# The new Audi RS 3

**Available as Sportback or Saloon.**

You'll find advanced engineering in the new Audi RS 3 – from quattro all-wheel drive to LED headlights and RS Sport suspension. There's also a choice of body styles, whether you'd prefer the practicality of the Sportback or the longer, leaner shape of the Saloon. But what makes this model truly extraordinary is the turbocharged 5-cylinder engine that delivers 400PS of power and 480 Nm of torque.

**Unmistakable RS style.**

An imposing shape. Strong, sharp lines. Muscular body styling. One glance at this car and you know it's part of the Audi RS range. With looks as powerful as the engine technology under the bonnet, it embodies the very latest in Audi craftsmanship.

# The Exterior

## Enhanced detail.

At first glance, you'll notice attractive features like flared front wheel arches, a newly designed blade in the front bumper, enlarged air inlets and 19" alloy wheels. From the striking single-frame grille with its 3-dimensional honeycomb design and quattro logo to the pronounced oval tailpipes of the RS exhaust system at the rear, every element is designed to make a dramatic impact.

# Performance

## Raw power, refined.

Not only is the 2.5 TFSI quattro engine capable of 0-62mph in 4.1 seconds, it also has a truly unique sound. In addition, we've incorporated RS Sport suspension, Audi Drive Select that tailors your ride, and quattro all-wheel drive that provides enhanced grip. They all combine for an impressive ride.

# The Interior

**A space like no other.**

RS-embossed heated front Sport seats upholstered in Fine Nappa leather. Our Interior Lighting Pack for a refined ambience. Optional carbon inlays to add an extra element of style. The cabin of the RS 3 is the perfect place to appreciate this car's power, as you sit behind the leather and Alcantara flat-bottomed steering wheel.

# Technology

**Innovative features. Intuitive control.**

Inside the RS 3, you'll find a range of advanced features. Audi Connect provides seamless access to online services as you drive. Audi Virtual Cockpit shows you key information, featuring a special RS screen with central rev counter that can be configured to show more information, like torque and power. And MMI Navigation Plus shows you detailed 3D maps in the 12.3" Virtual Cockpit display, as well as incorporating MMI Touch control that enables you to 'write' commands with your finger on a special touchpad.

# Vorsprung durch Technik

## **Not just a slogan. A philosophy.**

Progress. It's behind everything we do at Audi. It's why, in the new Audi RS 3, we've incorporated new technologies to help you on the road and engines to deliver impressive performance.

The Audi RS 3 is the embodiment of our forward-thinking approach.

Engine

### Built for performance.

The newly developed, 5-cylinder, dual-injection 2.5 TFSI engine in the RS 3 descends from our legendary rally cars. With its 5-cylinder design, it's extremely responsive – offering 400PS of power and 480 Nm of torque. It's what enables the RS 3 to sprint to speeds of 62mph in 4.1 seconds on its way to an optionally enhanced top speed of 174mph.\*

# quattro

## Driving confidence, whatever the weather.

Loose gravel. Icy patches. A tight bend in the rain. Conditions on the road are always changing, so quattro changes too. Standard on RS 3, it analyses your grip – automatically distributing power between all four wheels to where it's needed most. It's made for the most challenging conditions of all – the ones you encounter every day. So whatever the road holds, you can be confident that quattro will react.

### **Illuminating features.**

The Audi RS 3's optional Matrix LED headlights produce a light similar in colour to daylight. They also incorporate sensors and an inbuilt camera that detects other road users, as well as ambient light in built-up areas. They then react by dipping individual LEDs to reduce the risk of dazzling other road users, while still fully illuminating the remainder of the road.

Where available, Matrix LED technology will even use the vehicle's navigation data to anticipate corners, adjusting LEDs as you negotiate the bend. The result is a much wider visual range, benefitting both you and other road users. Dynamic sweeping indicators complete the striking look at the front and rear.

# Audi Connect Infotainment Services

## The world at your fingertips.

Audi Connect Infotainment Services is the link between your Audi and the internet, giving you access to entertainment, information and search functions via scrolling, tapping or verbal commands.

With high-speed 4G internet access in your car, via an embedded SIM card with no data charge, you can call up flight information, fuel prices and weather, as well as high-resolution aerial and satellite pictures from Google Earth™.

Audi Connect Infotainment Services is standard as a 36-month subscription on all Audi RS 3 models.

Image for illustrative purposes only.  
Terms and conditions apply. Please see pages 49 and 50  
for additional information.

# Connect Infotainment Services

## Stay connected on the move.

The following Audi-supported services are currently available:

### Infotainment.

#### Weather information

Gives you the latest weather for today, as well as weekly forecasts and a weather map for your chosen destination.

#### Online news (individual)\*

Text and images from a variety of news sources with text-to-speech function so you are kept up to date with what's happening in the news.

Through your myAudi account, you can personalise the news feeds that you want to see, displayed under Online news by entering the URL of your chosen RSS feed.

### Communication.

#### Twitter\*

Enables you to tweet and receive updates on the move, with text-to-speech and other convenient text functions.

#### Wi-Fi hotspot data plans\*

Purchase a data plan via myAudi to create a Wi-Fi hotspot within your vehicle, so that you can connect your mobile devices to the internet.

## Mobility and navigation.

#### Navigation with Google Earth™

Displays high-resolution aerial and satellite images to help guide you to your destination.

#### Points-of-interest (POI) search with voice control

Allows internet searches via Google for special destinations so that you can access POI information such as opening hours, visitor reviews and photos. Integrated voice recognition, which can be conveniently operated by pushing the button on the multi-function steering wheel, offers even more convenience. You can also access POI information straight from your smartphone with the Audi MMI app.

#### Destination entry via Google Maps™ and myAudi\*

Using your smartphone or tablet and myAudi, you can conveniently plan your journey using Google Maps™, or from your myAudi account, and send the destination details to your car's navigation system.

#### Travel information

With Travel information you can find out what's happening nearby and at your destination. The online search engine provides detailed information such as sights, restaurants, shops, etc. which can be loaded directly into your navigation destination. You can also access travel information from your smartphone with the Audi MMI app.

#### Parking information

Helps you find car parks nearby and, where available, information on prices and currently vacant spaces.

#### City events

The City events function provides information about current events and places of interest at your location or travel destination.

#### Flight information

Get live information about departure and arrival times and search directly for flight numbers.

#### Train information

Find departure and arrival times and platform information while you're on the road (also available for other types of public transport such as underground systems).

#### Fuel prices

Information on filling stations with the cheapest prices in your selected search area. You can sort by price or by distance for your convenience, and can load destinations directly into your navigation system.

#### Traffic information online

Receive the latest information about your route, such as traffic congestion and roadwork updates. The traffic information data is continuously updated and displayed in colour on the navigation map, and the dynamic route guidance will keep you updated.

## Customisable control.

The information you need is always changing, so the Audi Virtual Cockpit changes too. Standard on the RS 3, it replaces the traditional dashboard with a high-resolution, 12.3" LCD display, which you can customise by pressing the 'view' button on the multi-function steering wheel.

Choose the 'classic' view, with prominent speedometer and rev counter, or the 'infotainment' view, which brings functions such as the navigation map or media to the fore – with crisp 3D graphics and highly detailed effects. There's also a special RS screen that shows a central rev counter and allows you to customise the dials surrounding it, to show information like torque and power.

Everything you need to know right in front of you: it's the embodiment of Vorsprung durch Technik.

# Audi exclusive paint

Make your RS 3 truly unique.

Everyone has a favourite colour. No matter what yours is, Audi exclusive provides a range of unique colours that have been designed to set your car apart. There are over 50 exclusive paints\* to choose from, a selection of which you can see below or specify any other paint colour in the Audi range. You can also order customised paint† – if you have a particular colour in mind, we'll mix the exact metallic or pearl-effect shade you want.

\*Audi exclusive paint is subject to factory approval. Visit your local Audi Centre for colour samples.  
†Customised paint is subject to factory approval, and is available for metallic and pearl-effect water-based paints only. Three-colour process colours and two-tone schemes are not available.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate. Visit your local Audi Centre for a more accurate colour swatch. # Your finance

Get your finance quote in seconds.

Simply go to [www.audi.co.uk](http://www.audi.co.uk) and enter a few details to see the monthly payments you could be making on a new Audi RS 3. Below we've outlined some of the different options available – you just need to choose your annual mileage and length of term, then pay an initial deposit that could be as little as one monthly payment.\*

## Solutions Personal Contract Plan

A flexible finance plan designed to give you a number of options, making it ideal if you want to change your car more regularly. At the end of the agreement, you have three choices:

1. Exchange the car for a new Audi.
2. Pay the option to purchase fee and optional final payment, then take full ownership of the car.
3. Simply return the car to Audi (fees may be payable).

## Hire Purchase

If you know you'd like to keep your Audi, Hire Purchase could be right for you. And as you're making your payments with a view to owning the car, there's no restriction on how far you can drive each year.

## Contract Hire

If you don't want to own your Audi, Contract Hire could be a great option. You can add a service, maintenance and tyres plan and, for VAT-registered businesses, an element of the VAT on rentals may be recoverable. You simply need to commit to a regular monthly payment and hand your car back at the end of your agreement (subject to our return standards).

## Online Finance Calculator

Use our online Finance Calculator to get a personalised quote that suits you. Simply visit the Finance and Offers section on [www.audi.co.uk](http://www.audi.co.uk) and you can choose between our Solutions Personal Contract Plan and Contract Hire calculators to see what you can expect to pay for your new Audi.

## Audi Insurance

To ensure you can start enjoying your new car from day one, the first five days' insurance<sup>†</sup> is included as standard with all new Audi models. To activate it, simply call 0330 303 6900, give us a few details and you can drive it away as soon as you take delivery.

Telephone lines are open Monday to Friday 8am–8pm, and Saturday 9am–4pm. For details of our full range of insurance products, visit [www.insurewithaudi.co.uk](http://www.insurewithaudi.co.uk)

# Important information

## Welcome to Audi.

By placing an order for your Audi, you're choosing to drive a car created in the spirit of Vorsprung durch Technik. And because we believe the service we offer should reflect the quality of our cars, we want to let you know exactly what you can expect from us, now and in the future.

### Audi customer care

Every new Audi includes these reassuring features as standard:

- ▶ 3-year Audi warranty (unlimited mileage in the first 2 years, with a full mechanical and electrical warranty up to 60,000 miles in the third year)
- ▶ A 3-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ 3-year UK roadside assistance and recovery
- ▶ 3-year Accessories warranty on any accessories purchased with your car (2-year warranty if purchased separately from your new Audi)\*

You also have the option when ordering your new car of choosing a 4-year or 5-year Audi warranty. Speak to a member of the sales team for more information. Warranty terms and conditions apply. Please see [www.audi.co.uk/warrantyterms](http://www.audi.co.uk/warrantyterms) for further details.

### Information in this guide

We've done all we can to make the specifications and technical details and all other information you see in this brochure accurate at the time of publication. However, as our products are constantly being updated, we recommend checking the details with your Audi Centre.

You'll find full pricing information in the pricelist, which can be downloaded from [www.audi.co.uk/pricelist](http://www.audi.co.uk/pricelist)

The images featured in this brochure are for illustrative purposes only. They may feature left-hand drive vehicles and include equipment that is not UK specification.

### CO<sub>2</sub> emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO<sub>2</sub>) a vehicle emits, measured in grams per kilometre (g/km). First-year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

#### Vehicles registered on or after 1 April 2017

Petrol and diesel engines	First year	Standard rate* (second year onwards)
A - 0g/km	£0	£0
B - 1 to 50g/km	£10	£140
C - 51 to 75g/km	£25	£140
D - 76 to 90g/km	£100	£140
E - 91 to 100g/km	£120	£140
F - 101 to 110g/km	£140	£140
G - 111 to 130g/km	£160	£140
H - 131 to 150g/km	£200	£140
I - 151 to 170g/km	£500	£140
J - 171 to 190g/km	£800	£140
K - 191 to 225g/km	£1,200	£140
L - 226 to 255g/km	£1,700	£140
M - over 255g/km	£2,000	£140

Vehicle Excise Duty (VED) rates correct at time of publication, but these may alter to reflect any change in the applicable VED rate. \*Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £310 plus the standard annual rate for a 5-year period. After the 5-year period only the standard rate will apply.

### Audi tax-free sales

If you are entitled to purchase a vehicle free of VAT, normally through military or diplomatic privilege, please contact your local Audi Centre for full details. Should you have any difficulty obtaining the information you require, please call 0870 241 5663.

### Audi Connect Terms and Conditions

The Audi Connect Online Services ("Connect Services") are provided by Audi AG, and are included as standard in certain models within the Audi range of vehicles and are also available within some optional packs, such as the Audi Technology Pack. Audi AG is a company within our corporate group.

The Connect Services include:

- ▶ Audi Connect Infotainment Services ("Infotainment Services").

Some services require additional activation steps. In order to enjoy these services, customers must register, accept the terms and conditions and follow the activation steps instructed on myAudi (please visit <https://login.audi.com>).

Some services also require the download of the Audi MMI app on a compatible phone or tablet (always check latest phone and software compatibility).

Whilst correct at the time of publication, the content and scope of the Connect Services offered may vary from time to time. Features vary by model. Audi AG may add, change, replace or remove individual services or features at any time during your subscription for the Connect Services.

Enhancements in vehicle technology, information technology and web-based services sometimes require the Connect Services to be adapted and enhanced in line with new forms of technology or changes in user behaviour. In this context, Audi AG reserves the right at any time to enhance, reduce or change the functional scope of the Connect Services in a manner that it considers is reasonable for the customer.

For full details of the specific Connect Services on your vehicle, together with complete and up-to-date terms and conditions for those Connect Services, please visit [www.audi.co.uk/connectterms](http://www.audi.co.uk/connectterms)

### Audi Connect Infotainment Services

Audi Connect Online Infotainment Services ("Infotainment Services") are provided via a SIM card embedded in the vehicle.

The Infotainment Services enable access to certain search, social media and other online services provided by third parties. Features vary by model. Permanent availability cannot be guaranteed as this is the responsibility of the relevant third party provider.

Infotainment Services are available only within the range of the selected mobile phone network operated by Audi AG's chosen mobile phone provider (which may change from time to time) and where there is mobile reception, including an active data connection.

Data is unlimited. There are no additional charges for data roaming within the EU (although availability of these services is limited to certain countries). You will not, however, be able to use the embedded SIM to provide Wi-Fi hotspot services or to tether any other device to the embedded SIM. Should you wish to create a Wi-Fi hotspot we recommend you purchase Wi-Fi data packs via myAudi (<https://login.audi.com>). Any Wi-Fi data packs purchased via myAudi will remain with the vehicle upon sale of the vehicle and no refunds will be provided.

# Important information

If you insert an external SIM card into the card slot (e.g. so as to enable Wi-Fi hotspot services), then all Infotainment Services data connections will be made via this SIM card (and not the Audi embedded SIM card) and all related data costs incurred may be charged to the customer by the provider of the plan associated with the external SIM card.

You may not use the Connect Services and the embedded SIM for any purpose other than the provision or receipt of services in accordance with these terms.

For vehicles which have hazard alert and traffic sign information features, the vehicle sensors will be transmitting information to Audi AG. This information includes, but is not limited to, vehicle location, speed signs, areas where a risk of skidding, breakdown, accident and/or reduced visibility has been identified. The data is transmitted to Audi AG and shared with other Audi vehicles with hazard alert and traffic sign information features. The data is transmitted anonymously and does not identify an individual vehicle. Such data is only held for the purpose of warning drivers of potential road hazards and change of speed signs.

The subscription is activated from the point of vehicle registration. Should you wish to continue to use the Connect Services after your subscription expires, please consult your local Audi Centre for details (including the latest subscription fees). Charges will apply upon renewal.

## MMI Navigation Plus – online map updates and myAudi Special Destinations

The map version delivered with vehicles with MMI Navigation Plus can be updated free of charge for the first 5 updates after vehicle delivery (which are generally issued at intervals of 6 months). The current navigation data can be downloaded from the myAudi platform at [www.audi.com/myaudi](http://www.audi.com/myaudi) and embedded in the vehicle via SD card. In conjunction with Audi Connect Infotainment Services, the update can be carried out online in the vehicle (subject to mobile reception and an active data connection). For further navigation updates, it is possible to purchase new navigation data maps from your local Audi Centre at extra cost – please contact them for details.

With myAudi Special Destinations, you can download your favourite POI lists available on the internet (such as favourite restaurants) and have these displayed on your navigation map. In order to enjoy this service, customers must register, accept the terms and conditions and follow the instructions given on myAudi. Please visit <https://login.audi.com/login>

## CO<sub>2</sub> and fuel consumption figures

Official fuel consumption figures for the Audi RS 3 Sportback in mpg (l/100km) from: Urban 24.8 (11.4) – 25.0 (11.3), Extra Urban 42.2 (6.7) – 42.8 (6.6), Combined 33.6 (8.4) – 34.0 (8.3). CO<sub>2</sub> emissions 192 – 189g/km.\*

Official fuel consumption figures for the Audi RS 3 Saloon in mpg (l/100km) from: Urban 24.8 (11.4) – 25.0 (11.3), Extra Urban 42.8 (6.6) – 43.5 (6.5), Combined 33.6 (8.4) – 34.0 (8.3). CO<sub>2</sub> emissions 191 – 188g/km.\*

Fuel consumption figures are correct at time of publication. For full technical data by engine, please download the pricelist from [www.audi.co.uk/pricelist](http://www.audi.co.uk/pricelist)

\*Fuel consumption and CO<sub>2</sub> emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. Optional wheels may also affect emissions and fuel consumption figures. More information is available at [www.dft.gov.uk/vca](http://www.dft.gov.uk/vca)
