GRAND SCENIC: the MPV reinvented

A world of opportunity. GRAND SCENIC is packed with innovation to help you make the most of every moment. Clever design has created beautiful proportions whilst maximising space to stay true to the "Multi-Purpose Vehicle" concept. Furthermore, innovations in modularity makes GRAND SCENIC a flexible vehicle to live with every day. Top that with the latest safety and in-car technology and GRAND SCENIC is ready for what life will bring.

Beautiful & clever design

Beautiful design with clever innovations are at the heart of GRAND SCENIC. The unique 20" alloy wheels were inspired by the R-SPACE concept car and have been designed with a specific profile to provide low rolling resistance and promote fuel efficiency.

A striking two-tone paint finish† accentuates the sweeping roofline and windscreen of GRAND SCENIC. Full LED headlights with Pure Vision* technology combine with highly distinctive C-shaped LED daytime running lights (DRLs) to give the vehicle a bold on road presence. To finish, Edge Light technology gives the tail lights a 3D effect, all for a truly recognisable lighting signature.

†Optional on Play and Iconic. Standard on Signature. *Optional on Signature.

Family room

Created to maximise the well-being of passengers and driver alike, GRAND SCENIC takes the monospace concept to new levels. The passenger compartments are bathed in light thanks to a panoramic glass sunroof† which forms a natural living space. Clever innovations make daily life easier, including One-Touch Folding‡, which makes it possible to lower the rear seats to obtain a flat floor by simply pressing the Renault R-LINK 2* touchscreen (or using the boot controls). The rear bench seat (60:40 split), with its supportive seats, slides for optimal use of the passenger compartment.

Image shown is with 8.7" touchscreen - standard on Signature.

†Standard on Signature.

A world of freedom

Comfortable, spacious, and configurable to your needs, the GRAND SCENIC provides added flexible space. Its seven seats make it easy to travel as a family. The 60:40 split sliding bench seat in the second row and two seats in the third row are foldable using the One-Touch folding* control. With the second and third rows of seats folded flat, GRAND SCENIC transforms to offer a cavernous load space.

Shared space

A clever sliding centre console* makes it possible to choose your own interior configuration: in the forward position the driver sits in a cockpit-type setup, or positioned further back a shared space for the entire family is created. For the front passengers, the sliding centre console is used as an armrest, whilst for rear passengers, a storage bin, two USB ports and a 12-volt socket make powering tablets easy – great for longer journeys!

*Standard from Iconic and above.

Useful technology

Welcome to the cockpit of the GRAND SCENIC. The R-LINK 2 multimedia system* is the centre point of the dashboard with its portrait 8.7" screen**. Intuitive and responsive, it provides access to functions such as navigation, phone and MULTI-SENSE** (which offers a choice of five different driving modes and ambient lighting settings). A colour head-up display** completes the cockpit, updating the driver with key information such as speed and directions. And with your eyes on the road for longer, the colour head-up display promotes safer driving.

Take advantage of voice control commands accessed from the steering wheel* for greater ease of use whilst on the move.

And now, R-LINK 2* is compatible with Apple CarPlay™ and Android Auto™. Access selected smartphone apps^ from the R-LINK 2* touchscreen multimedia system - get connected!

*Standard from Iconic and above. **Standard from Signature. ^ Compatibility: An Android phone running Android 5.0 (Lollipop), an iPhone no earlier than iPhone 5 & iOS 7.1. Connecting a smartphone to access Android Auto™ and Apple CarPlay™ should only be done when the vehicle is safely parked. Drivers should only use the system when it is safe to do so and in compliance with the requirements of The Highway Code. Drivers should be aware of the potential of hands-free technology to distract a driver's attention from the road, preventing them from having full control of the vehicle

On-board intelligence

True pleasure requires peace of mind. GRAND SCENIC offers the latest driver assistance technology because safety for you and your family is paramount. Active Emergency Braking System (AEBS) with pedestrian detection, is a standard feature across the range. This system will apply the vehicle's brakes if a collision with a vehicle or pedestrian is detected (subject to certain parameters). The Fatigue Alert* monitors your driving inputs and notifies you when it is time to take a break. Lane-Keeping Assist (LKA)** corrects the steering if your vehicle makes an unplanned move out of lane.

*Standard from Iconic. **Optional as part of the Safety Pack and Safety Pack Premium.

Driver assistance

GRAND SCENIC features useful technology as standard that can be enjoyed everyday. Hill Start Assist makes pulling away on an incline much easier. The Visio System packs in automatic high/low beam, Traffic Sign Recognition and Lane Departure Warning. The technologies below are offered to further enhance your GRAND SCENIC.

Fatigue Detection Alert¹

With its trajectory analysis system, the GRAND SCENIC detects any anomaly linked to fatigue and informs you so that you know when it is time to take a break.

Hands-free Parking²

Parallel, perpendicular, and angled parking will all be fun from now on! With its 360 degree sensors, the Hands-free Parking system measures the available space before providing steering guidance during manoeuvres.

Adaptive Cruise Control (ACC)³

Keep a safe distance from the vehicle in front of you. The Adaptive Cruise Control automatically adjusts the set speed to maintain a safe distance.

Blind Spot Warning⁴

Sensors mounted in the front and rear bumpers help to detect vehicles in your blind spot. If a vehicle is detected, an orange light will appear in the door mirror.

1. Standard from Iconic and above. 2. Part of Parking Pack Premium, available as an option on Signature. 3. Available as part of the Safety Pack Premium. Optional on Signature. 4. Part of Parking Pack Premium, available as an option on Signature.

Storage space

GRAND SCENIC features handy storage throughout the cabin - 56.9* litres to be exact!
With everything you need ready to hand, you'll always be prepared.

*Standard from Iconic and above

Modular

True champions of smart storage, GRAND SCENIC offers many practical spaces. For example, the sliding centre console[^] and under-floor compartment let you discreetly store items out of sight. Then there's the One-Touch folding¹ that lets you fold the rear seats into a flat floor to make large loads easy.

Engines

TCe 140

Flexibility and control

This latest generation petrol engine from Renault features technologies to help increase torque (up to 240Nm) and reduce CO₂*. As a result the TCe 140 delivers driver pleasure around town or on motorway routes. For even greater flexibility the TCe 140 is also available with the automatic EDC dual-clutch gearbox.

Blue dCi 120

The highest level of efficiency

Flexible, efficient and refined. The Blue dCi 120 diesel engine is a great choice for fuel efficiency. This engine is also available with the automatic EDC dual-clutch gearbox.

* WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO₂ figures however until April 2020 the CO₂ figures are based on the outgoing (NEDC) test cycle which will be used to calculate vehicle tax on first registration. Please visit renault.co.uk/configure for WLTP figures for any selected options.

Driving sensations

You want your car to match your mood, one day feeling sporty and the next hoping to be relaxed. With the MULTI-SENSE* ambient lighting and driving mode selector you can change the GRAND SCENIC's setup to match your mood. By pressing the MULTI-SENSE* button on the central console, access a choice of five different modes: Neutral, Sport, Comfort, Perso and Eco. MULTI-SENSE* modifies engine response, accelerator sensitivity, the speed of gear changes, steering weight, air conditioning power, engine sound, and ambient lighting! From sepia to red or blue through to purple, or green, the ambient lighting accents the doors, the instrument panel and the R-LINK 2* screen beautifully. And with the Perso mode, you can configure the driving setup and ambient lighting to your current desire.

EasyLife Service Plan+

Servicing & Extended Warranty 4 Years / 60,000 miles

One off* and monthly** payment options available

*The EasyLife Service Plan offer is available for all retail vehicles and valid at participating dealers only or Renault.co.uk and can be purchased up to 12 months after registration or before the first service (whichever is sooner). Vehicles must be ordered and registered between 1 July 2019 and 31 December 2019. **The EasyLife Service Plan is available for eligible retail vehicles on a 36 or 48 monthly payment option and are only available at point of signing a finance agreement provided by Renault Finance. Rivers Office Park, Denham Way, Rickmansworth, WD3 9YS. Guarantees and indemnities may be required. You must be a UK resident (excluding the Channel Islands) and over the 18 to apply for finance. Terms & Conditions apply.

The Renault Service plan covers the manufacturer's minimum maintenance programme requirements for the term of the Service Plan purchased (refer to the Warranty and Service sheet in the Handover Document wallet for details). The plan ends when you reach the age or mileage limit (whichever comes first). Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals within +/-1 month or 1,000 miles of the service interval and can only be carried out at a Renault Approved outlet. Service plans do not cover wear and tear items such as (but not limited to) tyres, wiper blades or brakes. For Service plan full Terms & Conditions visit www.renault.co.uk/owners. Cannot be part exchanged, refunded or transferred. All prices quoted are MRRP.

* WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO₂ figures however until April 2020 the CO₂ figures are based on the outgoing (NEDC) test cycle which will be used to calculate vehicle tax on first registration. Please visit renault.co.uk/configure for WLTP figures for any selected options.

Renault Services

3 Years Warranty

Your vehicle is covered by a warranty package for up to 3 years from date of first registration (unlimited mileage during the first 24 months, followed by a further 1 year limited to a total mileage of 60,000). Your Renault Dealer is able to repair or replace without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for 3 years and the anti-corrosion warranty for 12 years.

For Warranty Terms and Conditions please visit www.renault.co.uk/warranty

3 Years Roadside Assistance

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault Dealer. This service is available 24 hours a day and is provided for 36 months from the date of first registration. Assistance is provided within the UK & Northern Ireland only at roadside, home and includes national recovery and onward travel. Renault Assistance applies to mechanical or electrical defects which are covered by warranty.

EasyLife Service Plan

Renault's EasyLife Service Plan is the ultimate package to provide care free servicing for the first 3 years or 30,000 miles (whichever is sooner). It really is the hassle free way to take care of our Renault and benefits from;

- Inflation Proof Servicing - You know exactly what you'll pay and there are no hidden costs
- Peace of Mind - No matter where life takes you, we'll be there in over 5000 workshops across Europe
- Renault Expertise & Quality - Our highly trained technicians know your Renault inside out

The EasyLife Service Plan contains Renault services in-line with the manufacturer's service schedule, plus comes with a complimentary vehicle health check to ensure your Renault is in the best condition possible.

EasyLife servicing and warranty enhancements also available. Refer to the Price Guide for more details.

One off* and monthly** payment options available.

Finance options***

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

Renault car insurance¹

A car as well designed as your Renault deserves an insurance policy to match. Renault Insurance has been specifically created to provide superb protection for you and your car. Unlike most other UK insurers, in the event of an accident, Renault Insurance will have your Renault repaired at a Renault Approved Bodyshop using only Renault approved parts and approved repair methods. This maintains your Renault's safety rating, protects its resale value and preserves its Renault warranty[^]. Renault Insurance also offers a courtesy car for the duration of a repair at a Renault Approved Bodyshop.
