PRO-4X[®]

PRO-4X — THE ULTIMATE OFF-ROAD FRONTIER
 Exhibit championship form with Bilstein[®] off-road performance shocks, an electronic locking rear differential, 4-wheel Active Brake Limited Slip (ABLS), skid plates, and all-terrain tires. And with 16" 6-spoke alloy wheels, unique bedside decals, and an exclusive interior with white-faced gauges — PRO-4X looks the part.

U.S. instrumentation shown.

Hill start assist When starting up steep hills, hill start assist helps keep you from rolling backwards. It briefly holds brake pressure so you can switch from the brake pedal to the accelerator.³

Hill descent control When driving down a steep grade in 4WD, hill descent control automatically maintains speed and brake pressure to help provide a controlled descent.³

Electronic locking rear differential Adding to the capability of the 4x4, the available electronic-locking rear differential delivers equal power to both rear wheels, boosting traction to help keep you moving forward.

PICK YOUR POWER

V6 ENGINE With an available 4.0-litre V6 engine packing 261 horsepower, your Frontier[®] is chomping at the bit. And with a massive 281 lb.-ft. of torque, you can tow or haul just about anything you need to bring along!¹

A 4-CYLINDER THAT FEELS LIKE A 6 Frontier also offers a 2.5-L 4-cylinder that pumps out 152 horsepower and 171 lb.-ft. of torque, and features a compact balancer system to deliver the smoothness of a V6.

GEAR UP You can harness the 4-cylinder's power through a standard 5-speed automatic transmission. The V6 is available with either a 6-speed manual² or 5-speed automatic transmission.

¹Maximum towing capacity when properly equipped. Maximum towing of 6,710 lbs. (3,044 kg) for Frontier SV King Cab[®] 4x2. Towing capability varies by configuration. See Nissan Towing Guide and Owner's Manual for additional information. ²PRO-4X[®] King Cab[®] models only. ³Automatic transmissions only. Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. Bilstein[®] is a registered trademark of ThyssenKrupp Bilstein GmbH.

Nissan Frontier[®] SV King Cab[®] 4x2 shown in Brilliant Silver with optional equipment.

Nissan Frontier[®] PRO-4X[®] King Cab[®] shown in Lava Red.

BUILT ON CONFIDENCE

Because four walls are stronger than three, Frontier® features a full-length, fully boxed ladder frame — instead of the 3-sided, open C-shape rails found on some other trucks. The frame is built with super-high-tensile-strength steel in strategic areas for increased torsional stiffness to help deliver improved performance, on- and off-road. And it's the perfect foundation to build upon with our advanced technology.

① Overslung rigid leaf-spring rear suspension

② Available heavy-duty rear axle

③ 4-wheel vented disc brakes with Anti-lock Braking System (ABS)

④ Steel double-wishbone front suspension

Anti-lock Braking System (ABS) helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution (EBD) sends extra force to the rear brakes when you have the additional weight of passengers or cargo in the back.

Vehicle Dynamic Control (VDC)¹ helps you maintain your steered path.

Active Brake Limited Slip (ABLS) senses when a wheel begins to slip, then automatically brakes the slipping wheel and sends additional power to the wheel (or wheels) with the best traction.

¹VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques.
²Tool Box Tray shown in photo is sold separately. See your Nissan dealer for more information. Some components have been chrome-plated or painted for display purposes only.

NISSAN UTILI-TRACK® SYSTEM INNOVATION THAT'S GOT A GRIP

Wouldn't it be cool if you could put the submission hold on cargo? The available Utili-track Channel System on Frontier is fully equipped to help secure just about any type of cargo. Five channels, four cleats, and a lot of thought about how people really use their trucks make a system that's simple, rugged, and offers near-infinite possibilities.

4 CLEATS

Four heavy-duty forged aluminum cleats easily slide in the channels for the flexibility to tie things down — and the strength to hold them.

5 CHANNELS

Unmatched versatility comes in the form of five channels — including two channels in the floor. And since you can lock the cleat anywhere along the rail, Frontier makes sure you find the best position to secure whatever you bring along.

SPRAY-ON BEDLINER

Adding to the incredible versatility of the bed, the available spray-on bedliner is applied at the factory — so you know it's done right. Fade and weather resistant, it's a rugged, non-skid surface that adheres directly to the bed to help prevent rusting.

LOADS OF ACCESSORIES

There's also a full line of accessories to help you get even more out of Utili-track, including a Sliding Tool Box², a Sliding Bed Divider and a Sliding Bed Extender.

Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.

FRONTIER® CREW CAB

Space or comfort? Why not both? Forward-hinged doors make for easy entry, while an available 60/40 split rear bench allows seating for five and easily folds down to create more space. Or flip up the rear seat cushions for more storage room. There's also an under-seat storage tray that's removable for even greater flexibility.

FOLDS DOWN

FLIPS UP

FRONTIER KING CAB®

Smart design means rear doors that give your passengers easy access to the cabin. And with no B-pillars, you also get a huge opening for oversized items. The two rear seats flip up and out of the way to reveal a wide open space for cargo.

Nissan Frontier® SL Crew Cab shown in Steel Leather.

Nissan Frontier® PRO-4X® King Cab® shown in Graphite Steel Cloth.

6 STANDARD AIRBAGS¹

Safety first and foremost In Frontier, making your protection our priority starts with six standard airbags, including seat-mounted side-impact supplemental airbags and roof-mounted curtain side-impact supplemental airbags. The advanced front seat belts on every Frontier feature pre-tensioners that automatically help tighten the belts when the front airbags deploy.¹ And if your body puts too much force on the belt, load limiters give a bit. During a rear-end impact, front-seat Active Head Restraints move up and toward you to meet your head part of the way, helping close the gap and reducing the chance of whiplash.

¹Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. And please see your King Cab® Owner's Manual for specific information about the safest way to secure a child restraint in a Frontier® King Cab®. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated airbags shown for illustration purposes only, actual coverage area may differ. Airbags deflate after deployment.

SURROUND YOURSELF WITH THE BEST

Whether you're on the job or on the go, Frontier® meets your demands. Embrace a great-looking interior plus an available leather-wrapped steering wheel. Crank up the available Rockford Fosgate®-powered audio system! Make and take calls with your hands on the wheel using the Bluetooth® Hands Free Phone System. And get things the way you like it with available Dual Zone Automatic Temperature Control (ATC).

The available RearView Monitor² automatically activates whenever you're in Reverse, making it ideal for lining up your approach to a trailer. Now that's handy.

NissanConnect SM

YOUR WORLD AT YOUR FINGERTIPS

Available NissanConnect with Navigation and Mobile Apps makes your Frontier become your smartphone's best friend. Which means no more separation anxiety for you. Because now, your own hand-picked music, latest tweets, TripAdvisor® tips, Facebook® events, and more, are all working seamlessly together with your compatible smartphone and Frontier's available colour touch-screen.³ Your Nissan Frontier also keeps you in the loop with the available Nissan Navigation System with Nissan Voice Recognition for navigation and audio,⁴ hands-free text messaging,⁵ Bluetooth® hands-free calling and streaming audio,⁶ plus an iPod®/USB input.⁷

Keep your gear where you want it.

D. Fixed Bed Extender

Gives you a long list of cargo options.⁵

Additional Accessories:

- Fog Lights
- Tonneau Cover
- Bed Rail Caps
- Weight-distributing Hitch Ball Mount, Class IV⁶
- Step Rails
- Side window Deflectors
- Bedliner
- Tow Hitch Receiver, Class IV⁶
- Sliding Tool Box
- Bed Tent
- All-season Floor Mats
- And More

See your Nissan dealer for details, or go to accessories.nissan.ca

BUYING AND OWNING

Finance Options Through Nissan Canada Finance, we offer many attractive lease and loan options that can be tailored to your individual needs. We have unique programs such as the Nissan Grad Program, the Loyalty Program or the Nissan Advantage Program. Please visit our website Nissan.ca/finance to explore all of the options available. We have also made it easy to pre-qualify online. All of our programs come with competitive rates and terms. With our flexible options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2017 Nissan is covered by a 3 year/60,000 km⁷ Comprehensive New Vehicle Warranty, a 5 year/100,000 km⁷ Powertrain Warranty, an 8 year/130,000 km⁷ Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

⁴See your Nissan Dealership and read the actual limited warranty. ⁵Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. ⁶See Nissan Towing Guide and Owner's Manual for additional information. ⁷Whichever occurs first.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

Security+Plus™ Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there's no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

Nissan's environmental action plan focuses on several key areas. In addition to increasing production of Zero Emission vehicles like the 100% electric LEAF,[®] we're improving fuel efficiency across our lineup, and reducing the environmental impact of manufacturing through energy-efficient practices in our plants.

¹King Cab[®] only. ²Crew Cab only. ³Automatic transmission only. ⁴Driving is serious business. Only use NissanConnectSM Mobile Apps when safe to do so. App availability is dependent upon vehicle model, trim level, packaging, and/or options. See Nissan.ca/NissanConnect for complete app availability details. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Compatible smartphone required. Cellular network and GPS signals not available in all areas and/or at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Nissan's control. Nissan is not responsible for associated costs that may be required for continued operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Should cellular provider terminate/restrict service, service may be terminated without notice and with no liability to Nissan and its agents or affiliates. Subscription Agreement required and terms and conditions of Subscription Agreement apply. See Nissan.ca/NissanConnect for details. Text rates and/or data usage may apply. ⁵XM[®] and SiriusXM[®] Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic[®]/SiriusXM[®] Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 12 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal, Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. Fees and programming subject to change. ©2016 Sirius XM Canada Inc.
