>> FOR a new urban joy.

smart has always been more than a car manufacturer: smart is a great idea for urban mobility. An idea that is always in motion because it sees the status quo as a challenge rather than an obstacle. An idea that responds to both the big and the small questions of city traffic with a smile. And with answers that make life in the city easier, brighter and more carefree each and every day.

>> FOR more
smiles
per hour.

The revolution for city traffic – welcome to the smart fortwo. Where others still think in kilometres per hour, we think a step further. After all, it's completely different things that count in the city to on the motorway. High agility, a small turning circle, a whole lot of comfort and clever functions – and last but not least always being able to find a parking space, to name just a few. The smart fortwo shows true greatness in these disciplines. With a length of just 2.69 m.

>> FOR more
fun
per ride.

The smart fortwo has grown in every respect – not just in length. It sets standards in its class with a trendsetting design and even more clever solutions. Innovative assistance systems for more safety and comfort, an unparalleled turning circle, an amazing amount of space and high-quality workmanship are just some of the highlights of the new smart fortwo. In a word: alongside the old strengths there are now a whole host of new ones. And that makes city life and city driving even more enjoyable.

>> FOR more
WOW
per view.

A fresh look that is striking and dynamic: the new smart fortwo is ten centimetres wider than its predecessor, and this has a positive effect on both the interior spaciousness and the visual presence. An impressive character that is sure to win you over with a design idiom you immediately click with.

>> FOR more
love
per detail.

Typically smart and unmistakable: the smart fortwo combines characteristic design features such as the two-colour concept consisting of tridion safety cell and bodypanels with unusual ideas and details. The result is a design that clearly stands out from the other cars on the road and makes the city a little bit more exciting.

The bodypanels made of plastic contribute to the low weight and the two-colour look of the smart fortwo and withstand minor bumps or scratches virtually unscathed.

Extremely short overhangs: the wheels are positioned on the outer ends of the vehicle – a highly unusual design feature in this form. And not only do they look good; in combination with the rear engine concept this enables the best possible utilisation of space and a greater feeling of spaciousness.

The design of the lights and the radiator grille in a honeycomb design dominate the look of the striking front. On request, the front lights in a clear glass look welcome you with the optional welcome function and elegantly curved, integrated daytime driving lights featuring LED fibre-optic technology.

The tail lights are organically integrated in the rear end of the tridion safety cell. As an option, the sophisticated design can be made even more elegant with tail lights in LED technology.

Optional panoramic roof made of break-resistant polycarbonate: not only does it look good from inside and outside, it creates an even greater feeling of spaciousness. And ensures that you don't miss the sights of the city – such as traffic lights!

>> FOR more
room
per personality.

The smart fortwo shows true greatness with its wide-opening doors and an amazingly spacious interior. And with an exceptional design that sets standards in this class.

>> FOR more style per mile.

Plenty of room for a very special style: you'll immediately feel at home in the interior of the smart fortwo. Enjoy a feel-good atmosphere that turns the whole city into your living room.

The ease with which you glide into small parking spaces might be all that reminds you that you are actually sitting in a small car. The interior is surprisingly spacious with materials that are a pleasure to look at and touch and smooth design lines you will enjoy with every kilometre you drive. Many surfaces are generously covered with fabric and boast colour combinations that range from stylish to extravagant. With all this to enjoy it's almost a shame that you find a parking space so quickly – because you may not feel like getting out at all! The smart fortwo has not only gained in terms of design and quality, you are also sure to notice the ten centimetres that it has become wider in the interior.

The drawer in the centre console¹ is a clever idea: it creates space where there was none before for stowing small items away securely and out of sight.

>> FOR more fun per function.

A doubly delightful interior: in the smart fortwo you'll be thrilled by the high functionality typical of smart. From very surprising stowage space solutions to details such as the design of the air vents – every detail combines functionality with emotional appeal. A functional highlight of the interior is the optional Media-System with a 17.8 cm (7-inch) multi-touch display like a modern smartphone.

The loudspeaker covers can be enjoyed even when there is no music on: the honeycomb design is also cleverly taken up here. Because what sounds good can look good as well.

The fabric-covered dashboard¹ and door panelling demonstrate attention to detail.

The mix of materials and colours in the interior underlines the unique character of the smart fortwo – and gives every equipment line its own special touch.

The instrument cluster with with a colour 8.9 cm (3.5-inch) TFT display¹ has all the data and information you need during your journey. As an option you can supplement the information centre of your smart fortwo with a dashboard instrument showing the revs and the time.

The large air vents on the dashboard ensure plenty of fresh air. And when not needed they display the smart logo when closed.

¹Standard in conjunction with passion, prime and proxy.

>> FOR more punch per inch.

Rear-mounted engine and rear-wheel drive: does that sound more like a sports car than a car for the city? That's right. And these features are unique to the smart fortwo in this class.

Rear engine and transmission: the smart fortwo owes its iconic appearance to a very special construction: the engine and transmission are housed at the rear and make the extremely compact design possible. The efficient 3-cylinder petrol engines with output of 45 kW, 52 kW or 66 kW and a new manual 5-speed transmission offer plenty of driving fun, even on short errands in the city. And you can opt for extra comfort with twinamic automatic 6-speed dual clutch transmission (not available for the 45 kW engine).

>> FOR more
smoothness
per cruise.

The **twinamic 6-speed dual clutch transmission** now makes for even more dynamic and comfortable driving in the city. The cutting-edge transmission technology which smart is pioneering in this vehicle class shifts gear so fluidly and efficiently that you will barely notice gearshifts while driving. Thanks to the two sub-transmissions, gearshifts take only a few hundredths of a second, irrespective of whether you prefer to change gear fully automatically or using the shift paddles on the steering wheel. Enjoy plenty of driving fun as you glide around the city.

>> FOR more options per shift.

The various shifting options offered by twinamic leave you to decide how you wish to move around the city. From efficient and comfortable to dynamic and sporty – you choose your preferred driving style.

In automatic mode you can choose between the “Comfort” (E) and “Dynamic” (S) gearshift programmes. In both programmes, gear-shifting takes place fully automatically and without any loss of tractive power.

The “Comfort” (E) automatic gearshift programme shifts to the next gear at lower revs. For comfortable and fuel-efficient urban mobility.

In the “Dynamic” (S) automatic gearshift programme, gear-shifting is performed at higher revs. This is the right programme if you want a sportier driving style and more dynamic acceleration.

In manual mode you change gears with the shift lever and so determine the shift points yourself.

With the shift paddles on the multifunction sports steering wheel¹ you have smooth gear changing in your hands – or rather at your fingertips. This works in both manual and automatic mode.

The twinamic 6-speed dual clutch transmission consists of two sub-transmissions and two clutches. One sub-transmission attends to the uneven gears while the other is responsible for the even gears and reverse. While both sub-transmissions are active during driving, only one is connected to the engine at any one time. This means that whatever gear is currently engaged, the next highest or next lowest gear is always waiting in “standby” mode. Gear-shifting is then performed simply by changing the sub-transmission – at lightning speed and without any loss of tractive power. This means markedly more efficient gear-shifting than with a conventional transmission, irrespective of whether you are using manual or automatic mode.

¹Only in conjunction with Sports package or Urban Style package.

The tiniest turning circle: in this discipline the smart fortwo is unrivalled. Thanks to its length of just 2.69 m and the Direct-Steer system with variable ratio you can almost turn on the spot – the turning circle of just 6.95 m¹ takes some beating! And that will often make your life much easier. For example, when you spot a free parking space on the other side of the road and simply do a U-turn. And thanks to the high seating position and the good all-round visibility you're likely to see plenty of free parking spaces in the smart fortwo.

¹Measured from kerb to kerb.

» FOR more
agility
per road.

»» FOR more
space
per life.

Whatever you need every day – simply take it along with you! You will be amazed at how much fits in a car that seems so compact on the outside.

The split tailgate facilitates loading and unloading. Simply open the top section to stow smaller items inside the car. And for larger items fold down the lower section for convenient loading.

The passenger seat backrest can be folded right down to extend your options: items up to 1.55 m in length fit easily in the smart fortwo.

With cargo volume of up to 350 litres the luggage compartment of the smart fortwo is surprisingly spacious. So what you take along with you is determined less by the available space and more by you yourself.

»» **FOR more space per life.**

>> FOR more entertainment per trip.

The innovative infotainment solutions from smart open up a whole range of possibilities – and they're child's play to operate. The smart Media-System boasts high functionality and simple operation. And the smart cross connect app connects your mobile phone with the smart Audio-System, turning it into a multimedia control centre. The optional JBL Soundsystem with 8 high-performance loudspeakers including removable subwoofer always delivers a really full sound.

The smart Audio-System offers extensive functions for unlimited enjoyment of music. Play your favourite music via USB stick or MP3 player. Alternatively, it's simple to stream your audio files via Bluetooth® from your smartphone. This interface also turns the smart Audio-System into a convenient hands-free system.

With the universal smartphone cradle¹ you can connect your mobile phone² with your smart fortwo. Directly integrated in the Audio-System, it turns your smartphone into a central control unit for music, infotainment and navigation – conveniently positioned and simple to operate.

The smart cross connect app is the interface between your smartphone and your smart fortwo. It enables you to access your vehicle data on the road and opens up a whole range of possibilities – for example, analysing your driving dynamics. And the app also offers useful functions outside the vehicle: for example, it shows you the distance you have travelled and your fuel consumption. And not only does the app remember where you have parked, it also knows how long you have parked there for.

¹Approved for smartphones with smart cross connect app. Only in conjunction with Cool & Audio package or smart Audio-System.
²For iOS and selected Android smartphones; for compatibility see smart.com/connect.
³Only in conjunction with Cool & Media package and electric door mirrors.
⁴3 years inclusive, individually extendable thereafter.
⁵Information on compatible smartphones and apps at MirrorLink.com.

The smart Media-System³ is simple and intuitive to operate. Perfectly integrated in the interior design, the optional smart Media-System boasts a 17.8 cm (7-inch) capacitive multi-touch display and high functionality: in addition to a hands-free function and music streaming via Bluetooth®, the Media-System has interfaces for AUX, USB and SD card – enabling you to view pictures and films as well as listening to your own music. Thanks to LIVE services⁴, your journey planning is always up to the minute – with real-time information on any traffic jams and the weather and TomTom Places point of interest search function. Important functions of the smart Media-System such as navigation and telephony can be controlled with voice command. And for easy access to your personal contacts, your music and some apps, you can use MirrorLink⁵ to mirror the display of your smartphone on the smart Media-System.

The JBL Soundsystem incl. 6-channel DSP amplifier with a total power output of 240 W turns your smart fortwo into a small concert hall. Eight high-performance loudspeakers surround you with crystal-clear sound from all sides. The subwoofer in the luggage compartment, which is simple to remove without tools if required, delivers powerful bass and will set your pulse racing.

>> FOR more guard per body.

Because it's best to prevent dangerous situations from arising at all, the smart fortwo has a whole host of innovative assistance systems to prevent accidents from happening. And should the worst come to the worst, the innovative tridion safety cell and five airbags as standard offer maximum protection.

The tridion safety cell

The core element of the innovative smart safety system is not only responsible for the typical smart two-colour look – it also assumes the main role in occupant protection. Just like a nut is protected by its hard shell, the tridion safety cell made of 75% high-strength steel keeps its precious contents safe from harm. In conjunction with further components such as crash boxes and deformation elements, the tridion safety cell ensures maximum safety in a minimum of space.

Forward collision warning

The forward collision warning function (available as an option) helps to prevent rear-end collisions. If the distance to a moving or stationary object becomes too close you receive a visual warning in the instrument cluster so that you can react quickly. If there is a risk of collision an acoustic warning signal will additionally sound.

Crosswind assist

Sudden gusts of wind can lead to tricky situations, especially if you are driving fast. Crosswind assist, a standard feature, detects deviations from straight-line stability and specifically brakes individual wheels so that you do not have to countersteer as strongly.

Lane Keeping Assist

The optional Lane Keeping Assist system is activated at a speed of 70 km/h. It monitors the road ahead of you with a camera and warns you with an acoustic and a visual signal in the instrument cluster if you leave your lane.

Airbags

In addition to airbags for driver and passenger, the smart fortwo comes with a kneebag for the driver and two head/thorax bags in the driver and passenger seat backrests as standard.

>> FOR more
life
per style.

In addition to the smart fortwo with standard equipment, the smart fortwo is available in three individual equipment lines, each with their own individual character. Extravagant, elegant, tech savvy – whatever your lifestyle there's a smart fortwo that fits it. How do you find your ideal smart fortwo? Select your favourite equipment line and engine and add optional equipment packages and individual options for even more design, comfort or functionality.

>> FOR more ideas per standard.

Even the standard equipment is anything but ordinary, and truly smart fortwo. With lots of innovative safety functions such as crosswind assist, esp®, abs, five airbags or cruise control with limiter. In addition, there are lots of functions and features that make life in the city easier and more carefree, for example the Direct-Steer system with power assistance, hill start assist or the instrument cluster with trip computer. Further features already on board include intelligent stowage space solutions like the twin-section tailgate or the passenger seat with through-loading function. So if you're looking for an uncomplicated way of getting around, why not take a seat behind the wheel and find out how easy getting around in the city can be? Experience the smart fortwo in its purest form.

Interior

- > Dashboard and door centre panels with a black grained finish and accent trim parts in white
- > Fabric upholstery (black)
- > Steering wheel in 3-spoke design
- > Direct-Steer system
- > Instrument cluster with monochrome display in LCD technology and trip computer
- > Grained shift lever knob (black)¹
- > Centre console with double cup holder
- > Electric windows with convenience opening and closing and obstruction sensor
- > Inside door opener, grained (black)
- > Glove compartment, open
- > Interior lighting
- > Passenger seat with through-loading function
- > Load-lashing eyes in luggage compartment

Exterior

- > tridion safety cell in black
- > bodypanels in solid colour black, white or red
- > 38.1 cm (15-inch) steel wheels with wheel caps with front tyres: 165/65 R 15; rear tyres: 185/60 R 15
- > Solid roof in black
- > H4 halogen headlamps with integrated LED daytime driving lights

¹In conjunction with 66 kW engine, shift lever knob in leather. The pictures on this double page show options in some cases.

proxy.

>> Progressive, sporty, trendsetting.

The tridion safety cell that comes in black as standard and the 40.6 cm (16-inch) 8-Y-spoke alloy wheels painted in black hint at the continuation of the progressive design in the interior. The lowered sports suspension and the chrome-plated tailpipe lend the vehicle extra dynamics – and the panoramic roof offers a great view of the sky.

passion.

>> Confident, extravagant, modern.

The smart fortwo passion is the right choice for everyone who enjoys showing off their style. The tridion safety cell comes in black as standard and the 38.1 cm (15-inch) 8-spoke alloy wheels painted in silver emphasise the character of this equipment line.

prime.

>> Stylish, timeless, chic.

The smart fortwo prime boasts high-quality equipment and a timelessly elegant exterior. The tridion safety cell in black and the 38.1 cm (15-inch) 5-twin-spoke alloy wheels with a high-sheen black finish are defining features of the classic look of the exterior.

>> FOR more
character
per car.

passion.

The interior of the smart fortwo **passion** is available in three colour variants that accentuate the extravagant character of this variant: black/orange, black/white and black/black.

- > Dashboard and door centre panels in orange fabric, accent trim parts in black/grey and seats with black/orange fabric upholstery

Or:

- > Dashboard and door centre panels in black fabric, accent trim parts in white and seats with black/white fabric upholstery

Or:

- > Dashboard and door centre panels in black fabric, accent trim parts in black/grey and seats with black/black fabric upholstery

- > 3-spoke multifunction steering wheel in leather
- > Instrument cluster with colour 8.9 cm (3.5-inch) TFT display
- > Shift lever knob in leather
- > Centre console with drawer
- > Vanity mirror in sun visor for driver and passenger
- > Reading light for driver and passenger

prime.

Elegant and timeless: the interior of the smart fortwo prime greets you with elegant leather seats.

- > Dashboard and door centre panels in black fabric, accent trim parts in black/grey and seats in black leather upholstery with grey topstitching
- > Heated seats for driver and front passenger
- > 3-spoke multifunction steering wheel in leather
- > Instrument cluster with colour 8.9 cm (3.5-inch) TFT display
- > Shift lever knob in leather
- > Centre console with drawer
- > Vanity mirror in sun visor for driver and passenger
- > Reading light for driver and passenger

proxy.

The blue and white look of the interior of the smart fortwo proxy is particularly striking. So take a close look!

- > Panoramic roof with integrated sunblind
- > 3-spoke multifunction steering wheel in leather
- > Cool & Audio package
- > Dashboard and door centre panels in blue fabric, accent trim parts in white and seats with upholstery in leather look/fabric white/blue
- > Instrument cluster with colour 8.9 cm (3.5-inch) TFT display
- > Shift lever knob in leather
- > Glove compartment, lockable
- > Stowage net on centre console
- > Centre console with drawer
- > Vanity mirror in sun visor for driver and passenger
- > Reading light for driver and passenger

>> FOR expanding your possibilities in the city.

Tailor your smart even better to your requirements **with the optional equipment packages**. Whether your focus is on sportiness, comfort or a particularly striking appearance – there's a package to suit every taste. Needless to say, the packages can also be combined – to create your very own personal smart fortwo.

Sports package.

Not just for a sporty look outside your gym – this package will turn your smart fortwo into a sporty city mover. For an all-round dynamic impression – inside and out.

- > 40.6 cm (16-inch) 8-Y-spoke alloy wheels painted in black, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16
- > Sports suspension lowering the vehicle by 10 mm
- > Exhaust system with chrome-plated tailpipe trim
- > Multifunction leather sports steering wheel in 3-spoke design with grey topstitching (including shift paddles in conjunction with twinamic 6-speed dual clutch transmission)
- > Brushed stainless steel sports pedals with rubber studs

Urban Style package.

Is sporty elegance your style? Then the Urban Style package is right up your street – with dynamic wheel house liners and stylish bicolour alloy wheels in a 5-twin-spoke design.

- > 40.6 cm (16-inch) 5-twin-spoke alloy wheels painted in black and with a high-sheen finish, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16
- > Wheel house liners in black with smart lettering

Comfort package.

Make yourself comfortable – in several respects. The height-adjustable driver's seat and the height-adjustable steering wheel included in the comfort package can be perfectly adjusted to your height.

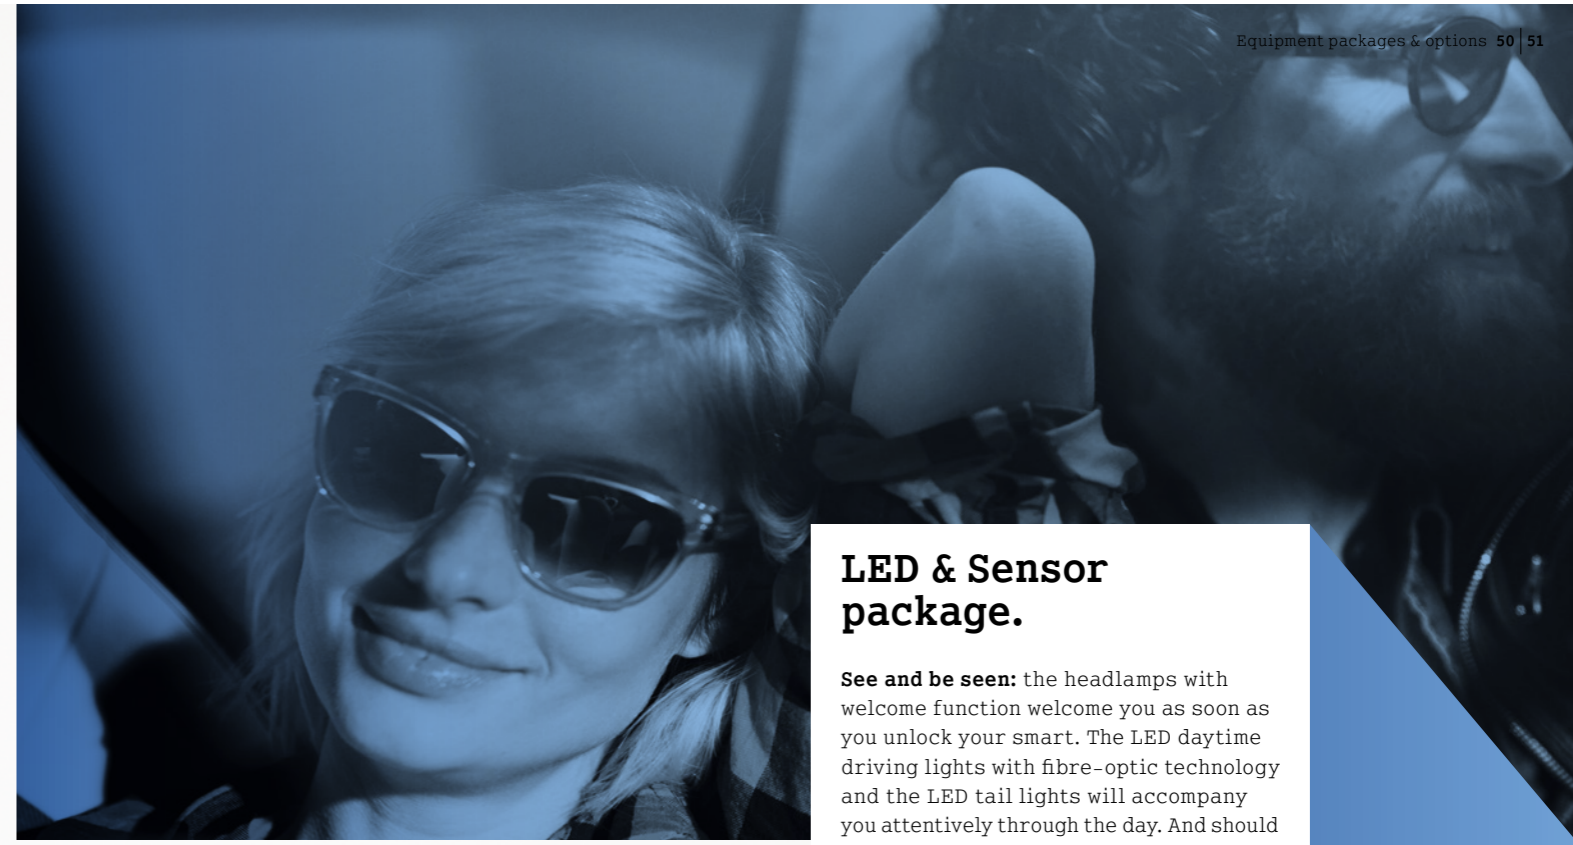

- > Driver's seat height-adjustable
- > Steering column height-adjustable
- > Door mirrors electrically adjustable and heated

Stowage Space package.

Create space: with the Stowage Space package you can stow your belongings quickly, securely and neatly in the glove compartment and stowage net.

- > Glove compartment, lockable
- > Stowage net on centre console in passenger footwell

LED & Sensor package.

See and be seen: the headlamps with welcome function welcome you as soon as you unlock your smart. The LED daytime driving lights with fibre-optic technology and the LED tail lights will accompany you attentively through the day. And should it rain or get dark, the ever-vigilant rain and light sensor is on board.

- > H4 halogen headlamps with welcome function, integrated daytime driving lights featuring LED fibre optic technology
- > LED tail lamps
- > Front fog lights
- > Rain and light sensor

Cool & Media package.

Simply good: the large 17.8 cm (7-inch) multi-touch display not only looks good, it is also particularly simple and intuitive to operate. The automatic climate control also makes things easy for you: simply set the temperature of your choice with the slide control.

- > smart Media-System with 17.8 cm (7-inch) multi-touch display, AUX/USB/SD interface in centre console, voice control, Bluetooth® interface with hands-free system, MirrorLink®¹, audio streaming for music transfer, maps for the whole of Europe including 3 years of LIVE services²
- > Automatic climate control with automatic temperature control and combined filter with activated charcoal

Cool & Audio package.

Music, please! Play your favourite music via USB stick or MP3 player or stream your audio files via Bluetooth®. With a pleasant temperature at all times.

- > smart Audio-System with AUX/USB interface, Bluetooth® interface with hands-free system, audio streaming for music transfer and to connect with the smart cross connect app (available separately in the App Store for iOS and Android³)
- > Automatic climate control with automatic temperature control and combined filter with activated charcoal⁴

¹Information on compatible smartphones and apps at MirrorLink.com

²3 years inclusive, individually extendable thereafter.

³Selected Android smartphones; for compatibility see smart.com/connect.

⁴In conjunction with 45 kW engine with manual air conditioning.

**>> FOR more
interior
comfort.**

Optional equipment for the interior:

Decide for yourself whether you would like the interior of your smart fortwo to be more comfortable, attractive or practical.

- > Ambient lighting with indirect illumination of the doors, footwells, glove compartment and centre console
- > Folding centre armrest at front
- > Glove compartment, lockable¹
- > Dashboard instrument with cockpit clock and rev counter
- > Retractable luggage compartment cover with net bag
- > Heated seats for driver and passenger
- > Panoramic roof with integrated sunblind

¹For passion and prime only in conjunction with Stowage Space package. Standard for proxy. Available as an option for standard equipment.

Optional equipment for more safety –
for even more relaxed driving.

- > Forward collision warning with visual and acoustic warning
- > Lane Keeping Assist with visual and acoustic warning
- > Rear parking aid
- > Reversing camera¹
- > Anti-theft alarm system monitoring the doors and service cover
- > Breakdown kit with air compressor and sealant

>> FOR more fun & networking.

>> FOR more safety and functionality.

It's not just the name that sounds good: the JBL Soundsystem for the smart fortwo surrounds you with top-quality sound.

Optional equipment for infotainment, navigation & communication: had enough of listening to the radio? Then listen to your own music on the road – for example with eight high-performance loudspeakers incl. subwoofer.

- > smart Audio-System with connection ports for MP3 player and USB, music streaming and hands-free system via Bluetooth® and for connection with the smart cross connect app (available separately for iOS and Android)
- > Digital radio (DAB) for DAB, DAB+ and DMB standards
- > Universal smartphone cradle² for smart Audio-System
- > JBL Soundsystem, including 6-channel DSP amplifier with a total output of 240 W in conjunction with 8 high-performance loudspeakers, including removable subwoofer in luggage compartment

¹Only in conjunction with Cool & Media package and electric door mirrors.
²Approved for smartphones with cross connect app.

>> FOR more personal charisma.

Alloy wheels for boundless individuality: the design and colouring add visual highlights from sporty to elegant. From silver to black or bi-colour – the unusual look of the wheels is perfectly in keeping with the design of the smart fortwo.

1
38.1 cm (15-inch) 8-spoke alloy wheels (R86) painted in black and with a high-sheen finish, with front tyres: 165/65 R 15; rear tyres: 185/60 R 15

2
38.1 cm (15-inch) 5-twin-spoke alloy wheels (R87) painted in black and with a high-sheen finish, with front tyres: 165/65 R 15; rear tyres: 185/60 R 15

3
38.1 cm (15-inch) 8-spoke alloy wheels (R88) painted silver, with front tyres: 165/65 R 15; rear tyres: 185/60 R 15

4
40.6 cm (16-inch) 5-twin-spoke alloy wheels (R91) painted in black and with a high-sheen finish, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16

5
40.6 cm (16-inch) 8-Y-spoke alloy wheels (R95) painted in black, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16

>> FOR more colour on the roads.

The two-colour concept typical to smart has always been an eye-catcher on city streets. And with the new colours for the bodypanels, tridion safety cell and radiator trim it is now even more striking – giving you an even more individual look.

New bodypanel colours

red (solid colour) makes a striking statement. And there is a matching radiator trim for the bodypanels in black-to-yellow (metallic).

New tridion colours

A real highlight: the tridion safety cell in jupiter red (solid colour), in graphite grey (matt) and in lava orange (metallic).

>> FOR more peace of mind: Service & road assistance.

To ensure that you enjoy your smart for as long as possible after buying it, it needs professional, customised service – from your smart service partner. Trust the experts who know the workings of your smart inside out. For your safety and for optimum retention of the value of your vehicle we only use high-quality genuine parts and diagnosis technology tailored to your smart. Try out our excellent service for yourself!

smart service contracts

For carefree driving: choose the smart way to avoid additional garage costs, as unforeseen repairs, maintenance or wearing parts are already covered, depending on the service contract you select. And that pays off with optimum vehicle safety, a vehicle in tip-top condition and long retention of value.

Depending on your requirements and your budget you can choose between:

- > Extended Warranty with the Advance service contract
- > Maintenance package with the Compact service contract
- > Maintenance and wear package with the Compact Plus service contract
- > All-inclusive carefree package with the Excellent service contract

smart road assistance

The free smart road assistance insurance package is included when you buy your new smart and it can be renewed every time you have your vehicle serviced by an authorised service partner.

Benefit from immediate expert assistance almost anywhere in Europe in the event of a breakdown, an accident, vandalism or little mishaps. If necessary, your vehicle will be towed to the next authorised smart service partner. And to ensure that you stay mobile we will provide you with a replacement vehicle. Alternatively, you can continue your journey by taxi, train or plane – including any costs for overnight accommodation.

24h service

It's good to know that smart is there for you almost everywhere in Europe, 365 days a year. Should you ever need assistance, you can contact our call centre at any time on the toll-free number: 00800 2 77 77 77 7¹.

¹Calls from mobile telephones may be subject to a charge depending on the service provider.

>> FOR more flexibility: Financial services.

With a smart you always stay flexible – also when it comes to financing. Our leasing, financing and insurance products are designed to get you behind the wheel of your smart in no time at all. At attractive terms that can be tailored to your needs. Your smart dealer will be pleased to advise you.

Leasing

Always drive a new car whilst remaining financially flexible – leasing a smart is a good idea. You only pay for the use of the vehicle and so benefit from low monthly instalments. We will be pleased to inform you about our products that not only give you financial flexibility but also full peace of mind with a wide range of insurance cover.

Financing

Would you like to finance your smart with instalments tailored to your needs? No problem. Talk to your smart dealer about the options that smart is able to offer you in cooperation with Mercedes-Benz Financial Services. You can also enjoy great flexibility when it comes to financing – right up to the question of whether you choose to keep your smart at the end of the term or exchange it for a new one.

Discover wearable, useful and practical items for every day and almost every situation. After all, the smart brand doesn't only stand for cars, but also for an individual, urban lifestyle. You can see a small selection here. Discover the whole collection at www.smart.com/collection.

Polo shirt with double-layer effect with orange mesh on cuffs and hem. (B67993572-3576)

Key ring with shopping chip in smart fortwo design. (B67993589)

Sports bag and holdall in matt black with highlights in orange. (B67993577)

>> Equipment and features.

Standard equipment

Exterior

- > bodypanels in solid colour black, white or red
- > tridion safety cell in black
- > Door mirror caps, grained (black)
- > Radiator trim, grained (black)
- > 38.1 cm (15-inch) steel wheels with wheel caps with front tyres: 165/65 R 15; rear tyres: 185/60 R 15
- > Summer tyres
- > H4 halogen headlamps with integrated LED daytime driving lights
- > Third brake light featuring LED technology
- > Side indicators in white
- > Door handles, grained (black)
- > Solid roof in black

Interior

- > Dashboard and door centre panels, grained (black) and accent trim parts in white
- > Upholstery in black fabric
- > Steering wheel in 3-spoke design
- > Grained shift lever knob (black)¹
- > Centre console with double cup holder at front, cup holder at rear²
- > Inside door opener, grained (black)
- > Stowage compartment in doors
- > Glove compartment, open
- > Interior lighting
- > Passenger seat backrest with through-loading function (fully folding backrest)
- > Load-lashing eyes in luggage compartment
- > Sun visors with parking ticket holder

Functions and electrics

- > Exterior temperature indicator with frost warning
- > Door mirror manually adjustable
- > Electric windows with convenience opening and closing and obstruction sensor
- > Comfort windscreen wipers with intermittent wiper control and automatic wipe/wash function
- > Rear window wiper with intermittent wiper control and automatic wipe/wash function
- > Heated rear window
- > Instrument cluster with monochrome display in LCD technology and trip computer
- > Headlamp range adjustment, manual
- > Direction indicators with lanechanger function
- > Central locking with radio remote control, visual locking-verification signal and immobiliser
- > 12 volt socket with cover

Technical features

- > Direct-Steer system with speed-sensitive power assistance and variable steering ratio
- > 5-speed manual transmission, for 45 kW, 52 kW and 66 kW turbo
- > Automatic start/stop system³
- > Fuel tank (28 litres)

Safety and assistance systems

- > esp® – electronic stability programme
- > abs – anti-lock braking system with electronic brake force distribution
- > Crosswind assist
- > Hill start assist
- > Tyre pressure monitoring system
- > tridion safety cell in black
- > Cruise control with limiter (variable speed limitation)
- > Airbags for driver and passenger
- > Side airbags for driver and passenger (head/thorax bag)
- > Kneebag for driver
- > Three-point seat belts with belt tensioners and belt force limiters
- > Seat belt reminder warning for driver and passenger
- > ISOFIX child seat fastener on passenger seat with manual airbag deactivation
- > Crash sensor for activation of hazard warning lights
- > drive lock – automatic door locking when driving

¹In conjunction with 66 kW engine shift lever knob in leather.

²Only in conjunction with 5-speed manual transmission.

³Not in conjunction with 45 kW engine.

Features of the equipment lines passion, prime and proxy^{1,2}

Exterior

- > Door mirror caps in the tridion colour
- > Radiator trim, painted
- > Alloy wheels

Interior

- > Instrument panel and door centre panels in fabric
- > 3-spoke multifunction steering wheel in leather
- > Shift lever knob in leather (black)
- > Centre console with drawer
- > Door opener in matt chrome
- > Grab handle for passenger
- > Vanity mirror for driver and passenger

- > Spectacles compartment for driver
- > Stowage compartment in tailgate
- > Ruffled pocket on driver and passenger backrests
- > Reading light for driver and passenger
- > Luggage compartment lighting
- > Backrest adjustment with one-touch function for driver and passenger

Functions and electrics

- > Instrument cluster with 8.9 cm (3.5-inch) colour TFT display and trip computer
- > Service cover, lockable
- > Folding key with remote control, second key with fixed bit

passion

Exterior

- > 38.1 cm (15-inch) 8-spoke alloy wheels, painted silver, with front tyres: 165/65 R 15; rear tyres: 185/60 R 15 (R88)
- > Solid roof in black
- > Radiator trim in black
- > tridion safety cell in black

Interior

- > Dashboard and door centre panels in orange fabric, accent trim parts in black/grey and seats with black/orange fabric upholstery
- > Dashboard and door centre panels in black fabric, accent trim parts in white and seats with black/white fabric upholstery
- > Dashboard and door centre panels in black fabric, accent trim parts in black/grey and seats with black/black fabric upholstery

prime

Exterior

- > 38.1 cm (15-inch) 5-twin-spoke alloy wheels painted in black and with a high-sheen finish, with front tyres: 165/65 R 15; rear tyres: 185/60 R 15 (R87)
- > Solid roof in black
- > Radiator trim in black
- > tridion safety cell in black

Interior

- > Dashboard and door centre panels in black fabric, accent trim parts in black/grey and seats in black leather upholstery with grey topstitching

Functions and electrics

- > Heated seats for driver and passenger

proxy

Exterior

- > 40.6 cm (16-inch) 8-Y-spoke alloy wheels painted in black, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16 (R95)
- > Panoramic roof with integrated sunblind
- > Radiator trim in black (in white at no extra charge)
- > tridion safety cell in black (in white at no extra charge)

Interior

- > Dashboard and door centre panels in blue fabric and accent trim parts in white
- > Upholstery in leather look/fabric white/blue

Cool & Audio package with automatic climate control and Audio-System

Sports package³

Stowage Space package

- > Glove compartment, lockable
- > Stowage net on centre console in passenger footwell

¹Differing from the standard equipment features.

²Not in conjunction with 45 kW engine.

³For details of the Sports package see pages 48 and 70.

Equipment packages

Equipment packages available for the equipment lines passion, prime and proxy

Sports package

- > 40.6 cm (16-inch) 8-Y-spoke alloy wheels painted in black, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16 (R95)
- > Sports suspension lowering the vehicle by 10 mm
- > Exhaust system with chrome-plated tailpipe trim
- > 3-spoke multifunction sports steering wheel in leather with grey topstitching, with twinamic dual clutch transmission, incl. shift paddles
- > Sports pedals in brushed stainless steel with rubber studs

Urban Style package¹

- > Corresponds to the sports package with the following features:
- > 40.6 cm (16-inch) 5-twin-spoke alloy wheels painted in black and with a high-sheen finish, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16 (R91)
- > Wheel house liners with smart lettering

LED & Sensor package

- > H4 halogen headlamps with welcome function, integrated daytime driving lights featuring LED fibre optic technology and LED tail lamps
- > Front fog lights
- > Rain and light sensor

Cool & Media package²

- > smart Media-System with 17.8 cm (7-inch) capacitive multi-touch display, AUX/USB/SD interface (centre console), voice control, Bluetooth® interface with hands-free system, audio streaming for music transfer, MirrorLink®³, navigation system with maps for the whole of Europe including 3 years of LIVE services⁴
- > Automatic climate control with automatic temperature control

Stowage Space package

- > Glove compartment, lockable
- > Luggage net

Equipment packages available for standard equipment and passion, prime and proxy equipment lines

Cool & Audio package

- > smart Audio-System with AUX/USB interface, Bluetooth® interface with hands-free system, audio streaming for music transfer and to connect with the smart cross connect app (available separately in the App Store for iOS and Android⁵)
- > Automatic climate control with automatic temperature control and combined filter with activated charcoal⁶

Comfort package

- > Driver's seat height-adjustable
- > Steering column, height-adjustable
- > Door mirrors electrically adjustable and heated⁷

Options

Exterior

- > Panoramic roof with integrated sunblind⁸
- > tridion safety cell in white, jupiter red, cool silver (metallic), lava orange (metallic) or graphite grey (matt)
- > bodypanels in black-to-yellow (metallic), cool silver (metallic), hazel brown (metallic), lava orange (metallic), midnight blue (metallic), moon white (matt) or titania grey (matt)
- > Radiator trim in black^{9,10}, white¹⁰, cool silver¹⁰, black-to-yellow¹⁰
- > 38.1 cm (15-inch) 5-twin-spoke alloy wheels painted in black and with a high-sheen finish, with front tyres: 165/65 R 15; rear tyres: 185/60 R 15 (R87)
- > 38.1 cm (15-inch) 8-spoke alloy wheels painted in black and with a high-sheen finish, with front tyres: 165/65 R 15; rear tyres: 185/60 R 15 (R86)
- > 38.1 cm (15-inch) 8-spoke alloy wheels, painted in silver, with front tyres: 165/65 R 15; rear tyres: 185/60 R 15 (R88)
- > 40.6 cm (16-inch) 5-twin-spoke alloy wheels painted in black and with a high-sheen finish, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16 (R91)^{11,12}
- > 40.6 cm (16-inch) 8-Y-spoke alloy wheels painted in black, with front tyres: 185/50 R 16; rear tyres: 205/45 R 16 (R95)¹³
- > Wheel house liners with smart lettering^{11,12}
- > Winter tyres¹⁴
- > Wheel trims for steel wheels
- > Front fog lights

Interior

- > Ambient lighting with indirect illumination of the doors, footwells, glove compartment and centre console^{10,15}
- > Upholstery in black leather look¹⁶
- > Centre armrest at front (folding) and double cup holder at front, cup holder at rear¹⁰
- > Velour floor mats, black
- > Glove compartment, lockable¹⁷
- > Retractable luggage compartment cover with net bag

Functions and electrics

- > Dashboard instrument with cockpit clock and rev counter
- > Heated seats for driver and passenger
- > Door mirrors electrically adjustable and heated
- > Ashtray and cigarette lighter

Technical features

- > twinamic 6-speed dual clutch transmission¹²
- > Fuel tank (35 litres)

Safety and assistance systems

- > Forward collision warning with visual and acoustic warning
- > Lane Keeping Assist with acoustic and visual warning
- > Rear parking aid
- > Reversing camera¹⁸
- > Anti-theft alarm system monitoring the doors and service cover (lockable)
- > Breakdown kit with air compressor and sealant
- > First aid kit
- > Warning triangle

Infotainment, navigation and communication

- > Digital radio (DAB) for DAB, DAB+ and DMB standards¹⁹
- > Provision for radio installation with 2 loudspeakers, aerial and 1-DIN slot
- > JBL Soundsystem incl. 6-channel DSP amplifier with total power output of 240 W, with 8 high-performance loudspeakers including removable subwoofer in the luggage compartment^{10,20}
- > smart Audio-System with AUX/USB interface, Bluetooth® interface with hands-free system, audio streaming for music transfer and to connect with the smart cross connect app (available separately for iOS and Android)²¹
- > Smartphone cradle²²

¹Additional Urban Style features available as individual options for proxy.

²Only in conjunction with electric door mirrors.

³Information on compatible smartphones and apps at MirrorLink.com.

⁴3 years inclusive, individually extendable thereafter.

⁵For iOS and selected Android smartphones, for compatibility see smart.com/connect.

⁶In conjunction with 45 kW engine, with manual air conditioning and smart Audio-System.

⁷In conjunction with standard equipment door mirror caps in the tridion colour.

⁸Incl. grab handle for passenger and spectacles compartment for driver. ⁹Standard in conjunction with anti-theft alarm system. ¹⁰Not in conjunction with standard equipment. ¹¹Standard in conjunction with Urban Style package. ¹²Not in conjunction with 45 kW engine. ¹³In conjunction with sports package or proxy equipment line. ¹⁴Not in conjunction with alloy wheels R91 and R95. ¹⁵Only in conjunction with dashboard instrument. ¹⁶Only in conjunction with standard equipment. ¹⁷For passion and prime only in conjunction with Stowage Space package. Standard for proxy. Available as an option for standard equipment. ¹⁸Only in conjunction with Cool & Media package and electric door mirrors. ¹⁹Only in conjunction with Cool & Audio package, Cool & Media package or Audio-System. ²⁰Not in conjunction with standard equipment, only in conjunction with Cool & Audio package or Cool & Media package and with electric door mirrors. ²¹Standard in conjunction with Cool & Audio package. ²²Only in conjunction with Cool & Audio package, smart Audio-System.

¹Information on rated output and rated torque in accordance with directive 80/1269/EEC in the currently applicable version. ²Electronically limited. ³The figures stated were determined in accordance with the stipulated measuring method as set out in directive 80/1268/EEC in its currently valid version. Note according to directive 1999/94/EC in the currently applicable version: the figures do not refer to an individual vehicle and do not constitute part of the offer, but serve solely as a comparison between the different vehicle types. ⁴Determined based on the measured CO₂ emissions considering the mass of the vehicle. ⁵With basic tyres 165/65 R 15 (front) and 185/60 R 16 (rear). ⁶Measured from kerb to kerb. ⁷Figures in accordance with directive 92/21/EC in the version 95/48/EC (mass in running order, fuel tank 90% full, with driver, 68 kg, and luggage, 7 kg, for vehicles with standard equipment. Optional equipment and accessories generally increase this figure, which means that the payload is reduced accordingly). ⁸Up to roof; according to standard DIN 70020-1. ⁹Whichever occurs first. Indicated by maintenance interval indicator. An oil service plus is to be carried out every 20,000 km or once annually.

We are pleased to take back your smart for environmentally friendly disposal in accordance with the European Union* (EU) Directive on End-of-Life Vehicles – but that day lies a long way off (*does not apply to Switzerland). To make it as easy as possible for you to return the vehicle, a network of companies exists which will take back your old car and dismantle and recycle it. You can return your vehicle to one of these companies free of charge. In this way you make a valuable contribution to closing the recycling loop and to saving resources. Further information on recycling end-of-life vehicles and the conditions of return is available at www.smart.com.

Regarding the information in this publication: changes to the product may have been made after going to press on 21 April 2015. The manufacturer reserves the right to effect structural or design modifications, colour changes and changes to the scope of delivery during the delivery period, insofar as such changes or modifications are reasonable for the buyer in due consideration of the seller's interests. Should the seller or the manufacturer employ codes or numbers to describe the order or object ordered, this alone shall not constitute a valid basis for the derivation of any rights. The photographs may include accessories or options that are not part of the standard scope of delivery. Any colour deviations result from the printing process. This publication may also contain variants and services that are not available in individual countries. Information on statutory, legal and fiscal provisions and their consequences apply only to the Federal Republic of Germany at the time that this publication goes to press. Please refer any questions on the provisions that currently apply in other countries and their effects to your smart sales representative.
