REFINED

WHAT SETS ENCORE APART
IS SOMETHING YOU CAN FEEL.

Walk up to Encore and you'll see how its beautifully sculpted shape flows smoothly from the grille to the rear, giving this SUV a fluid, contemporary look. As you approach it, your Encore recognizes you. Sensing the key fob in your possession, the Keyless Open feature allows for the doors to unlock so you don't have to fumble for your keys.

Now get inside, press the push-button start and drive. That's when you'll discover what premium feels like. Each sensation adds to the impression that what you're driving has been crafted with meticulous attention to every detail. Whether you're glancing at a gauge, touching a switch or enjoying the responsive, efficient performance, what's likely to impress you most is how quiet things are inside Encore. That's Buick QuietTuning™ and Bose® Active Noise Cancellation working behind the scenes.

- The front appearance provides a modern expression of luxury.
- LED daytime running lamps feature Buick's unique signature lighting, while standard LED-accented tail lamps echo the front's sculptural design, ensuring you'll see and be seen in the best light.
- The standard 18-inch 10-spoke wheels complement Encore's styling and are sure to leave a lasting impression.

Brush the raised stitching of the leather-trimmed steering wheel, turn on the available heated driver and front-passenger seats and **A SENSE OF WELL-BEING ENVELOPS YOU.** Available leather-appointed seats add another layer of luxury. Buick's QuietTuning with Bose® Active Noise Cancellation technologies help keep the cabin quiet enough for relaxed conversation. An available all-new in-vehicle ionization leaves the air cleaner and fresher. The maintenance-free ionizer produces negatively charged particles that attract airborne contaminants and break down their structure, helping address odors and reduce dust, debris and pollen.

CAPACITY

ENCORE CAN TRANSPORT FIVE PEOPLE AROUND TOWN IN STYLE, CARRY YOUR THINGS WITH EASE—OR DO A BIT OF BOTH.

Your life is versatile: one evening you're piloting everyone to the concert venue, the next morning you're up early to load a week's worth of provisions from the farmers market. That's why with the 60/40 split rear seat folded, Encore offers up to 1370.7 litres (48.4 cu. ft.) of storage space.¹ So whether you need to seat your friends in surprisingly spacious luxury or load new furniture into the cargo area, Encore easily adapts. PROTECT

ENCORE SURROUNDS YOU AND YOUR PASSENGERS WITH AVAILABLE ADVANCED SAFETY TECHNOLOGIES.

Encore has its priorities in the right place: everywhere. In the centre-mounted 8-inch diagonal colour touch-screen display, the standard Rear Vision Camera helps you see what's behind your Encore when backing up, and available Rear Cross Traffic Alert helps make you aware of approaching detected left or right cross traffic when in reverse. Other available confidence-enhancing safety technologies include Forward Collision Alert, Lane Departure Warning and Side Blind Zone Alert.¹

These safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for important feature limitations and information.

AVAILABLE SAFETY TECHNOLOGIES

② SIDE BLIND ZONE ALERT¹

③ FORWARD COLLISION ALERT
