help

Where does strength of character come from?

Total confidence to trust your performance.

An inner resilience that sets you apart, to lead and inspire on the journey ahead.

Understanding how far you've come and exactly where you are going.

Luxurious comfort abounds.
Welcome to a deeply calming
environment.

* Satellite navigation is optional on TR, T₄ and T Spirit.

The new Avensis is defined by meticulous attention to detail.

Many solutions, one Avensis.

The new Avensis is the sum of countless intelligent discussions and challenges. A car that truly understands its driver. Knowledge and experience have informed all the clever solutions that create a superior driving sensation.

- Athletic styling
- Toyota Optimal Drive Technology
- Outstanding driving dynamics

Toyota Optimal Drive.

Put simply, Toyota Optimal Drive means reduced CO₂ emissions, better fuel economy and enhanced performance. It means you no longer have to give up performance to benefit from low CO₂ and improved economy. With Toyota Optimal Drive there is no compromise.

— CO₂ emissions starting from as little as 134 g/km

— Fuel consumption up to 55.4 mpg

— Performance up to 177 DIN hp

We achieve this with amazing new breakthrough power train technologies available across the Avensis range. The figures speak for themselves.

ENHANCED PERFORMANCE
LOWER CO₂
BETTER FUEL ECONOMY

T₂

An inherent sense of quality permeates the T₂. Reassuring interior comfort complements dynamic exterior styling.

Main features

- Radio/CD with 6 speakers (MP3 WMA compatible)
- Air-conditioning (manual)
- Urethane steering wheel with audio switches
- Electric, heated external mirrors
- 60/40 split rear seat configuration
- Front console storage box
- 2-way front headrests
- Dark grey fabric interior trim
- Black front centre console
- Emergency Brake Signal
- VSC+
- Roof rails (tourer)
- 16" steel wheels

TR

The TR exudes a quiet, understated sense of quality. Premium features create enhanced levels of comfort.

Main features (additional to T₂)

- 17" alloy wheels
- Dual zone climate control
- Radio/CD with 6 speakers (MP3 WMA compatible) and Bluetooth® (with music streaming)
- Cruise control
- Rain sensing wipers
- Dusk sensing headlights
- Leather steering wheel and gear knob
- 2-way power lumbar support
- Front and rear power windows
- Front fog lamps
- Boot access via rear seat
- Front console storage box with lid
- 4-way front headrests
- Titanium tinted centre console
- TR dark grey fabric interior trim
- Rear spoiler (saloon 2.0 D-4D only)
- Boot rails (tourer)

Optional features

- Touch screen navigation system

T₄

Cutting edge design and a genuine sense of confidence define the T₄.

Main features (additional to TR)

- Leather interior trim in Pentrich Black or Peveril Stone (dependant upon exterior colour)
- Heated power front seats with two memory settings
- Electronic tilt and telescopic steering column with two memory settings
- Unique 17" alloy wheels
- Privacy glass (tourer)
- Smart Entry & Start System
- Electrochromatic rear view mirror
- Electrically heated & retractable external mirrors
- Bamboo graphics centre console
- Back window sunshade (saloon)

Optional features

- Panoramic roof (tourer)
- Premium navigation system with high specification audio, music hard drive and rear camera

T Spirit

The T Spirit is dynamic and impressive. Providing genuine luxury, innovative features and cutting edge safety.

Main features (additional to T₄)

- 18" alloy wheels
- Panoramic roof (tourer)
- Premium Audio with 6 CD changer*, Bluetooth® & 11-speakers
- Rear parking sensors
- HID Bi-Xenon headlights with AFS

Optional features

- Premium navigation system with music hard drive and rear camera.

* Please note: The 6 CD changer is not available when the Premium Navigation option is selected.

Option Packs

One Avensis, many solutions, easy choices. Accessories and packs are designed by Toyota especially for your Avensis.

Each pack offers you a great value way to tailor your car to the life you lead. For details of the full accessory range, contact your local Toyota Centre or visit www.toyota.co.uk/newavensisaccessories

Protection Pack – saloon & tourer:

01 Rear Toyota Parking Aid TPA400

Sensors in the rear bumper link to an in-cabin alarm that warns of obstacles when reversing.

02 Boot liner

Tough protection against mud, liquids and dirt.

In addition the tourer Protection Pack includes:

03 Cargo manager

A versatile aluminium design that clips neatly into the tourer's boot floor rails.

01

02

03

Satellite Navigation Option Packs:

04 Satellite navigation – TR

Premium Navigation System with high specification audio, music hard drive and rear camera – T₄

Premium Navigation with music hard drive and rear camera - T Spirit (high spec. audio is already standard on T Spirit)

Roof Option Pack – T₄:

05 Panoramic roof

04

05

Option Packs must be ordered when ordering your vehicle.

Accessories

With Toyota genuine accessories you have choices for extra style, practicality and technical innovation for your Avensis. Reassuringly, each accessory comes with the same Toyota commitment to quality as with the Avensis itself.

Audio and technology

Bluetooth® hands-free system – with SWC (w/audio streaming)
Bluetooth® complementary kit
Digital Audio Broadcast (digital radio upgrade)
Homelink® – ivory, black or grey panel
iPod®/iPhone®/USB integration kit
Modular In-car entertainment
Touch screen navigation system
Toyota Parking Aid TPA400

Convenience

Bulb kit
Coat hanger (fixes to rear of front seat)
Cool box
Seat back storage bag, beige/black or blue/black
Sun blinds, back & passenger doors

Interior trim

Carpet mats, greige, anthracite, set 4
Rubber mats, beige, black, set 4
Shift knob (auto, man 5 gear & man 6 gear)
Textile mats, anthracite set 4

Protection

Boot liner, saloon
Boot liner, tourer with trunk rails
Boot mat, tailored, reversible fabric/rubber
Bumper corner protectors
Cargo manager (retains luggage in boot)
Cargo net, horizontal

Cargo net, vertical
Dog guard ½ height
Dog guard full height
Headlamp protection covers
Hood deflector
Mud flaps, front & rear pairs
Rear bumper clear protection film
Rear bumper protection plate – black
Side protection mouldings, black textured

Roof

Roof rack, max. load: tourer 100kg, saloon 75kg inc. rack
The following can only be fitted with the roof rack:
Barracuda bicycle holder, holds one bicycle
Canoe holder, holds one canoe
Small ski holder, 4 pairs of skis or 2 surfboards, lockable
Large ski holder, 6 pairs of skis or 4 surfboards, lockable
Luggage box, silver “Standard” 380L
Luggage box, black “Luxury” 380L
Luggage/ski box, black “Luxury” 390L
Luggage/ski box, silver “Standard” 410L
Sailboard/mast holder

Safety

Baby Safe seat Plus G0+, birth to 13kg (approx. up to 15 months)
Child seat Duo Plus G1+, 9 to 18kg (approx. 8 months to 4 years)
Fire extinguisher
First Aid kit
Reflective jacket
Warning triangle

Style

Exhaust pipe finisher (request petrol or diesel)
Fog lamp contour
Front chrome surround
Front grille
Front skirt*
Lowering springs
Rear chrome garnish, saloon
Rear lip spoiler*, saloon
Rear skirt* (for single or dual exhaust)
Roof spoiler* (fits rear door, tourer)
Side chrome garnish
Side skirt*

Towing

Detachable towbar, vertical – saloon and tourer
Detachable towbar, horizontal – saloon and tourer
Fixed tow bar – saloon and tourer
12V electrics

* (painted to match body colour)

Adding to the appeal

Athletic. Authentic. Assured. Toyota body style accessories were designed especially for the Avensis. Front, side and rear skirts add to that look of high performance. A roof or rear spoiler accentuates the appeal of aerodynamic precision. Individually or as a whole, each accessory contributes an exciting extra touch of sports personality.

01 Front skirt & grille contour
The combination of these style accessories create a powerful impression.

02 Rear skirt
Introduces an extra dimension to your car's rear styling.

03 Side skirts
Add a very sporty look to the side of your car.

04 Exhaust pipe finisher
Chrome finish detail to enhance the sports appearance.

05 Rear spoiler
Emphasises the aerodynamic look of the Avensis saloon.

06 Roof spoiler
Especially designed to complement the aerodynamics of the Avensis tourer.

Style and practicality

Toyota accessories are designed to complement the vehicle. For the Avensis they range from beautifully crafted details like the side chrome garnish and fog lamp contours through to more practical side mouldings and corner protectors. To guard against bumps and scrapes, depending which Avensis model you drive, you can protect your car with colour co-ordinated front, or front and rear, sensors that link to an in-cabin alarm. Plus there's the parking assist system with a rear view camera to show what's happening as you reverse.

01 Side mouldings

Protection against door panel damage.

02 Rear bumper protection film

Transparent film to guard against minor scratches.

03 Side chrome garnish

Stylish visual highlight for the side of your car.

04 Fog lamp contour

Chrome finish bezels to accentuate your fog lamps.

05 Rear chrome garnish

Adds a stylish visual detail.

06 Bumper corner protectors

Front and rear protection against scrapes.

07 Parking aid sensors

Front sensors to complement your pre-fitted rear sensor system.

08 Mud flaps

For the front and rear wheel arches.

Toyota parking aid system has rear, or front and rear, sensors. These activate when reversing and link to an in-cabin alarm that grows louder the closer you get to an obstacle. Parking assist, with its rear view camera, can be used independently or in combination with the sensor system. The camera images are presented either in a special rear view mirror or through the screen on the optional TNS510 navigation system.

Audio and technology

The technology in Toyota accessories is custom designed to have meaning and relevance to the way you choose to live. Importantly, the quiet calm of the Avensis' interior is the perfect environment for enjoying every function and feature.

01 Modular in-car entertainment system
Film and graphic imagery reproduce superbly on the system's high definition 7" screen.

02 Headphones
The entertainment system's infra-red headphones automatically switch off to preserve battery life when removed from the head.

03 Remote control
Enables passengers to operate the entertainment system without adjusting or unfastening their seatbelts.

04 Bluetooth® complementary kit & hands-free phone system

05 TNS510 navigationsystem

Modular in-car entertainment system

Journeys will fly by for rear seat passengers as they watch a DVD or play a connected games console on the modular in-car entertainment system.

Features include an all in one DVD player with CD and MP3 compatibility, a 7" screen, infra-red headphones, a remote control and a USB slot for accessing media straight from a memory stick.

Conveniently, you can move the unit between seats and cars and also adjust the screen height for adult or child viewing.

Bluetooth® complementary kit

The Bluetooth® complementary kit adds an extra touch of convenience if your Avensis is already enabled for Bluetooth® communications.

The kit has a discreet external antenna to enhance reception and features a cable-less cradle that secures your phone* while also charging its battery. Importantly, the cradle can be used in other cars fitted with the same system.

Bluetooth® hands-free phone system

The Bluetooth® hands-free phone system is the ideal accessory if your Avensis is not enabled for Bluetooth® communications as standard.

Steering wheel controls and comprehensive voice recognition commands including voice dialling make the system very easy to use. It also enables you to play music stored on your phone through the car's speakers.

Touch screen navigation system

Touch screen controls and a high definition 5.8" screen make the TNS510 incredibly easy to use. Directions, including lane guidance, are in full map colour graphics synchronised with clear voice commands. You get ultra-fast route calculations, a destinations memory and Dynamic Route Guidance[§] to help avoid traffic problems.

The system comes complete with an integral radio, a WMA/MP3/ CDX compatible CD player, Bluetooth® streaming and comprehensive connectivity including a USB slot.

* Contact your Toyota Centre for details of phone compatibility.
§ Dynamic Route Guidance depends on the availability of Traffic Message Channel radio broadcasts.

The fuel consumption and CO₂ values of your vehicle may vary from those measured. Driving behaviour as well as other factors (such as road conditions, traffic, vehicle conditions, installed equipment, load and number of passengers, etc.) play a role in determining a car's fuel consumption and CO₂ emissions.

Glossary

Discover more about Avensis technology.

Toyota Optimal Drive

Enhanced performance
Lower CO₂
Better fuel economy

Until now, drivers have had to choose between environmental efficiency and superior performance. Toyota Optimal Drive marks the beginning of a new era engineered

to save you money. Lower emissions and better fuel economy can now be enjoyed alongside levels of power and torque that match and often exceeds existing engines.

Panoramic roof

The windscreen extends from the front of the vehicle back across the roof over the driver's head, creating an expanse of light and visibility and a more liberating drive.

Electrochromatic mirrors

A specially designed rear view mirror that detects any intense glare from cars behind you, automatically darkening the mirror surface accordingly.

Dusk sensor

The dusk sensor detects light levels and automatically switches on the headlights when the light is low.

Multidrive S

Multidrive S, the latest CVT technology from Toyota, gives a smooth, refined shift action, automatically optimising torque and fuel consumption by always using the ideal engine speed. When pressed a little harder, the transmission operates like a 7-speed automatic, which helps eliminate the characteristic whining associated with CTT's.

The Sport mode gives a sportier drive, selecting a more responsive and power-maximising ratio in line with driver input. For an even more involving drive, the system has a 7-speed sequential manual mode, letting the driver change gear using the shift lever or, exclusively on the 2.0 Valvematic, paddle shifts mounted on the steering wheel.

Rear Parking Sonar

An ultrasonic sensor that makes parking easier. The sensor alerts the driver of the distance to obstacles behind the car using an audible alarm. Especially useful for low, out of vision obstacles and street furniture.

Smart Entry & Start System

Instead of a conventional key the Smart Entry & Start System features a transmitter that allows you to unlock the doors by simply touching the handle or start the engine at the touch of a button. All you need to do is carry the Smart Entry key in your pocket or handbag.

Glossary

Discover more about Avensis technology.

Active Front Headrests

In the event of impact, the pre-crash intelligent headrests shift to appropriate positions to reduce whiplash injuries in the event of a rear end collision.

Bi-Xenon HID headlamps with Adaptive Front-light System

A clearer night drive. As the Avensis approaches a corner or bend in the road, the pool of light created by the swivel of the headlamp beam is increased, pre-empting the vehicle's path by three seconds. Visibility is enhanced in the dark.

Emergency Brake Signal

In the case of emergency braking, the rear lights flicker to alert the driver behind to react faster.

Valvematic

Precise petrol engine technology that balances optimised driving pleasure with improved fuel efficiency, power/torque, engine response and a reduced CO₂ emission level by simultaneously controlling the valve timing and the valve lift.

Vehicle Stability Control+ (VSC+)

A driving dynamics system which increases the protection normally given by VSC during sudden handling changes or slippage of tyres. It adds steering torque assist that counteracts yaw movement when the vehicle understeers or oversteers in reaction to an emergency. The driver may sense some

torque movement on the steering wheel in a given direction to compensate and can further enhance the adjustment made by the VSC itself.

D-4D

Clean power. Toyota's powerful yet environmentally friendly diesel engine technology. Common rail direct injection adjusts pressure, timing and volume as you drive, injecting finely atomized fuel at high pressure into the combustion chamber for the best performance.

help

Toyota and the environment

Designing your car

To achieve lower emissions and greener vehicles on the way toward the ultimate eco-car, it is essential to measure progress. Toyota has therefore developed its Ecological Vehicle Assessment System, or ECO-VAS. This is a comprehensive approach to assessing a vehicle's whole life cycle in terms of its impact on the environment, starting at the early stage of development, before the vehicle is actually built.

The environmental impact of the Avensis diesel (displacement 2000cc) compared to its previous model is demonstrated through the complete life cycle analysis, with 9% CO₂ (carbon dioxide), 2% NO_x (nitrogen oxide), 9% NMHC (non-methane hydrocarbons) and 1% PM (particulate matter) reduction. The amount of SO_x (sulphur oxide) remained unchanged.

Making your car

During the production of your vehicle every effort is made to reduce the effect of the manufacturing process on the environment.

Since 1993 the environmental impact of manufacturing a single vehicle at Toyota Motor Manufacturing UK has continuously reduced, resulting in a 76% reduction in energy consumption, 80% reduction in water consumption and 74% reduction in volatile organic compounds. Waste disposed of at cost was also reduced by 68% and the plant no longer sends any waste to landfill sites.

In addition TMUK's manufacturing operations meet the environmental management system ISO 14001, a green standard we are proud of.

Getting vehicles and parts to you

We are always looking to employ the most efficient and environmentally friendly logistical and delivery methods. For instance, modes of transport with the least environmental impact are selected wherever possible.

Selling and servicing your car

We take great pride in demonstrating the benefits of driving eco-cars to each of our new customers. Every opportunity is then taken to raise awareness of their ongoing responsibility towards the environment when servicing and driving their car.

The end of the road for your vehicle?

95% of the Avensis is recoverable and the cars built in the UK use up to 17kg of recycled material (plastics and soundproofing material). 100% of materials are coded and the four heavy metals have been eliminated completely (in accordance with 2000/53/EC).

Our environmental policy means that we offer Toyota drivers new and innovative ways of returning their old car. For more information visit: www.toyota.co.uk/endoflife or contact your local Toyota Centre.

Drive thoughtfully

Drive your car in the right way and you could reduce your fuel bill and your CO₂ emissions by around 30%.

01. Remove any extra weight and roof load.
02. Plan your route and avoid detours.
03. Avoid using your car for short journeys.
04. Check your tyre pressure regularly.
05. Service your car according to the owner's manual.
06. Shift up gear earlier.
07. Only use air-conditioning when necessary.
08. Follow and anticipate traffic flow.
09. Keep your windows closed.
10. Switch off your engine if you have to wait longer than 60 seconds.

help

Owning an Avensis.

Owning an Avensis means you enjoy the peace of mind afforded by Toyota's global reputation for quality and integrity.

Club Toyota

When you buy a Toyota you automatically become a member of Club Toyota, for 12 months free of charge. This entitles you to take advantage of a host of benefits including free RAC Roadside Assistance in the UK and Europe, specially negotiated rates for travel insurance, a 5% discount off Toyota Motor Insurance, plus exclusive offers and promotions through our quarterly customer magazine. For further information please call 0845 275 5555 or visit toyota.co.uk/club.

Flexible Finance from Toyota Financial Services

When choosing your new car you will make sure you choose the right model, the right specification and the right colour to suit you. Choosing how you finance your car is just as important.

Our range of finance plans have been designed with simplicity in mind to make funding your car as easy as driving it. All our plans offer easy budgeting and peace of mind and **AccessToyota** brings these and other benefits together in one flexible package.

AccessToyota is a finance plan that puts you in control. You don't have to worry about finding a large deposit as you agree the amount of deposit that you want to pay and choose your repayment term from 2 to 3 years.

What makes **AccessToyota** different is that Toyota Financial Services (TFS) give your vehicle the security of a guaranteed future value (GFV) which is your optional final payment, deferred to the end of the agreement. Affordable monthly payments are yours to enjoy as your repayments are based on the vehicle selling price less your deposit and the GFV/optional final payment, plus the cost of borrowing.

In addition, you can have reassurance against the risk of a fall in used car prices, knowing the minimum amount your Toyota will be worth at the end of your agreement is guaranteed at TFS.

Toyota Financial Services, Great Burgh, Burgh Heath, Epsom, Surrey, KT185UZ.
Finance subject to status to over 18s only. Indemnities may be required. Terms and conditions apply.

Then when your agreement comes to an end you have three flexible choices:

- Part exchange your vehicle for a brand new Toyota
- Pay your final payment (the GFV) and take full ownership of the car*
- Simply hand the car back with nothing more to pay[§]

Ask your Toyota Centre to show you how **AccessToyota** could be the best choice for you.

Flexible Finance for all Toyota customers

Whatever your needs, to complement AccessToyota, TFS has a full range of finance options to offer. From traditional Hire Purchase to Contract Hire and Leasing. Whether you're a private motorist with a fixed monthly budget in mind or a business customer looking for VAT efficient funding options, just discuss your individual requirements with your Toyota Centre. They will be pleased to show you how convenient and competitive Toyota Financial Services can be.

Toyota Motor Insurance

Toyota Motor Insurance is available for Toyota owners at competitive premiums. To obtain details of the benefits included and to arrange a quotation, please contact your local Toyota Centre or call 0800 350 500.

Toyota Fleet

Toyota Fleet provides complete business solutions for companies that run a fleet of vehicles. For more information on how Toyota Fleet can deliver your fleet requirements either contact your local Toyota Centre or the Toyota Fleet Business Centre on 0845 271 2712.

Toyota Warranties

Every new Toyota comes with a three-year/60,000- mile manufacturer's warranty, covering your car against

the unlikely event of a manufacturing defect causing a mechanical fault. It includes coverage for paint and surface rust for three years, unlimited mileage and a 12-year anti-perforation warranty. After the initial warranty period has ended, you can extend your warranty until the vehicle is seven years old – choosing from a range of packages to suit your vehicle and your needs. All of our warranties cover the main component parts of the vehicle[◇], meaning that you pay for nothing beyond routine servicing and maintenance, so there are no unexpected bills to pay.

Toyota Accident Assistance

At Toyota, we believe that our customers deserve the best possible care. Therefore if you are involved in an accident, one call to Toyota Accident Assistance will get you back on the road again, whilst we take care of liaising with your insurer and arranging for your car to be repaired. By making us your first call, we will ensure your vehicle is repaired by Toyota to factory standards, meaning no compromise to your warranty or residual value.

Toyota Approved Used Car Scheme

All Toyota Approved Used vehicles come complete with a pre-delivery inspection, a mileage check, 12 months warranty, RAC breakdown cover, Club Toyota membership** and a 30 day vehicle exchange plan.

Recycling Toyota End-Of-Life Vehicles

We offer a free vehicle take back scheme through our appointed service provider, Autogreen. This is a new and innovative way for Toyota drivers to return their vehicle at the end of its life for dismantling and recycling. For more information about End-Of-Life Vehicles please refer to www.toyota.co.uk/environment

* On payment of the option to purchase fee.

§ Subject to mileage and fair wear and tear conditions being met. TFS is authorised and regulated by the Financial Services Authority.

◇ With the exception of batteries, corrosion of exhaust and damage or wear to the interior. Please refer to our Terms and Conditions for full details.

** Except on non-Toyota vehicles.

Using the navigation bar

A navigation bar is provided at the bottom of each page of this e-brochure to make browsing it easy. Please follow the simple instructions on the right to navigate through this e-brochure.

Takes the document back to the beginning.

This will take the document to the previous page.

This will take the document to the next page.

This will allow the Acrobat toolbar to be visible if pressed once and it will also make it disappear if already visible.

This will zoom in on the document so smaller text etc will be easier to read. To zoom in further, click the icon again. If the menu bar is not visible then use your mouse by clicking the left hand button and moving it.

This will zoom out of the document. To zoom out further, click the icon again. If the menu bar is not visible then use your mouse by clicking the left hand button and moving it.

This will print out the full brochure to your printer. Please note that if you have a colour printer this document will print in full colour.

This will save the whole document to your computer.

To close this document press esc and then close the document normally.

Whilst every effort is made to reproduce accurate information, we reserve the right to change specifications, equipment and availability without prior notice. This e-brochure can not be regarded as infallible, (some of the vehicles shown may not be to exact UK specification), and as such does not constitute an offer for sale of any particular vehicle of specification. For the latest specification and availability we ask that you contact your local Toyota Centre.
