124 *spider*

*FOUND: A
KINDRED
SPIRIT,
OPEN TO
YOUR
EVERY
WHIM.*

THE TRUE SPORTS CAR IS BACK. THE FIAT® 124 SPIDER FOR 2018 TAKES ITS CUES FROM THE ORIGINAL 124 SPIDER, THE 1967 EUROPEAN CAR OF THE YEAR. ITS EXCEPTIONAL AGILITY AND SIGNATURE ROOMINESS WON OVER DRIVERS DECADES AGO. NOW, A WHOLE NEW GENERATION WILL ASPIRE TO MINGLE WITH THE HIGHWAY'S MOST IRREVERENT PLAYER. LET THE ADVENTURE BEGIN.

CLASSICA

Classic beauty and driving pleasure in its purest form.

- 1.4L MultiAir® Turbo 160 hp with 6-speed manual transmission
- 16-inch Silver aluminum wheels
- AM/FM Bluetooth® radio with 3-inch display and four speakers
- Bifunctional projector halogen headlamps
- Body-color A-pillar header, side sill and door handles
- Body-color power exterior mirrors
- Day/night rearview mirror
- Dual-tip exhaust
- Front double-wishbone suspension
- Leather-wrapped steering wheel with audio controls
- LED taillamps
- Light Silver instrument panel accents
- Manual air conditioning
- Manual soft cloth top
- Molded Black-accent roll bar
- Premium cloth seats with manual adjustment
- Push-button start
- Rear multilink suspension
- Keyless Entry
- Soft-touch upper instrument panel, door-upper and door insert

LUSO

A car that believes you can never be too comfortable.

- 1.4L MultiAir Turbo 160 hp with 6-speed manual transmission
- 17-inch premium Silver aluminum wheels
- AM/FM radio with Bluetooth and 7-inch display
- Automatic Temperature Control (ATC)
- Bifunctional projector halogen headlamps with automatic feature
- Dual bright-tip exhaust
- Front fog lamps
- Heated leather-trimmed seats
- Multimedia Control Knob
- Piano Black instrument panel accents
- Rain-sensitive wipers
- Remote Proximity Keyless Entry with push-button start
- SiriusXM® Satellite Radio¹* with one-year trial subscription

ABARTH

The authentic roadster born with a competitive streak.

- 1.4L MultiAir® Turbo 164 hp with 6-speed manual transmission
- 17-inch Gun Metallic aluminum wheels
- 6-speed AISIN® automatic transmission with steering wheel-mounted paddle shifters — Optional
- Available Hand-Painted Heritage Racing Stripe by Mopar®
- Black lower side sills
- Bright Sport pedals
- Front and rear Bilstein® selective damping shock absorbers
- Front strut tower brace
- Matte Grey instrument panel accents
- Mechanical limited-slip differential
- Perforated leather-wrapped Sport steering wheel
- Performance, heated, leather-trimmed microfiber insert Sport seats
- Performance-tuned with Sport Mode Selector
- SiriusXM® Satellite Radio¹ with one-year trial subscription
- Sport, front and rear fascias
- Sport-tuned, quad bright-tip exhaust

*A note about this brochure: all disclaimers and disclosures can be found on page 21 of the FIAT 124 Spider section.

Go to fiatusa.com for more exciting FIAT® 124 Spider highlights.

FAST FORWARD

Your reputation behind the wheel gets a boost with up to 164 horsepower* from the 1.4L MultiAir® Turbo engine. Additionally, the short-throw shifting of the standard six-speed manual transmission, electric power steering system, electronic traction control and Electronic Stability Control (ESC)² make for tighter corners and fast straightaways. Near-perfect 50/50 weight distribution, lines that compel your eyes to follow along, exquisite materials and fine finishes all contribute to the extraordinary, captivating appeal of FIAT® 124 Spider. Engineers created a soft top with an assist spring that manually opens or closes simply and effortlessly in three seconds or less. FIAT 124 Spider has all the makings to be your perfect getaway car.

*160 hp on FIAT® 124 Spider Classica and Lusso models. 164 hp on Abarth model.

124 Spider Lusso shown in Nero Cinema.

FIAT

SPEED PRODUCTION

The FIAT® 1.4L MultiAir® Turbo four-cylinder with twin intercoolers delivers up to 164 hp* and 184 lb-ft of torque, and can be teamed with either the standard six-speed manual or available six-speed automatic transmission. The upshot? The FIAT 124 Spider gets to peak power and torque at a much lower rpm.

Real-world driving isn't all smooth sailing. That's why FIAT 124 Spider is equipped with a double-wishbone front and multilink rear suspension that enhances steering response and handling. Plus, its 1.4L MultiAir Turbo engine serves up great mid-range torque for easy passing when you need it most — so you can enjoy a great ride no matter what lies ahead.

EFFORTLESSLY
BEND CORNERS
TO YOUR WILL.*

BEHOLD THE SCORPION

IT'S EVEN MORE "YOU"

The collection of authentic Mopar® accessories will pack your FIAT® vehicle with even more punch. From custom graphics like the available Hand-Painted Heritage Racing Stripe (shown) to unique interior upgrades, Mopar has what you need to get the most out of your vehicle. See a full listing of available accessories at mopar.com

SCORPION DNA ADDS AN EXTRA DOSE OF VENOM TO THE FIAT® 124 SPIDER ABARTH.

Abarth reveals the wild side of the FIAT 124 Spider and is the ultimate model for true enthusiasts. Whatever the demands of the day's course, FIAT Abarth amps things up with a mechanical limited-slip differential, Sport Mode button, Bilstein® selective damping shock absorbers and 17-inch Gun Metallic aluminum wheels. Optional race seating and specially tuned quad exhausts turn up the adrenaline even more. Finishing touches include Gun Metallic roll bar covers, windshield surround and Matte Grey interior accents. The operative word here? Swoon.

*ABARTH-TUNED
PERFORMANCE
FEATURES MOVE
THE NEEDLE
INTO THRILLING
TERRITORY.*

Pedigree reveals itself in even the smallest details. It's clear the latest FIAT® 124 Spider was created with the same passion for exquisite design as its popular predecessors.

Among a number of original 124 Spider design cues, the aerodynamic rear features FIAT signature LED taillamps in the iconic rectangular oval shape that caresses the sides of the roadster to enhance its curves. Just a quick glimpse tells you: this is a natural-born Spider.

124 Spider Abarth shown in Rosso with optional Hand-Painted Heritage Racing Stripe by Mopar.

THE DESIGNERS' ASSUMPTION? EVERY RIDER IS AN AUDIOPHILE AND A FULL-ON NEWS JUNKIE.

REVEL IN IT

FIAT® I24 Spider manages to create what other roadsters can't: space. Boasting generous cargo room, the meticulously designed interior offers refined materials, quality leather and Italian-inspired design. Notably soft touchpoints, instruments, storage and technology are all expertly delivered with the driver in mind.

NOW HEAR THIS

With the available FIAT Connect 7.0, you'll enjoy full access to the world at large via an advanced available multimedia system with a 7-inch full-color touchscreen display. Available SiriusXM® Satellite Radio¹ with one-year All-Access trial, MP3 player and available nine Bose® speakers create the soundtrack of your drive.

COMMUNICATION MAJOR

Stay fully plugged in with two USB ports, an auxiliary input and an available Multimedia Control Knob. A Bluetooth® Hands-free³ Communication System lets you take phone calls and stream music while keeping your hands on the wheel. Available GPS Navigation, ParkView® Rear Back-Up Camera⁴ and more help you keep your bearings.

Ivory leather trim with Ivory double stitching packaged with Red Top Edition (late availability).

The available Bose® Audio System delivers premium audio clarity with nine speakers — including two Bluetooth® speakers located in each headrest. They work to deliver clear, detailed sound to both driver and passenger, even with the top down. Included in the available Navigation and Sound Group, or Red Top Edition (late availability).

A range of options for added confidence.

PARKSENSE® REAR PARK ASSIST SYSTEM^{4*}

PARKVIEW® REAR BACK-UP CAMERA^{4*}

ON GUARD

- Four standard air bags⁶
- 3-point seat belts
- High-tensile-strength steel chassis components
- Electronic Stability Control (ESC)²

BLIND SPOT MONITORING⁷ WITH REAR CROSS-PATH DETECTION^{4*}

Beyond its carefree, fun-to-drive persona, here are just some of the advanced FIAT 124 Spider features that will offer extra peace of mind:

ELECTRONIC STABILITY CONTROL (ESC)² is designed to assist drivers in maintaining control of their vehicles during extreme steering maneuvers. ESC² senses when a vehicle is starting to spin (oversteer) or plow (understeer) and attempts to correct the vehicle's course by automatically controlling the throttle and applying the brakes to individual wheels. Standard on 124 Spider.

AIR BAG⁶ SYSTEM It all starts with dual-stage front air bags. In addition, supplemental seat-mounted side air bags work to cushion impacts for all passengers.

BLIND SPOT MONITORING⁷ WITH REAR CROSS-PATH DETECTION⁴ will constantly monitor the space between you and other vehicles. When a side or rear blind spot is encroached, this feature notifies you via illuminated icons on sideview mirrors. Available on Lusso and Abarth models.

PARKVIEW® REAR BACK-UP CAMERA⁴ provides a wide-angle view of the area immediately behind the vehicle, giving the driver greater peace of mind before moving backwards at low speeds. It displays dynamic grid lines on a color touchscreen to aid the driver when the vehicle is in Reverse. Standard on Lusso and Abarth; available on Classica.

STEEL SAFETY FRAME The very core of FIAT 124 Spider: its strong unibody is constructed with high-tensile-strength steel that includes crumple zones designed to help absorb energy in the event of a collision and redirect it away from passengers.

SEE AND BE SEEN Standard projector halogen headlamps and halogen daytime running lamps (DRLs), as well as available LED headlamps and available LED DRLs, help enable other drivers to see you coming. Additional available lighting enhancements include automatic headlamps, headlamp washers, Auto High-Beam Headlamp Control and an Adaptive Front Lighting System that uses the steering angle and vehicle speed to adjust the headlamp position to maintain a wide field of vision.

PARKSENSE® REAR PARK ASSIST SYSTEM^{4*} can help you park and back out with grace. When the vehicle is in Reverse, these available sensors detect objects in the rear back-up pathway and also provide an audible and visual warning so you have time to react.

(1) SiriusXM audio and data services each require a subscription sold separately or as a package by SiriusXM Radio Inc. Your SiriusXM service will automatically stop at the end of your trial unless you decide to subscribe. **If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates.** Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Current information and features may not be available in all locations or on all receivers. (2) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. (3) Requires a mobile phone equipped with the Bluetooth Hands-Free Profile. Visit UconnectPhone.com for system and device compatibility. (4) Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. (5) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. (6) The Advanced Front Air Bags in this vehicle are certified to the new U.S. Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. (7) Always check visually for vehicles prior to changing lanes. (8) Not compatible with all garage doors. (9) Be sure to follow all instructions in Owner's Manual. (10) Voice Text Reply and Voice Texting features require a compatible mobile device enabled with Bluetooth Message Access Profile (MAP). iPhone and some other smartphones do not currently support Bluetooth MAP. Visit www.UconnectPhone.com for system and device compatibility. Ensure MAP is ON and incoming message notification is enabled. Vehicle must be registered for Uconnect Access and you must fulfill minimum subscription requirements. Also requires the use of a compatible smartphone that supports text messaging and Bluetooth. Check UconnectPhone.com for device compatibility. (11) Uconnect Access Via Mobile uses your smartphone's existing data plan to access information online. To use Via Mobile, you must have a compatible smartphone (with the Uconnect Access app installed and launched, visit UconnectPhone.com for compatibility) and you must fulfill all Uconnect Access registration and subscription requirements. Some applications must be configured on Mopar Owner Connect and may require an account. Via Mobile is included for five years and begins the day you take delivery of your vehicle. Register as soon as possible. Must be within the 48 contiguous United States, plus Alaska, within active and usable cellular range. (12) Transferable. See dealer for details and a copy of limited warranty. Includes towing to an authorized dealer.
