THE ART OF PERFORMANCE

Every day we push performance to its limit. Our performance. Our cars' performance.
We innovate, we engineer, we design. We master rules and then break them.
Only to push further. Past the limits of convention. This is when performance becomes art.
Jaguar. The Art of Performance.

INTRODUCTION

THE CONCEPT OF THE JAGUAR XF

The Jaguar XF possesses an unrivaled combination of style and substance, enhanced by state-of-the-art technologies that keep you connected and entertained. It delivers an utterly seductive blend of design, dynamics and refinement to create a car that offers true excitement. While the XF Sportbrake complements the XF Sedan's distinctive lines and dynamism with even greater space and versatility.

Accentuating the XF award-winning design, the Checkered Flag Limited Edition sharpens all the characteristics that lend themselves to Jaguar's rich racing heritage. From the best-selling powertrain selection to its sport-refined detailing, you'll feel the thrill of the finish line. But really, when you put your foot down, that's just the beginning.

VEHICLES SHOWN: 2020 JAGUAR XF SPORTBRAKE S IN YULONG WHITE AND 2020 JAGUAR XF SEDAN S IN EIGER GREY WITH OPTIONAL FEATURES FITTED

THE JAGUAR XF - THE FACTS

An outstanding combination of advanced engineering, the latest technology and contemporary design sets the Jaguar XF apart.

PERFORMANCE

These are a new breed of diesel and gas engines, designed for smooth, effortless performance day after day. Their all-aluminum construction goes a long way to reducing fuel consumption.

SPORTBRAKE REAR AIR SUSPENSION

Even when fully loaded, the comfort and precise handling of the Jaguar XF Sportbrake is maintained by self-leveling rear air suspension. This system automatically inflates air springs to counteract the weight of heavy loads, helping ensure a level chassis and ride height.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details. **Do not use Jaguar InControl* features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. †Please note that if any action is taken, even minimal steering, the Emergency Braking system will assume the driver resumed control of the vehicle and the system will automatically disengage.

¹40:20:40 split fold rear seats are standard on Jaguar XF Sportbrake. ²Adaptive Surface Response system is only available on the Jaguar XF S AWD and Jaguar Sportsbrake S models.

Please refer to the accompanying Technical Specification for full details on Drive line, Engine Performance and Fuel Economy.

Some features described here are optional and market dependent. Features and their availability may differ by vehicle specification. For more details on feature availability refer to pages 62-69 or configure your vehicle at jaguarusa.com.

VEHICLES SHOWN: 2020 JAGUAR XF SPORTBRAKE S IN YULONG WHITE AND 2020 JAGUAR XF SALOON R-SPORT IN EIGER GREY WITH OPTIONAL FEATURES FITTED

DYNAMIC DESIGN

With a sleek, low swooping roofline and 17.2 sq ft panoramic glass roof, the Jaguar XF Sportbrake makes no compromise between assertive style and versatility. Perfectly executed to carry more, its proportions have been shaped to achieve aerodynamic excellence.

ADDED INTELLIGENCE

Innovative technologies make driving easier. The Jaguar XF offers optional adaptive LED headlights, Traffic Sign Recognition and Adaptive Speed Limiter, Lane Keep Assist and Driver Condition Monitor, Emergency Braking†, Adaptive Cruise Control with Queue Assist*, Park Assist, and Blind Spot Assist*. On the Sportbrake with Powered Gesture tailgate, you can access the trunk when your hands are full. Simply present your foot under either rear side of the bumper and the trunk opens.

CRAFTSMANSHIP AND SPACE

Contemporary craftsmanship and a luxurious, practical interior with the space to stretch out and enjoy every trip. Front and rear passengers will appreciate leg, knee and headroom that are ample and generous. The 40:20:40 rear seating¹ configuration increases volume and versatility.

CONNECTIVITY

Every drive in the Jaguar XF is enhanced by Jaguar InControl[®] Technologies. InControl is a suite of products and services that connects you with your Jaguar XF and links the Jaguar XF to the wider world. It ensures you are always in touch**.

LIGHTWEIGHT ALUMINUM ARCHITECTURE

The Lightweight Aluminum Architecture of the Jaguar XF creates a strong body that delivers precise and responsive sports handling.

ADVANCED DRIVETRAIN TECHNOLOGY

The Jaguar XF offers All Wheel Drive with Intelligent Driveline Dynamics and Adaptive Surface Response (if fitted to model)². This enhances the legendary Jaguar handling, agility and ride, and gives added assistance in most conditions*.

ADVANCED AERODYNAMICS

The Jaguar XF cuts through the air, reducing wind noise for enhanced refinement. The underside of the car is aerodynamically designed to be as smooth as possible, while apertures in the front bumper optimize airflow through the wheel arches.

DESIGN EXTERIOR PRINCIPLES

DESIGN PURITY

ADAPTIVE LED HEADLIGHTS

"It's about paring it down to the bare essentials. Good designers have always said less is more."
Ian Callum, Jaguar Design Director.

The Jaguar XF demonstrates the Jaguar principles of design purity. Strong lines radiate dynamic character and enhance the vehicle capabilities – be it improving aerodynamics, visibility or stability. The Jaguar XF is available with Adaptive LED headlights*¹ complementing the Jaguar signature 'J' blade Daytime Running Lights and giving the vehicle a striking on-road presence. LED light quality is closer to daylight, helping to distinguish objects.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

¹Optional feature, Xenon headlights are also available depending on the model chosen.

VEHICLE SHOWN RIGHT: 2020 JAGUAR XF SEDAN S IN EIGER GREY WITH
OPTIONAL FEATURES FITTED

776 XCN

EXTERIOR AERODYNAMICS

AERODYNAMIC DESIGN

F-TYPE INSPIRED DESIGN

The sweeping exterior design of the Jaguar XF is naturally aerodynamic. Its advanced form enhances handling, dynamics and refinement. Airflow is carefully managed through and around the car. Intakes either side of the front grille draw air in, then channel it out from the wheel arches to reduce turbulence. As air flows along the car, pressure differences that can cause drag are minimized by the flush, aerodynamically optimized sides.

At the rear, the Jaguar XF Sedan tail lights feature a distinctive, Jaguar F-TYPE inspired, double roundel and intersecting horizontal detail. The LED brake lights are not only brighter than halogen bulbs, they use less energy. LEDs also illuminate faster – so following drivers can react more quickly to braking. Within the tail lights is a pinstripe graphic – one of the many exquisite finishing touches on the Jaguar XF.

INTERIOR

**> DRAMATIC
START-UP SEQUENCE**

**CONTEMPORARY
CRAFTSMANSHIP**

Open the door and the Start button entices you inside. Pulsing with a heartbeat it creates an emotional connection between driver and machine. Its 72 per minute double beat is the same as a jaguar cat at rest. The Jaguar XF is poised, ready for action. Now push the Start button. The car awakens and, if fitted, its mood lighting illuminates. With perfect choreography, air vents rotate open when the climate system is in use, the JaguarDrive Selector™ rises smoothly, and the engine growls – all inspiring you to anticipate the drive ahead.

The Jaguar XF interior offers outstanding comfort, a sense of wellbeing and a wealth of choices. The number of switches and buttons is kept to a minimum to keep the look clean and tidy, as well as making them easy to use. Whichever Jaguar XF interior combination you choose, materials used are always of the highest quality. Leather and finishes are selected with the greatest care to ensure that, inside the Jaguar XF, everything is luxurious to the touch. Whether you prefer aluminum, carbon fiber, or wood veneer finishes to complement the beautiful selection of materials, your Jaguar XF will always look and feel just right.

The XF Sportbrake offers a Cabin Air Ionization system that improves air quality. This optional nanoe™ technology ionizes particles in the air, making them attract to surfaces and thus helping to cleanse the air. It can be switched on or off.

INTERIOR SHOWN: LIGHT OYSTER AND EBONY PERFORATED GRAINED LEATHER SPORT SEATS WITH EBONY CONTRAST STITCH, EBONY FASCIA WITH LIGHT OYSTER CONTRAST STITCH, DARK HEX ALUMINUM TRIM FINISHER, SATIN GREY EBONY FIGURED VENEER AND EBONY SUEDECLOTH HEADLINING

1. Headroom 38.2 inches (39.0 inches on Jaguar XF Sportbrake) 2. Knee room 3.5 inches

INTERIOR SPACE

GENEROUS REAR SPACE

IMPRESSIVE VERSATILITY

In both the Jaguar XF Sedan and the Sportbrake, the rear of the cabin is a destination of luxury, choice and space. With generous rear knee room, rear legroom and rear headroom, there is plenty of room to relax. It all adds up to greater comfort and wellbeing for passengers.

Interior lighting also enhances the atmosphere of the Jaguar XF. Opt for Configurable Ambient Interior Lighting and you'll have a choice of ten ambient interior lighting colors. The choice continues with optional Four-zone Climate Control, giving individual passengers the opportunity to set their own temperature and airflow.

At 19.1 cubic feet, the cargo space of the XF Sedan offers plenty of carrying capacity. For even greater versatility, the 40:20:40 rear seating configuration increases cargo space to an impressive 31.2 cubic feet. This outstanding practicality is taken to the next level in the XF Sportbrake, with 31.7 and 69.7 cubic feet of rear cargo space respectively.

INTERIOR SHOWN: 2020 JAGUAR XF SEDAN S FEATURING LIGHT OYSTER/EBONY SEATS WITH EBONY UPPER FASCIA WITH CONTRAST STITCH, SATIN GREY FIGURED EBONY VENEER, EBONY CARPET AND EBONY SUEDECLOTH HEADLINING WITH OPTIONAL EQUIPMENT

SPACE AND VERSATILITY

SUBSTANTIAL CARGO SPACE

ACTIVITY KEY

The versatile interior of the Jaguar XF Sportbrake is designed to meet the demands of your lifestyle. Its cargo space provides 31.7 cubic feet of space with the rear seats in place. Fold the rear seats down, and you'll create a space that is 79 inches in length and features 69.7 cubic feet of luggage capacity plus discreet underfloor storage.

To make things a bit easier, the Jaguar XF Sportbrake offers a powered gesture tailgate* as standard and Activity Key as an option. The Activity Key is a robust and fully waterproof wristband that allows you to enjoy a range of activities - from skydiving to swimming - while giving you immediate access to the car at all times. The conventional key fob can remain within the car as it is deactivated for security purposes.

*Optional feature only available with Keyless Entry.

INTERIOR SHOWN: 2020 JAGUAR XF SPORTBRAKE S FEATURING BROGUE SEATS WITH CONTRAST STITCH, EBONY CARPET AND EBONY SUEDECLOTH HEADLINING WITH OPTIONAL EQUIPMENT

40:20:40 SPLIT FOLD SEATS

FIXED PANORAMIC ROOF

The rear seats of the Jaguar XF Sportbrake fold completely flat or can be divided with a 40:20:40 split, using a thoughtfully placed remote release that's accessible from the tailgate area. Easy-to-use optional cargo space rails help further increase the adaptability of cargo space storage, and an available divider net prevents objects from falling onto the rear seats.

Introducing even more natural light and airiness to the interior is the large, standard fixed panoramic roof in the Jaguar XF Sportbrake.

PERFORMANCE ENGINES OVERVIEW

INGENIUM ENGINES

STOP/START TECHNOLOGY

Ingenium technology underpins the 2.0 liter 4-cylinder Gas engines in the Jaguar XF range. These low friction, all-aluminum engines have stiff cylinder blocks and twin balancer shafts to ensure inherently low levels of vibration, for smooth day-to-day performance. All engines are equipped with Stop/Start technology and smart regenerative charging - harvesting kinetic energy from braking to charge the battery.

INGENIUM GAS ENGINES¹ UP TO

0-60 mph from 5.6 seconds^{*2}

The **Ingenium 2.0 liter 4-cylinder 247HP Turbocharged Gas** engine delivers outstanding usable power and torque. For excellent acceleration and effortless overtaking, maximum torque is available between 1,300-4,500 rpm. This engine twin scroll turbocharger is fed by an integrated exhaust manifold that synchronizes exhaust pulses from two separate pairs of cylinders - reducing turbo lag and improving engine response.

The **Ingenium 2.0 liter 4-cylinder 296HP Turbocharged Gas** engine has impressive power and balance. For an almost instant boost, its low inertia twin-scroll turbocharger features low-friction ball bearings and a high flow compressor wheel. Underpinned by the turbocharger's increased aerodynamic efficiency, the engine delivers rapid acceleration and maximum torque of 295 lb-ft between 1,500-4,500 rpm.

*Always follow local speed limits.

¹Engine performance figures representative of XF Sedan and Sportbrake technical specifications, see pages 88 to 89.

²Figure representative of the XF 30t AWD Sedan.

Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance and Fuel Economy.

GAS ENGINE¹ UP TO

0-60 mph in 5.0 seconds^{*3}

The **3.0 liter V6 Supercharged Gas** engine features a Roots-type twin vortex supercharger that provides linear delivery of power and maximizes responsiveness. This results in performance much like larger engines. The engine also features dual independent variable cam timing to vary inlet and exhaust valve operation, working alongside lightweight pistons with ultra-low friction piston rings, for increased performance. For added refinement there is a twin, contra-rotating balancer shaft system.

³Figure representative of the XF S AWD Sedan.

ADVANCED AERODYNAMICS

 **LOW DRAG** | **CD 0.29¹**

The Jaguar XF form has been designed for aerodynamic efficiency and stability at highway speeds. With a drag coefficient as low as Cd 0.29¹, the Jaguar XF cuts through the air – helping to reduce fuel consumption and lower emissions. Every element exploits the maximum aerodynamic potential while preserving the stunning proportions of the Jaguar XF. Apertures in the front bumper outer edges channel air through vents in the wheel arches and out over the front wheels. The airflow then passes along the Jaguar XF sides where the doors have a flatter cross sectional profile to minimize air pressure differences and contribute further to reduced drag. Even the extensive under body protection is designed to make the Jaguar XF as refined as possible.

¹Jaguar XF Sedan only. Drag coefficient for Jaguar XF Sportbrake is Cd 0.32.

VEHICLE SHOWN: 2020 JAGUAR XF SEDAN IN SANTORINI BLACK WITH OPTIONAL EQUIPMENT

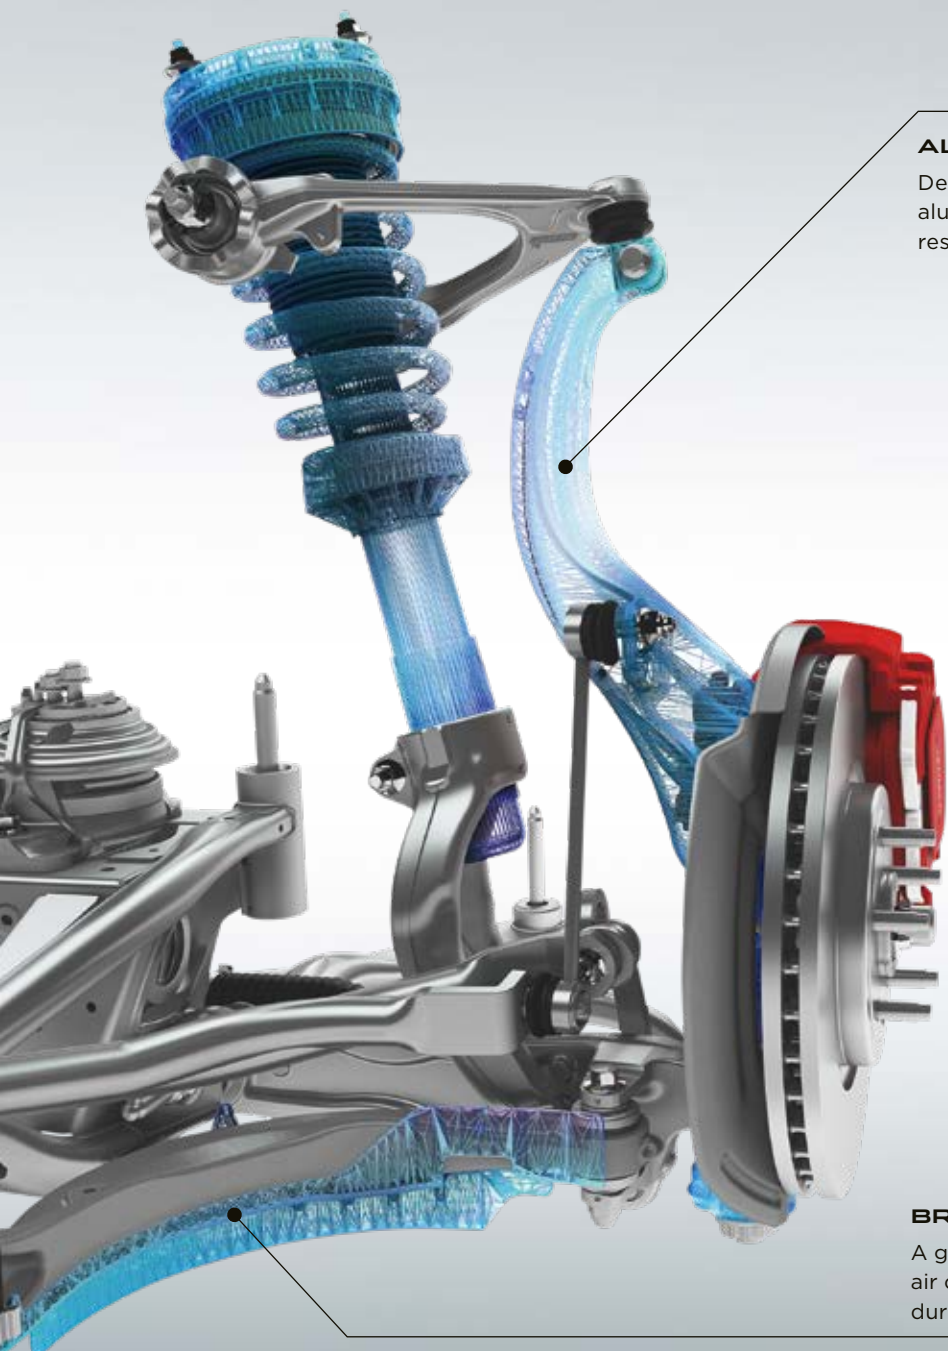

LIGHTWEIGHT ALUMINUM ARCHITECTURE

 **STRONG** | **RIGID** | **ALUMINUM**

Jaguar has been at the forefront of aluminum car construction for more than a decade. The latest innovation is our high-strength Lightweight Aluminum Architecture, which is strong and reduces weight. It is also stiff, underpinning the precise, agile handling of the Jaguar XF. Aluminum has also been used to form the body sides, hood and front wings. These panels are bonded together with a strong adhesive, then punched with zinc-coated, boron steel rivets that compress the adhesive to form an airtight bond and a strong, rigid structure.

Please refer to accompanying Technical Specification for full details on Driveline and Engine Performance.

ALUMINUM FRONT KNUCKLE

Designed to optimize stiffness and strength, the lightweight aluminum front knuckle helps improve the Jaguar XF agility, responsiveness and refinement for sports car-like control.

CHASSIS AND SUSPENSION

ADVANCED SUSPENSION
TECHNOLOGY

COMFORTABLE
AND DYNAMIC

The Jaguar XF responds with agility and performs with dynamism, all while maintaining ride comfort – it's a unique balance that makes it a Jaguar. The ideal foundation for these driving dynamics is the light, yet strong and stiff, Lightweight Aluminum Architecture with its near 50:50 weight distribution.

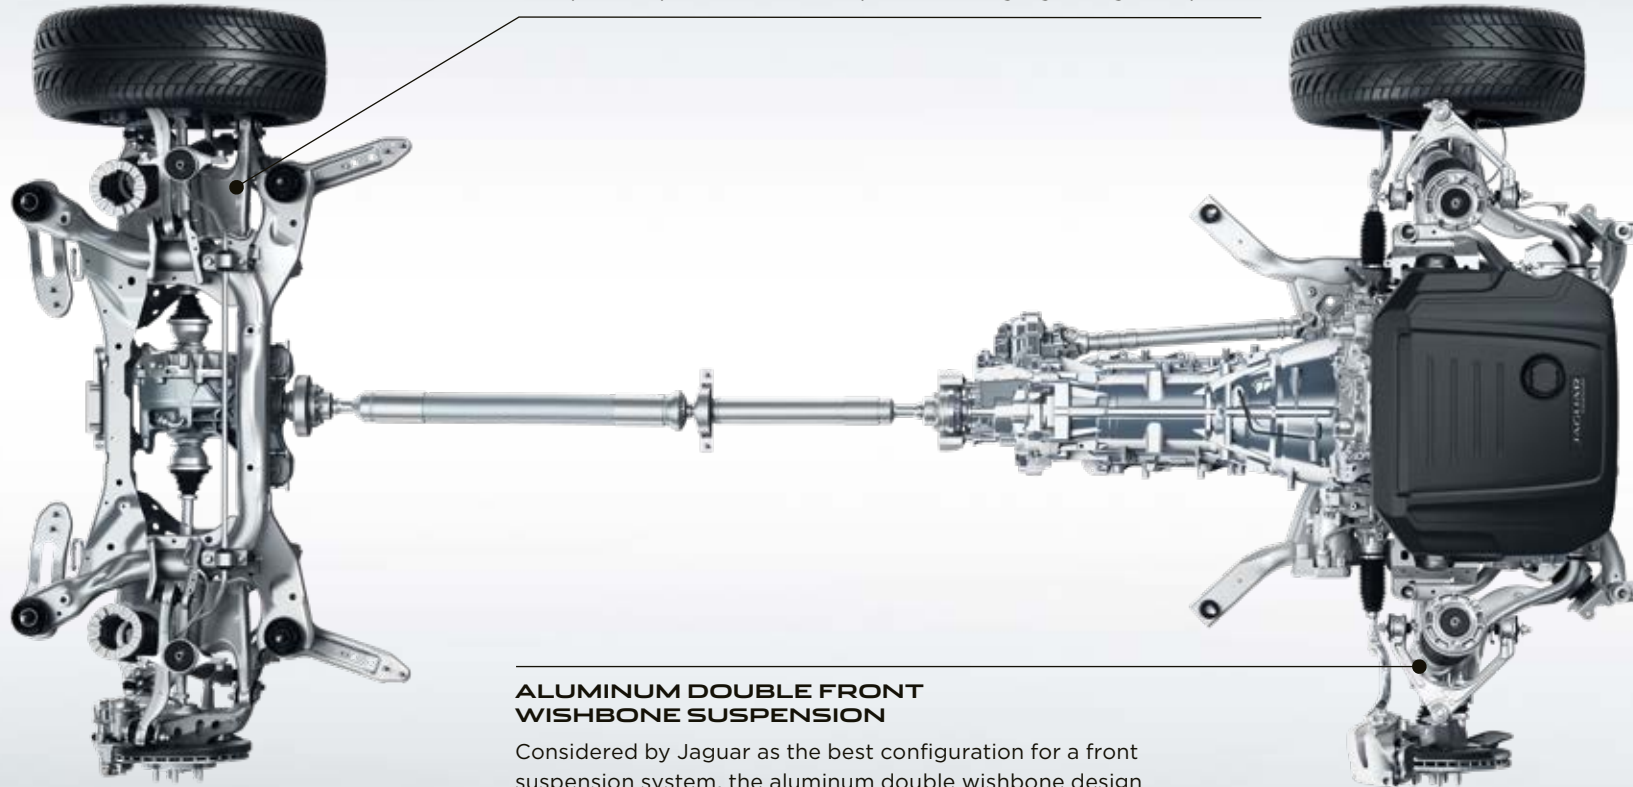

The sophisticated front and rear suspension systems complete a chassis that achieves a superb combination of sportiness and refinement. Advanced damper technologies – both passive or adaptive – improve ride quality still further and extend the Jaguar XF breadth of dynamic capabilities. The suspension control, agility and feedback give the Jaguar XF the spirit of a sports car.

BRAKE SCOOP

A glass-filled polypropylene brake scoop channels air onto the brakes for enhanced brake performance during enthusiastic driving.

INTEGRAL LINK REAR SUSPENSION

Integral Link suspension allows the Jaguar XF to realize an ideal combination of refined, luxurious ride and sharp, responsive handling. The system separates and independently manages the lateral, longitudinal and vertical forces acting on the suspension for enhanced control and comfort. Many components are forged or hollow-cast aluminum – the optimum production techniques for strong, lightweight suspension.

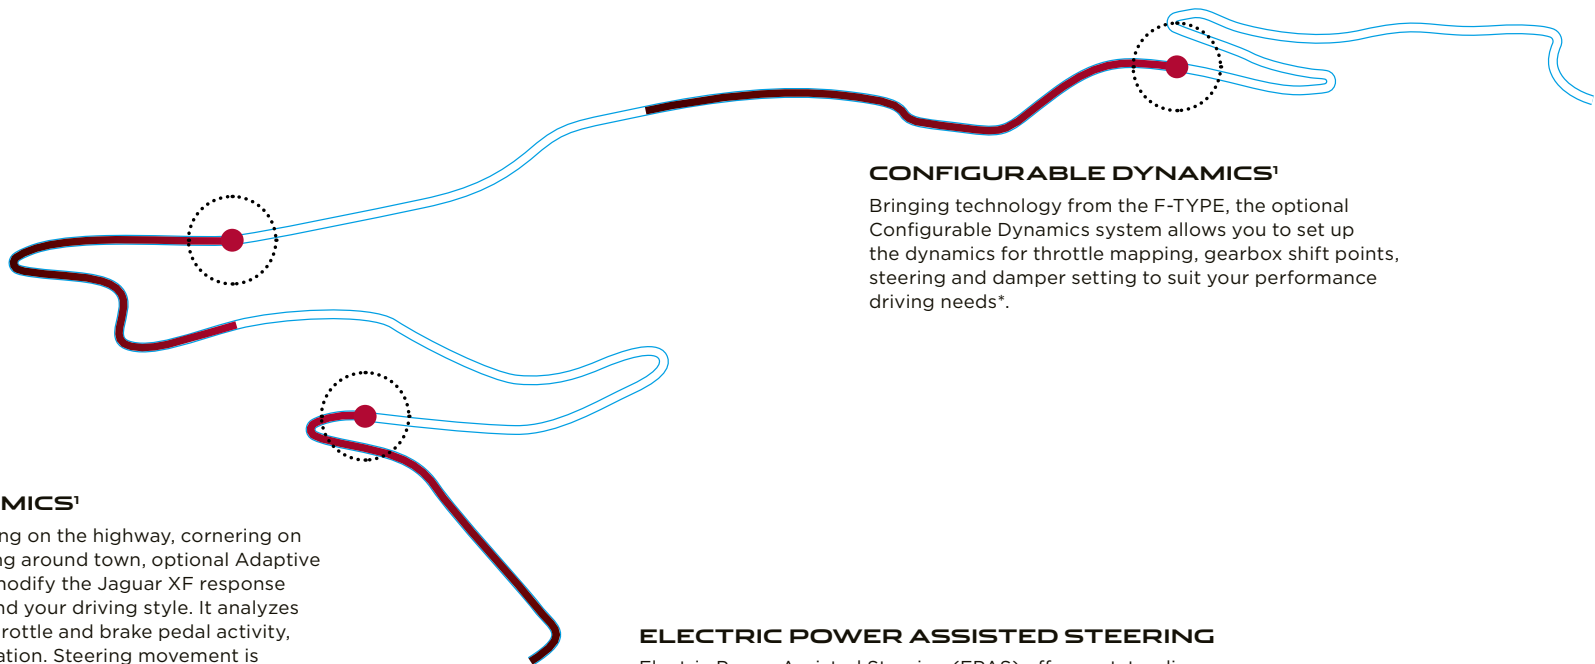

ALUMINUM DOUBLE FRONT WISHBONE SUSPENSION

Considered by Jaguar as the best configuration for a front suspension system, the aluminum double wishbone design is modeled closely on the F-TYPE for precise handling and steering response.

DRIVING TECHNOLOGY ADVANCED DRIVING DYNAMICS

ENHANCING AGILITY

Dynamic Mode revises the software of the vehicle to further enhance the sporting character. It sharpens the throttle response, increases steering weighting and performs gearshifts more quickly and at higher engine speeds. It also brings visual drama to the driver as the instrument cluster takes on a red glow. Dynamic Mode enhances your connection with the Jaguar XF inherent Jaguar performance.

ADAPTIVE DYNAMICS¹

Whether you're accelerating on the highway, cornering on country roads or navigating around town, optional Adaptive Dynamics is designed to modify the Jaguar XF response to match the conditions and your driving style. It analyzes acceleration, cornering, throttle and brake pedal activity, as well as kick down activation. Steering movement is analyzed up to 500 times a second and body movement up to 100 times a second. Using this information, electronically controlled adaptive dampers then constantly adjust the suspension settings and maintain the poise and comfort of the Jaguar XF*.

CONFIGURABLE DYNAMICS¹

Bringing technology from the F-TYPE, the optional Configurable Dynamics system allows you to set up the dynamics for throttle mapping, gearbox shift points, steering and damper setting to suit your performance driving needs*.

ELECTRIC POWER ASSISTED STEERING

Electric Power Assisted Steering (EPAS) offers outstanding feedback, control and immediate power assistance. The EPAS's sophisticated computer management varies steering assistance as appropriate - increasing assistance for low speed maneuvering and improving feel at higher speeds. It also enables advanced driver assistance features such as Lane Keep Assist and Park Assist*.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

¹Standard on Jaguar XF S and Jaguar XF Sportbrake S.

ADDED DRIVER ASSURANCE

ALL SURFACE PROGRESS CONTROL

ADAPTIVE SURFACE RESPONSE

All Surface Progress Control (ASPC) technology is a low speed cruise control that helps the Jaguar XF to cope with low traction situations. ASPC allows the driver to concentrate on steering the vehicle. Once activated, use the cruise control buttons to set a 'target' speed between 2.2 mph and 18.6 mph. The system then works to achieve and maintain that speed while exerting traction control*.

ASPC is standard and gives Jaguar XF drivers added assistance over slippery, loose surfaces, undulating terrain and even while descending a difficult incline. It helps make the Jaguar XF easier to drive in challenging conditions. ASPC also has a pull-away function allowing the vehicle to progress from rest on low grip surfaces and ascending gradients, as well as a hill descent function that controls vehicle speed on steeper inclines*.

On the Jaguar XF S AWD and the Jaguar XF Sportbrake S, Adaptive Surface Response (AdSR) is designed to recognize differences between surfaces to exploit the maximum available grip. AdSR constantly monitors the car's environment and adjusts the appropriate engine and brake settings. Once selected, AdSR works at all speeds to support you in adverse weather and across challenging surfaces*.

GRAVEL

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

WET GRASS

SNOW

WET ROAD

HBS 991

XF

ADVANCED DRIVETRAIN TECHNOLOGY

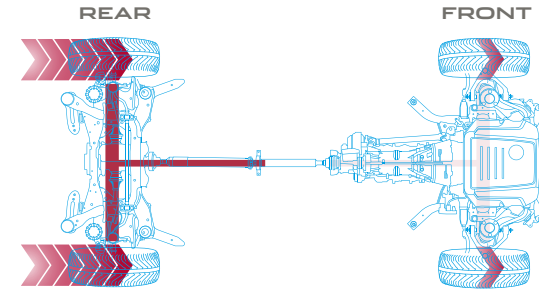

ALL WHEEL DRIVE

INTELLIGENT DRIVELINE DYNAMICS

The Jaguar XF All Wheel Drive (AWD) system combines the agility and character of Rear Wheel Drive (RWD) with the increased traction provided by AWD. In normal driving, the Jaguar XF is predominantly RWD to deliver handling purity, feel and balance. But when roads become more challenging, or when you accelerate more swiftly on low-grip surfaces, the system is designed to subtly channel power forwards, enabling the Jaguar XF to maintain improved traction for comfortable progress in various conditions*.

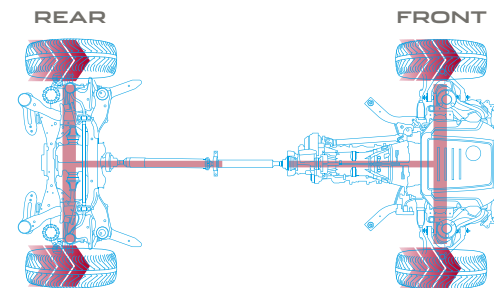

The Jaguar XF AWD uses a transfer case at the back of the 8-speed Automatic Transmission to manage the appropriate distribution of torque to the front and rear wheels. Engineered to ensure that the Jaguar XF retains the dynamic behavior of a Jaguar car, the transfer case contains an electro-mechanically activated multi-plate clutch with an actuator to build hydraulic pressure. This pressure is quickly and accurately controlled to generate the required force in the clutch to transfer the optimal amount of torque to the front wheels.

Unlike other systems that react to wheel slip, Jaguar's Intelligent Driveline Dynamics (IDD) software is predictive and uses sensors measuring throttle and steering inputs to anticipate wheel slip*. IDD seamlessly co-ordinates these inputs and compares them with responses from the engine, transmission and traction control systems to calculate the traction available and distribute torque accordingly, even before grip is lost. From a standstill, the Jaguar XF can transition from RWD to AWD in milliseconds. The result is a drive which blends the character of RWD with the capability of AWD, providing enhanced levels of performance and control*.

DRY ROAD CONDITIONS

In normal conditions, torque is distributed to the rear wheels, delivering acclaimed Jaguar agility and handling.

LOW TRACTION CONDITIONS

On slippery surfaces, such as grass or snow, torque can be balanced between the front and rear wheels to improve traction. In extreme conditions where only the front wheels have traction, up to 100 percent of engine torque can be distributed to the front wheels for more optimal grip.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

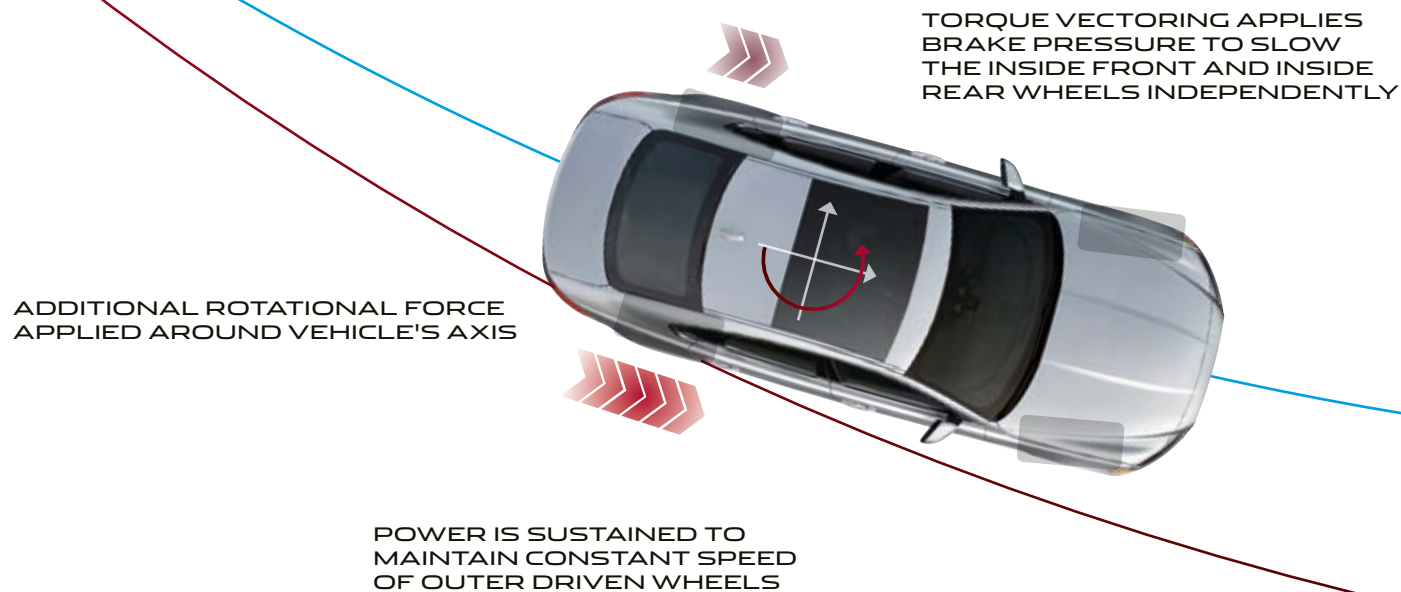

VEHICLE SHOWN: 2020 JAGUAR XF SEDAN S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

TORQUE VECTORING

> ENHANCED CORNERING CAPABILITY

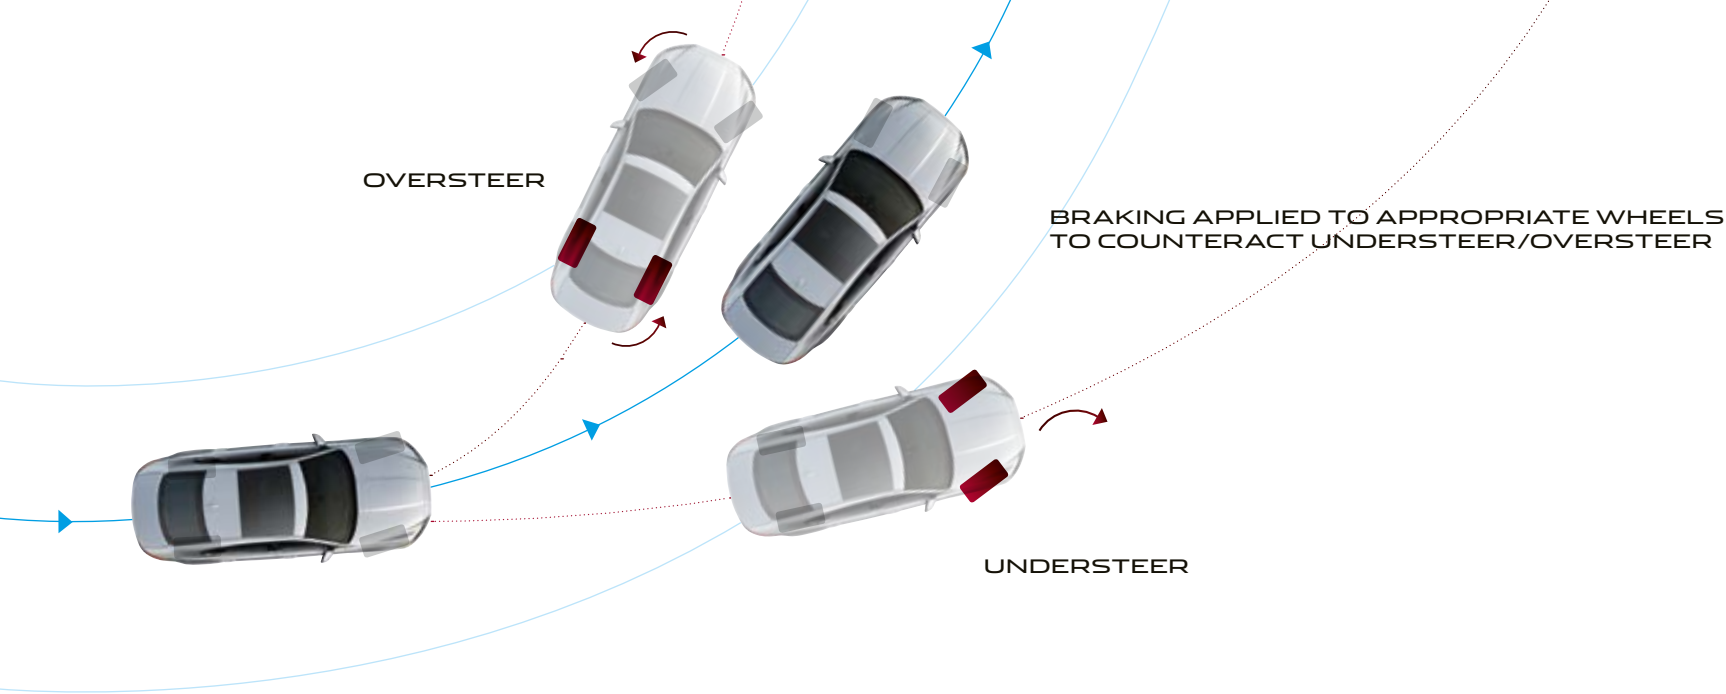

Torque Vectoring is designed to help capability through tight corners. Torque Vectoring technology provides controlled independent braking on the individual inside front and rear wheels to add to the turning forces acting on the car. In most conditions, more braking pressure is applied to the rear inside wheel as this supports increased cornering capability, while the front inside wheel is braked for greater effectiveness and refinement. The result is reduced understeer for sharper turning and more consistent road holding. Torque Vectoring delivers increased sports car-like agility and added driver assistance*.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

VEHICLE SHOWN: 2020 JAGUAR XF SEDAN S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

STABILITY AND CONTROL

**DYNAMIC
STABILITY CONTROL**

**ENGINE DRAG
TORQUE CONTROL**

The stability systems are designed to keep the Jaguar XF balanced whether you're driving enthusiastically or simply want some reassurance in challenging conditions.

Dynamic Stability Control (DSC) monitors the dynamic behavior of the Jaguar XF, intervening to assist vehicle stability and improving available grip. DSC is designed to reduce engine torque and apply braking to the appropriate wheels, to correct the car's direction of travel by counteracting understeer or oversteer. The DSC system fitted to the Jaguar XF has enhanced understeer control to reduce speed and help regain control more effectively*.

Engine Drag Torque Control mitigates the chance of wheel lock-up caused by strong engine braking in slippery conditions. It acts by briefly increasing torque to the driven wheels as appropriate.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details. Graphical representation only.

TECHNOLOGY INFOTAINMENT

Delivering a wealth of information and entertainment, every Jaguar XF is equipped with our Jaguar InControl® infotainment system, Touch Pro. It features intuitive and advanced integrated technologies to ensure everyone can make the most of their trip*.

10" TOUCH PRO*

The standard 10" Touchscreen at the heart of the center console supports swipe and pinch gestures and delivers our richest ever audio-visual entertainment. To enhance the in-car experience, Touch Pro offers customizable homescreens and fast response times as well as voice control. Multi-tasking is also made easy thanks to the Interactive Side Panel. Touch Pro is further enhanced by adding the connectivity package, Connect Pro¹.

INTERACTIVE DRIVER DISPLAY

The optional 12.3" high-definition Interactive Driver Display¹ can receive and project a vast amount of driving information, entertainment and driver assistance data including navigation, phone and media. Its high resolution ensures the utmost clarity and its refined processing engine delivers smooth moving pin graphics. To help you find your way more easily, the option of Navigation Pro² enables you to display fullscreen navigation with 3D mapping**.

HEAD-UP DISPLAY

Minimizing distractions and the need to take your eyes off the road, Head-up Display³ is an option that presents key vehicle data such as your speed, gear position and navigation directions on the windshield. It features crystal-clear, full-color graphics in high resolution, enabling you to see all driver inputs and information with ease[†]. It can display important information from the Touch Pro Touchscreen and your phone. The feature can be turned on and off dependent on driver preference.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. **Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. †These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

¹Requires Navigation Pro. ²Requires Connect Pro Pack. ³Requires Solar attenuating windshield to be fitted.

Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store.

CONNECTIVITY

Jaguar InControl® is our suite of standard and optional features that connects you to your vehicle and links you seamlessly with the outside world. There are a variety of packs and options available to choose from. With a selection of apps, even when you're away from your car, some of the InControl features stay with you.

STANDARD FEATURES

PINPOINT TOUCH CONTROL*

Pinpoint touch control allows you to interact with information swiftly. The Touchscreen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch to zoom and swipe.

PERSONALIZED HOMEPAGE*

You can set up your homescreens the way you want them. With over 60 shortcuts and widgets, you can customize your system around the features you use most.

INTERACTIVE SIDE PANEL*

A choice of side panels means you can multi-task. For example, your main screen area can be used for navigation, while the side panel provides phone controls. Simply swipe up and down to switch between multiple panels.

MULTIMEDIA*

Enjoy a variety of multimedia features on the Touchscreen. Connect your device and see details of playlists and music displayed by artist, album and genre.

ENHANCED PHONE INTERFACE*

Making it easier, you can call a favorite contact with a single touch via the customizable homepage. Additional functionality includes direct access to voicemail, conference calling and homescreen integration.

VOICE RECOGNITION SYSTEM*

Complete tasks without taking your eyes off the road. The XF offers intelligent voice recognition. For example, 'Tune to 97.9' or 'Call home'.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store.

PROTECT

- **Jaguar Optimized Assistance¹** – You can make a direct call to the Jaguar Assistance team by pressing the button on the overhead console or from the Assistance screen within the InControl Remote smartphone app.
- **SOS Emergency Call** – Emergency services will be automatically notified if the airbags are deployed in an accident. For peace of mind, this service is provided for the first ten years from date of registration.
- **Remote Lock/Unlock** – Lock or unlock your doors remotely. Simply press the 'lock' button on the Vehicle Security screen of the Remote smartphone app to single lock the doors and fold in the side mirrors². Press the 'unlock' button to open your vehicle, unfold the side mirrors, turn on the dipped headlights and cause the hazard lights to flash twice to help you locate your vehicle.
- **Remote Climate** – Prepare your Jaguar XF in advance by pre-heating or pre-cooling the cabin, so that you and your passengers are comfortable from the moment you step inside.
- **Beep/Flash** – This feature turns on your Jaguar's hazard lights, dipped headlights and sounds an audible alert to help you locate your vehicle.

Remote – Remote smartphone app provides information on your vehicle and enables you to interact with it remotely. Compatible with most smartphones, Android Wear™ or the Apple Watch®, this service includes:

- **Journeys** – This opt-in feature can automatically record your trip history including your route and mileage statistics. This information can be exported by email to use for expense reporting and can be imported to a spreadsheet.
- **Vehicle Status Check** – Check current fuel level and range, and status of door and window position and locks. See the last parked location of the vehicle and find your way back to it with on-foot directions.

SMARTPHONE PACK**

By screen sharing with the XF InControl infotainment system, the Smartphone Pack helps you stay connected to your smartphone even while in the car.

Android Auto™ was designed with safety in mind. With a simple and intuitive interface, it is designed to minimize distraction so that you can stay focused on the road.

Simply connect your Android smartphone via a USB and control compatible apps on the in-car Touchscreen.

Apple CarPlay® is also designed for increased safety, enabling the use of apps while allowing the driver to concentrate on the road ahead. Connect your Apple smartphone to your car to use compatible apps such as maps, messages and music through the Touchscreen.

**Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so.

¹Jaguar Optimized Assistance is a subscription service that can be extended after the initial term advised by your Jaguar Retailer.

²When power fold mirrors are specified.

OPTIONAL FEATURES

NAVIGATION PRO

Navigation Pro allows you to save your favorite places, use pinch and zoom gestures for simple map exploration and display a choice of either 2D or 3D crystal-clear clear map graphics. Navigation Pro functionality is further enhanced by the Connect Pro Pack*.

CONNECT PRO PACK¹

Connect Pro, which is required with Navigation Pro, consists of a 4G Wi-Fi Hotspot** and Pro Services. It's designed to enhance your in-car and out-of-car experience ensuring you and your passengers enjoy the journey while remaining connected to the world*.

INCONTROL APPS

Jaguar InControl Apps technology allows vehicle-optimized apps on your Android™ or Apple® smartphone to be controlled through the vehicle's Touchscreen, including contacts, calendar and music player via a USB cable. You can also download third-party apps offering a variety of services*.

- **Spotify²** – Access a library of more than 30 million songs with this seamlessly integrated app. Featuring all the same intuitive functionality as the Spotify smartphone app, you can search songs, stations and recommendations, create playlists and access your music in offline mode. Simply log in using your existing Spotify Free or Spotify Premium account.

4G Wi-Fi

The 4G Wi-Fi Hotspot provides in-car access to the Internet, enabling up to eight wireless devices to be used simultaneously in the car. Passengers can connect through the vehicle's wireless network to surf, work, update social media and stay entertained throughout the trip**.

PRO SERVICES

- **Real Time Traffic Information** – Uses live traffic data feeds to give you the most accurate picture of what the traffic is like on the way to your destination*.
- **One-box Search** – Wherever you are, you can search the surrounding area for places of interest. The system can access expert destination information, travel tips and inspiration as well as online travel reviews of the local area*.
- **Planning Routes and Door-to-Door Routing** – Before setting off, use the Route Planner app or online to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen. Once you've parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transportation options*.
- **Satellite View** – When you want to get the context of your surroundings from overhead, simply switch to satellite view*.
- **Commute Mode** – Allows the system to learn your commutes and automatically advises you of the expected travel time based on live and historical traffic movements, without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. **The Wi-Fi Hotspot is intended for passenger use only. InControl features may require an additional subscription with separate terms and conditions.

¹Requires Navigation Pro. ²Please check App Store and Google Play for availability.

Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control, and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store.

- **Parking Service** – As you approach your destination, you can see where parking is available. Simply tap on the parking and the navigation system updates to direct you to it*.
- **Online Routing** – While you're on your way to a destination the system monitors live traffic conditions and takes into account typical traffic patterns for that time of day, keeping you on the optimum route.
- **Fuel Prices** – When you're going to fill up, the Fuel Price service not only finds gas stations along your route, it also enables you to compare fuel prices so you can keep your costs down.
- **Online Media** – Allows for the aggregation of numerous content providers and their personalized content – such as Deezer and TuneIn – that gives access to more than 40 million music tracks and four million on-demand programs and podcasts. For the first time, these can be directly streamed from the vehicle without the need for a smartphone – providing a seamless and integrated experience.

Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store.

AUDIO

A vehicle's cabin is the ideal place within which to experience your personal choice of music, and the Jaguar XF has the option of three different audio systems to bring your music to life:

MERIDIAN™ SOUND SYSTEM

Great definition, crystal-clear highs and full, deep bass – delivered through the careful arrangement of 10 speakers and a dual channel subwoofer.

MERIDIAN SURROUND SOUND SYSTEM*

All the fullness and clarity of a live performance, delivered through an arrangement of 16 front, side and rear speakers and a dual channel subwoofer – seamlessly brought together using Trifield™ technology. Exclusive to Meridian, Trifield perfectly blends the center and surround channels with left and right channels ensuring an optimum, consistent sound experience for each passenger.

SIRIUSXM® SATELLITE RADIO AND HD RADIO™**

SiriusXM® Radio and HD Radio technology offers improved sound quality and a wide choice of stations and entertainment**.

Image is representative of Meridian Surround Sound System.

*Optional feature.

**A 3-month trial subscription to the Sirius All Access package is included with the vehicle, which gives you access to 150+ channels of premium programming. Plus you can stream SiriusXM on your computer, smartphone or tablet – it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. SiriusXM Satellite Radio is not available in Alaska or Hawaii.

MERIDIAN™

Formed in 1977 in Cambridgeshire, England, Jaguar’s audio partner Meridian has pioneered many firsts, including active speakers and the world’s first digital surround sound processor. Meridian’s audio technology input has helped ensure that the Jaguar XF is one of the most superb spaces. Meridian Cabin Correction technology was utilized to analyze cabin shape, acoustics and resonance characteristics in order to help remove unwanted sounds. The advanced algorithm ensures that the rhythm, punch and timing of any piece of music are heard precisely how the artist intended, providing a consistently exceptional quality audio experience for all passengers in the vehicle.

	UNIQUE MERIDIAN TECHNOLOGY	SPEAKERS + SUBWOOFER	WATTS
MERIDIAN™ SOUND SYSTEM	  	10+1	380
MERIDIAN™ SURROUND SOUND SYSTEM	   	16+1	825

DIGITAL SIGNAL PROCESSING

Brings all elements of the audio system together as one, for performance that would otherwise require significantly larger speakers.

MERIDIAN CABIN CORRECTION

The advanced algorithm of Meridian’s Cabin Correction tailors the sound experience to the precise acoustics of the Jaguar XF interior.

MERIDIAN DIGITAL DITHER SHAPING

To maintain the quality of musical recordings, they are converted into a common digital format. Meridian Digital Dither Shaping ensures that digital signal conversions are made smoothly and seamlessly, preserving the finest details of the audio performance. The result is authentic musical conversion, evoking the emotions of the original recording.

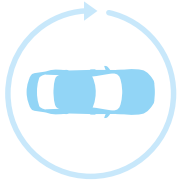

TRIFIELD

Exclusive to Meridian, Trifield blends the center and surround channels seamlessly with left and right channels, delivering a consistent, concert-like experience for all occupants.

Meridian is a trademark of Meridian Audio Ltd.
Trifield and the “three fields” device is a trademark of Trifield Productions Ltd.
Features and their availability may differ by vehicle specification and market.

SAFETY AND EFFICIENCY DRIVER ASSISTANCE¹

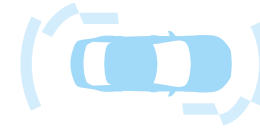

360° SURROUND CAMERA

360° Surround Camera uses four digital cameras discretely placed around the vehicle, providing a 360° birds eye view on the Touchscreen. With the capacity to display several different views at the same time, this helps with various maneuvers from parking by a curb, to getting in and out of tight spaces and intersections*.

REAR CAMERA

Rear Camera is designed to provide improved visibility when reversing. Static lines representing the vehicle's outer perimeter and predicted path are superimposed on the rear view image displayed on your Touchscreen*.

360° PARKING AID

360° Parking Aid uses ultrasonic sensors to the front, rear and sides of the vehicle, designed to alert you to the proximity of objects when parking or exiting from a parking space*.

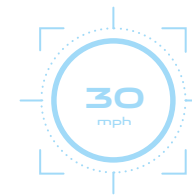

EMERGENCY BRAKING

Should a potential collision be detected, the Jaguar XF gives an audible forward collision warning. Visual warnings follow. If the driver takes no action the system is designed to apply the brakes** to help reduce the severity of the possible impact*.

FRONT AND REAR PARKING AIDS

Front and Rear Parking Aids make maneuvering even easier. Sensors located in the front and rear bumpers are activated manually, or when reverse is selected. As you park, the Touchscreen display and audio feedback indicates how close you are to obstacles*.

TRAFFIC SIGN RECOGNITION AND ADAPTIVE SPEED LIMITER

Traffic Sign Recognition (TSR) technology detects speed limits, including variable limits, and no passing signs via the forward-facing camera, then displays them to the driver. The Adaptive Speed Limiter uses TSR's information, supported by map data from the navigation system, to help keep the Jaguar XF within the appropriate speed limit*.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

**Please note that if any action is taken, even minimal steering, the Emergency Braking system will assume the driver resumed control of the vehicle and the system will automatically disengage.

¹Please refer to pages 58-63 for fitment requirements and availability.

BLIND SPOT ASSIST AND REVERSE TRAFFIC DETECTION

Blind Spot Assist uses radar sensors to detect quickly approaching vehicles and, if necessary, the system can provide assistance in preventing foreseeable collisions. If your vehicle detects another car in your blind spot when you begin to change lanes, a small warning light illuminates in the corresponding wing mirror. Corrective torque is also applied to the steering wheel, encouraging you to guide your vehicle away from the approaching vehicle. Reverse Traffic Detection is particularly useful when reversing out of a parking spot, the system warns you of vehicles, pedestrians or other hazards, approaching from either side of your vehicle. It will alert you with both audio and visual warnings even when the view is obstructed*.

LANE KEEP ASSIST AND DRIVER CONDITION MONITOR

Lane Keep Assist detects when the vehicle is unintentionally drifting out of the lane, and applies a corrective torque to the steering wheel, encouraging you to guide your vehicle back. Driver Condition Monitor detects if you're starting to feel drowsy and gives you an early warning when you need to take a break*.

ADAPTIVE CRUISE CONTROL WITH QUEUE ASSIST

Adaptive Cruise Control uses radar technology to automatically adjust your speed to maintain a set distance from the vehicle ahead. If that vehicle slows, your Jaguar XF reduces its speed to maintain a set distance. The Jaguar XF resumes its pre-set speed as soon as the road in front is clear. Should the car in front stop completely, the Queue Assist function is designed to help bring the Jaguar XF to a smooth halt. Once the traffic moves, touch the accelerator and the Jaguar XF will follow the car in front again*.

NEW XF CHECKERED FLAG SEDAN

With all the style, elegance and luxury of the XF, Checkered Flag bears testimony to Jaguar's undoubted heritage. Building on the assertive design of R-Sport, Gloss Black side vents feature unique badging, whilst the sleek 'S' bumpers enhance the XF purposeful stance. 19" wheels, together with the Black Pack trimmed exterior, give it an even greater presence. XF is refined and contemporary, but it's also from pure racing pedigree. Ease into the R-Sport styled cockpit, grip the soft grain leather steering wheel and simply relish being on the road.

Features:

- 298 HP AWD gas engine

Exterior:

- Available in Yulong White, Santorini Black and Eiger Grey
- Assertive Black Pack exterior design styling
- trunk lid spoiler
- Sport-inspired 'S' bumpers with body-coloured cheeks
- Gloss black Checkered Flag side vents
- 19" Style 1018, 10 spoke wheels in Gloss Sparkle Silver
- Body-coloured side sills

Interior:

- A choice between Ebony/Pimento or Ebony/Ebony grained leather interior with contrast stitching
- Perforated grained leather sport seats with contrast stitching
- Metal treadplates with Checkered Flag branding
- Soft grain leather steering wheel with Chrome gearshift paddles
- Dark Hex Aluminum instrument panel finisher
- Keyless Entry
- Navigation Pro
- Connect Pro
- Interactive Driver Display.

*For further details please see pages 54-56.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details. **Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. **A 3-month trial subscription to the SiriusXM® All Access package is included with the vehicle, which gives you access to 175+ channels of premium programming. Plus you can stream SiriusXM® on your computer, smartphone or tablet - it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM® at 1-866-635-2349. See the SiriusXM® Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. SiriusXM® Satellite Radio is not available in Alaska, Hawaii, or Puerto Rico.

¹Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. ^{††}The Wi-Fi Hotspot is intended for passenger use only. Jaguar InControl® features may require an additional subscription with separate terms and conditions.

[‡]These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local Jaguar Retailer for more details.

¹Not available with Four-zone Climate Control. ²Limited availability.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

 Configure your vehicle at [jaguarusa.com](https://www.jaguarusa.com)

The genuine range of accessories from Jaguar for your XF Sedan.

Water Sports Carrier*
C2Z21730

A versatile system for transporting a variety of water sports equipment including surfboard, kayak or sailboard. Tilts to facilitate loading/unloading.

*Requires roof cross bars T2H14468.

VEHICLE SHOWN: 2020 JAGUAR XF SEDAN S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

Aluminum Paddle Shifters
T2R6547MMU (Brushed Aluminum - shown)
T2R6547CAY (Red)

Replacement steering wheel gearshift paddles offered in a premium aluminum material providing a high quality finish to a key contact point in the vehicle. Manufactured from billet machined aluminum, the paddles are hand brushed for a premium finish and anodized to ensure they will not deteriorate with wear.

Luxury Carpet Mat Set
T2H7171PVJ (Jet - shown)
T2H7171AMT (Oyster)
T2H7171AAM (Espresso)
T2H7173PVJ (Jet, AWD only)
T2H7173AMT (Oyster, AWD only)
T2H7173AAM (Espresso, AWD only)

Luxurious, tailored 60.46 oz/yd² carpet mats set with Jaguar Ingot and Nubuck edge binding.

Central Armrest Chiller/Warmer
T2H7739

Food and drinks chiller and warmer that acts as a rear center armrest. With a leather-covered top, it is held in place by the center seat belt and powered from the rear auxiliary socket. Ideal for long trips with the family.

Click and Play - iPad® Mini
J9C2165

The Click and Play iPad® Mini holder is part of the Click and Go range. This removable tablet holder attachment can easily be positioned at multiple angles for in-cabin comfort and rear entertainment.

Personalized Illuminated Sill Treadplates
T2H17122PVJ (Jet)

Elegantly styled stainless steel sill treadplate finishers for driver or passenger doors. Illuminates when either the driver or passenger doors are opened. Highlighted by soft Phosphor Blue lighting. Allows customer to specify a monochrome 'motif' in a choice of approved typefaces/scripts.

Rubber Mats
T4H7742 - LHD
T2H7743 - LHD AWD

Hard wearing Jaguar branded rubber mats provide added protection for your vehicle's carpets.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

 Configure your vehicle at jaguarusa.com

Side Power Vent - Gloss Black
T2H19534 - Left Side
T2H19531 - Right Side

Jaguar branded, Gloss Black side power vents provide a dynamic exterior styling enhancement.

Side Power Vent - Carbon Fiber
T2H18318 - Left Side
T2H18319 - Right Side

High grade Carbon Fiber side power vents provide a performance-inspired styling upgrade.

Rear Tailgate Trim - Gloss Black²
T2H17748

Add style and visual distinction with Gloss Black finish rear tailgate trim.

Gloss Black Mirror Cap
C2D6067PEC - Left Side
C2D6066PEC - Right Side

Gloss Black mirror covers accentuate the dynamic design of the exterior mirrors.

Carbon Fiber Mirror Cap
C2P24177 - Left Side
C2P24176 - Right Side

High grade Carbon Fiber mirror covers provide a performance-inspired styling upgrade.

Splash Guards
T2H12952 - Front
T2H12953 - Front (S)
T2H12954 - Rear

Jaguar branded splash guards complement the lines of your vehicle, reduce spray and provide protection from dirt and stone chippings.

¹Requires roof cross bars T2H14468. ²Only available on Jaguar XF Sedan.

Roof Cross Bars²
T2H14468

Jaguar branded cross bars required for fitting all roof carrying equipment. Engineered specifically for your vehicle.

Ski/Snowboard Holder¹
C2A1538

A safe and secure Jaguar branded system for transporting winter sports equipment. Incorporates slider rails for easy loading. For four pairs of skis or two snowboards.

Roof Luggage Box¹
C2C41628

Spacious 108 gallon capacity lockable roof luggage box, measuring 68.9 x 32.3 x 17.72 in. Maximum load capacity of accessory is 165.4 lbs.

Wheel Mounted Roof Cycle Carrier¹
C2A1539

An easy to fit, roof mounted, lockable cycle carrier which carries one bike per holder. A maximum of three holders can be fitted. Maximum cycle weight 44.1 lbs per carrier.

Fork Mounted Cycle Carrier¹
C2A1540

Fitted to the roof, the fork mounted cycle carrier provides a simple and secure fitting with the bike front wheel removed, ideally suited to lightweight bikes and 'racing' wheels. A separate carrier is included for the front wheel. Easy to fit, lockable cycle carrier which carries one bike per holder. A maximum of three holders can be fitted.

All-Weather Car Cover²
T2H7756

All-weather tailored cover for the Jaguar XF with the Jaguar logo. Protect your Jaguar XF from the elements, including showers, frost and dust. Quick and easy to fit.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

 Configure your vehicle at jaguarusa.com

The genuine range of accessories from Jaguar for the XF Sportbrake.

Wheel Mounted Roof Cycle Carrier¹ C2A1539

A safe and secure Jaguar branded system for transporting winter sports equipment. Incorporates slider rails for easy loading. For four pairs of skis or two snowboards.

Central Armrest Cooler
T2H7739

Food and drinks chiller and warmer that acts as a rear center armrest. With a leather-covered top, it is held in place by the center seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

 Configure your vehicle at jaguarusa.com

Click and Play - iPad® 2-4¹
J9C2163

Click and Play is a removable tablet holder attachment which is available for various tablets, and can be easily positioned in multiple angles for in cabin comfort and rear entertainment.

Click and Hook¹
J9C2169

Click and Hook is a universal hook that creates extra storage space for items to be hung.

Click and Hang¹
J9C2167

Click and Hang is a removable coat hanger allowing for shirts and jackets to be kept crease-free while transporting.

Union Jack Sill Treadplates
T2H17123PVJ - Jet
T2H17123AMT - Oyster
T2H17123AA - Espresso

Elegantly styled stainless steel sill treadplate finisher for driver or passenger doors featuring a distinctly British design.

Sport Pedal Covers
T2H3746 - Automatic

Made from stainless steel and rubber, the pedal kit fits securely over existing pedals for a contemporary, sporting appearance.

Luggage Compartment Waterproof Liner²
T2H24704

Total protection for the luggage compartment and second row seat back. Bespoke developed for Jaguar XF Sportbrake, the liner is a fully waterproof and is easy to fit or remove in a matter of minutes.

¹Requires Click and Go base unit to be fitted (J9C2168). ²Only available on XF Sportbrake. ³Can also be fitted with either Rubber Liner (T2H25062) or Rubber Mat (T2H24552).

**Aperture Retention Net²
T2H31242**

The aperture retention net prevents small items from falling out of the loadspace when the tailgate is opened and maximises packing space. Manufactured from premium lightweight materials including high grade machined aluminium to ensure robust quality.

**Luggage Compartment Collapsible Organizer
T2H7752**

Collapsible luggage compartment organizer keeps items from shifting during transport with two durable straps.

**Pet Access Ramp T2H38744
Portable Rinse System T2H38746
Foldable Pet Carrier T2H38745
Spill Resistant Water Bowl T2H38743
Quilted Loadspace Liner³ T2H40499**

Taking the effort out of transporting pets, this option ensures everything required is to hand to transport pets in comfort. Combines the full height luggage partition, quilted loadspace liner, pet access ramp and portable rinse system.

**Luggage Compartment Rubber Mat²
T2H24552**

This premium mat is tailored specifically to protect the luggage compartment. Light and durable, it is easily removable for cleaning.

**Luggage Compartment Multi-purpose Liner²
T2H24651**

All-in-one premium loadspace carpet mat and double layer reversible rubber liner helps protect the rear loadspace area from general dirt. The liner can be folded out to cover the back of the second row seats when folded down. Also includes fold out bumper protector.

**Bumper Protector²
T2H24701**

Provides protection for the rear bumper from scuffs and scratches and helps to prevent clothing from collecting dirt when loading and unloading.

SPECIAL VEHICLE OPERATIONS

Special Vehicle Operations (SVO) designs and engineers products that amplify Jaguar and Land Rover core brand values; focusing on luxury, performance and capability.

Our team of specialists is completely focused on enhancing and personalizing our relationship with our most discerning and enthusiastic customers – delivering experiences that our customers will love for life.

SVO is responsible for the creation of a suite of halo products that showcase the pinnacle of Jaguar design and engineering capabilities, enabling our customers to indulge their passion for spectacular new vehicles.

THE NEW SVO TECHNICAL CENTER

In the heart of the British Midlands is SVO's brand new Technical Center. This state-of-the-art facility represents a \$25 million dollar investment by Jaguar Land Rover, and features four zones designed to support the creation of truly breath-taking vehicles. In addition to the Commissioning and Presentation suites, our manufacturing center is responsible for the assembly and hand-finishing of SVO halo and Collector's Edition vehicles, and a world-class paint facility ensures an exquisite finish for every vehicle we create.

BESPOKE BY SVO

Bespoke by SVO was born out of an innate understanding of what our most discerning clients value more than anything else – to own something completely unique to them. Something only they can have, reflecting who they are and what they hold most dear. With that in mind, SVO developed innovative Commissioning and Presentation suites enabling creation of the most refined and luxurious vehicles in the world. This special new facility is housed within the new SVO Technical Center in Warwickshire, England.

THE WORLD OF JAGUAR

Your Jaguar drives with an instinct for performance, refined through decades of innovative design and engineering. Power and agility are combined with elegance and grace to deliver a vehicle like no other. As a celebration of Jaguar, we've created a range of experiences, publications and the Jaguar Lifestyle Collection. To top it all, we've even returned to the track with Jaguar Racing. Welcome to a world where every aspect of performance is an art.

EXPERIENCE DRIVES

There's no better way of understanding the spirit of Jaguar than by getting behind the wheel. Jaguar Experience Drives are an opportunity to unleash the breathtaking performance of our incredible Jaguar range. Join us at one of our Experience centres, or take part in the Art of Performance Tour. New sensations await.

jaguarusa.com/experience-jaguar

JAGUAR LAND ROVER ICE ACADEMY

Take your driving to the next level with Jaguar Land Rover Ice Academy. Located on one of the many frozen lakes in Arjeplog, Sweden, your driving skills will be tested through tackling some of the harshest, most challenging tracks on the planet. It's a rare chance to dance on ice and glide around awe-inspiring corners, all under the expert guidance of our instructors. Encounter the true exhilarating potential of the latest Jaguar and Land Rover vehicles in extreme conditions.

MANUFACTURING TOURS

Witness at first-hand a Jaguar being brought to life. Behind our award-winning craftsmanship lies an unrivalled harmony of skilled technicians and cybernetic production robots. Our expert tour guides will accompany you as you make your way through the hi-tech manufacturing process, from sheet metal to the finished creation.

jaguarusa.com

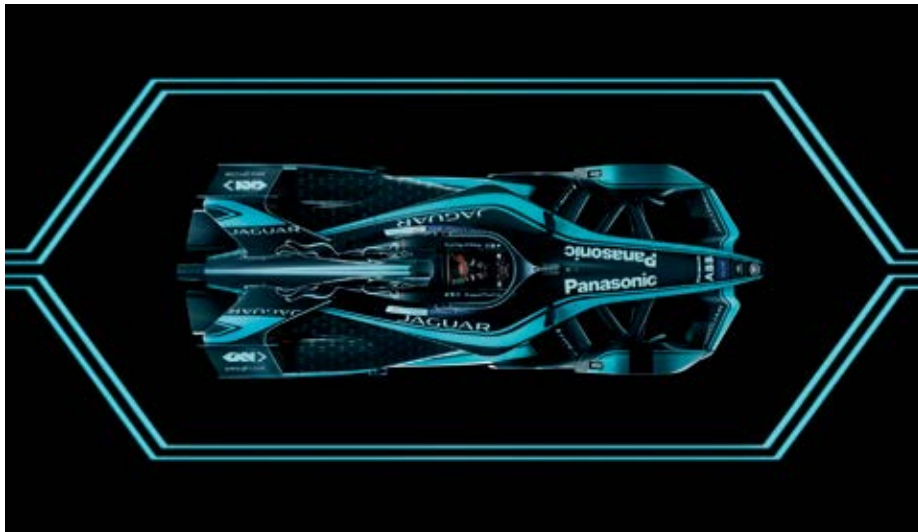

SPECIAL VEHICLE OPERATIONS

With outstanding performance, cutting-edge technology and incomparable luxury, Jaguar is a showcase for the finest in design and engineering. Special Vehicle Operations takes this even further. Adorned with the SV badge, halo models and limited-run collector's editions are the very pinnacle of the Jaguar range, offering a combination of the ultimate in power and dynamics.

jaguarusa.com/about-jaguar/special-vehicle-operations

ABB FIA FORMULA E

Jaguar's reputation for performance, technology and design was forged at the world's most challenging circuits and championships. From Le Mans to Formula 1, and now Formula E, the grid is our test bed. Formula E provides the perfect proving ground for electric vehicle technology in a high performance environment. The racing series accelerates the development of Jaguar's electric powertrains. With every race, Formula E helps Jaguar engineers to create better electric vehicles.

jaguarusa.com/jaguar-racing

JAGUAR I-PACE eTROPHY

We're making history. Again. Our latest development as leader in the global automotive race to electrification is I-PACE eTrophy - the world's first all-electric production-based international race series. Engineered and built by Special Vehicle Operations to compete on the zero emissions world stage; racers of the future will push electrification to thrilling heights.

AT YOUR SERVICE

As well as providing a range of exclusive services and lifestyle products, the World of Jaguar makes owning and driving carefree and easy.

JAGUAR ELITECARE*

Enjoy your Jaguar with peace of mind. The Jaguar XF is backed by Jaguar EliteCare, our coverage program including New Vehicle Limited Warranty, Complimentary Scheduled Maintenance, Roadside Assistance and Jaguar InControl Remote & Protect™.

GENUINE PARTS

Jaguar vehicles Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for your Jaguar XF to contribute to optimum performance and to help maximize its lifespan.

FLEET & BUSINESS

Jaguar vehicles are dynamic, distinctive, and help companies express the unique character and personality of their business. We are committed to providing customer focused aftersales services, ensuring that every Jaguar performs to the highest standard and in the most cost-efficient way for businesses. Visit jaguarusa.com/fleet-and-business for more information.

JAGUAR ASSISTANCE

Jaguar Assistance provides assistance in motoring emergencies, from immobilization due to mechanical breakdown, to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, anywhere in North America during the vehicles warranty period.

JAGUAR FINANCIAL SERVICES

New or used, for personal or business use, we have a finance option that puts you in complete control. Please speak to your local Jaguar Retailer to find out more.

IMPORTANT NOTICE

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications or availability, nor does it constitute an offer for the sale of any particular vehicle, part or accessory. Distributors and retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

COLORS

Images are provided for illustrative purposes only. Colours reproduced on-screen may vary compared to actual finish. The company reserves the right to alter or withdraw any color finish without notice. Some of these colors may not be obtainable in your country. Please check availability of colors and current specifications with your Jaguar Retailer. Distributors and retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.

ENVIRONMENTAL INNOVATION AT JAGUAR

Jaguar is committed to reducing dependency on fossil fuels, using fewer natural resources and creating less waste as part of our approach to responsible and sustainable business development.

Search 'Jaguar Environmental Innovation' for more details.
