

RENAULT TRAFIC

DRIVE THE CHANGE

THE RENAULT CUSTOMER CARE PACKAGE: YET ANOTHER OF THE PLEASURES OF RENAULT OWNERSHIP

Today's Renault vans testify to the enormous technological advances made over the past decade and demonstrate the benefits which those advances have brought to the motorist. The modern Renault performs powerfully, uses less fuel and is safer than ever before. Equally important, it is durable and reliable - a fact which is reflected in the comprehensive warranty package enjoyed by every Renault owner. All Renault vans come with 5 years warranty and AA Roadside Assist. Paintwork is also guaranteed for 3 years while the anticorrosion warranty runs for 12 years.

A COMPREHENSIVE RANGE OF PRACTICAL, HELPFUL SERVICES

Renault Roadside Assistance. The support you get in the 5 years of owning your new Renault is enhanced by free Renault Assistance cover. The Renault Assistance team is there for the sole purpose of responding to emergency calls from Renault customers, so you can be assured of top class service. Your handbook will give a complete rundown of all the help and services available to you, but, briefly, they include: Roadside Assistance: if you breakdown or your van is immobilised, at any time of day or night, one free phone call will bring help. Recovery: if you can't be fixed by the side of the road, your vehicle will be recovered to the nearest Renault dealer and you will be offered an alternative form of mobility, if need be. At home: you don't have to be out and about to get help. The Assistance provider will attend a breakdown at your home or office as well.

SERVICES AVAILABLE FROM YOUR RENAULT DEALERSHIP

Superior vans – superior service. Renault is represented by a nationwide network of dealers, so you can be sure that you're never far from experts who can help you get the very most from ownership of your new van. Renault workshops are equipped with the very latest in diagnostic and other equipment to keep your van operating at peak efficiency. Your dealer's parts department houses a huge range of electrical and mechanical parts, so repair or servicing operations are not delayed by the lack of vital parts. Your local dealer is the first point of contact for anything and everything concerned with your new Renault - including, of course, a test drive!

The best accessory shop in town is at your Renault dealer. If you've looked at the specification lists in this brochure, you won't need to be told that Renault vans are amazingly well equipped. But Renault owners are individuals with their own individual tastes, needs and interests. Which is why the Renault Boutique at Renault dealerships offers a wide range of additional equipment and accessories. There are tow bars, wood protection, roof racks, roof bars, and much more besides. Every single item is made to the same quality standards as the components used in Renault vans themselves and is a perfect match for Renault's distinctive visual style.

FINANCE AVAILABLE FROM RENAULT

Renault Finance has arrived, offering a full range of financial services that will enable you to purchase or lease, and protect the Renault of your choice. We offer competitive and flexible finance packages aimed at you, the Renault customer. We are part of one of Europe's largest motor finance companies and service millions of customers everyday. Drop down to your local dealer today to find out more about our latest offers or visit www.renault.ie

WHO BETTER THAN RENAULT TO SERVICE YOUR RENAULT?

Customer Services Department,
Dundrum Retail & Office Park,
Level 6, Block 4,
Dundrum, Dublin 16

Paralympics
IRELAND

Proud supporter of the Irish Paralympic Team

FOR 115 YEARS, WE HAVE ALWAYS COMMUNICATED THE VIEW THAT FOR A VEHICLE TO BE IN TUNE WITH THE TIMES, IT HAS TO BE INNOVATIVE, MAKE A RESPONSIBLE COMMITMENT, AND INSPIRE PASSION WHILE OFFERING SUSTAINABLE MOBILITY FOR ALL.

Our relationship with drivers and their passengers is founded on one simple idea: for a car to be popular, it has to be practical, reliable and suited to the lifestyle and expectations of each individual. This is why Renault offers general models, - cars for living -, accessible for everyone. From the first standardised models in the beginning of the 20th century, to the upcoming launch of the first range of electric vehicles, our aim has always been to make the motor car and mobility available to as many people as possible. Today, we are convinced that another world is possible; a world where the automobile is no longer a threat to the environment but instead combines mobility, safety and quality - for everyone. We assert this vision every day, never losing sight of the fact that passion for motoring is, and will always be, what drives us forward. We want to bring new meaning to the automobile, so that it can take a different, more appropriate position with regard to social issues and so that it will always remain a sign of progress for Mankind. The Renault vehicles for today and for the future are the founding stones of our ambition to offer sustainable mobility to all.

MODERN AND ECONOMICAL, RENAULT TRAFIC ADAPTS TO ALL YOUR NEEDS

5
YEARS WARRANTY
UNLIMITED
MILEAGE

For your peace of mind, all RENAULT commercial vehicles are covered by a comprehensive warranty for 5 years without any mileage limitation.

RENAULT Finance

Once you will have chosen the van that best suit your needs,
RENAULT Finance will help you to drive away with it.

Trafic has been specifically designed to meet the needs of professionals, whatever their business area. Trafic adapts to each of your requirements, offering you a wide range of bespoke commercial vehicle solutions. With its stylish and protective design, quiet performing engines, the latest on-board technology and high levels of comfort and safety, the Trafic holds every advantage!

TRAFIC PANEL VAN

IT TAKES CARE OF EVERYTHING.

We have made the Panel Van range as extensive as possible to be close to your professional requirements. Whatever the load, from delicate plants to heavy parcels, large or small, you will find the Traffic that suits you. A choice of two lengths, two heights and two gross vehicle weights enabling access to most underground car parks, with a practical, easy-in-and-out loading area... so many solutions to meet every business needs.

TRAFIC CREW CAB

COMFORT AND PRACTICALITY.

The Traffic Crew Cab provides up to six seats. The loading area is really practical, a glazed bulkhead separates cabin from load. Inside, passengers travel with total peace of mind and under the best safety conditions.

AN AREA OF WELL-BEING

ERGONOMIC, FOR PROFESSIONAL COMFORT

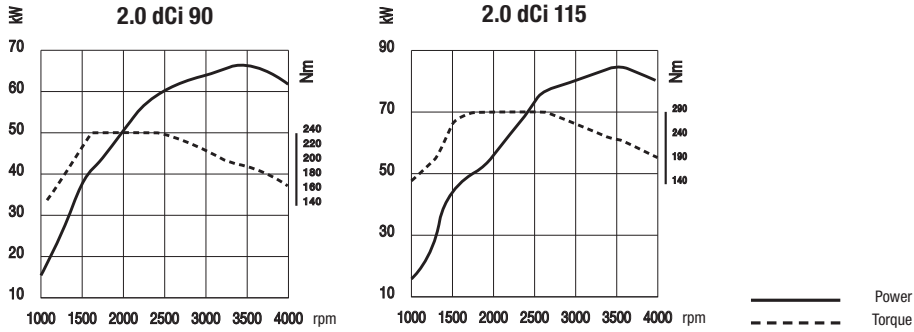

Traffic optimizes your professional environment thanks to a complete range of equipment. Enjoy the benefits of Air conditioning** and save time on your journeys thanks to the reliability of the Carminat TomTom® LIVEnavigation system*. Keep cabin space calm and well organized with a storage compartment for the navigation remote control and the new A4 dashboard compartment that holds your documents. The storage pockets in the middle of the dashboard make best use of all the free space available. A cruise control/speed limiter manages your fuel consumption. The radio range offers Bluetooth® technology and connectivity to your mobile devices**.

* Available as option ** As standard on Executive

DIESEL 2.0 DCI ENGINE

INCREASED PERFORMANCE, REDUCED FUEL CONSUMPTION.

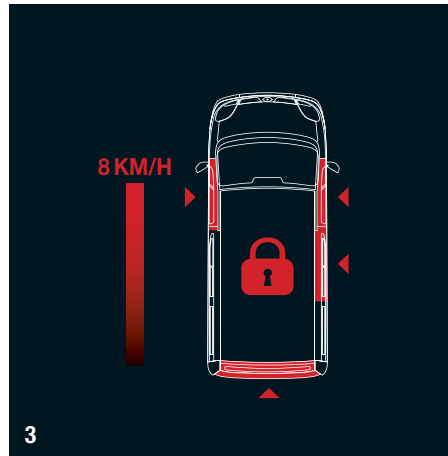

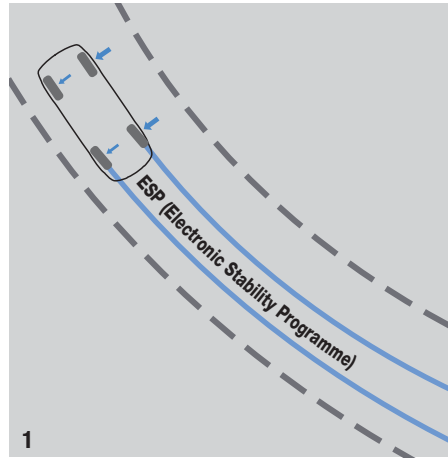

A complete range of engines enables Traffic to meet all requirements. They combine smooth and quiet running to deliver an excellent performance to fuel economy ratio. All engines comply with the Euro 5 standard. Renault also offers approved fleets dCi 90 and 115 engines compatible with "B30" biodiesel.

OPTIMAL SAFETY

WITH TRAFIC, YOU'RE IN A SAFE PLACE.

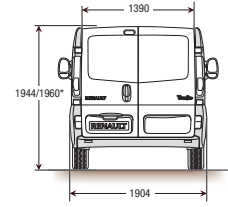

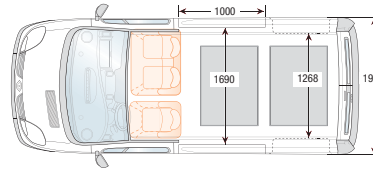

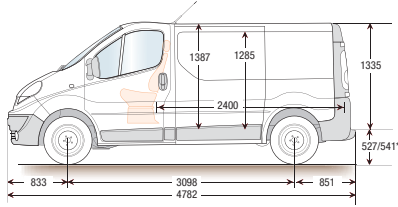

For any professional, safety on the job is an absolute must. To guard against everyday hazards, the Trafic is fitted (as standard or optional), with some truly innovative systems: windscreen wipers with rain sensor, automatic headlamps and automatic door locking when you are on the move (3). To help you keep control in even the toughest conditions, Trafic uses specially developed technologies to counter difficult driving situations. These include ABS brakes coupled with EBD (Electronic Brake Distribution) (2), Brake Assist, adjustable dynamic ESP (Electronic Stability Programme) driving control with load adjustment (1), cruise control/ and speed limiter. Finally, to protect driver and passengers, Trafic offers full safety measures: front, airbags and 3-point height adjustable seat belts with load limiter and pre-tensioners (4).

COMFORT AND TECHNOLOGY

1. RADIO-CD BLUETOOTH® PLUG&MUSIC USB

You can benefit from USB connection via radio. Equipped with Bluetooth function, the radio allows you to listen to music with a real quality sound, ensuring quality audio and has the additional safety benefit to make and receive handsfree mobile calls.

2. CARMINAT TOMTOM® LIVE

With calculation of the best route, real time traffic information and fixed speed camera warnings, all information is attractively displayed on the large colour screen which swivels to face the driver. This equipment saves time and reduces your fuel consumption.

3. TRIP COMPUTER

Indicates the journey parameters (distance travelled, average speed, total, average and current fuel consumption and forecast fuel range).

4. MANUAL AIR-CONDITIONING

ACCESSORIES

1.2.3.4. TOW BARS

Choosing a tow bar is decisive for quality and safety. Renault does not stop with the strictest European standards (EC 94/20). Thanks to additional tests, Renault also ensures that your vehicle will not be damaged by intensive professional use. Finally, Renault also takes into account the hardest climatic conditions, applying an anticorrosion treatment.

5. ROOF BARS

These steel bars can receive a load of 50kg per rail.

6. STEEL LADDER & ROOF RACK

The ladder fits on the rear door of your Traffic. It helps you to load items onto the roof rack. The roof rack is equipped with a rear sliding roller to aid loading. Walkway is also available
