

Cadillac

2015 SRX

SRX

It has a look that appears effortless but doesn't ignore the effort. Lines are sculpted. Tail lamps and headlamps displayed like fine jewels. Interior accents beautifully cut and sewn. A five-seat luxury crossover that suits you. Walks the walk. No matter where your plans take you, you're invited to just let go.

YOUR MOMENT TO SHINE
HAS ARRIVED.

SRX Premium Collection / Radiant Silver Metallic

The integrated spoiler is purposefully designed to manage airflow, which not only helps maximize aerodynamic efficiency but also helps keep the rear glass clear of dirt and moisture.

Impressive in their looks and when it comes to looking out for you, the available HID headlamps with Adaptive Forward Lighting help guide you around curves and corners at night.

Equally impressive available IntelliBeam™ technology automatically turns on high beams when needed and switches back to low beams when sensors detect another vehicle in front of your SRX.

LED accent lights are incorporated into fender-side vents to create a subtle glow and hint of intrigue.

From understated elegance to standout performance, expression comes in many forms with a selection of available 20" wheels. They're equipped with H-rated all-season tires¹ to give beauty an important edge when it comes to handling whatever the road throws at you.

1. All-season tires may not satisfy winter tire requirements in all regions of the country. Tires specifically designed for severe winter conditions and marked with the "winter tire" symbol may be required during certain months or in certain regions. Contact your Provincial, Municipal or local road authority for information regarding which tires are required in your particular area.

LUXURY POURS OVER
EACH AND EVERY DETAIL.

The available **ULTRA VIEW® SUNROOF** makes SRX feel even more spacious with its large glass area that spans both front and rear seats. Once inside, your eye is drawn immediately to precise **CUT-AND-SEWN ACCENTS**, available supple leather seating surfaces and the rich grain of exotic Sapele wood trim. Soothing warmth and a gentle flow of air circulate throughout the available **HEATED AND VENTILATED FRONT SEATS** to keep you feeling refreshed and relaxed. Because everyone has their own idea of the perfect temperature, SRX offers available **TRI-ZONE CLIMATE CONTROL**, which allows each passenger to adjust to their ideal setting. The available **MEMORY PACKAGE** also keeps comfort top of mind. From the adjustable pedals to the positioning of the driver seat and outside mirrors, everything falls into place with the touch of a button. If it's a quiet spot you want, **BOSE® ACTIVE NOISE CANCELLATION** actively monitors and measures undesirable cabin noise and sends a cancelling frequency through the speakers to reduce powertrain sounds and create a serene interior.

EXPANDS THE BOUNDARIES OF YOUR OWN PERSONAL SPACE.

At the press of a button, the available **POWER LIFTGATE** makes loading and unloading packages a simple affair. SRX can seat five comfortably, or with the **60/40 SPLIT-FOLDING REAR SEATBACK**, you can fold down one or both rear seats to gain extra room for your belongings. The available **CARGO MANAGEMENT SYSTEM** makes intelligent use of space, with a U-Rail rear cargo system integrated into the floor and an **ADJUSTABLE CARGO FENCE** that helps keep luggage and other valuables secure. It also comes with a retractable cargo shade, which easily covers the cargo area to keep your items out of sight. An **UNDERFLOOR STORAGE BIN** in the rear cargo area can also be used to conceal items or as a place to store the cargo fence, while hooks on the underside cover allow you to hang shopping or grocery bags. Add to that an available cooled glovebox to help keep water bottles and other items appropriately chilled.

CADILLAC CUE¹ makes advanced technology conversational. Its Enhanced Voice Recognition lets you speak as you normally would and responds with a world of music, phone and entertainment offerings. A vibrant **8" DIAGONAL TOUCH SCREEN** functions much like a tablet, keeping all of the content within reach. Steering wheel-mounted controls also provide convenient access to CUE, the audio system, cruise control and many other features without taking your hands off the wheel. The available **3-D GPS NAVIGATION SYSTEM**² constantly updates maps on your CUE screen, while NavTraffic³, included for three trial months, keeps you informed of the latest traffic conditions. **ONSTAR 4G LTE**⁴ **WITH WI-FI**⁵ provides a fast, reliable connection. Passengers can connect up to seven mobile devices⁵, allowing them to browse the web, update their status and stream videos right from their vehicle. The standard 8-speaker Bose® sound system or available 10-speaker **BOSE CENTERPOINT® SURROUND SOUND** system, combined with SiriusXM,TM³ ensure you're not just informed, but also entertained. An available **REAR-SEAT DVD ENTERTAINMENT SYSTEM** features dual rear-facing, seat-mounted, flip-up 8" diagonal screens, along with Blu-ray™ playback. Its dual-play capability allows rear passengers to watch a movie on one screen while playing a video game on the other.

1. CUE functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit CUE.Cadillac.ca for more details. 2. At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. 3. Available in 10 Canadian provinces and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-877-209-0079 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See SiriusXM "Terms & Conditions" and complete details at siriusxm.ca.

4. Visit onstar.ca for coverage maps, details and system limitations. Services and connectivity may vary by model and conditions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Customers will be able to access OnStar services only if they accept the OnStar User Terms and Privacy Statement (including software terms). OnStar acts as a link to existing emergency service providers. After the trial period (if applicable), an active OnStar service plan is required. 5. Devices must be WPA2-compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations.

SAFETY BEGINS WITH A SOLID CORE.

Constructed with **ULTRA HIGH-STRENGTH STEEL**, the SRX safety cage surrounds you with protection. If an impact situation does occur, the **SIX STANDARD AIRBAGS¹**, including front- and second-row outboard head-curtain side-impact airbags, are designed to help reduce the risk of injury. There's also **ONSTAR[®] AUTOMATIC CRASH RESPONSE²** standard for one year. In a crash, built-in sensors can automatically send an alert to a specially trained OnStar Advisor who can connect into your vehicle and provide help, even if you can't ask for it.

Upon activating the wipers, the **AUTO-DRY BRAKES** go to work. They position the brake pads closer to the rotor to sweep away moisture and keep the brakes drier – to help provide optimal braking performance. Advanced technologies such as the StabiliTrak[®] Electronic Stability Control System and rollover mitigation sensors keep your SRX firmly planted on the road.

1. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and child safety seat instructions for more safety information. 2. OnStar acts as a link to existing emergency service providers. Not all vehicles can transmit all crash data.

The SRX comes with available advanced driving technology features, such as the innovative **SAFETY ALERT SEAT**. It sends pulses through the seat cushion to alert you to a variety of potential road hazards and the direction they're coming from. **FORWARD COLLISION ALERT** uses a forward-facing front camera to detect and warn you when an impact may be imminent. **LANE DEPARTURE WARNING** monitors road lines and alerts you when your SRX begins to drift into another lane if the turn signal has not been activated. Additional available features include **SIDE BLIND ZONE ALERT**, which warns you if a vehicle is in your blind spot before you merge or make a lane change. **REAR CROSS TRAFFIC ALERT** uses sensors to sweep the rearward sides of SRX, giving you more time to react to approaching objects. There's also a **REAR VISION CAMERA** that displays a live image of the area behind the vehicle to help guide you when you're backing up. When it comes to thinking ahead, SRX has you covered with **ADAPTIVE CRUISE CONTROL**. It uses forward-looking radar and camera technology to naturally maintain a driver-selected following gap from the vehicle ahead, even in stop-and-go traffic. As part of Adaptive Cruise Control, **FRONT AND REAR AUTOMATIC BRAKING** detects when a frontal or rear collision is imminent and automatically applies braking to lessen impact severity, helping the driver avoid certain low-speed impacts altogether. To discover more about SRX and the available Driver Awareness and Driver Assist Packages, see page 18.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times.

SHARP LINES
TAKE ON SHARP CURVES.

Effortless performance impeccably delivered. That's the **308-HP V6 ENGINE** in the SRX, offering more power than the Lexus RX 350. Available advanced **ALL-WHEEL DRIVE** works in tandem with the rear electronic limited-slip differential (eLSD) to provide enhanced control while cornering. There's also the **AGILE RESPONSIVENESS** of available Continuously Variable Real-Time Damping suspension. It senses how the vehicle is reacting to the road and adjusts damping forces every two milliseconds. Combined with All-Wheel Drive, the result is a precise, confident and refined ride, whether it's raining or 21 degrees and sunny.

20" 6-SPOKE ALUMINUM WITH MIDNIGHT SILVER FINISH

OWNER PRIVILEGES

We have created the most comprehensive suite of owner privileges offered by any luxury automotive brand in the world, providing everything our Cadillac owners need and everything they deserve.

PREMIUM CARE MAINTENANCE

The Cadillac Premium Care Maintenance program covers routine oil changes, tire rotations, certain air filter replacements and a thorough multipoint vehicle inspection for 4 years or 80,000 kilometres!

WARRANTY PROTECTION

The Cadillac 6-year or 110,000-kilometre¹ Powertrain Component Limited Warranty offers more years and kilometres standard than BMW, Mercedes-Benz and Audi. In addition, our 4-year or 80,000-kilometre¹ New Vehicle Limited Warranty covers most repairs on your vehicle, including parts and labour, to correct any concerns in materials or workmanship.

COURTESY TRANSPORTATION

This program provides alternative transportation and/or reimbursement of certain transportation expenses if your Cadillac requires warranty repairs for 6 years or 110,000 kilometres.¹

ROADSIDE ASSISTANCE

Cadillac offers more years of standard Roadside Assistance than any leading luxury automaker, with services for 6 years or 110,000 kilometres¹ – the same years and kilometres you'll enjoy with our Powertrain Component Limited Warranty. This 24/7 program provides lock-out, towing and refuelling services and more.

The OnStar² Directions & Connections Plan allows you to push one button to find the things and places you need. Get directions or a diagnostics check while you drive. Make calls with both hands on the wheel, and control your vehicle with the OnStar RemoteLink[®] mobile app.³ And, as always, get help immediately in a crash or an emergency. SRX comes standard with one year of the OnStar Directions & Connections Plan.

EMERGENCY BY ONSTAR

With Automatic Crash Response⁴ in a crash, built-in sensors can automatically alert a specially trained OnStar Advisor who is immediately connected into your Cadillac to see if you need help sent to your exact location. Other OnStar emergency services include Injury Severity Prediction and First Assist, which ensure you quickly get the help you need when seconds matter most.

SECURITY BY ONSTAR

If you've reported your Cadillac stolen, OnStar can use GPS technology to help authorities quickly locate and recover it. An OnStar Advisor can further assist authorities by sending a remote signal to activate Stolen Vehicle Slowdown,⁵ which can gradually slow the vehicle to a stop to aid in its recovery. Advisors can also enable a Remote Ignition Block⁶ making it impossible to restart a stolen vehicle once it has been turned off.

NAVIGATION BY ONSTAR

Just push the blue OnStar button, and an Advisor can download turn-by-turn directions⁶ to your Cadillac. A voice will then call out every turn, or the directions will be sent to your navigation system, if equipped.

CONNECTIONS BY ONSTAR

Available OnStar Hands-Free Calling⁷ allows you to make and receive calls safely from your Cadillac. With the OnStar RemoteLink mobile app, you can access real-time information and control your vehicle from anywhere you have cellphone service. With a few simple steps, you can find a destination using the RemoteLink app and send directions right to your vehicle.

Available OnStar 4G LTE⁸ with Wi-Fi[®] can help you stay better connected to the world around you. The content and connections you crave throughout your day have moved inside your Cadillac with a hotspot capable of supporting up to seven compatible mobile devices⁹ at once, along with a reliable 4G LTE connection – making it an easy way to access data on the go. You'll also see an enhancement to current OnStar services, including shorter response times and faster service delivery. This is the most powerful OnStar ever, empowering you and your passengers to create a highly connected world inside your car.

DIAGNOSTICS BY ONSTAR

With the most comprehensive vehicle diagnostics² from OnStar, maintaining your Cadillac can be as simple as checking your email or your OnStar RemoteLink mobile app. Every month, you can receive an email with the status of key operating systems, or push your blue OnStar button for a real-time diagnostics check on demand?

MYCADILLAC APP¹⁰

The ingenuity of the SRX doesn't stop with the vehicle. As a Cadillac owner, an advanced app is available for your new car. From virtually anywhere at any time, a few taps of your finger on your iPhone[®] or Android[™] smartphone let you access features such as parking reminders, Roadside Assistance and more. Plus, in conjunction with the OnStar RemoteLink app, you'll have the ability to remotely start your vehicle (when factory-equipped with remote start) and lock and unlock your doors from any place you have cell service. In addition, you can access key diagnostic information, including fuel tank level and range and remaining oil life.

1. Whichever comes first; fully transferable. 2. Visit onstar.ca for details and system limitations. OnStar acts as a link to existing emergency service providers. Services vary by model and conditions. After the complimentary period, an active OnStar service plan is required. 3. Available on select iOS, Android, BlackBerry and Windows devices. Requires an active OnStar service plan. Services vary by device, vehicle, conditions and the type of service plan you have. Please visit onstar.ca/mobile for vehicle availability, system limitations and further details. 4. OnStar acts as a link to existing emergency service providers. Not all vehicles can transmit all crash data. 5. Service varies by model and conditions. Visit onstar.ca for details and system limitations. Stolen Vehicle Slowdown and Remote Ignition Block are available on select 2009 and newer GM vehicles. 6. Requires ABS and Directions & Connections Plan. Visit onstar.ca for coverage map. Services vary by model. 7. OnStar Hands-Free Calling requires an existing OnStar service plan and prepaid minutes. Not available in certain markets. Calls may be made to the U.S. and Canada only. 8. Visit onstar.ca for coverage maps, details and system limitations. Services and connectivity may vary by model and conditions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Customers will be able to access OnStar services only if they accept the OnStar User Terms and Privacy Statement (including software terms). OnStar acts as a link to existing emergency service providers. After the trial period (if applicable), an active OnStar service plan is required. 9. Devices must be WPA2-compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations. 10. Requires iPhone or Android mobile device. 11. Subject to eligibility. 12. Conditions and limitations apply. 13. Program subject to change.

ACQUISITION OPTIONS

In addition to the many exclusive privileges of Cadillac ownership, General Motors of Canada has created a range of supplementary support programs to enhance your ownership experience. Some of these programs assist you in purchasing the Cadillac of your choice. Others help protect you and your new Cadillac over the long term.

PURCHASING OR LEASING

- **GM Student Bonus Program** – Students or recent graduates of high school, college or university¹¹ may be entitled to receive a Student Bonus Vehicle Redemption Allowance of \$500 or \$750¹² (tax inclusive; purchased vehicle dependent) to use toward the purchase, lease or finance of one eligible new Cadillac vehicle.
- **Purchase Financing or Leasing** – On-the-spot financing at your GM dealership!¹³
- **The GM Card** – GM cardholders may redeem up to \$3,500 GM Card[®] Earnings (subject to Vehicle Redemption Allowances) toward the Total Purchase Price on eligible new GM vehicles.¹⁴ For full program details, please visit thegmcard.ca.

ADDITIONAL OWNERSHIP PROGRAMS

- **Cadillac Owner Centre** – As an owner, take advantage of the Cadillac Owner Centre. The online owner's destination gives you access to contests, current offers and the latest driving and maintenance tips. Find out more at cadillacowner.ca.
- **GM Protection Plan (GMPP)** – The only extended service plan backed by the resources and commitment of General Motors. GMPP may be purchased at the time of sale or subsequently during the New Vehicle Limited Warranty period.¹²

INFORMATION RESOURCES

You can obtain more information about Cadillac vehicles and programs from your Cadillac dealer, or at these information centres:

- The Cadillac website at cadillac.ca.
- The Cadillac Contact Centre at 1-888-446-2000 (1-800-263-3830 for TDD users).

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of printing, please check with your Cadillac dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for a product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

Cadillac vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Cadillac vehicles. Certain equipment ordered may be unavailable at the time of assembly, and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

A WORD ABOUT CORROSION

Cadillacs are designed and built to resist corrosion. All body sheet-metal components are warranted against rust-through corrosion for 6 years. There is no deductible for rust-through repairs. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended.

TRADEMARKS

The marks appearing in the Cadillac brochure including, but not limited to, General Motors, GM, Cadillac, the Cadillac Crest, and respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as Cadillac User Experience, IntelliBeam and StabiliTrak are trademarks of General Motors and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors. 1. Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your dealer for additional details. 2. Not compatible with all devices. 3. Available in 10 Canadian provinces, 3 territories and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. All fees and programming are subject to change. Subscription subject to customer agreement at siriusxm.ca/terms. 4. CUE functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Visit CUE.Cadillac.ca for more details. 5. Adaptive Cruise Control is not substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. The Front Automatic Braking feature may help reduce crash damage under certain conditions discussed in the Owner's Manual. Never rely on this feature to brake the vehicle.

6. At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. 7. Devices must be WPA2-compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit onstar.ca for system details and limitations. 8. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger airbag. See the Owner's Manual and child safety seat instructions for more safety information. 9. Visit onstar.ca for coverage maps, details and system limitations. Services and connectivity may vary by model and conditions. OnStar with 4G LTE connectivity is available on select vehicle models and in select markets. Customers will be able to access OnStar services only if they accept the OnStar User Terms and Privacy Statement (including software terms). OnStar acts as a link to existing emergency service providers. After the trial period (if applicable), an active OnStar service plan is required. 10. Before making a lane change, always check the Side Blind Zone Alert display, check the exterior and interior rear-view mirrors, look over your shoulder for vehicles and hazards, and start the turn signal.
