EQUIPMENT HIGHLIGHTS.

Discover more with the BMW brochures app. Now available for your smartphone and tablet.

■ Standard equipment □ Optional equipment

- Dual, round exhaust tailpipes, left and right, at the rear visually emphasise the vehicle's performance.
- The valve-operated, M Sport exhaust system delivers either a particularly sporty or more low-key engine sound depending on the driver's preference.

- The front end strut brace made of Carbon Fibre Reinforced Plastic (CFRP) is a significant body component in the engine compartment that comes from motor-sport vehicles. It significantly increases front-end rigidity and contributes to greater steering precision and accuracy.

- The BMW Icon Adaptive LED Headlights with low and high-beam headlights include Adaptive Headlights and High-beam Assistant.

- The M2 Competition designation on the rear is an indication of the vehicle's extraordinarily high driving dynamic potential.

- High-gloss Shadowline exterior trim with extended contents includes numerous equipment details in High-gloss Black: mirror triangle (mirror cap finished in body colour), mirror cover panel and frame, decorative moulding on the side window frame, B-pillar, window recess cover and unique M2 Competition Kidney grille.

- M door sill finishers with the M2 Competition designation on chrome-plated inserts in the front sills emphasise the vehicle's athletic ambitions and set the mood for the driving experience to come.

- The striking, characteristic M2 side air vent highlights the car's athletic pedigree.

- The Kidney grille with Black double vertical slats and M2 badge adds a further touch of sporty dynamism to the front of the vehicle.

- 19" M light alloy Y-spoke style 788 M wheels, front 9 J x 19 with 245/35 R19, rear 10 J x 19 with 265/35 R19 tyres. Optionally available with Dark finish.

EQUIPMENT HIGHLIGHTS.

Discover more with the BMW brochures app. Now available for your smartphone and tablet.

■ Standard equipment □ Optional equipment

■ The M TwinPower Turbo six-cylinder in-line petrol engine features superior power delivery and the striking characteristic M engine sound.

■ Featuring lightweight-construction axles and Active M differential, the M-specific Sport suspension highlights the vehicle's dynamic potential.

■ The multi-function buttons for the steering wheel operate the telephone and audio controls and include a speed limiting function.

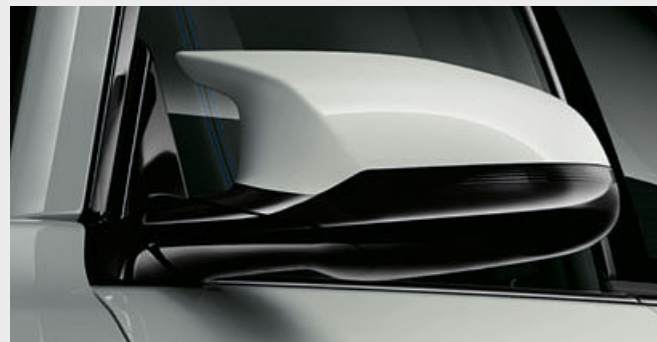

■ Thanks to the use of a special material mix, M compound brakes achieve outstanding deceleration values and are extremely stable and highly durable.

□ The Upgraded M2 Competition braking system¹ has six-piston, Aluminium, fixed-caliper, perforated brake discs at the front and four-piston at the rear.

■ The multi-adjustable M Sport seats with integrated headrests provide excellent lateral support for the driver and front passenger. In addition, the backrest side bolsters and lumbar support can be adjusted electrically. Their special design with illuminated M2 logo highlights the vehicle's athletic capabilities.

■ The aerodynamically-optimised M-specific exterior mirrors are a significant part of the sporty and dynamic M design. Attached to the body by a double-bridge designed base, they underscore the beautiful aesthetics of the car. The additional LED indicators are fitted perfectly into a long, narrow groove.

■ The M Sport seat belts with belt tensioner and belt force limiter boast an exquisite woven highlight in Black with an M coloured seam detail.

■ The full Black panel display provides excellent visualisation of navigation instructions, operational messages and various vehicle information such as phone book lists. The Black optic display features superimposed dials with 3D effect.

□ The seven-speed M double-clutch transmission with DRIVELOGIC provides uninterrupted power delivery during gear changes. Performance is improved while fuel consumption and emissions are reduced. Includes Launch Control. With the seven-speed M double-clutch transmission, the BMW M2 Competition reaches 0-62mph in 4.2 seconds.

¹ The image on the left shows the optional Upgraded M2 Competition braking system.

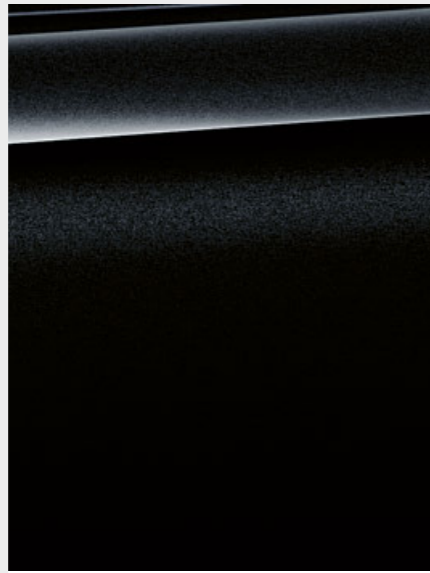

EXTERIOR COLOURS.

Discover more with the BMW brochures app. Now available for your smartphone and tablet.

■ Standard equipment □ Optional equipment ○ Accessories

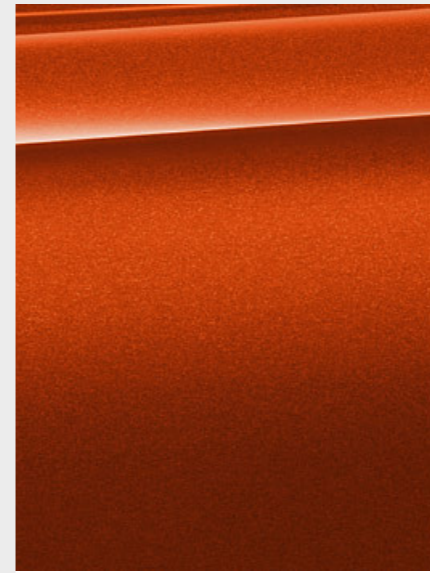

■ **Non-metallic** 300 Alpine White

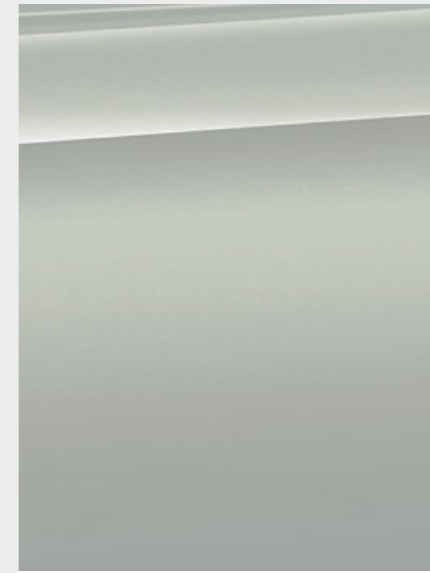

■ **Metallic** 475 Black Sapphire

■ **Metallic** C16 Long Beach Blue

■ **Metallic** C1X Sunset Orange

■ **Metallic** C33 Hockenheim Silver

Power up an already impressive appearance:

○ There are a range of BMW M Performance Accessories available to enhance the appearance of the BMW M2 Competition. These include a number of elements in handmade, lightweight carbon fibre - including kidney grilles, front splitter, bonnet, boot and roof (roof due August 2019). These products work together to emphasise the vehicle's powerful appearance and create an individual motorsport look.
