

A long-exposure photograph of a winding road at night. The road is illuminated by bright red light trails, creating a stark contrast against the dark, shadowed mountain landscape. The road curves through the valley, with several sharp turns and a prominent hairpin bend. In the background, dark, jagged mountain peaks rise against a slightly lighter, hazy sky. The overall mood is mysterious and dramatic.

STELVIO

SOME MAKE. WE CREATE.

2017 heralded another new chapter for Alfa Romeo, with the launch of our first ever SUV in the Autumn.

Like no other, Alfa Romeo Stelvio contradicts traditional SUV values. Ride height and comfort blend harmoniously with driver appeal. It rewrites the rules of its class, to become the ideal car for those who won't settle for less, offering the versatility of an SUV with the performance of the latest benchmark in sports saloons.

Built in the Cassino plant, situated between Naples and Rome, the All-New Alfa Romeo Stelvio is created alongside the stunning Alfa Romeo Giulia.

INSPIRED BY THE WORLD'S GREATEST DRIVING ROAD

The All-New Alfa Romeo Stelvio draws inspiration from the legendary mountain pass linking Italy to Switzerland, with 48 hairpins in quick succession. The Stelvio pass is widely seen as one of the most beautiful and engaging roads on the planet. Therefore it is the ideal place to put the All-New Alfa Romeo Stelvio to the test.

AN SUV MADE THE ALFA ROMEO WAY

Electronics are an integral part of every modern car and help deliver levels of performance, safety and driving pleasure that were unthinkable until a few years ago.

On top of all this, the Alfa Romeo Stelvio benefits from All-Wheel Drive with Q4 technology, the innovative on-demand system that combines the advantages of four-wheel drive with the driving dynamics that only rear-wheel drive can deliver.

The Q4 (All-Wheel Drive) system includes an active transfer case and front differential designed to meet the specific technical requirements of Alfa Romeo and responsively handle high torque levels with a particularly compact, lightweight set-up.

It works by constantly monitoring road conditions and driving style, and optimising torque distribution between the front and rear axles, to maximise grip and handling on every road surface.

In normal conditions the Alfa Romeo Stelvio acts like a rear-wheel drive vehicle, with the Q4 system sending 100% of the torque to the rear axle, but if the system detects rear-wheel slippage it transfers up to 50% of the torque to the front axle in real time.

The result is impeccable performance everywhere: on a hairpin bend, an unsurfaced track, a snow-covered straight or when cornering in driving rain. With the Q4 system, you really can have more stability when you need it and maximum performance at all times.

YOUR JOURNEY WITH A TWIST

Simply turn the Alfa™ D.N.A. driving mode selector, and the Alfa Romeo Stelvio is ready with the perfect set-up for your road ahead. There are three different driving modes to choose from, which completely transform the car's dynamic performance. The adjustments affect the engine's torque curve, brakes (via the Pre-Fill braking system), transmission logic, accelerator response, stability control system (ESC) and traction control (ASR). The result is a car with three distinct characters, so you can make every journey suit your driving needs.

INTELLIGENT MULTIMEDIA

MEDIA ENTERTAINMENT

Maximum connectivity with a full range of devices. Using the USB/AUX ports and Bluetooth® connection, you can listen to all your favourite music on board. The graphics and system logic are designed to make the steering-wheel-mounted controls and rotary pad the perfect extensions for full control of all infotainment functions.

NAVI

Based on the latest-generation TomTom platform, the system is optimised for simple, intuitive use. The interactive contextual content makes the system the perfect guide on every trip, and the thoughtfully structured display of information makes everything clear at a glance. The navigation system includes 3 years of free maps update.

MYCAR

Vehicle status constantly monitored. Vital information relayed at all times, from technical data to servicing requirements. The graphics combine flat and three dimensional elements to facilitate use and contribute to a gratifying, full-immersion experience of the world of Alfa Romeo.

ALFA CONNECTED SERVICES

With Alfa Connected Services, the driver is always connected with their vehicle thanks to an embedded SIM, GPS and accelerometer. Remote assistance and control services are combined to guarantee increased safety on the road, complete peace of mind and easier vehicle care, all simply managed by the Alfa Connect Mobile App and by web portal www.alfaromeoconnect.eu

EFFICIENT DRIVE

Efficient Drive is a useful aid for all types of driver, from the newly qualified to the most advanced. Intuitive graphics provide a qualitative analysis of driving style and offer useful information and tips for more efficient driving.

The smart way to use an iPhone while driving. With Apple CarPlay on the main display board of Alfa Romeo Stelvio, all the most useful apps can be viewed: street directions, making calls, sending and receiving messages, listening to music, all the while staying focused on the road.

Apple CarPlay is a trademark of Apple Inc.

androidauto

Designed for a totally safe driving experience whilst staying connected. With a user-friendly intuitive interface, integrated steering wheel commands and voice actions, Android Auto™ prevents unnecessary distractions while driving.

Android Auto™ is a trademark of Google LLC.

ALFA ROMEO STELVIO SUPER

Alfa Romeo Stelvio Super is available with:

- 2.2 Turbo Diesel 190hp with ZF 8-Speed Automatic Transmission and Q4 AWD or RWD
- 2.0 Turbo Petrol 200hp with ZF 8-Speed Automatic Transmission and Q4 AWD

Alfa Romeo Stelvio Super trim:

- 18" 5-spoke alloy wheels with all seasons tyres M+S
- 7" TFT colour cluster display
- 6-way manual front seats
- Alfa Connect 3D Nav 8.8"
- Infotainment system (radio, 3D Nav, MP3, Aux-in, Bluetooth®)
- 8.8" wide screen colour display
- 8 speaker audio system
- Rotary pad
- Alfa™ D.N.A. driving mode selector
- Aluminium brake calipers
- Apple CarPlay and Android Auto
- Automatic headlamps
- Automatic windscreen wipers
- Autonomous Emergency Braking (AEB)
- Black painted interior bezels
- Cruise control
- Digital Audio Broadcast (DAB) radio
- Dual-zone climate control
- Electric parking brake
- Engine start button on steering wheel
- Front and Rear Parking Sensors
- Halogen foglights (Diesel only)
- Forward Collision Warning (FCW)
- Halogen headlamps & DRL
- Integrated Brake System (IBS)
- Lane Departure Warning (LDW)
- Leather steering wheel
- Leather and cloth seat (3 colours available)
- LED tail & brake lamps
- Double chrome exhaust tip
- Start&Stop
- Tyre inflation kit
- Two tone dashboard and door panel availability

1-50	£140*	£10	£25
51-75	£140*	£25	£105
76-90	£140*	£105	£125
91-100	£140*	£125	£145
101-110	£140*	£145	£165
111-130	£140*	£165	£205
131-150	£140*	£205	£515
151-170	£140*	£515	£830
171-190	£140*	£830	£1,240
191-225	£140*	£1,240	£1,760
226-255	£140*	£1,760	£2,070
over 255	£140*	£2,070	£2,070

*CARS OVER £40,000 PAY £310 SUPPLEMENT FOR 5 YEARS

[^]NEW DIESEL VEHICLES REGISTERED AFTER 1 APRIL 2018 THAT DO NOT MEET THE RDE2 STANDARD WILL BE CHARGED A SUPPLEMENT ON THEIR FIRST YEAR RATE TO THE EFFECT OF MOVING UP BY ONE VED BAND

BENEFIT-IN-KIND TAXATION

The company car Benefit-in-Kind Taxation scale is linked to the CO₂ emissions level. The table right shows the percentage of the car price to be taxed (PIID value). A simple explanation of how to calculate BIK is shown below.

EXAMPLE OF HOW TO CALCULATE BIK

- Look at the table on the right and find the BIK tax banding to be applied according to the CO₂ emissions of your car. (For example a Diesel car emitting 99g CO₂ is 24%).

- Work out the car's price to be taxed (PIID value) which is calculated as: Total Retail Price (Basic Price + VAT) + Number Plate (£25.53) + Delivery costs (£615) + Options (Including VAT).
- Calculate the BIK as follows: PIID value x BIK tax banding percentage.
- Multiply BIK figure (from 3.) by your personal tax band – i.e. 20% or 40% to give your annual BIK costs.

2018-19 % BIK RATE		
CO ₂ EMISSIONS (G/KM)	PETROL	DIESEL
0-50	13%	0%
51-75	16%	0%
76-79	19%	23%
80-84	19%	23%
85-89	19%	23%
90-94	19%	23%
95-99	20%	24%
100-104	21%	25%
105-109	22%	26%
110-114	23%	27%
115-119	24%	28%
120-124	25%	29%
125-129	26%	30%
130-134	27%	31%
135-139	28%	32%
140-144	29%	33%
145-149	30%	34%
150-154	31%	35%
155-159	32%	36%
160-164	33%	37%
165-169	34%	37%
170-174	35%	37%
175-179	36%	37%
180+	37%	37%

MOPAR PRODUCTS & SERVICES

The mission of Mopar[®] is to ensure customers of all brands within Fiat Chrysler Automobiles receive a satisfying ownership experience for the vehicle's entire life cycle, putting their after-sales service leadership and know-how at their service. Mopar[®] looks after cars from the moment they leave the retailer onwards, guaranteeing the customer the very highest level of service, employing cutting-edge technology and innovative, original and high-quality products.

COMPREHENSIVE WARRANTY

3 Year New Car Warranty

Your 3 year new car warranty comprises of a manufacturer's 24 month warranty and a further 12 months retailer warranty, guaranteeing your vehicle against any manufacturer's defects. These warranties give you complete peace of mind during the first 3 years of ownership so that should any components fail due to manufacturing defects these will be replaced with genuine Alfa Romeo parts, free of charge. Full terms and conditions are available on request and listed in your owner's manual.

8 Year Anti-Perforation Warranty

Any perforation of the bodywork due to corrosion will be replaced free of charge during the first 8 years.

3 Year Paintwork Warranty

In the unlikely event of any paintwork defects, due to faulty materials or manufacture, we will rectify these free of charge during the first 3 years.

3 YEARS FREE ROADSIDE ASSISTANCE

The Alfa Romeo Assistance Service provides help in the event of your vehicle developing a mechanical or electrical breakdown at either the roadside or your home. The service is designed to get your car moving as soon as possible. In the event that the fault cannot be fixed at the roadside, then your car

will be taken to your nearest authorised retailer and you will be offered assistance to continue with your onward journey. Full terms and conditions are available on request.

The Alfa Romeo Assistance Service for customers is guaranteed 24 hours a day, every day of the year. If you require these services, dial the Freephone number 00800 2532 0000.

EASY CARE SERVICING PLANS

The Easy Care servicing plan is a flexible annual service plan applicable for every Alfa Romeo model. These service plans are available from one – five years and include all of the scheduled maintenance required on your vehicle depending on the term or mileage selected. They contain all of your essential servicing requirements and replicates the scheduled maintenance schedule shown. The price includes all the parts, labour and fluids required to perform the service schedule created for your car. For more information please contact your Alfa Romeo retailer.

	PETROL	DIESEL
	9,000 mls	12,000 mls
	18,000 mls	24,000 mls
	27,000 mls	36,000 mls
	36,000 mls	48,000 mls
	45,000 mls	60,000 mls
