NEW

DIGITAL DISCOVERY: THE NEW BMW BROCHURES APP.

More information, more driving pleasure: the BMW brochures app offers you a brand new digital and interactive BMW experience. Download the BMW brochures app for your smartphone or tablet now and explore new perspectives of your BMW.

Depending on your mobile phone contract, you may incur additional costs for accessing the Internet.

THE BMW 3 SERIES GRAN TURISMO.

MODEL SHOWN.

- 04 BMW 3 SERIES GRAN TURISMO 340i M SPORT:** BMW TwinPower Turbo six-cylinder in-line petrol engine, 326 hp (240 kW), 19" M light alloy Double-spoke style 598 M wheels Bicolour Orbit Grey with mixed tyres, Estoril Blue metallic paint, seats upholstered in Black Dakota leather with Blue highlights and Aluminium Hexagon interior trim with Estoril Blue matt finisher.

INNOVATION AND TECHNOLOGY.

- 20 BMW EFFICIENT DYNAMICS:** Less emissions. More driving pleasure.
- 22 BMW CONNECTED DRIVE:** So connected, you're free.
- 24 SUSPENSION:** Innovative systems for more driving pleasure.
- 26 SAFETY:** Technology at the highest level.

INDIVIDUALITY AND CHOICE.

- 30 EQUIPMENT:** SE, Sport, M Sport, Equipment Highlights, Light Alloy Wheels, Genuine BMW Accessories.
- 44 COLOURS:** Exterior and interior colours.
- 48 BMW SERVICES:** BMW Service, BMW Financial Services and BMW Experience.

SPACE.

RACE.

The perfect interplay of size and sportiness: functional versatility and pure dynamics flow into one in the BMW 3 Series Gran Turismo. It's a complete picture which, above all, seamlessly unites coupé-like design with the highest levels of comfort. The BMW 3 Series Gran Turismo – fascination in space and form.

THE REAR VIEW: RIGHT IN FRONT.

Striking lines, muscular surfaces and LED rear lights in the classic L shape – the rear profile of the BMW 3 Series Gran Turismo is the embodiment of finely-tuned athleticism. The side view also plays its part: frameless doors and the roofline, gently sloping to the rear, are accentuated by double swage lines moving across the silhouette in a dynamic flourish to the front. This is truly forward-looking dynamism – on all sides.

TRUST YOUR EYES. AND YOUR CAR'S.

The optional BMW Icon Adaptive LED Headlights for the BMW 3 Series Gran Turismo give the best possible view to the front. A perspective that also means safety.

The headlights are a striking presence in themselves. Sited next to the classic BMW Kidney grille, they don't just reinforce the sporting looks of the front profile. Their visual integration with the grille also accentuates the resolute look of the vehicle on the road. Focused driving pleasure – in the BMW 3 Series GT.

LOTS OF ROOM FOR DYNAMIC MANOEUVRE.

With efficiency. Intelligent technologies such as the BMW TwinPower Turbo engines allow the BMW 3 Series Gran Turismo to increase dynamics to the maximum while reducing fuel consumption to a minimum. And there's always room for manoeuvre. With the optional Adaptive M Sport Suspension, any drive can be made more sporty, while the Active rear spoiler ensures even better road-holding. Efficient, aerodynamic – the BMW 3 Series Gran Turismo.

COMFORT THAT TOPS EVERYTHING. EXCEPT DRIVING PLEASURE.

When you enter the BMW 3 Series Gran Turismo, you are greeted with the highest comfort: the raised seating position and the generously designed interior allow remarkable freedom of movement, even during the drive. Personalised infotainment is another high point, thanks to the wealth of BMW ConnectedDrive services and cutting-edge navigation systems. All this, combined with special touches such as optional ambient lighting¹ and high-quality chrome detailing in the centre console, makes the idea of perfect travel a reality in the BMW 3 Series Gran Turismo.

¹ Standard for Sport and M Sport models.

A BIG IMPRESSION, WHATEVER DOOR YOU OPEN.

The flexible luggage compartment concept in the BMW 3 Series Gran Turismo is always ready to meet your needs. Opening and closing the tailgate, for example, couldn't be easier thanks to automatic operation. You can create yet more space, too, with the 40:20:40-split-folding rear seats. They can even be folded down directly from the luggage compartment using the rear backrest release function. There's a place for everything – for the everyday or your next adventure – in the BMW 3 Series Gran Turismo.

INNOVATION AND TECHNOLOGY.

BMW EFFICIENT DYNAMICS: Less emissions. More driving pleasure.

BMW CONNECTED DRIVE: So connected, you're free.

SUSPENSION: Innovative systems for more driving pleasure.

SAFETY: Technology at the highest level.

www.bmw.co.uk/efficientdynamics

The BMW 3 Series Gran Turismo – dynamic and efficient.

MORE POWER FROM LESS FUEL.

More power from 3 to 12 cylinders. Consume less, experience more – the BMW TwinPower Turbo engines offer the greatest possible dynamic performance with the greatest possible efficiency thanks to the newest injection systems, variable output control and sophisticated turbocharger technology. Whether diesel or petrol, and no matter how many cylinders, the engines from the BMW EfficientDynamics engine family allow markedly more agile power delivery and outstanding responsiveness even at low rpms, while being fuel-efficient and low in emissions.

MORE DRIVING PLEASURE, LESS EMISSIONS.

Approximately 33% less CO₂ emissions since 2000: BMW EfficientDynamics is a technology package that includes not only the engine and drivetrain, but rather the whole vehicle concept, including intelligent energy management. Provided as standard in every BMW, a variety of innovative technologies contribute to continuously improving efficiency. Via engine efficiency measures, electrification, lightweight construction methods and optimised aerodynamics, BMW has managed to reduce the CO₂ emissions of its fleet by 33%.

MORE SPEED, LESS WEIGHT.

Lower weight with intelligent lightweight construction. Special consideration for every last detail – intelligent lightweight construction means that the optimal material is found and implemented for each part of the vehicle. With extremely light high-tech materials such as aluminium and carbon fibre, BMW EfficientLightweight is pursuing the goal of minimising vehicle weight. That leads to even more dynamic performance, increased stability and heightened vehicle safety and comfort.

MORE ENERGY, LESS PETROL.

100% driving pleasure with 0% local emissions: BMW eDrive technology makes it possible. Energy for electric driving is supplied by a high-voltage lithium-ion battery and maximised by a host of efficiency measures such as Brake Energy Regeneration. The all-new synchronous electric motor BMW has developed for BMW eDrive provides plentiful torque for acceleration, available all the way to the car's maximum speed, to combine sustainable mobility with outstanding agility and dynamic performance.

BMW EFFICIENT LIGHTWEIGHT

Intelligent lightweight construction at BMW means using the right material for the right parts of the vehicle. For every single component, the most suitable material is selected. This philosophy, also known as BMW EfficientLightweight, is now integral to BMW EfficientDynamics and applied to every BMW.

ACTIVE REAR SPOILER

Automatically extending at a speed of over 70 mph, the Active rear spoiler lends added downforce on the rear axle, thereby improving stability at high speed. It retracts automatically once the speed goes back down to under 40 mph. The driver can also manually extend/retract the Active rear spoiler via a button below the electric window controls on the driver's door.

BRAKE ENERGY REGENERATION

Brake Energy Regeneration uses the energy that is created when the driver eases off the accelerator or brakes. Thus, the alternator is used efficiently, and kinetic energy that until now went unused can now be turned into electric energy to charge the battery. Fuel consumption is reduced and performance increases.

AUTOMATIC START/STOP FUNCTION

The Automatic Start/Stop function switches off the engine when the vehicle comes to a temporary standstill (e.g. at traffic lights or in a traffic jam) to further reduce overall fuel consumption. When the driver presses down on the clutch (manual transmission) or takes their foot off the brake (Steptronic transmission), the engine automatically starts up again in a fraction of a second.

BMW ConnectedDrive.

www.bmw.co.uk/connected

REGISTERS UP TO **360** DEGREES OF THE VEHICLE'S SURROUNDINGS.

Enjoy the greatest convenience and the highest level of safety with BMW ConnectedDrive. For driving, parking and visibility, the BMW ConnectedDrive driver assistance systems are there when you need them, reliably, in every situation. The most cutting-edge systems, such as radar, ultrasound and cameras, dependably register the vehicle's surroundings, forming the basis for intelligent driver assistance systems. Whether activated when desired, or as emergency assistance in the background – the assistance systems from BMW ConnectedDrive make every drive in your BMW safer and more convenient.

CONNECTED FOR OVER **40** YEARS.

Focused on the future – from the very beginning. By the 1970s, BMW had already made headway in connected mobility. Another milestone of the digital future was surpassed in 1999: vehicles with built-in SIM cards. Then came the first online functionality, Google Services and innovative display systems such as the BMW Head-Up Display. Throughout this process, the desires of the customer have always taken centre stage. As the first premium automobile manufacturer, BMW makes it possible to book and pay for services flexibly via the BMW ConnectedDrive Store, in the vehicle or on a computer at home. And with the introduction of BMW Connected and the Open Mobility Cloud, BMW is taking the next steps into the future of mobility.

MORE THAN **20** SERVICES AND APPS IN THE BMW CONNECTED DRIVE STORE.

The ConnectedDrive Services equipment forms the basis for intelligent BMW ConnectedDrive functions, as well as for the integration of selected smartphone apps. This equipment also provides access to the BMW ConnectedDrive Store, in which services and apps can be ordered and extended easily, any time and anywhere to suit the user's individual requirements – for example with the Concierge Service or Online Entertainment, which turn every drive into a convenient and entertaining experience.

IN TOUCH **24/7** WITH BMW CONNECTED.

What would it be like if you were never late again? What if your BMW already knew your preferred destinations? How would you like reliable navigation, whether you're sitting in your vehicle or not?

BMW Connected provides you with the information you want, when and where you want it. BMW Connected is a personal mobility assistant which facilitates your everyday mobility and aids you in reaching your destinations relaxed and on time. With the BMW Connected app, mobility-relevant information such as recommendations for optimal departure times are available at any time via smartphone or smartwatch and can be seamlessly transmitted to the car.

The BMW 3 Series Gran Turismo – digitally connected for more infotainment and comfort.

DOOR-TO-DOOR NAVIGATION

Get to your appointments relaxed and on time: no problem thanks to the BMW Connected app Door-to-door navigation. On arrival, users can use their iPhone or a connected Apple watch to be guided from their parked car to their final destination on foot.

APPLE CAR PLAY PREPARATION

Preparation for Apple CarPlay® supports the convenient and secure wireless use of a compatible iPhone® in the vehicle. This allows smartphone content, along with functions such as music, iMessages/text messages, telephony, Siri and selected third-party apps, to be displayed and operated in the regular manner via the vehicle's user interface.^{1,2}

BMW HEAD-UP DISPLAY

The full-colour BMW Head-Up Display projects information relevant to the journey directly into the driver's field of vision, thereby allowing them to fully concentrate on driving. The display includes information such as the current speed, navigation directions, Speed Limit Info incl. no-overtaking indicator, along with telephone and entertainment lists³.

ACTIVE CRUISE CONTROL

Active Cruise Control with 'Stop&Go' function including approach control warning with braking function maintains a speed preselected by the driver, as well as the distance to the vehicle ahead. The BMW takes over accelerating and braking and keeps the predetermined distance to the car ahead even in slow-moving traffic and down to a stand-still in traffic jams.⁴

¹ The compatibility and range of Apple CarPlay® functions depend on the model year and the software installed on the iPhone®. When the Apple CarPlay® preparation is in use, selected vehicle data is transferred to the phone. The mobile phone manufacturer is responsible for further data processing.

² Please note, for purchases of Apple CarPlay® via the ConnectedDrive store after production, vehicles must be fitted with Enhanced Bluetooth with wireless charging.

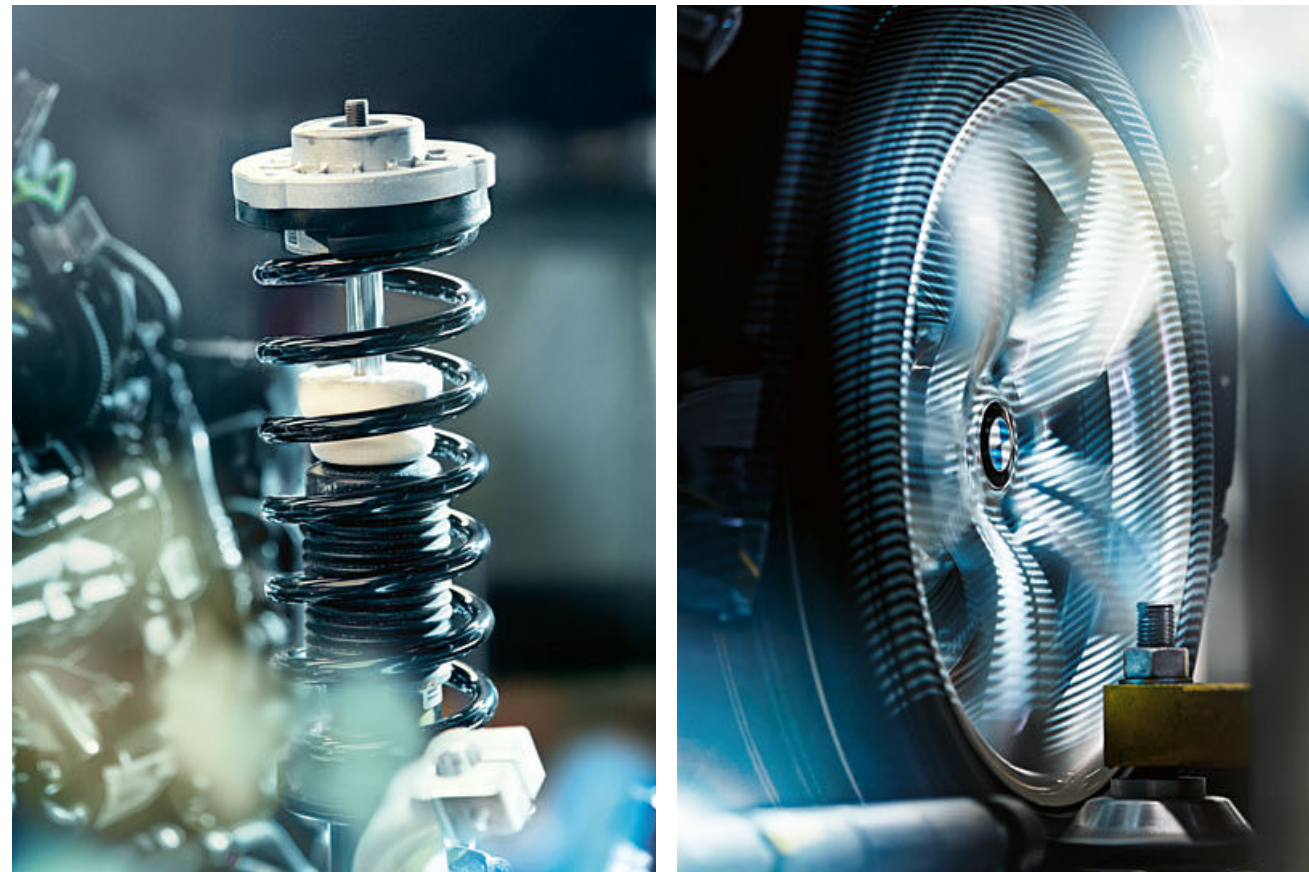

³ Further optional equipment is required for additional on-screen functions.

⁴ Stop&Go function is only available with automatic transmissions.

Suspension.

Innovative systems for more driving pleasure.

The BMW 3 Series Gran Turismo features a wide range of innovative technologies that enable you to enjoy every drive to the full. Many of these systems are intelligently linked. It's this level of integration that delivers the best possible safety, together with maximum driving pleasure – on every road and every curve, every second.

EIGHT-SPEED AUTOMATIC SPORT TRANSMISSION.

The eight-speed automatic transmission with Steptronic enables not only automatic gear selection but also manual shifting using either the gear lever or the gearshift paddles on the steering wheel. Anything is possible, from comfortable gliding to very dynamic driving with Launch Control activated if desired. In SPORT mode, the gear shifts are configured for maximum performance.

The optional **Adaptive M Sport Suspension** electronically adjusts the suspension to suit the road conditions and driving situation at all times. The driver can also adjust the suspension characteristics via Drive Performance Control to enable their preferred driving style at the time – from comfortable to athletic with markedly agile handling.

The **M Sport suspension** is characterised by sport suspension settings on cars with rear-wheel drive, it includes a chassis lowered by around 10 millimetres. It features shorter suspension springs and tighter damper settings, as well as firmer stabilisers. Together these result in even more direct settings that facilitate a particularly dynamic driving style.

The optional **Variable Sport steering** creates a direct and agile steering response so less effort is required to turn the wheel. It reacts to the angle of the steering wheel with varying steering ratios. This improves handling when using a sporty driving style as well as comfort during parking and turning.

Servotronic supports steering by adjusting the power steering to suit the current speed and ensures an immediate and precise steering response at higher speeds. What's more, it boosts steering support and therefore also comfort levels when steering at lower speeds, for example when parking or manoeuvring.

The intelligent **BMW xDrive all-wheel-drive system** adapts perfectly to even the most challenging road surface conditions, always offering outstanding traction. With BMW xDrive and Dynamic Stability Control (DSC), the vehicle remains directionally stable and on track. To counteract any risk of oversteer or understeer, BMW xDrive proactively distributes drive power between the two axles, using input from the DSC sensors. This means that fewer DSC interventions are necessary when road surface conditions are poor. BMW xDrive combines the advantages of all-wheel-drive – traction, directional stability and safety – with classic BMW agility, for even more driving pleasure.

The hallmark BMW **rear-wheel-drive** ensures excellent unimpaired steering precision due to the fact that the front axle is not affected by any form of torque steer with this type of drive. Furthermore, the dynamic axle load distribution associated with a rear-wheel-drive ensures great traction when accelerating from a standstill.

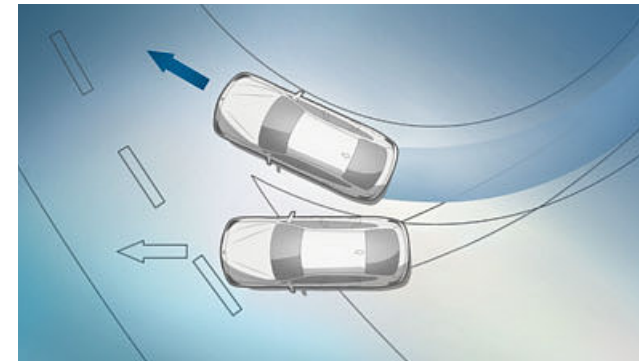

Safety. Technology at the highest level.

The BMW 3 Series Gran Turismo is equipped with cutting-edge technologies for every eventuality. Superb handling and innovative equipment come as standard. Drivers benefit from the very latest technologies that ensure optimal support at all times. You'll feel safe and protected, no matter where your journey takes you.

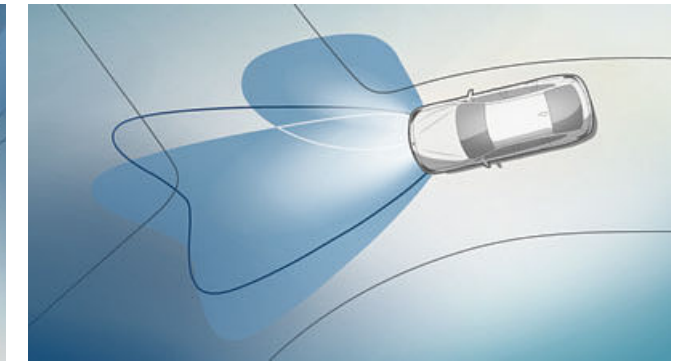

DRIVING ASSISTANT.

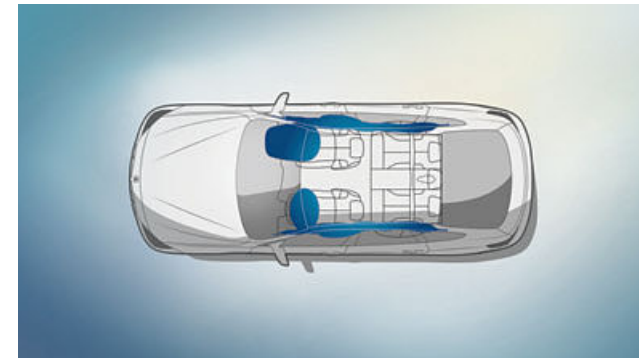

Driving Assistant combines the camera based driver assistance systems. When travelling at speeds up to 35mph the Forward Collision Warning, City Collision Mitigation and Preventative Pedestrian Protection combine to issue a warning if there is a risk of collision with vehicles or pedestrians, and brakes the vehicle in the event of an emergency. At speeds above approx. 45mph, the Lane Departure Warning draws the driver's attention to an unintentional lane change by means of slight vibrations of the steering wheel.

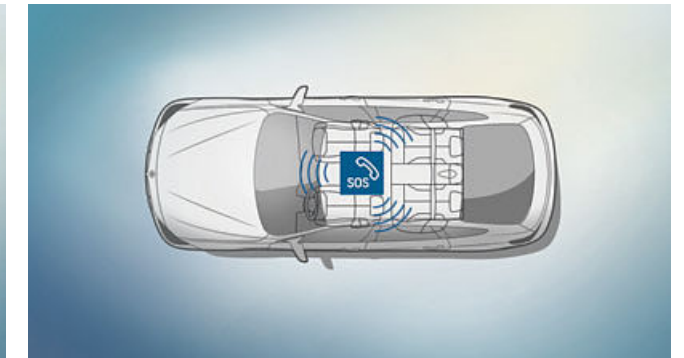

■ The **Dynamic Stability Control (DSC)** stabilises the vehicle as soon as any skidding motion is detected.

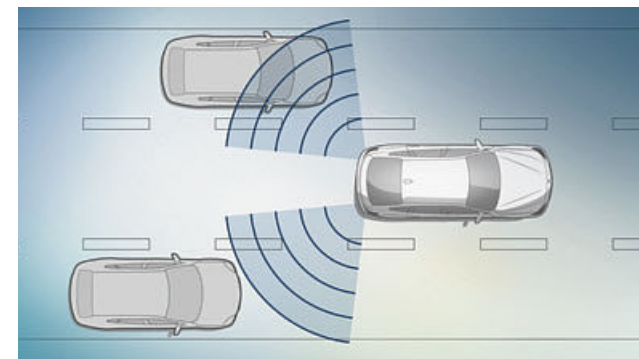

□ **BMW Icon Adaptive LED headlights** provide significantly better illumination and visibility than conventional systems in all driving situations.

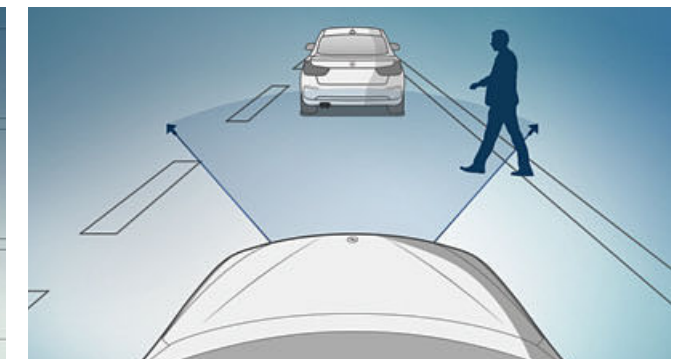

■ The **Airbags for the driver and front passenger**, as well as side airbags integrated into the front seat backrests provide strategic protection in the event of a crash.

■ Intelligent **Emergency call** automatically establishes a connection with the nearest Emergency Services so that immediate action can be taken and assistance dispatched without delay.

□ **Lane Change Warning** alerts the driver to vehicles in the blind spot as well as vehicles in the neighbouring lane by means of a visual signal and vibration in the steering wheel.

□ **Preventive Pedestrian Protection and City Collision Mitigation** notifies drivers of potential collisions with pedestrians and even brakes automatically in emergency situations.

INDIVIDUALITY AND CHOICE.

EQUIPMENT: SE, Sport, M Sport, Equipment Highlights, Light Alloy Wheels, Genuine BMW Accessories.

COLOURS: Exterior and interior colours.

BMW SERVICES: BMW Service, BMW Financial Services and BMW Experience.

SE.

■ Standard equipment □ Optional equipment

A perfect companion, the BMW 3 Series Gran Turismo offers a wide range of standard equipment right off the line. Here's a selection of features.

A selection of SE model equipment:

- 18" light alloy wheels
- BMW Navigation System
- LED headlights
- LED foglights
- Multi-function leather steering wheel
- Armrest, front, sliding
- Automatic air conditioning, two-zone
- Automatic tailgate operation
- Through-loading system, 40:20:40

01 □

02 ■

03 ■

[01 | 04] The BMW 3 Series Gran Turismo in optional Mineral White metallic paint.

[03] 18" light-alloy V-spoke style 658, with 255/50 run-flat tyres

[02] The standard LED headlights provide optimal illumination while simultaneously reducing energy consumption.

04 □

05 ■

06 ■

[05] Standard seats, shown here in Anthracite Move cloth, and Satin Silver matt interior trim.

[06] Premium materials and first-class driver orientation reflect the main priorities of the BMW 3 Series Gran Turismo: sportiness and functionality.

SPORT.

■ Standard equipment □ Optional equipment

Sport model exterior equipment:

- 18" light alloy Double-spoke style 397 wheels with 225/50 tyres
- Drive Performance Control (ECO PRO, Comfort, Sport and Sport + modes)
- Exhaust tailpipe with Dark Chrome finisher
- Exterior B pillar in Black, High-gloss
- Front air inlet with Black, High-gloss finisher
- Kidney grille, Chrome with extra-wide Black, High-gloss vertical slats
- Rear bumper with Black, High-gloss finisher
- Side air inlets with highlighter in Black/Aluminium

Sport model interior equipment:

- Air-conditioning and radio control panel with Chrome highlight
- Ambient lighting, switchable BMW Classic Orange/Cold White LED
- Corner Cloth upholstery
- Door sill finishers with BMW designation, front
- Extended lighting
- Interior trim in Black, High-gloss with Coral Red finisher
- Remote control with integrated key and inset in Red
- Sun visors with illuminated vanity mirrors and ticket pocket
- Sport instrument cluster with Red highlight and chrono scale
- Sport multi-function leather steering wheel, three-spoke with Red stitching
- Sport seats, front

03 □

[01] The standard Sport seats, shown here in optional Oyster Dakota leather, provide outstanding lateral hold thanks to wider side bolsters.

[02] Shown here is the optional Navigation System - Professional Multimedia and standard two-zone automatic air conditioning which allows both the driver and front passenger to choose their own temperature and air flows.

[03 | 06] The Sport model, shown here in Arctic Grey xirallic paint, optional 19" light alloy Double-spoke style 673 wheels with mixed tyres and optional Satin Aluminium exterior trim.

[04] Ambient lighting features numerous LED lights both inside and outside for increased convenience and creates a stylish look for the interior.

[05] The Drive Performance Control features various different modes, so the driver can choose between a comfortable, efficient or superbly sporty drive.

[07] 18" light alloy Double-spoke style 397 wheels 8J x 18, with 225/50 R18 tyres.

[08] 19" light alloy Double-spoke style 673 wheels, front 8J x 19 with 225/45 R19 tyres and rear 9J x 19 with 255/40 R19 tyres.

M SPORT.

■ Standard equipment □ Optional equipment

M Sport model exterior equipment:

- 18" light alloy M Star-spoke style 400 M wheels with mixed tyres
- Exterior trim, High-gloss Shadowline
- Kidney grille in Chrome with extra-wide Black, High-gloss vertical slats
- M aerodynamic bodystyling
- M Sport suspension
- Side exterior M designation badges

M Sport model interior equipment:

- Ambient lighting switchable BMW Classic Orange/Cold White LED
- Dakota leather upholstery
- Door sill finishers with M designation
- Drive Performance Control (ECO PRO, Comfort, Sport and Sport + modes)
- Eight-speed Sport automatic transmission
- Extended lighting
- Headlining, Anthracite
- Interior trim, Aluminium Hexagon with Estoril Blue finisher
- M Sport instrument cluster
- M Sport multi-function leather steering wheel
- Remote control with integrated key and inset in Blue
- Sport seats, front

03 □

01 □

[01] Sport seats in Black Dakota leather with Blue contrast stitching underscore the powerfully dynamic interior character of the BMW 3 Series Gran Turismo.

02 ■

[02] The standard M leather steering wheel with its pronounced thumbrests is comfortable to hold. The Aluminium Hexagon trim with matt Blue finisher further accentuates the sporty BMW 3 Series Gran Turismo interior.

04 ■

05 ■

[03 | 06] The BMW 340i in optional Estoril Blue metallic exclusively available on M Sport models. Also featured are optional 19" light alloy Double-spoke style 598 M wheels in Bicolour Orbit Grey with mixed tyres.

[04] Shown here is the optional Panoramic Glass Sunroof and Anthracite Headlining which features across the headliner and the trims on the vehicle's pillars and sun visors.

[05] M aerodynamic bodystyling features larger air inlets, unique side skirts and a rear apron with a diffuser insert in metallic Dark Shadow.

06 □

07 ■

08 □

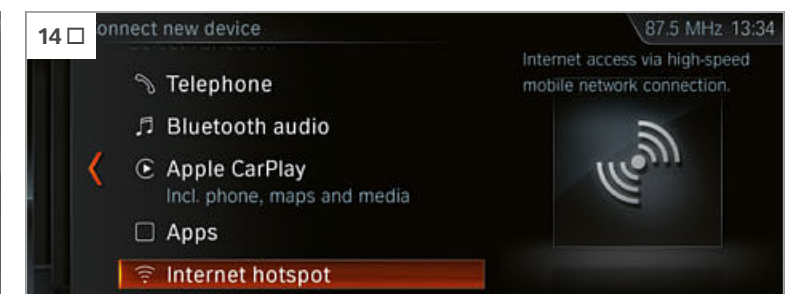

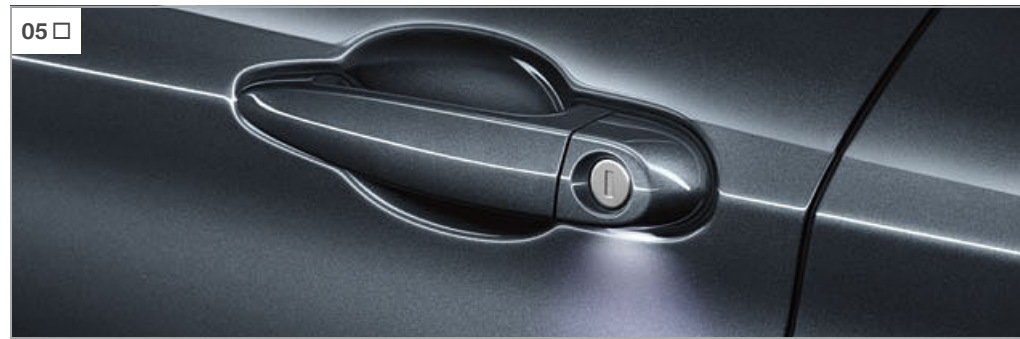

[07] 18" M light alloy Star-spoke style 400 M wheels with mixed tyres, front 8J x 18 with 225/50 R18 tyres, rear 8.5J x 18 with 255/45 R18 tyres.

[08] 19" M light alloy Double-spoke style 598 M wheels with mixed tyres Bicolour Orbit Grey, front 8J x 19 with 225/45 R19 tyres, rear 9J x 19 with 255/40 R19 tyres.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] The rear lights with lighting elements in full LED technology with their characteristic “L” shape, make the car instantly recognizable as a BMW, even in the dark.

[02] Electrically folding exterior mirrors with anti-dazzle functionality, mirror memory and automatic dipping function on the passenger’s side for reverse parking.

[03] The Panoramic glass roof with electrically adjustable sunshade not only ensures that both the front and rear have an abundance of light, but also comes with a slide and lift function.

[04] BMW Icon Adaptive LED Headlights produce a light colour very similar to daylight and adjust their light distribution automatically according to speed and steering angle.

[05] Comfort Access allows passengers to enter the car without having to actively use the car key.

[06] The Rain sensor including automatic headlight colour activation automatically activates the windscreen wipers and the low-beam headlights.

[07] The towbar can be electrically folded away behind the rear bumper, and is manually pivoted into position.

[08] Ash Grain wood interior trim with metal inlay and Pearl Chrome finisher.

[09] The BMW Individual leather steering wheel features a premium-quality Nappa leather cover over a thicker, optimally shaped steering wheel rim.

[10] Enhanced Bluetooth with wireless charging with 4G LTE connectivity in conjunction with an optional BMW Media package. Features smartphone holder within the front centre armrest featuring inductive charging for compatible mobile devices¹.

[11] Exclusively for M Sport models, M Leather steering wheel includes multi-function buttons and steering wheel rim in Black Nappa leather with contoured thumb rests.

[12] BMW Individual instrument panel with upper and lower sections in Black Nappa leather.

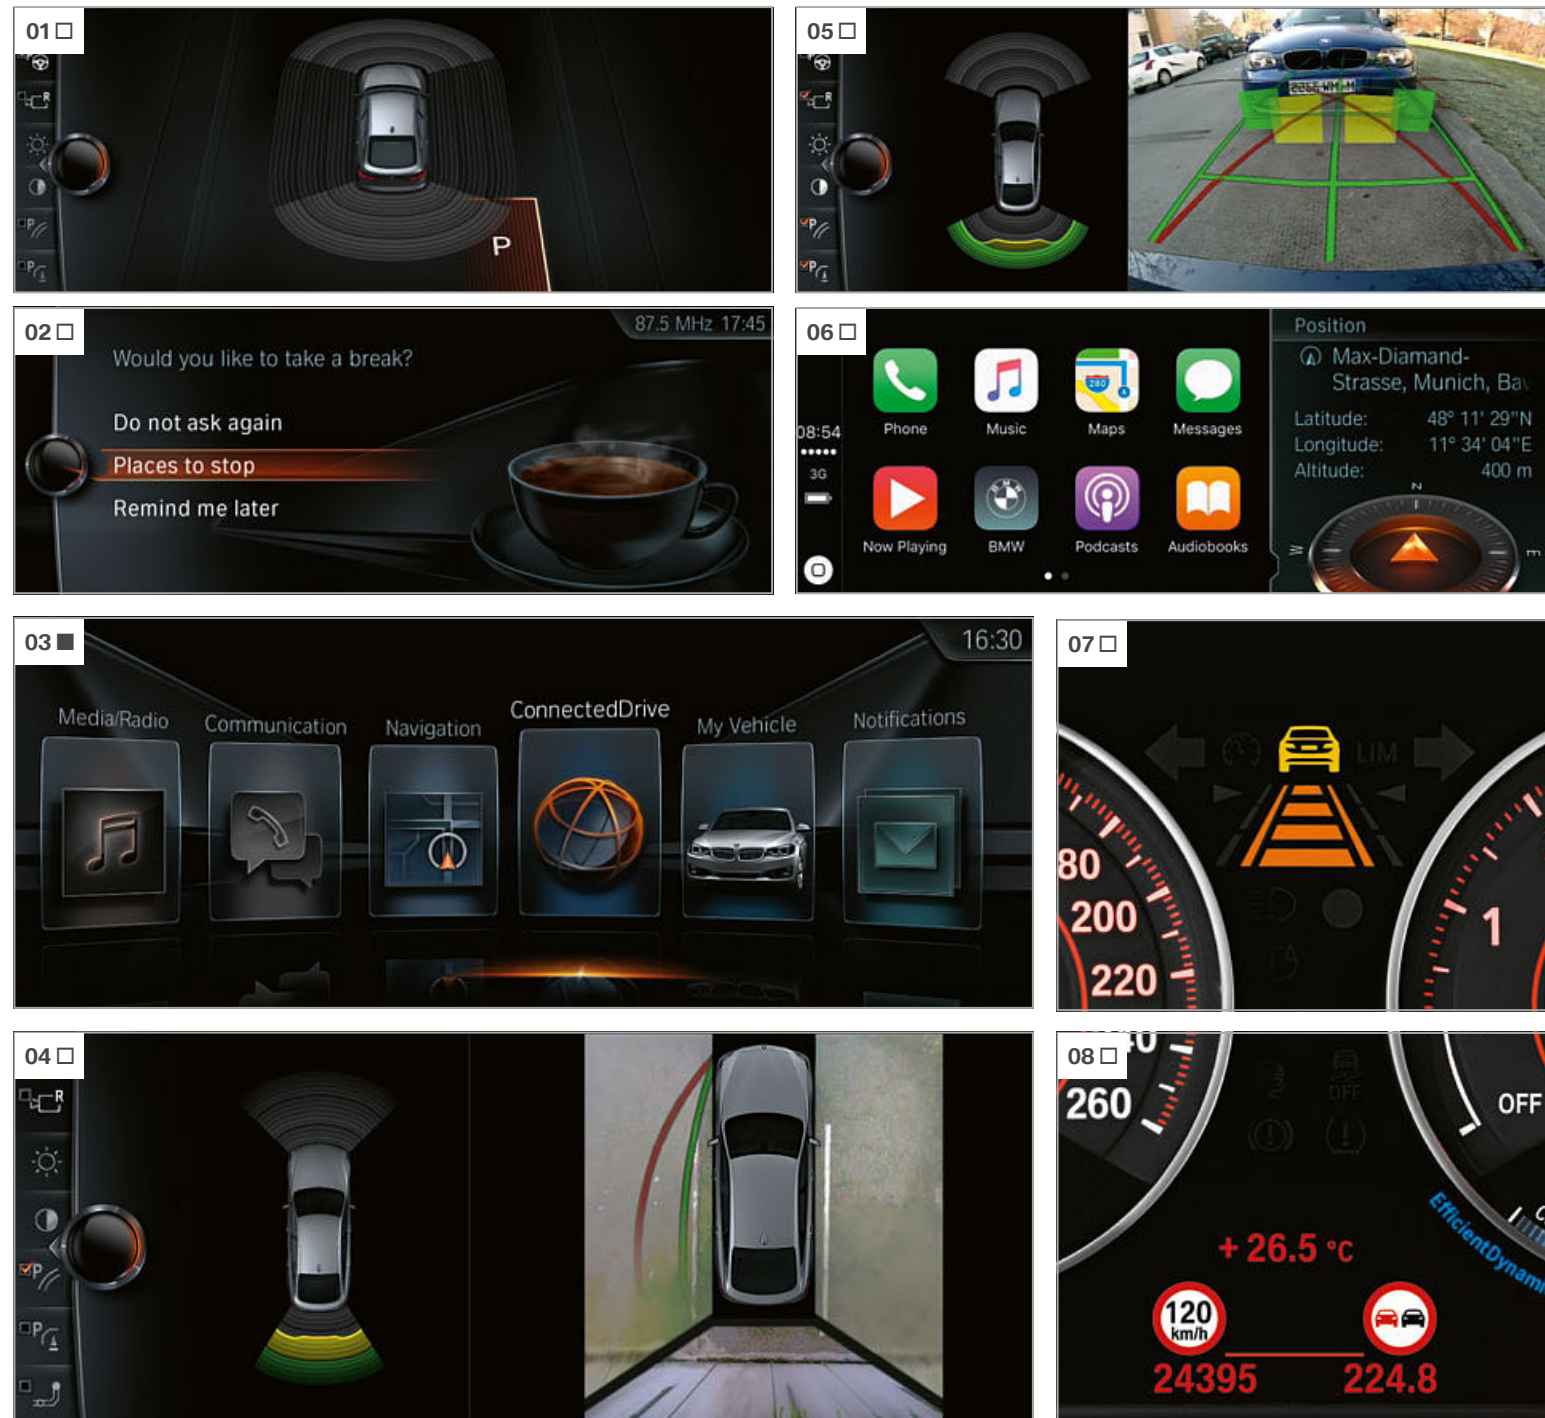

[13] Full-colour Head-up Display projects information relevant to the journey directly into the driver’s field of vision, image also shows optional Speed Limit Display.

[14] WiFi hotspot preparation enables connection of up to 10 mobile devices via the SIM card integrated into the vehicle.

¹ Please refer to the Bluetooth Compatibility Checker on www.bmw.co.uk for further information.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] Park Assist makes parallel parking easier. The car does the steering while the driver operates the accelerator and brake pedals.

[04] Surround-view is a visual parking aid using camera based functions including Top-view, Side-view with images shown in the Control Display.

[02] Dynamic Safety warns the driver if it detects signs of tiredness, intervenes in critical situations and brakes the car to a standstill after an accident.

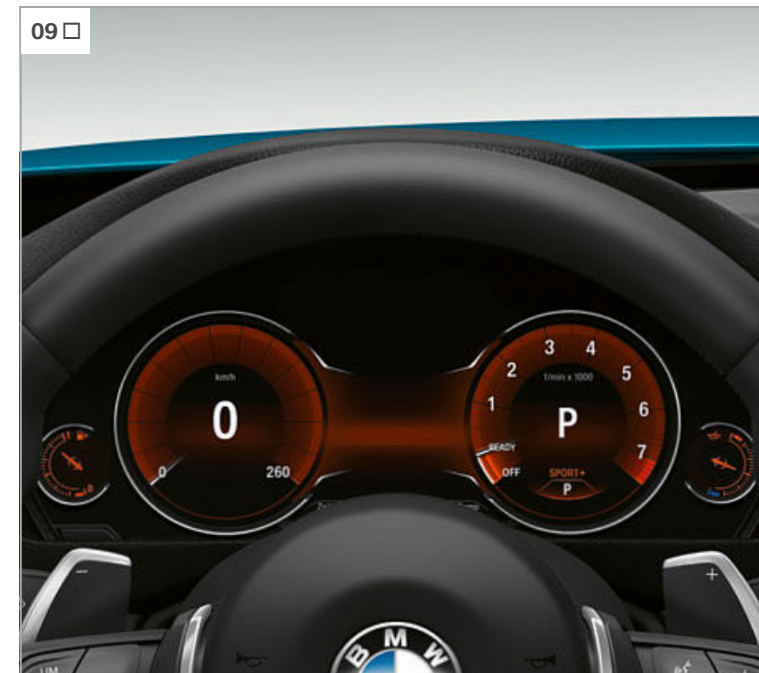

[05] The Reversing Assist camera shows the area behind the vehicle on the Control Display. Interactive track lines and obstacle markings also help the driver when reversing.

[03] ConnectedDrive Services forms the basis for intelligent BMW ConnectedDrive functions, as well as for integrating selected smartphone apps.

[06] Preparation for Apple CarPlay® supports the convenient and secure wireless use of an iPhone® via the vehicle's user interface.¹

[07] Active cruise control with Stop&Go function maintains a preselected speed, as well as the distance to the driver ahead.²

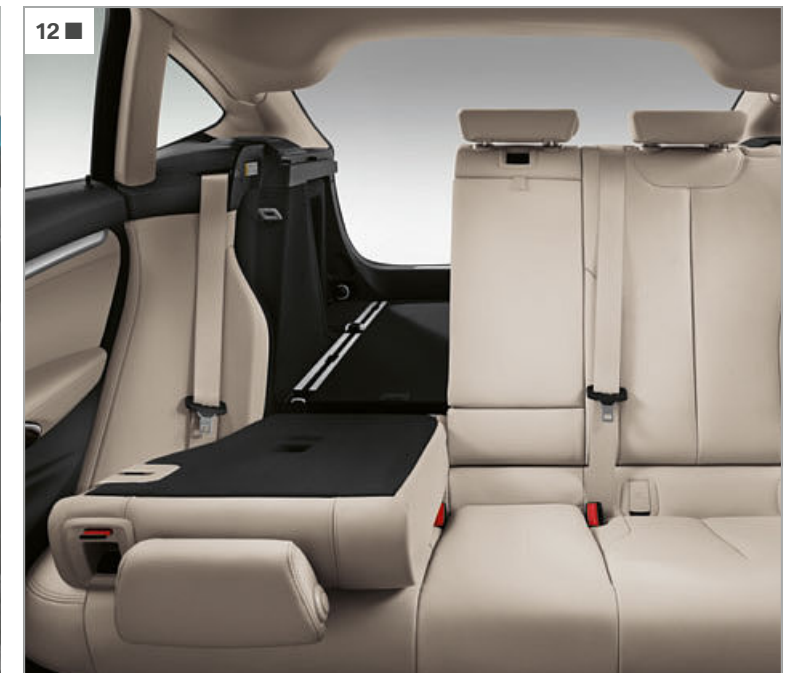

[08] Speed Limit Display advises the driver of the maximum speed of the road and supplementary road signage e.g. no overtaking.

[09] The Multifunctional instrument display offers an impressive presentation of the gauges and other instruments.

[10] Comfort Access allows passengers to enter the car without having to actively use the car key. When the key is on their person, they just have to touch the door handle or tailgate button. Thanks to the Smart Opener the tailgate can also be opened and closed by merely waving one's foot under the rear bumper.

[11] Remote backrest unlocking for the rear seats allows the rear seat backrests to be unlocked and folded down.³

[12] Through-loading system with rear seat backrests, which are divisible in a 40:20:40 ratio, guarantees flexibility when transporting people and objects.

[13] Folding headrests for the three rear seats give the driver a better view through the rear window.

[14] harman/kardon loudspeaker system with 600 watt digital amplifier, vehicle-specific equalising and 16 loudspeakers with chrome detailing.

[15] Storage compartments in the front and rear doors, an open compartment under the centre armrest in the front and in the rear centre console, two cupholders in both the front and rear, along with a storage tray and glove compartment

¹ Please note, for purchases of Apple CarPlay® via the ConnectedDrive store after production, vehicles must be fitted with Enhanced Bluetooth with wireless charging.

² Only available in conjunction with automatic transmission.

³ Available as part of Extended Storage.

WHEELS AND TYRES.

■ Standard equipment □ Optional equipment

[01] 18" light alloy Double-spoke style 397 wheels, 8J x 18 with 255/50 R18 run-flat tyres (standard on Sport models).

[04] 19" M light alloy Double-spoke style 598 M wheels in Bicolour Orbit Grey, front 8J x 19 with 225/45 R19 and rear 9J x 19 255/40 R19 run-flat tyres.

[02] 18" light alloy Turbine-spoke style 415 wheels, 8J x 18 with 225/45 R18 run-flat tyres.

[05] 19" light alloy Double-spoke style 673 wheels, front 8J x 19 with 225/45 R19 and rear 9J x 19 255/40 R19 run-flat tyres.

[03] 18" light alloy V-spoke style 658 wheels, 8J x 18 with 225/50 R18 run-flat tyres (standard for SE models).

[06] 19" light alloy Double-spoke style 466 wheels, front 8J x 19 with 225/45 R19 and rear 9J x 19 255/40 R19 run-flat tyres.

[07] 18" M light alloy Star-spoke style 400 M wheels, front 8J x 18 with 225/50 R18 and rear 8.5J x 18 255/45 R18 run-flat tyres (standard on M Sport models).

GENUINE BMW ACCESSORIES.

[01] Roof box in Black/Titanium Silver, lockable openings on both sides and with a 520-litre capacity. Suitable for all BMW roof rack systems. Roof boxes in other sizes are also available.

[03] The BMW Travel & Comfort system enables head-rest attachment of the clothes hanger, folding table, universal hooks, GoPro camera holder or a holder for the Apple iPad™ or Samsung Galaxy Tab.

[02] Tailor-made protection from damp, dirt and waterlogging in the front footwell with the BMW all-weather floor mats. The black finish is a perfect match with the interior.

[04] The clothes hanger attaches to the separately available Travel & Comfort system base carrier (required) using plug-in connectors and can also be used outside the vehicle.

[05] High-quality 18" BMW M Performance light alloy wheels, forged and finished in matt Black. Complete wheel set with run-flat tyres. Winter Wheels & Tyres are also available.

[06] The BMW luggage compartment mat protects your luggage compartment from damp and dirt.

[07] Bag in flecked Black/Grey with storage for various items. It attaches to the front seat and can be folded and carried.

THE BMW SERVICE CONCEPT:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. **Condition Based Service** tracks service fluids and parts subject to wear, and where appropriate indicates required service stops on the display. In combination with **BMW TeleServices**, the vehicle data collected by Condition Based Service are automatically transmitted to BMW. Your preferred **BMW Service Retailer**

BMW SERVICE INCLUSIVE.

BMW Service Inclusive:

Wouldn't it be good to know your comprehensive servicing costs in advance? Well, that's exactly what BMW Service Inclusive¹ provides and for a low one-off payment.

BMW Service Inclusive¹ lasts for 3 years or 36,000 miles (whichever occurs first) and covers all your vehicle's comprehensive servicing requirements. And whenever servicing and maintenance work is carried out on your BMW, you can be sure that it will only be done by fully qualified BMW Service Approved Technicians at one of over 150 BMW Service

Authorised Workshops around the country. Furthermore, only Genuine BMW Parts are used – each covered by a two year warranty. BMW Service Inclusive is transferable to subsequent owners within the time and mileage period, which can enhance the resale value of your car.²

BMW EMERGENCY SERVICE.

BMW Emergency Service. BMW Emergency Service is the only roadside and assistance programme designed specifically for BMW vehicles offering an exceptional range of benefits and services. It is available 24 hours a day, 7 days a week and utilises a dedicated fleet of BMW Approved Technicians, equipped with Genuine Parts and tools, ensuring that you and your vehicle receive the best possible care in the event of any motoring emergency.

This tailor-made programme has been specifically designed to meet the needs of BMW drivers travelling in the UK, Republic of Ireland and Continental Europe giving complete reassurance and peace of mind. Every new BMW is covered for three years.

THE BMW EXPERIENCE.

BMW News: To ensure you're one of the first to hear the latest BMW news and developments, BMW UK offer an email programme. Sign-up at: www.bmw.co.uk/newsletter

BMW World, an iconic building in the Munich skyline. The BMW World is a true brand experience where it's possible to marvel at the historic BMWs in the museum, learn about our engineers' newest innovations and take a tour of the plant to experience with your own eyes the cutting-edge and exacting methods used to create a BMW.

BMW Magazine: Every new BMW customer receives a complimentary subscription to BMW Magazine. This publication features all the latest news and developments from BMW, together with a variety of driving and lifestyle features.

can access the vehicle data. They will contact you when necessary to arrange a service appointment where the required repairs can be performed, using **Genuine BMW Parts**, so your driving pleasure can continue indefinitely. Worldwide, you can call on more than **3,300 Service Authorised Workshops** in more than **150 countries**.

BMW CONNECTED DRIVE SERVICES.

BMW ConnectedDrive Services.

A function using the built-in BMW SIM card to provide telematic and online services that are fully integrated into your BMW vehicle. All services require connection to a UK mobile network. Some services are available in other European countries. The range of ConnectedDrive Services that are available depends on the specification of the vehicle. The service duration varies depending on the ConnectedDrive Service.

For further information on BMW ConnectedDrive Services and terms and conditions please visit www.bmw.co.uk/connecteddrive-information

Finance is provided by BMW Financial Services (Ireland) Limited, Swift Square, Santry Demesne, Santry, D09 R802, Dublin, Ireland.

SHAPING THE FUTURE – RESPONSIBLY.

In 2017, the BMW Group was once more listed in the Dow Jones Sustainability Index. This makes BMW Group the only company in the automotive industry to be listed without interruption since the index was established. The development of efficient vehicle concepts and environmentally friendly production processes, including recycling, is an integral part of our philosophy. BMW EfficientDynamics and electric vehicles have enabled us to cut CO₂ emissions from our European new-vehicle fleet by more than 42% since 1995. We have also reduced the amount of resources used in production, such as water and energy, by 34% between 2006 and 2017, with a reduction to 45% of previous levels aimed at for 2020. In terms of other resources (such as volatile organic compounds, process wastewater and waste) our 45% target was met in 2014, and we will continue to work on further improvement. Production at our engine plant in Steyr has been waste-water free since 2007. And of course, at the end of its service life, every one of our vehicles can be easily and economically recycled. To return your end-of-life vehicle, please contact your BMW retailer. For more information on this issue please visit our website.
