Let's talk about courage,  
and why we need it more than ever.

Courage is independent and disruptive.  
Courage questions, shatters and awakens.

We need bold, courageous voices.  
All of us.  
We need fresh thinkers with optimism.

We believe in the frontrunners.  
The avantgarde, those who fight stagnation  
and backwardness.

Courage only knows moving forward.  
Driving the pioneers of our culture  
to inspire tomorrow.  
To create a sublime kind of new.  
Reaching a superior level of excellence.

This is where a  
new kind of luxury is born.

EVERY DAY WE EXPERIENCE PROGRESS.  
THE FUTURE. YET WE FEEL THAT WE HAVE  
SEEN IT ALL BEFORE. NOW AND THEN THOUGH,  
SOMETHING SURPRISES US. AND TOUCHES US.

POWER IS A PHYSICAL QUANTITY: ONLY WHEN YOU CULTIVATE IT, YOU CAN ADD A DIMENSION TO IT.

PURSuing HAPPINESS, SEARCHING FOR LOVE,  
CELEBRATING SUCCESSES, DEALING WITH  
SETBACKS, GOING FOR THE BEST, OPTIMISING,  
BRINGING TO PERFECTION - LETTING GO.

WE LIVE IN A TIME THAT IS ALL ABOUT SPEED,  
ABOUT MILLISECONDS. A TIME THAT IS RUNNING  
AWAY IF YOU ARE NOT CLOSE ON ITS HEELS.  
UNLESS YOU SIMPLY OVERTAKE IT.

WHOEVER ONLY FOLLOWS TRACES,  
REACHES PLACES WHERE MANY OTHERS  
HAVE BEEN ALREADY. IT IS ABOUT TIME  
TO LEAVE NEW TRACES.

YOUR DESTINATION MAY BE A LINE, A PLACE,  
A PERSON, THE ROAD. AND SOMETIMES YOU  
WILL ONLY KNOW WHEN YOU HAVE ARRIVED.

## “LUXURY MUST AROUSE EMOTIONS.”

Searching and finding modern perfection: Adrian van Hooydonk, chief designer at the BMW Group, on the new appearance in the segment of the most exclusive vehicles.

The models under the name Bayerische Motoren Werke open up a new world within the BMW portfolio. What is your idea of contemporary luxury?

We do not want to tell our customers how they should define luxury for themselves, but just want to make an attractive, diverse offer. The perception of luxury is very different worldwide. But a central aspect that becomes visible everywhere is the increasing significance of personal time. It is becoming the most valuable asset in a globalised world.

How is the wish for perfection and refinement expressed in mobility?

In today's mobile world, we spend more and more time in various modes of transport. Cars are now like personal rooms on wheels. One wants to feel completely comfortable in them. A steering wheel that you touch, the materials

that surround you have to feel perfect and the eye does not want to be disturbed by unclear lines or individual components. The interior of a vehicle is seen as a living space. It is about being surrounded by the highest possible sensuous quality.

What is the biggest challenge in the external appearance?

Luxury must be reflected to the outside world in a matter-of-fact way. In English there is a beautiful term for it: sophistication. For designers – our team has more than 700 employees at four locations worldwide, who are encouraged through constant competition with each other in terms of ideas – this means that every detail counts. The design has to arouse strong emotions while expressing the highest quality and durability at the same time. In order to be able to spend every moment intensely, full of meaning and beauty. Therefore, we are building a luxury ecosystem, a model family. In various forms of expression: contemporary saloons, elegant and very sporty coupés, but also vehicles that offer very luxurious space.

In the new designs, a common factor is noticeable: the reduction of lines. Do you want to increase luxury by making luxury less apparent in the design?

In this way, the design becomes clearer, more modern and more emotional. An expressive surface play is in the foreground, and the dynamics are emphasised even more than before by the vehicle body. The few but very precise vehicle lines underline the graphic design of the surfaces. The vehicle body looks more powerful, refined and luscious with the lavish surfaces without losing the sportiness that is typical to BMW. This is possible only because we work out every feature of a vehicle individually. For a BMW, one should be able to identify at first glance what kind of experience one would have with it. Especially in our large and particularly luxurious vehicles, we attach great importance to a marked appearance and the maximum possible feel-good factor in the interior. It's about freedom – and the feeling of being at home in a BMW.

## IN THE FORM OF LIFE.

The BMW 8 Series Coupé establishes a completely new design language for luxury sports cars – an overview of the most important design innovations.

### CLEAR LINES.

The generously curved and muscular surfaces give the BMW 8 Series Coupé a particularly confident sportiness. The BMW designers have succeeded in reducing the number of lines along the bodywork to a radical minimum, thus emphasising the expressiveness of the surfaces to the maximum – the basis for a completely new silhouette in contemporary automotive design. Many surfaces, such as the gently raised flanks behind the air vents of the front wheel arches, have hitherto been unseen in such an expressive form in automotive design.

WIDE REAR LIGHTS IN THE BMW TYPICAL FORM OF AN L UNDERSCORE THE STRONG SHOULDERS OF THE BMW 8 SERIES COUPÉ.

### POWERFUL PROPORTIONS.

Just right for a BMW sports car of the highest performance class: the sporty-powerful proportions. Deep, wide and ready to leap, the flat body ducks over the asphalt. Voluminous rear wheel arches emphasise a low centre of gravity and the classic rear-wheel drive. The flowing silhouette in conjunction with the gently curved surfaces thus signal an effortless and natural urge to move forward.

### ADVANCED HALLMARKS.

The BMW designers interpreted well-known BMW design elements such as the BMW kidney grille, the rear lights in the shape of an L or the typical kink in the graphics of the rear windows in a highly modern way. For example, the forward leaning BMW kidney grille in the shape of a "shark nose" refers to iconic BMW racing cars such as the BMW 507 or BMW 3.0 CSL. The particularly delicate and wide rear lights featured in the BMW 8 Series Coupé emphasise the powerful shoulders as well as the powerful rear end.

### PERFECTED DETAILS.

Other subtle details such as the minimalist and floating light side mirrors or the double-arched roof in the style of classic racing cars complete the harmonious overall impression of the BMW 8 Series Coupé, which, despite its restrained form and unobtrusive luxury, awakens the viewer's emotionalism typical of a BMW sports car.

## THE LUXURY TO BE SPORTY.

The BMW 8 Series Coupé is also irresistibly luxurious in the interior – and at the same time inimitably sporty: Noble materials and elaborate workmanship create a maximally exclusive ambience. At the same time, however, the design of the BMW 8 Series Coupé is thoroughly dynamic in keeping with its character: The intentional longitudinal orientation of the interior allows all lines to thrust forward, and the BMW typical, consistent driver orientation helps to keep the driver in control of everything at all times. Get in and experience the feeling of the racetrack, elegantly interpreted.

IN THE BMW INDIVIDUAL EXTENDED LEATHER TRIM 'MERINO' TARTUFO WITH STRIKING CONTRAST STITCHING, EVEN THE SEATS ATTRACT ATTENTION.

### TWO WORLDS, NO COMPROMISES: THE BMW 8 SERIES COUPÉ COMBINES SPORTINESS WITH ABSOLUTE LUXURY.

From classic-sporty to modern-elegant: Even the interior has a unique luxurious atmosphere. Starting with the basic equipment, the instrument panel and door panel are covered in leather and provided with contrast stitching. Seats in leather 'Vernasca'<sup>3,\*</sup>, BMW Individual leather 'Merino' with extended contents<sup>1,2,\*</sup> or even BMW Individual full leather trim 'Merino'<sup>1,\*</sup> emphasise the individual claim of the interior. Design elements such as the flowing transitions between the instrument panel and the doors create an all-round exclusive design experience that equally surrounds drivers and passengers on all sides. The hand-crafted glass applications<sup>1</sup> are an experience for the hands and the eyes: They exclusive highlights to selected control elements such as the gear selector lever, the Start/Stop button and the iDrive controller, further enhancing the already sophisticated ambience.

ALUMINIUM TRACE DARK M INTERIOR TRIM<sup>1,2,\*</sup> CREATES DYNAMIC HIGHLIGHTS IN THE INTERIOR WITH A TECHNICAL TOUCH.

### INSPIRED BY THE CIRCUIT – THE INTERIOR OF THE BMW 8 SERIES COUPÉ IS DYNAMIC TO THE LAST DETAIL.

In the BMW 8 Series Coupé, all the lines point forward from the driver's point of view and manifest the feeling of unrestrained forward thrust. Typically for a sports car, the centre console is wide and steeply rising. Here, all relevant functions are clearly summarised, so that the driver enjoys full control in every driving situation. In addition, the clearly structured layout creates space for the luxurious effect of the high-quality materials and spacious surfaces.

### IRRESISTIBLY LUXURIOUS – AND INIMITABLY SPORTY AT THE SAME TIME.

SPARKLING EXCLUSIVITY: THE GLASS APPLICATIONS 'CRAFTED CLARITY' ARE MANUFACTURED BY HAND AND EMBELLISH SELECTED ELEMENTS IN THE INTERIOR.

## NO COMPROMISES.

Respect. That's what I feel when I see the BMW M8 GTE. The BMW kidney grille, the rear end with wide wheelbase, the wheel arches and air outlets, and the overall aerodynamics radiate an intensity that shows every competitor what it's about on the racetrack: Respect.

Actually, tuning and engine power are the most important features of a vehicle for a professional racer. But these strengths must also be visible at first glance. In this regard, the BMW M8 GTE is the most consistent racing car BMW has ever built. And this presence is immediately apparent in the production model. The elongated bonnet and the proportions of the rear wheels immediately reveal the genes of a sports car – the sides of the production model are ultimately only 100 millimetres narrower than those of the BMW M8 GTE.

The development of a new racing car takes several years. As a driver you are involved, test, give feedback. And the experts work on the details, such as the shape of the exterior mirrors, which is based on the famous M hooks of the BMW M models and improves the flow on the sides of the vehicle. I was honoured to be the first to drive the

BMW M8 GTE on the racetrack after its development. An emotional moment – and from the first moment a perfect co-operation.

This wow effect was there in the production model immediately, you feel immediately embraced by the vehicle. You do not just sit in it and drive, you become a unit. Everything feels ergonomic. The structure of the cockpit, the settings on the steering wheel all show that no compromises are made when it comes to driver orientation. I feel the same absolute confidence that is so essential on the racetrack. When nothing should distract you, especially in a 24-hour race like Le Mans, when you have to go through the programme without a hitch. Hour after hour, lap after lap, to be fully there in the finale. Show strength when it's about everything – and show the competitors a very special design detail of the BMW 8 Series: the characteristically slim line of rear lights.

#### AT HOME NEAR THE LIMITS: THE BMW M850i xDRIVE COUPÉ.

A push on the gas pedal – and the BMW TwinPower Turbo 8-cylinder petrol engine with 4.4 litre capacity resolutely attacks every metre of asphalt. Its superior revving power drives up the driver's pulse when it approaches the tangible limit with precise dosing: Two TwinScroll exhaust gas turbochargers, cylinder liners with special coating and a cooling package designed for maximum performance with two repositioned coolers, an upstream radiator and a 1,000-watt fan are only found in racing sports cars. On request, the Sport exhaust system emphasises the load changes of the V8 engine with a strong character, but at the push of a button it also has a finely subdued tone – depending on the selected mode.

## INNOVATION FROM RACING. FOR HIGH PERFORMANCE ON THE ROAD.

The racing genes of the BMW M850i xDrive Coupé are noticeable in every driving situation. The high body rigidity and the reinforced suspension components ensure direct implementation of every steering command. The specially-tuned BMW xDrive four-wheel drive and the controlled M Sport differential provide maximum traction when accelerating out of corners – with an agility that was previously reserved only for rear-wheel drive vehicles. The 19" M Sport brake impresses with the most precise dosing and highest braking performance – even under the toughest load. Maximum lateral forces are counteracted by the wheels with standard sport mixed tyres. Integral Active Steering guarantees perfect steering and maximum speed confidence in every speed range. As standard, the BMW 8 Series Coupé comes with the Adaptive M suspension. It provides optimum road holding on all surfaces and allows the driver to choose between particularly sporty or comfortable suspension tuning. Welcome to a new dimension of performance!

#### CONFIDENT THROUGH EVERY CURVE – AT ANY SPEED: ADAPTIVE M SUSPENSION PROFESSIONAL.

Highly agile, surprisingly comfortable: The Adaptive M suspension Professional<sup>1,2</sup> combines typical dynamics with smoothness and stability. The electromechanical body roll stabilisation reduces the lateral inclination on the curves and thus enables very high cornering speeds. Depending on the situation, it chooses a stabilising or agile driving behaviour. Thus, the driver can enjoy the fullest control and responsive handling even with fast cornering or quick changes of direction.

THROUGH THE ADAPTIVE M SUSPENSION PROFESSIONAL AND THE LATEST-GENERATION BMW xDRIVE, THE BMW M850i xDRIVE COUPÉ IS EXCEPTIONALLY SPORTY AND ALSO COMFORTABLE.

### EVERY TURN IS ANOTHER TRIUMPH:

The M Sport differential ensures that even with challenging changes of direction or on various surfaces, the engine power is optimally brought to the road. A permanent, continuously electronically controlled multi-disc lock, which was developed for motor sports, reduces any speed differences between the rear wheels and distributes the drive torque variably between them. Depending on the setting, this makes it possible to achieve a driving experience that covers the entire range from traction-oriented to maximum driving dynamics and sportiness – but ensures maximum driving pleasure in every respect.

THE INCOMPARABLY PURE EXPERIENCE OF A CLASSIC REAR-WHEEL DRIVE – IN THE BMW 840i COUPÉ, IT BECOMES EVIDENT AS TO HOW MUCH ADRENALIN THIS TYPE OF DRIVE GENERATES.

With mirror caps, air intakes, a decorative element around the tailpipe trims, an M rear spoiler made of carbon-fibre and a sharpened rear diffuser, the carbon exterior package reinforces the motor sport character not only visually, but also substantially. The M carbon-fibre roof<sup>1</sup> \* also makes a clear statement for a philosophy that gets the most out of everything – ideal conditions for those who want to experience maximum dynamics on every journey.

## ONLY YOUR OWN WAY LEADS TO YOUR OWN GOALS.

Materials – hand crafted, exquisite and exclusive. Colours, surfaces and shapes as individual as the eyes that look upon it. Ideas and expectations are met without compromise – and exceeded. Design, detail and dynamics are aspects of one and the same idea – in the BMW 8 Series Coupé.

# BMW INDIVIDUAL.

THE EXPRESSION OF PERSONALITY.

In the special paintwork Pure metal silver, chiaroscuro contrasts create the impression of molten metal. This is ensured by a base coat with the finest aluminium nanoparticles, which are ground and polished to the highest technical precision, as well as a second continuous paint coat including a finish. The overall result: A paintwork full of colour brilliance and deep gloss that attracts all the attention.

First of all, several layers of wood veneer are applied to the BMW Individual interior trim finishers in piano finish Black, which are varnished in numerous layers with piano finish and polished until a deep, high-gloss effect has been achieved. In the interior they spread a powerful, noble atmosphere.

The BMW Individual extended leather upholstery 'Merino' in Cognac illustrates the claim to excellence of BMW Individual: Only premium quality leather without any surface defects is used, which is not subjected to any artificial embossing or surface treatment during the production process after an elaborate dyeing through barrel pigmentation.

To drive the BMW 8 Series Coupé means to follow your automotive dreams and not to compromise. BMW Individual enables you to make the exclusive even more extraordinary. Take your time and choose the most exquisite exterior and interior equipment options to suit your personal vision in an ideal way. Or go further and create your own version of the BMW 8 Series Coupé: in principle, everything is possible that is conceivable – that is precisely why it says: BMW Individual.

Unleaded RON 91 and higher with a maximum ethanol content of 10% (E10) may also be used. BMW recommends RON 95 super unleaded petrol.

<sup>4</sup> The official data for fuel consumption and CO<sub>2</sub> emissions were determined in accordance with the measurements processes as defined by European Regulation (EU) 715/2007 in the applicable version. The ranges take into account differences in the selected wheel and tyre size. Figures have been determined on the basis of the new WLTP test cycle and have been converted back into NEDC figures for comparability. Values other than those specified here may apply for the assessment of taxes and other vehicle-related charges that are (also) based on CO<sub>2</sub> emissions.
