INSPIRATION

AN ICON IS REBORN

## EXTERIOR DESIGN

## PROPORTIONED FOR POWER AND BEAUTY

The generously curved and muscular surfaces give the BMW 8 Series Coupé a confident sportiness. Voluminous rear wheel arches emphasise a low centre of gravity and wide rear lights in the BMW typical L shaped design underscore the strong shoulders.

## FREEDOM AT THE TOUCH OF A BUTTON

Thanks to the new clamp technology, the innovative soft-top blends harmoniously into the dynamic lines of the vehicle. At a push of a button, it opens and closes electrically in approximately 15 seconds and at speeds of up to 31mph. This extremely high-quality soft-top additionally provides excellent noise insulation.

## EXPERIENCE A VIEW LIKE NO OTHER

You'll feel completely at home under the optional Panoramic glass roof. The large continuous glass surface extends far into the rear and emphasises the BMW 8 Series Gran Coupé from the outside. From the inside, it opens the view and creates a light-flooded, airy atmosphere from all seats.

## INTERIOR DESIGN

### SPARKLING DESIGN DETAILS

Available as optional equipment, CraftedClarity glass application is an experience for the hands and the eyes. The handmade crystal cut glass on selected control features such as the gear selector, the Start/Stop button and iDrive Controller, add to the already noble ambience.

### A SYMPHONY FOR THE SENSES

The optional Bowers & Wilkins Diamond Surround Sound System creates an audio experience that turns every nuance, every emotion of music into an acoustic revelation with its pure, rich and precise sound.

### COMFORT IS JUST THE START

In the new BMW 8 Series Gran Coupé passengers experience an enclosed feeling even on dynamic journeys due to the single-seat design at the rear, which is visually oriented to the seats in the cockpit: Not only do they offer ideal support they also spread an unparalleled sports car atmosphere.

In the BMW 8 Series Convertible the Air collar integrated in the height-adjustable front headrests ensures a pleasant journey, even when driving on cold days with the top open, thanks to a three-stage adjustable warm airflow.

## BMW CONNECTED DRIVE SERVICES

For further information on BMW ConnectedDrive and the General Terms and Conditions of Service for ConnectedDrive, please see: [www.bmw.co.uk/connecteddrive-information](http://www.bmw.co.uk/connecteddrive-information)

The BMW ConnectedDrive Hotline is available on: +44 (0) 800 561 0555 from Monday to Friday 8am – 7pm and Saturday to Sunday 9am – 5pm.

### GENERAL INFORMATION

BMW (UK) Ltd, Summit ONE, Summit Avenue, Farnborough, Hampshire, GU14 0FB (hereinafter referred to as “BMW”) provides the customer with certain vehicle-related information and assistance functions (hereinafter called “Services”) under the name of “BMW ConnectedDrive”. BMW collects, stores or processes car-related data in compliance with applicable law and only to the extent necessary to provide the Services. BMW does not collect, store or process personal data in course of the Services – except where this is explicitly stated in the service description of the individual Services. In the case of Services that require personal data to be collected, stored and processed so that such Services can actually be provided, BMW informs customers of this in advance by providing this data protection notice. The Services are provided by means of a SIM card installed in the vehicle.

### DEACTIVATION

You can have the BMW ConnectedDrive services deactivated through an authorised BMW centre, a BMW subsidiary or a BMW authorised workshop at any time. This also has the consequence that aspects of the emergency call in the vehicle as well as all remaining Services will no longer function.

You can additionally arrange for the remaining Services to be deactivated via “My BMW ConnectedDrive”.

If the vehicle is equipped with the legally required EU Emergency Call (as from April 2018) a deactivation of the BMW ConnectedDrive basic services will not deactivate the vehicle’s built-in SIM card. It has to remain active, so that the EU Emergency Call is functional all the time.

Services that are available and active without runtime limitations, cannot be guaranteed for permanent usage due to potential future technical developments (of the Service availability and/or Smartphone compatibility/operating systems).
