane and automatically corrects the car's trajectory. There's even a Tiredness Recognition System that measures your fatigue and helps to keep you alert at the wheel.

Seven airbags come as standard, including knee airbag. And in the rear seats there's an iSOFIX system to keep the smallest passengers safe and sound. And with the Leon being awarded the maximum 5-star Euro NCAP* safety rating. Wherever you sit in the Leon, you'll always be on the safe side.

*For detailed information go to www.euroncap.com, the 5 star EuroNCAP rating was awarded to the SEAT Leon 5DR, ST and X-PERIENCE model tested in 2012.

FRONT & REAR PARKING SENSORS.

These intelligent sensors help guide you into a parking space without incident, warning you if you are too close to the kerb, or another car. Standard on FR, CUPRA and X-PERIENCE SE Technology, optional on SE and X-PERIENCE SE.

AUTOMATIC POST-COLLISION BRAKING SYSTEM.

In the unlikely event of an accident, when the airbags have been deployed this innovative new braking system will slow the vehicle to avoid any further collisions, keeping you and your passengers safer than ever. Standard on all models.

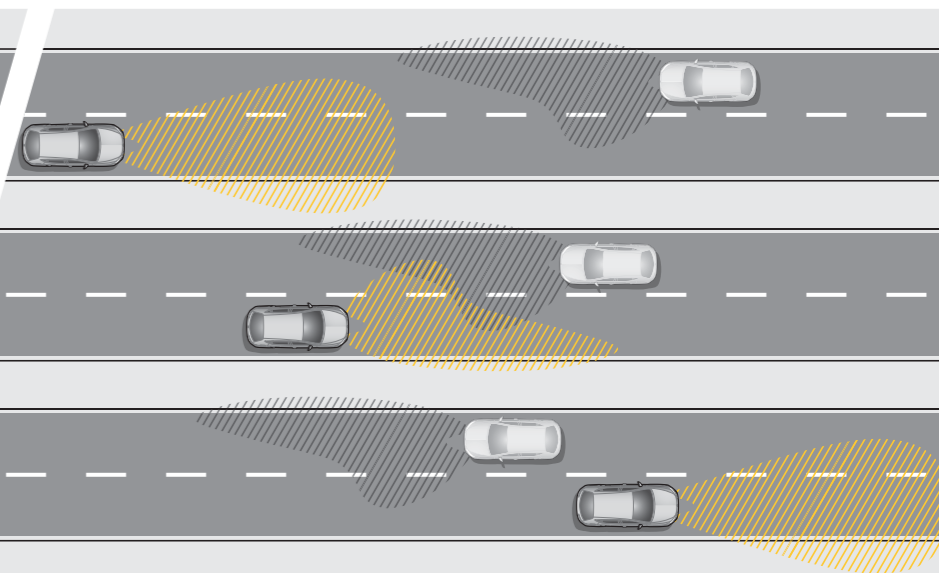

LANE ASSIST.

Lane assist helps the driver to stay in lane and is particularly useful on motorways. The system informs the driver if the car is drifting out of its lane unintentionally and provides gentle steering impulses to guide the driver back into lane. Available as part of the optional Driver Assist Pack on SE trim and above.

HIGH BEAM ASSIST.

Where necessary, the Leon switches from high to low beam settings automatically so as not to dazzle oncoming traffic. And it leaves you free to concentrate on the road ahead. Available as part of the optional Driver Assist Pack on SE trim and above.

ADAPTIVE CRUISE CONTROL INCLUDING AMBIENT TRAFFIC MONITORING "FRONT ASSIST".

A sensor installed on the front of the car measures the distance and speed relative to vehicles up to 200 metres ahead, and automatically adjusts your speed to maintain a safe braking distance.

FRONT ASSIST: INCLUDING SAFETY ASSIST

Audio and visual alerts notify you when danger of a head on collision is detected. If you don't react the system briefly applies the brakes, before automatically applying the emergency braking system to minimise or avoid collision. Adaptive Cruise Control (ACC) with Front Assist is available as an option on SE, FR, CUPRA and X-PERIENCE.

TRIMS

S

- / 15" steel wheels with 'Urban' covers
- / Emergency tyre repair kit
- / Halogen daytime running lights
- / Body-coloured door mirrors with integrated LED indicators
- / Black roof rails (Leon ST only)
- / Double boot floor (Leon ST only)
- / Electrically adjustable and heated door mirrors
- / Easy Connect System
 - 5.0" colour touchscreen
 - MP3 compatible CD player with combined USB/AUX-in port
 - FM / AM radio
 - Bluetooth® audio streaming
 - Integrated Bluetooth® handsfree system
 - Integrated voice control
 - Steering wheel mounted audio and phone controls
- / Six speakers
- / Front courtesy light with front reading light
- / Height-adjustable driver's seat
- / Electro-mechanical power steering (speed-sensitive)
- / 12V socket in centre console
- / 12V socket in boot (Leon ST only)
- / Height-and reach-adjustable steering wheel
- / Electric front windows (one touch with anti-squeeze)
- / Air conditioning
- / Driver and front passenger airbags
- / Front passenger airbag deactivation
- / Front side airbags
- / Two curtain airbags
- / Driver's knee airbag
- / Three-point seatbelts on all seats
- / Front seatbelt reminders
- / iSOFiX points in outer rear seats with Top Tether anchorage points
- / Remote central locking with deadlocks
- / Electronic Stability Control (ESC) with Emergency Brake Assist (EBA)
- / Tyre pressure monitoring
- / Alarm (perimeter and interior monitoring) with back-up horn and tow-away protection
- / Electronic engine immobiliser

SE

BRINGING COLOUR TO YOUR CUPRA 280

New CUPRA Black, White & Orange lines

The SEAT Leon CUPRA takes sporty performance and dynamic design to new heights. Now the new optional Black, White and Orange Lines bring yet more sophistication, vitality and sportiness to this exemplary model.

Design is so much more than appearance. The design choices you make reflect your character, your emotions and your identity. These new colours allow you to perfectly express yourself with outstanding exterior features in classic black, brilliant white, or sporty orange each accentuating the powerful appearance of your CUPRA.

With the CUPRA Black Line, enjoy an understated elegant and classic look, while with the CUPRA White Line, accentuates vitality and freshness. The CUPRA Orange Line gives your car a youthful, athletic, standout look: exterior mirrors, lettering on the tailgate, outlined front grille frame and 19" CUPRA Alloy wheels, each in Black High Gloss, Pure White or Cupracer Orange.

CUPRA Colour Lines only available for CUPRA 280.

Model shown: CUPRA 280 with optional CUPRA Orange Line, Winter Pack, Electric Sunroof, Adaptive Cruise Control and Monsoon Grey metallic paint.

EXCLUSIVE BLACK AND ORANGE SUB8 PERFORMANCE PACKS

Take your performance even further

The most powerful SEAT just got even more intense. These Sub8 Performance Packs were developed by SEAT Sport in recognition of the CUPRA 280 completing the Nurburgring Nordschleife Circuit in a record breaking 7 minutes 58.4 seconds.

It adds an extra dimension of excitement to the CUPRA 280, providing a competition-level driving experience and even more dynamism on the road. These exclusive Sub8 Performance Packs come in two signature colours that give your CUPRA 280 a powerfully sporty look: stylish Black or striking Orange. Each pack gives you racing-standard 30/3 alloy wheels, high-tech Brembo brake callipers and aerodynamic side skirts. Add the optional "Pilot Sport Cup 2" Michelin tyres for extra handling, comfort and traction on those fast corners.

BREMBO CALLIPERS.

Extremely light and exceptionally precise, Brembo callipers offer significant benefits in terms of stopping capability and weight reduction.

DYNAMIC DESIGN.

Enhance both the look and performance of your CUPRA 280 with 19" 30/3 black alloy wheels and aerodynamic side skirts.

³Official fuel consumption according to EU Directive 99/94. The consumption calculation according to 1999/100/EC is based on the actual unladen weight of the vehicle. Additional specifications can lead to a higher weight class and hence to consumption figures of this higher weight class. The driving figure, road traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures which may differ from those calculated within this standard.

⁴Not available with Sport Styling Pack.

MAKE THE WORLD YOUR OWN

Personalise your New Leon to make the most of your driving and ownership experience. A wide range of accessories is available offering the very latest in-car communications and entertainment technology, styling features to enhance your car's dynamic stance, and practical equipment to help put the life in your lifestyle. All New Leon accessories are fully tested to meet SEAT's high quality standards, most come with a two-year warranty (three years if fitted before vehicle registration) and they can all be fitted by SEAT-trained technicians if you order at the same time as you order your New Leon. For the complete range of New Leon accessories, go to seat.co.uk/accessories and download the brochure.

'Click+Go' is the quick, simple way to order our most popular SEAT accessories online or at your SEAT dealer. Where you see the  symbol, the 'fitted' price is all you pay. So you know what you're paying up front, with no hidden extras! With easy steps to follow it really is straightforward to order accessories and book a convenient time to have them fitted at your local dealer. You'll receive an email confirming your booking and then a reminder a few days before your appointment. It's as easy as that – and, of course, you can 'Click+Go' any time, 24/7. Just visit seat.co.uk/accessories

Please note not all accessories are available for all models.

YOU LOVE YOUR SEAT. SO DO WE

Your SEAT is special to you, and deserves special treatment when it's time for a service or repair. So put it in the hands of people who know and care about your car as much as you do: your SEAT Dealer.

We promise that your service or repair will employ all of the following (and plenty more besides), to give your car the care it deserves.

SEAT Technicians with specialist training, using the latest SEAT technology.

SEAT-approved parts will be fitted, complete with two-year warranty.

A comprehensive check of SEAT's database for the latest vehicle safety, software and product enhancements.

Free wash and vacuum with every service.

Your approval prior to any additional work we believe needs to be carried out.

Easy drop-off and collection, including loan cars, collection and delivery from your home address, or a courtesy lift.

Online booking. Choose a time and place to suit you.

A SEAT stamp in your service book. The reassurance that only comes with the real thing.

IT'S FIXED

Fixed-price servicing and maintenance for SEAT cars 1-15 years

At SEAT we want to make it easy for you to know what your servicing costs will be up front so that you can keep a tight rein on your budget. That's why we have transparent fixed prices on a whole range of services and maintenance jobs for SEAT cars. Book a fixed-price service or maintenance job online by following six simple steps. Visit seat.co.uk/service to book and for further information.

Book your service online and get
1st YEAR: **FREE 1 LITRE CASTROL EDGE PROFESSIONAL OIL TOP-UP KIT** WORTH £18.50
2-15 YEARS: **FREE SEAT EUROPEAN ROADSIDE ASSISTANCE** WORTH £245

We are so confident about our prices that if you have any 'It's Fixed' job done with us and then find within seven days and five miles that you could have had it done cheaper, we will refund the difference.

SERVICE PLANS
A three-year fixed-price service plan is available for any new SEAT for 24 monthly payments of £19.99 per month. Visit seat.co.uk/serviceplans for more information.

EXTENDED WARRANTY

Extend your peace of mind

It's reassuring to know you're covered for the cost of unexpected car repairs. And you can enjoy this feeling for up to two years longer with a SEAT Extended Warranty.

When you buy a new SEAT from a SEAT dealer, your new car is covered by a three-year/60,000 miles manufacturer warranty. And if you take out a SEAT Extended Warranty before your new car is registered, you'll get exactly the same level of cover for up to five years, at extremely competitive prices.

You can choose a SEAT Extended Warranty to last until the end of the 4th year/up to 75,000 miles or until the end of the 5th year/up to 90,000 miles, whichever is soonest. Plus it's fully transferable to the new owner (and subsequent owners) should you sell your car – enhancing the resale value of the car.

For further information and full terms and conditions, go to seat.co.uk/extendedwarrantyterms

ENSURANCE

Three years FREE cover for new and used SEATs

- / One-stop SEAT accident management
- / Dedicated Incident Manager
- / Guarantee that repairs are undertaken by participating SEAT-approved repairers
- / Online claim notification and repair tracking
- / Guarantee that only genuine SEAT parts and paints are used
- / Legal expenses cover
- / Courtesy car where applicable

Ensurance works alongside your main motor insurance policy no matter who it's from, giving you and your car additional protection.

For further information and to activate SEAT Ensurance, go to seat-ensurance.co.uk. After activation, you'll receive a confirmation email and Cover Booklet PDF with full terms and conditions.

WOW, NOW.

With **Solutions** from SEAT Finance the buzz of owning your dream SEAT is closer than you think.

Solutions is a flexible finance plan that's built around you. From your deposit and monthly repayments to what you decide to do with the car at the end of the agreement, you can choose what's right for you and your budget.

A proportion of the car's value is left to the end, which acts as a guaranteed minimum future value, taking away the worry of depreciation and allowing you to get a higher specification car or just simply reduce your monthly repayments.

And at the end of the agreement, you'll have three options. You can part-exchange your SEAT for one that suits you better on a new Solutions agreement. To keep your SEAT, just pay the optional final payment and it's yours. Or if circumstances have changed, you have the option to hand the car back and walk away. Terms and conditions apply.

An offer of finance is based on certain terms and conditions. Subject to status. Indemnities may be required. Available to people over 18 in the UK only. SEAT Finance.

A great finance package, designed to impress. To see our latest Solutions offers, scan in the QR code or visit your local SEAT Dealer.

COST OF YOUR CAR

Deposit
As little as one repayment

Amount to finance
Divided into any choice of 18 to 42 fixed repayments

Additional final payment
You have three choices at the end of your agreement

SEAT EXTENDED WARRANTY

THE SEAT WARRANTY

THREE-YEAR WARRANTY.

All new SEATs registered in the UK come with a three year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 (whichever is soonest) Dealer Warranty. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised SEAT dealer or repairer, however, this additional warranty must be purchased before the mileage reaches 60,000. Cover is subject to the car being serviced and maintained according to the manufacturer's technical guidelines. Full details of the three-year warranty are available from your SEAT dealer or repairer.

SEAT EXTENDED WARRANTY.

If you take out a SEAT Extended Warranty before your new car is registered, you'll get exactly the same level of cover, as the three year warranty, but for up to five years. You can choose a SEAT Extended Warranty to last until the end of the 4th year/up to 75,000 miles or until the end of the 5th year/up to 90,000 miles, whichever is soonest. SEAT Extended Warranty products are only available at the time of ordering your new SEAT.

THREE-YEAR PAINT WARRANTY.

The paintwork of the Leon is covered against manufacturing defects for a period of three years. Naturally, the Leon must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised SEAT dealer or repairer for full warranty details.

TWELVE-YEAR BODY PROTECTION WARRANTY.

The internal body sections and panels of the Leon is covered against rusting through from the inside for a period of twelve years. Naturally, the Leon must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised SEAT dealer or repairer for full warranty details.

SEAT PARTS WARRANTY.

SEAT parts and accessories supplied after new vehicle delivery are covered by our 24 months parts warranty.

SEAT ACCESSORIES.

Every accessory is designed specifically for SEAT and is fully tested to our high quality standards. All accessories unless otherwise stated come with a two year warranty, extended to three years when purchased and fitted prior to delivery of a brand new vehicle, and what's more, they can be fitted by SEAT approved technicians. Where you see the 'Click & go' icon , the price you see is what you'll pay including fitting, upfront and with no hidden extras! You can order at your SEAT dealer or online at seat.co.uk/accessories.

SEAT ENSURANCE.

Ensurance works alongside your existing your main motor insurance policy no matter who it's from, giving you three years FREE cover on all new and used SEATs. Activate your policy at seat-ensurance.co.uk and get one-stop accident management in the event of an accident or theft. After activation, you'll receive a confirmation email and Cover Booklet PDF with full terms and conditions.

FIXED-PRICE SERVICING AND MAINTENANCE FOR SEAT CARS 1-15 YEARS.

Fixed prices on a whole range of services and maintenance jobs for SEAT cars are now available at participating SEAT dealers. Visit seat.co.uk/serviceoffers for further information and to book online.

SPECIFICATIONS.

Specifications for the Leon refer to Model Year 2015. While SEAT makes every effort to make sure that specifications are accurate at time of going to press (**February '15**), you should always check details with your SEAT dealer as there may have been changes in view of SEAT's policy of continuous product improvement. The right is reserved to change specification and colour at any time. The information in this brochure can therefore be given as guidance only.

SEAT ASSISTANCE (INCLUDING EUROPEAN COVER).

Any new SEAT purchased and registered in the UK from an authorised SEAT dealer, is covered free by SEAT Assistance (including European cover) for roadside repairs or recovery to an authorised repairer for a term of two years. Your member of the SEAT authorised network will ensure that all servicing and repairs are carried out in accordance with the manufacturer's instructions. Terms and conditions apply.

SEAT FINANCE.

SEAT Finance specialises in providing funding solutions for SEAT drivers. Whether your SEAT is for private or business use, you can choose from a range of funding options.

Here is our full range of finance products.

- / Solutions – a personal contract plan
- / Hire purchase
- / Finance lease
- / Lease purchase
- / Contract hire

With all of our finance products you can choose one of our fixed-cost maintenance plans designed to help you budget accurately. No matter what finance product you choose, your local SEAT dealer will be able to provide you with a personalised quote that could meet your budget and vehicle needs. SEAT Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

TEST-DRIVE A SEAT.

To arrange a test drive at your nearest dealer, or for any questions you may have about SEAT, visit our website at seat.co.uk or call us on FREEPHONE 0500 22 22 22.

FUEL CONSUMPTION INFORMATION.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The individual vehicles have not been tested and there are inevitable differences between individual examples of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driving style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption.

VEHICLE EXCISE DUTY AND CO₂ EMISSIONS.

All vehicles first registered on or after 1st March 2001 are subject to a form of Vehicle Excise Duty (Road Fund Licence) based on the type of fuel the vehicle uses and its carbon dioxide (CO₂) emission level, measured in grammes per kilometre (g/km).

OPTIONAL EQUIPMENT.

Throughout this publication, wherever a feature is described as being an 'Option' or 'Optional Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. Any vehicle ordered with optional equipment (other than metallic paint) will be subject to a 12 week minimum delivery period.

SEAT BUSINESS SALES.

SEAT Business Sales is committed to meeting all your fleet requirements and driver needs. For Fleet & Small Businesses please call our Fleet Business Centre directly to speak to our business advisors on 0800 096 2328 or email us at businesscentre@seatfleet.co.uk. For more information on SEAT Business Sales and the Business Sales Centre network, please visit the Business Sales area at seat.co.uk.

For more information, visit www.seat.co.uk or your SEAT Dealer/Authorised Service to discover our full range of services.

We are Spanish and German. We are passionate perfectionists. We are emotional technologists. Everything we know, is everything you feel. We give design a purpose. We bring technology to life. We call it TECHNOLOGY TO ENJOY. We are SEAT.

Auto Express Car of the Year Award

SEAT recommends  **EDGE** PROFESSIONAL

SEAT is committed to a policy of continuous product development and reserves the right to make changes to specifications, colours and prices without notice. Some illustrations in this brochure may depict left-hand drive models. Consequently, controls and some items of equipment may differ or not appear on UK models. The information in this brochure can therefore be given as guidance only. While SEAT makes every effort to ensure that specifications are accurate at the time of publication, you should always check with your authorised SEAT dealership for the latest information. Due to limitations of the printing process the colours reproduced in this brochure may vary slightly from the actual paint colour and material. These vehicles and all their parts, as well as the original spares, were designed according to the Legal Regulations governing the prevention and minimisation of Environmental Impact, through the use of recycled/recyclable materials, with measures taken to achieve suitable recycling for the conservation and improvement of environmental quality. SEAT UK has made provision for the correct disposal and recycling* of all SEAT Vehicles when they are delivered by the customer to its national network of Environment Agency authorised treatment facilities. This service is offered at no cost to the last holder and applies to SEAT vehicles of any age which are substantially complete. The service is provided by Cartakeback.com and to find your nearest facility contact 0845 257 32 33 or browse to www.cartakeback.com.

*Since 2006 all vehicles returned to SEAT were certified by UK Government to be recycled to 85%. This brochure has been produced from Hello Silk paper which is Forest Stewardship Council certified.
