

Q50

INFINITI

EMPOWER THE DRIVE

INFINITI

EMPOWER THE DRIVE

We are like you. We push ourselves beyond our comfort zone. While others might be content with making better machines, we are driven to go beyond—to design cars that push human potential. We build technology to enhance your senses, striking design that demands a response and performance that makes you feel more alive. Prepare to experience the road as it was intended.

INFINITI Q50

Empower the drive with technology. Featuring innovations that enhance everything you do behind the wheel. The world's first digital steering system¹ with power to steer quicker and smoother than imagined. Predictive Forward Collision Warning^{1,8} sees two cars ahead, even when you can't. Active Lane Control^{1,3} helps to stay the course in crosswinds and on uneven roads. Q50. Elevate your journey.

ELEVATING YOUR POWER AND POTENTIAL

This is power through innovation, where the forces of technology open new horizons.

Choose from four advanced engines, including a 3.0-litre V6 twin-turbo¹, for jaw-dropping performance.

SIGN OF PERFORMANCE At INFINITI, performance is more than delivering a heightened driving experience. We believe it should unleash a more dynamic driver in you. And now, a shared passion can be boldly displayed by the letter S. Whether it is more intense power, tuning or design, every INFINITI Sport model represents something special.

Q50S - "RED" SPORT The red "S" represents the highest level of performance and power in its lineup. In the Q50S, that means a 3.0-litre V6 twin-turbo 405 PS engine.

Q50S HYBRID - "BLUE" SPORT The blue "S" signifies the Q50S Hybrid that features the INFINITI Direct Response Hybrid[®] system, a powertrain that delivers a combined system output of 364 PS, for inspiring performance with efficiency at its core.

Q50S - "SILVER SPORT" The Q50S Sport not only delivers an enhanced styling package and tuned setup, it also features two powerful yet fuel-efficient engines. Select either the 2.2 litre Direct Injection Turbo Diesel offering 170 PS, or the 2.0 litre Turbocharged Petrol delivering 211 PS.

405 | **5.1 s**
PS | 0-62 MPH

ALL-NEW 3.0-LITRE V6 TWIN-TURBO 405-PS ENGINE This advanced 3.0t V6 twin-turbo engine introduces innovative technologies such as water-cooled intercooler, advanced electronic valve timing control, and a turbo speed sensor for faster response at a higher peak. As a result it delivers exhilarating acceleration and the empowering performance of 405 PS power and 475 Nm torque.

364 | **5.1 s**
PS | 0-62 MPH

3.5-LITRE V6 ENGINE WITH INFINITI DIRECT RESPONSE HYBRID A combined system power of 364 horsepower responds with thrilling immediacy, while it achieves a surprising 45.6 MPG* combined fuel consumption². It transitions from all-electric mode to full-power hybrid mode with an intense and organic response.

211 | **44.8²**
PS | MPG

2.0-LITRE TURBOCHARGED ENGINE Engineered to deliver eager response and quick acceleration on demand, the turbo spools quickly to produce 211 PS at 5,500 rpm. It also outputs a stirring 350 Nm of torque starting at just 1,250 rpm while achieving 44.8 MPG* combined fuel consumption².

*The figure can be the lowest official combined MPG figure for the relevant vehicle.

170 | **65.7²**
PS | MPG

2.2-LITRE DIESEL ENGINE Robust with a flexible supply of pulling power, this 2.2-litre diesel engine delivers efficient performance with 170 PS and 400 Nm of torque. Accelerate to cruising speed and achieve less than 115 g/km of CO₂ emissions.

PERFORMANCE

CAPTURE THE INTENSITY OF MOTION

Unleash the intelligence and force of the Q50, and free yourself to drive precisely the way you desire.

AN ELECTRIFYING CONNECTION The Q50 steers with innovation. Choose hydraulic rack-and-pinion steering or Direct Adaptive Steering® (DAS)¹. The world's first digital steering system, DAS steers quickest whilst filtering out unwanted vibrations. Tuned for a more natural connection, it also offers an array of settings to personalise performance.

ENHANCED HANDLING The all-new Dynamic Digital Suspension¹ monitors chassis vitals and continually adjusts the suspension to deliver a smooth ride while maintaining tight handling in the turns. Activate Sport mode and tighten the suspension¹ for even firmer handling should you so desire. With Direct Adaptive Steering¹, you control a digital handling system that ensures confidence through every turn.

MORE RESPONSIVE BRAKING With ventilated discs and 4-piston opposed front calipers and 2-piston opposed rear calipers, the available Sport Brakes¹ provide great stopping force from both sides of the rotor at the same time for better bite, more friction and direct feel. On the Q50S 3.0-litre V6 twin-turbo version, these calipers are painted a track-inspired red for visual distinction.

A CONTINUOUS RUSH Acceleration Swell¹ is our vision of power, dedicated to delivering a shape and feel to your increasing speed. By precisely tuning the engine to unleash torque at a broader rev range, you feel a force that seems to increase the faster you go, making its swell feel like a limitless rush, rather than a momentary thrill.

ENHANCING THE DRIVE The INFINITI Drive Mode Selector allows you to personalise the driver settings – steering, engine and suspension – that best suit conditions and driving preference.

INTUITIVE TRACTION Intelligent All-Wheel Drive¹ infinitely adjusts for better available traction by sending anywhere from zero to 50% of the power to the front wheels when you need it, and 100% to the rear wheels for sporty response when you don't. You get All-Wheel Drive (AWD) traction without sacrificing rear-drive feel.

EXTERIOR DESIGN

SHAPED WITH PURPOSE AND INTENSITY

Break free from convention with design that adds a new dimension to premium styling and leaves an unmistakable impression wherever you go.

IMPRESSION AMPLIFIED Prominently placed front and centre, the double arch grille is a signature expression of the INFINITI design. The bottom arc, naturally reflecting the one above, gives the Q50 its distinctive appearance.

ATHLETIC STANCE Large 19-inch alloy wheels¹ not only complement the sporty proportions of the Q50 but are designed to make handling more responsive. The lightweight construction inherently reduces unsprung weight and helps contribute to quicker turn-ins.

AERODYNAMIC ADVANTAGE The upper and lower body of the Q50 directs air to flow over, around and under the Q50, turning it into effective downforce. The overall design achieves near zero lift at the front and rear and helps reduce the effect of wind turbulence at higher speeds.

SIGNATURE STARE OF INTENSITY Undeniably INFINITI, the human-eye-like LED headlights and taillights replicate each other whether the lights are on or off.

DESIGN DISTINCTION In signature INFINITI style, the crescent-shaped C-pillar's sculpted surfaces exude elegant, fluid motion.

TRAFFIC TECHNOLOGY

MASTER THE WAY YOU MOVE THROUGH THE CITY

Intelligent technologies are always adapting to meet changing road and traffic conditions.

HELPING YOU STAY ON PATH Working with Direct Adaptive Steering⁰¹, Active Lane Control^{1,3} evaluates the road ahead and can automatically make small steering angle corrections due to uneven road surfaces or crosswinds. You gain an increased feeling of stability, while reducing steering wheel vibration.

MANAGE YOUR PACE Set your desired speed and safe following distance, and Intelligent Cruise Control (Full-Speed Range)^{1,5} can not only maintain but also automatically adjust your speed in slowing traffic. When traffic speeds resume, Intelligent Cruise Control can bring you back up to your preset speed and distance.

KEEP YOUR DISTANCE Distance Control Assist^{1,6} looks ahead and helps you to keep a safe following distance to the vehicle ahead. If the system detects a slower moving vehicle ahead, and you do not take your foot off the accelerator pedal, the system will automatically engage the brakes and push back on the pedal in order to assist you to maintain a safe following distance.

MAINTAIN YOUR LANE The Lane Departure Warning and Lane Departure Prevention Systems^{1,3} monitor lane markings and will warn you if you start to drift. If the drift continues, the Lane Departure Prevention System will provide slight input to ease your Q50 back towards the centre of your lane.

KNOW YOUR WAY Find your way through busy streets and unfamiliar territory. INFINITI InTouch™ Navigation^{1,4} lets you choose a view that's most intuitive to you—a 2D overhead view or a 3D Birdview perspective. Now, you can access reliable unlimited search capabilities directly from your vehicle. Search for a destination without knowing the specific name or category, and then save it or start your journey. A connected online search is based on the latest available information.

CONVENIENCE

ANTICIPATING YOUR NEEDS. HEIGHTENING YOUR AWARENESS

Naturally and instantly, your abilities are amplified—in the way you see and in the comfort you feel, leaving you free to focus on the drive.

360°
VIEW

SEE EVERY SIDE Gain a new perspective on what is around you. With the Around View Monitor with Moving Object Detection and the Front and Rear Sonar System,^{1,7} four cameras and one virtual 360° view from above make it easy to see and manoeuvre in even the tightest spaces. Peek around corners with confidence, thanks to a new front camera that looks out to the side with a sweeping near 180° view.

INTUITIVE FRONT LIGHTING Illuminate where you really want to be. The Adaptive Front lighting System¹ (AFS) improves visibility at intersections and around curves by sensing your steering and turning the headlights to see not just ahead but around as well.

RECIRCULATE. REFRESH. RELAX. The Advanced Climate Control System¹ constantly monitors cabin air quality, sensing and removing outside pollutants before you breathe them in. The system closes the vents, and then recirculates purified air, filtering out up to 99.5% of allergens.

ASSISTING EFFICIENCY To help improve fuel economy, the Eco Pedal¹ system counteracts with the pedal push-back control mechanism if an excess of pressure on the accelerator is detected. An indicator on the instrument panel will also indicate the optimal level for fuel efficient driving.

VISIBLE COURTESY If an oncoming vehicle approaches when your high beams are on, Smart Beam Assist² will automatically dim your headlights. The system optimises your vehicle's forward lighting, without requiring you to be distracted by turning the high beams on and off.

SAFETY

INNOVATIVE TECHNOLOGY HELPS YOU TO SEE CLEARLY WHILST AVOIDING OBSTRUCTIONS

Empowering technologies are on alert, ready to help you respond and acting to help protect.

MORE CONFIDENT WHEN BACKING UP Backup Collision Intervention^{1,7} helps increase your awareness and ability to react. As you back up, the system warns you if approaching vehicles or large stationary objects are detected behind your Q50 and can help you avoid a collision by applying the brakes.

RECOGNISING DANGER Predictive Forward Collision Warning^{1,8} uses radar to continuously monitor not only the vehicle directly ahead of you but also the vehicle in front of it. If the system detects a potential risk, it provides an audible and visual alert.

ADVANCED WARNING Forward Emergency Braking^{1,8} provides another level of security by detecting vehicles in the lane ahead of you. If deceleration is required, it pushes up the accelerator pedal and applies the brakes, helping you to prevent or minimise a collision.

SENSES WHERE YOU CAN'T SEE The Blind Spot Warning and Blind Spot Intervention Systems^{1,9} use sensors to detect vehicles entering the blind spot area. First, a warning light will illuminate. Then, if you move toward the occupied lane, a warning sounds. A slight input will also help guide your Q50 back to your current driving lane.

PREPARED TO PROTECT During emergency braking situations, the Pre-Crash Seat Belts¹ are automatically tightened.

THERE SHOULD YOU NEED IT The Engine Pop-Up Hood¹ is another INFINITI industry-leading safety technology. In a front-end pedestrian collision, the hood is designed to pop-up instantly. This creates additional space above the engine in order to reduce the severity of the impact.

IN TOUCH WITH YOUR CONNECTED WORLD

INFINITI InTouch makes your world flow. Your life is always moving, and INFINITI InTouch with Navigation¹ and INFINITI InTouch Mobile Apps seamlessly bring your world into your car. Stay ahead and with access to your voice, text, email, calendar, navigation and music.⁴

A PREMIUM CONNECTION Every time you get into the Q50, experience a seamless connection with technology that responds like the technology you hold in your hand. Connecting your smartphone to INFINITI InTouch™ with Navigation¹ and INFINITI InTouch™ Services^{1,4} brings your world into your car. Hear text messages read to you. Catch up on the latest news. Listen to your playlist. Navigate unfamiliar streets or call your friends. The system even remembers your personal driving preferences.

ADJUSTS TO YOU INFINITI InTouch™^{1,4} delivers an intuitive experience right from your driver's seat in the manner that best suits you. You can interact with the state-of-the-art system however you find easiest. The top screen can be operated by touch, steering wheel switches or the INFINITI Controller; it is primarily used for driving information and navigation. The bottom screen can be operated by touch and lets you manage the audio, climate controls and driving performance settings.

HIGH-PERFORMANCE AUDIO The Bose® Performance Series¹ with 16 speakers features Advanced Staging Technology that dynamically directs the music to keep you fully immersed in sonic clarity. Genuine metal grilles add a premium touch and help protect the speakers. AudioPilot® 2.0 Dynamic Noise Compensation Technology improves acoustics by constantly monitoring exterior noise and adjusting sound levels accordingly. Whether you're streaming music from your phone via Bluetooth®, playing your iPod® or tuned into Digital Audio Broadcasting (DAB), Centerpoint® 2.0 Surround Technology allows you to enjoy it all in vibrant surround sound.⁴

BLUETOOTH® AUDIO STREAMING Turn your Bluetooth®-enabled smartphone into a source of music, and listen to your top playlists over the Q50's audio system.⁴

HANDS-FREE VERSATILITY With the INFINITI Bluetooth® Hands-free Phone System⁴, you can make and receive wireless calls using voice recognition. No fumbling. No need for a headset. Just press a button on the steering wheel.

INTERIOR DESIGN

DEDICATION IN EVERY DETAIL

Reveal true craftsmanship that goes into everything you see and the materials you touch.

PLEASING TO THE EYES The soothing glow of the Fine Vision electroluminescent gauges has been designed to not only be brighter, but the contrast delivers information clearly, even at a glance.

CONSISTENT SWITCH FEEL Touch a button. Then touch the one next to it. Every button and switch is crafted with the same level of precision, so you sense a consistent INFINITI feel under your fingertip. With this attention paid to a switch, imagine how the remaining surfaces feel.

TACTILE ARTISTRY The soft, specially treated, semi-aniline leather-appointed sport seats in the Design Package¹ feature a unique quilted pattern and contrast stitching that adds another level of distinction. The center console and door panels feature Natural Maple Wood accents to add an extra touch of texture.

SOFTER SEAT BELTS The seat belt is one of the few surfaces you continually touch, so we use a variable herringbone weave that is softer than standard fabrics. This makes it more comfortable to wear, easier to pull out, and even less likely to snag your finer fabrics.

PERSONAL ATTENTION

TAILORED TO YOUR EVERY ARRIVAL

Begin every journey with a special moment. Be at the centre of thoughtful conveniences that always make you feel special.

INVITING YOU IN For added convenience and safety, Attraction Lighting¹ responds to your presence automatically with a sequence of exterior then interior lights. The puddle lights illuminate the ground below, and then the interior lights glow to help you settle in. The choreographed sequence ends with the ignition button pulsing, waiting for you to bring it to life.

WARM WELCOME Here, every aspect of your entrance is as hospitable as possible. Heated front seats¹ will keep you warm during winter months or chilly nights with the simple push of a button.

INFINITI INTELLIGENT KEY Recognising you upon your approach, the INFINITI Intelligent Key² lets you unlock the doors and trunk, and even start the engine without taking the key out from your pocket or purse. And as you enter, it slides your seat back for you, then adjusts your steering wheel and outside mirrors automatically to your preferences.¹

OPTIMISED COMFORT The dual occupant memory system¹ allows two custom profiles. Depending on which key you possess, the preferred settings for the seat, steering column and mirrors are automatically executed with the press of a button, giving both drivers an intimate level of comfort.

DISCLAIMERS

INFINITI Europe, Division of Nissan International SA, CH-550-1047524-0, Z.A. La Pièce - Bât. B2, Route de l'Etraz, 1180 Rolle, Switzerland

This brochure is intended for general descriptive and informational purposes only. It is subject to change and does not constitute an offer, representation or warranty (express or implied) by INFINITI Europe. Before relying on this brochure to make a purchase decision, interested parties should directly contact the INFINITI Centre to confirm the accuracy of any information given herein and how it relates to a specific vehicle. INFINITI Europe reserves the right to make changes, at any time, without prior notice, in prices, colours, materials, equipment, specifications and models and to discontinue models or equipment. Due to continuous product development and other pre- and post-production factors, the actual vehicle, materials and specifications may vary from this brochure. Some vehicles are shown with optional equipment. See the actual vehicle for complete accuracy. Availability and delivery times for particular models or equipment may vary. Specifications, options and accessories may differ in other countries. For additional information on availability, options or accessories, contact your INFINITI Centre.

INFINITI has taken care to ensure that the colour swatches presented here are the closest possible representations of actual vehicle colours. Swatches may vary slightly due to the printing process and whether viewed in daylight, fluorescent or incandescent light. Please see the actual colours at your local INFINITI Centre.

1 Available on selected models. **2** This figure refers to the lowest official combined fuel efficiency or lowest emissions figure. Actual mileage and emissions may vary with driving conditions and other factors. Use for comparison only. **3** Active Lane Control (ALC), Lane Departure Warning and Lane Departure Prevention Systems operate only when the lane markings are clearly visible. These systems may not detect the lane markers in certain road, weather or driving conditions. They cannot prevent accidents or loss of control. Speed and other limitations apply. See Owner's Manual for details. It is the driver's responsibility to be in control of the vehicle at all times. **4** Requires compatible device. Additional subscriptions and network connection may be required. Some services not available in some countries/areas. See InTouch section of the INFINITI website for more information. **5** Intelligent Cruise Control is not a collision avoidance system or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. **6** Distance Control Assist helps maintain a distance to the vehicle in front under certain conditions. Not a collision avoidance system. Failure to apply the brakes could result in an accident. **7** Backup Collision Intervention, Around View Monitor with Moving Object Detection (MOD) and Front and Rear Sonar cannot completely eliminate blind spots and may not detect every object. Speed and other limitations apply. Some (e.g. MOD) operate at vehicles speeds below 5 mph. Always check surroundings and turn to look behind you before moving vehicle. **8** Predictive Forward Collision Warning and Forward Emergency Braking are intended to warn you before a collision occurs; they cannot prevent a collision and are not a replacement for responsible driving. They may not provide warning or braking in certain conditions. Speed and other limitations apply. Never rely solely on any driver aids. **9** The Blind Spot Warning/Blind Spot Intervention Systems are not a substitute for proper lane change procedures. The systems will not prevent contact with other vehicles or accidents. They may not detect every vehicle or object around you.

For further details on all features, visit the INFINITI website or see Owner's Manual.

For UK: Fuel economy figures for the Q50 range: mpg (l/100km). Urban 21.2-51.4 (13.3-5.5), Extra Urban 42.2-76.3 (6.7-3.7), Combined 31-65.7 (9.1-4.3). CO₂ emissions 206-114 g/km.

Fuel economy figures are obtained from laboratory testing and are intended for comparisons between vehicles and may not reflect real driving results. Optional equipment, maintenance, driving behaviour, road and weather conditions may affect the official results.

All INFINITI models for UK are right-hand driven.

GENUINE INFINITI ACCESSORIES

The same exacting standards applied to the creation of an INFINITI vehicle go into designing and manufacturing Genuine INFINITI Accessories. With a wide array of quality products designed to integrate seamlessly, you can be assured of a custom fit and finish.

ACCESSORIES SHOWN, midnight black grille, load carrier, roof box, welcome lighting.

17" SILVER ALLOY WHEELS
Wherever you go, there'll be no questioning your sense of style and love of sporty design. 225/55 R17, 10 spoke alloy wheels.

ENTRY GUARDS
Set in a stainless steel panel, these soft "INFINITI" illuminated entry guards give the sill area a sporty and sophisticated look. The kit, supplied in pairs, lights up your entrance and protects the paintwork.

TRUNKBOX
Collapsible and constructed of a durable and flexible material, the trunkbox helps keep your belongings and other items from moving around while driving, protecting them and your trunk from damage and reducing clutter.

REAR SPOILER*
Custom-designed for perfect fit and factory-matched colour, it enhances your vehicle's sporty, aerodynamic appearance.

TOW BAR
Tested to meet the highest demands of safety and functionality, the tow bar allows you to bring your needs wherever you want. It is integrated into the car's bodywork and has an approved towing capacity of 1.5t. The tow bar can be removed easily when not needed.

FLOOR MATS
These tailor-made floor mats feature an elegant model emblem and perfectly match the sophisticated and luxurious interior of your Q50. Dirt-repellent and fixed with a safety hook, these mats always stay in best shape.

*Please check applicability with your local INFINITI Centre.

DRIVEN BY DESIRE

Design doesn't answer to logic, it answers to the heart. It begins with the artist drawing a simple line, curve or shape and loving something in it that must be fully expressed. To INFINITI, design is more than a passion, it is part of our business DNA.

In synthesis with powerful design, purity of form rises above style. Through sweeping lines and arching curves, the thing we place above all else is the artist. His sense of the future.

ALFONSO ALBAISA
ALFONSO ALBAISA
INFINITI DESIGN DIRECTOR

QX Sport Inspiration

WHEN A BRAND IS LED BY DESIGN, that becomes the brand's way of communicating. Every vehicle gives voice to that language through the harmony of striking lines, liquid curves and muscular stance. Proprietary elements, including the double arch grille and crescent cut, distinctly express the INFINITI design-led approach to product development and business vision. Fuelled by the power of design, an INFINITI concept car is a glimpse into tomorrow as it develops from being a sketch on the artist's table to taking its rightful place on the road.

UNDENIABLE PRESENCE. UNFORGETTABLE EXPERIENCE

The INFINITI vehicle range defies convention and redefines the premium segment through empowering technologies and expressive design.

ESTABLISHED IN 1989, INFINITI has now grown to include saloons, coupés, convertibles, crossovers and SUVs in its line-up and spans 50 countries worldwide. INFINITI is unique and distinctive – not trying to be all things to all people, but everything to some people. At the heart of the INFINITI brand is a history of human attentiveness where the belief that the total ownership experience is much more important than just the car itself, coupled with a commitment to delivering a more empowering, more assured and more exhilarating driving and ownership experience.

INFINITI HAS COME to be recognised as a brand that delivers expressive and striking car design. A distinctive design crafted by human hand and delivered with a powerful and daring presence on the road. This, combined with an obsessive attention to detail and precision engineering, all contribute to the feeling that to drive an INFINITI is something special.
