# Everyone's family favourite

Life in a modern family is a hectic one indeed. When having to juggle school runs, weekend sport, short trips, holidays, social occasions and more, you need a versatile SUV to meet the demands of parents, kids and anyone else who comes for the ride.

Luckily Kluger is built from the bottom up to be the ultimate family SUV. It delivers all your family could wish for, including refined style and a real presence on the road, in a rock solid and sensible package.

Inside there's almost every convenience you could imagine. Up front you'll have Bluetooth<sup>®1</sup> audio connectivity, steering wheel controls and

rear parking sensors<sup>2</sup> to help make life easier, while the flexible seating configurations make travelling a treat for the passengers in the rear, including rear seat entertainment in the Grande. Plus there's the smart entry and start system in the GXL and Grande models.

Every Kluger has an abundance of safety features fitted as standard to help keep your family safe and sound. Pre-collision Safety system with pedestrian detection,<sup>2</sup> Lane Departure Alert<sup>2</sup> (LDA) with steering assist and Sway Warning System (SWS), reversing camera<sup>2</sup> and seven SRS airbags are included across the Kluger range.

## Impressive elegance

When viewed from any angle, the sleek aerodynamic lines of Kluger quietly express sophistication and strength. With alloy wheels fitted as standard, Kluger is as surefooted and elegant as it looks.

From the front, Kluger's unique trapezoid grille, wide stretched out headlamps and imposing bonnet create a look that is unmistakably refined with just a touch of muscle.

As you move around Kluger, you'll notice the wide wheel arch flares and integrated bumpers merge effortlessly with the wrap-around tail lamps to present a sturdy and assured stance.

So whatever the occasion or the destination, Kluger will be sure to create a lasting impression.

# Beautifully practical space

Step inside Kluger and you'll discover a welcoming environment where function and form blend in effortless style. This luxurious interior easily accommodates seven people in comfort and provides easy access for all onboard.

High quality finishes abound, with decorative surfaces featuring either an elegant woodgrain-look with silver-toned highlights in the Grande, or a modern silver metal-look theme in the GX and GXL models.

Beneath the instrument panel you'll find a wide shelf providing generous storage for larger items that's also designed to prevent the contents from slipping out. Between the front seats, the centre console still provides a comfortable armrest for the front passengers, even when the wide sliding lid is open.

The seating arrangements can also be changed quickly and configured to handle many different combinations of passengers and loads.

This abundance of versatile storage space is accessed easily through the rear door, with the added convenience of powered opening and closing on the GXL and Grande.

In the GXL and Grande, you'll also enjoy the extra luxury of leather accented interior plus a premium steering wheel and gear shifter.

# Advanced technology and comfort

The interior of Kluger is packed with intelligent features and sophisticated appointments to help make every trip a pleasurable journey.

The smart entry and start system fitted to the GXL and Grande models makes it easy to get on the move, even when your keys are still in your pocket or bag. Whatever your destination, you'll always stay cool in the GX with air conditioning featuring front and rear control with third row air vents, and in the GXL and Grande, 3-zone climate control is fitted as standard.

The front seats can be adjusted to suit your preferred seating position with lumbar adjustment (only available on GXL and Grande models) on the driver's seat too. They are also heated in the GXL, and Grande features the cool comfort of seat ventilation.

The six speaker AM/FM CD audio system features AUX<sup>3</sup> and USB<sup>3</sup> input plus Bluetooth<sup>®1</sup> connectivity. In the GXL and Grande, this steps up to include an integrated 8" LCD screen with digital radio,<sup>4</sup> while in the Grande rear passengers can enjoy Blu-ray rear seat entertainment on a 9" LCD screen, while listening on the three wireless headsets.

When out on the open road, you'll have the convenience of Active Cruise Control,<sup>2</sup> which automatically maintains a constant distance between you and the vehicle ahead. Then when parking, the reversing camera<sup>2</sup> will clearly display the location of obstacles on the LCD screen while the rear parking sensors<sup>2</sup> also provide an audible warning.

Panoramic view monitor in the Grande displays a 360 degree top view of the vehicle to help give maximum visibility during the tightest parking manoeuvres.

- A Smart start engine button – available on Grande (shown) and GXL models
- B Driver and front passenger heated and ventilated seat control – Grande model only
- C Rear seat entertainment – available on Grande model, overseas Grande model shown
- D 8" LCD touchscreen display and 3-zone climate control – available on Grande (shown) and GXL models

# Surefooted to your chosen destination

Even with all its family comforts, Kluger is blessed with plenty of performance and power. The 3.5 litre engine featuring Dual Variable Valve Timing with intelligence (VVT-i) and Direct Injection (D4S) is exceptionally smooth and remarkably quiet. While you sit peacefully inside Kluger, this highly refined engine effortlessly delivers 218kW of power and a gutsy 350Nm of torque, giving all the muscle you need to handle a 2,000kg braked towing capacity<sup>5</sup> with ease. And all this power is delivered through a silky smooth 8-speed automatic transmission.

On every All Wheel Drive (AWD) Kluger, the Dynamic Torque Control system automatically balances the drive force distribution between the front and rear wheels to achieve optimum grip on uneven surfaces. It also assists when cornering by balancing the drive according to your steering angle and speed, to help keep you tracking smoothly around the bend.

So when you're travelling on testing road surfaces such as in the ski fields or accessing an out-of-the-way camping ground, you can be confident

Kluger has what it takes to help you reach your destination.

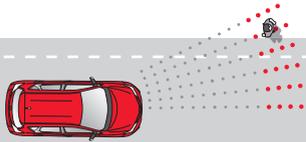

Such assured control is further enhanced by the advanced suspension found on all Kluger models. The MacPherson Strut front and trailing arm double wishbone rear suspension have been finely tuned to ensure stability with outstanding ride comfort and handling, as well as reduced noise and vibration.

# Toyota Safety Sense

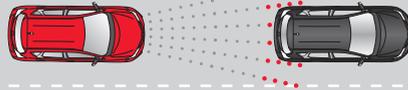

At Toyota, we believe it's simply not enough to say "safety comes first" – we prove it. That's why, in our on-going pursuit of creating ever safer cars, now and into the future, we developed Toyota Safety Sense<sup>2</sup> (TSS). A suite of active safety features designed to help support safe driving and help protect you and your passengers.

Kluger features the latest TSS driver assistance technologies, aiming to recognise and help avoid certain hazards and collisions, giving you and your passengers greater peace of mind wherever you're headed. Please visit [toyota.com.au](http://toyota.com.au) for vehicle and specification information.

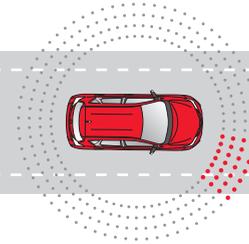

## Pre-Collision Safety system with pedestrian detection<sup>2</sup>

Pre-Collision Safety system with pedestrian detection is a multi-stage warning system, developed to help reduce the likelihood of a frontal collision with cars and pedestrians. It includes a visible and audible alert of possible collisions, additional braking force to assist when you're braking, and if a collision is judged to be unavoidable, automatic braking to help mitigate the impact.

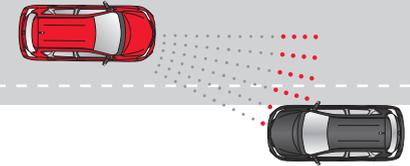

## Active Cruise Control<sup>2</sup>

Active Cruise Control is designed to help keep a constant distance between vehicles. It uses a milliwave radar to monitor the gap between your vehicle and the one in front, automatically accelerating or slowing down when needed to help you maintain a set distance.

## Lane Departure Alert with steering assist<sup>2</sup>

Lane Departure Alert with steering assist is designed to help prevent vehicles drifting from their lane, by monitoring road markings, and providing a visible and audible alert should it detect any deviation from the lane. It may also apply additional steering force if needed, to help you stay in your lane.

## Automatic High Beam<sup>2</sup>

Using a camera to sense either approaching headlights or the tail lights ahead, Automatic High Beam is designed to help you maintain safe and considerate driving by switching between high and low beam as needed.

# Serious about safety for your family

When carrying something as precious as your family, you need the reassurance of knowing you have the latest in safety advances to protect you.

With seven SRS airbags as standard across the Kluger range, all rows of seats are protected with a combination of front seat side and two curtain airbags.

Active safety features in the range include the Pre-Collision Safety system<sup>2</sup> (PCS) that can sense obstacles on the road ahead. If a collision is possible, it will warn the driver, and if the collision is unavoidable, it is designed to activate the braking system. When changing lanes, the Blind Spot Monitor<sup>2</sup> (BSM) uses radar sensors to warn of any vehicles located in your blind spot.

As well as a 5-star ANCAP safety rating (tested 2014), you'll also have Traction Control (TRC) to help avoid wheel spin on slippery roads or loose surfaces and Vehicle Stability Control (VSC) that uses electronic sensors to help control skidding on slippery surfaces.

When it's time to brake, you'll have the Anti-lock Braking System (ABS) and Electronic Brake-force Distribution (EBD) to maximise braking efficiency to the wheel(s) that need it most. Brake Assist<sup>2</sup> (BA) will also help assist the driver to apply extra brake pressure in the event of an emergency to accommodate the shortest and safest possible braking distance.

GXL	Black leather accented (LD20)	•	•	•	•	•	•	•	•	•
Grande	Black leather accented (LC20)	•	•	•	•	•	•	•	•	•
	Flaxen leather accented (LC00)	•	•	•	•	•	•	•	•	•

# Please take your seat

The seat trims chosen for Kluger further enhance the functional beauty of its interior. Each provides a superb tactile feel, from the charcoal fabric through to the leather accented seats (excluding the third row) in the GXL and Grande, ensuring everyone travelling in a Kluger will feel comfortable and relaxed.

You can also adjust the seating into a variety of configurations to suit your family and accommodate any others or the loads they may bring along for the ride. The door trims and instrument panel are finished in a soft touch material to accentuate the luxurious appeal inside Kluger.

# The Toyota Advantage

When you join the Toyota family, you get so much more than a new car feeling. You get a lifetime of benefits keeping you moving now and well into the future.

Discover your Toyota lifetime of advantages at [toyota.com.au](http://toyota.com.au)

## Discover the freedom of Toyota Access<sup>9</sup>

Toyota Access puts you in complete control when buying a new car, with lower monthly repayments.<sup>10</sup> Drive out of the Dealership with a clear road ahead then drive back a few years later with more options at your disposal than ever before. Whatever stage you're at in life, Toyota Access puts you in the driver's seat with flexibility and assurance. To discover Toyota Access for yourself visit [toyota.com.au/toyota-access](http://toyota.com.au/toyota-access)

## Capped price servicing<sup>11</sup>

A new Toyota means you don't have to worry about unexpected service costs. Every Toyota comes with a low, capped price service cost for a set number of years/kilometres. Pay the same low capped price from one eligible logbook service to the next for up to three years or 60,000km, whichever occurs first (including Genuine parts, labour and fluids). For the full benefits consult a Toyota Dealer or visit [toyota.com.au/advantage](http://toyota.com.au/advantage)

## Toyota Warranty Advantage

Every new Toyota is built to exceptional standards. From 1 January 2019, Toyota vehicles are backed by a five year/unlimited kilometre warranty.<sup>12</sup> If your vehicle is properly serviced and maintained per its Warranty and Service Book, we'll extend your engine and driveline warranty for an additional 2 years,<sup>13</sup> giving you peace of mind for years to come. In the event of a claim covered by warranty, you are covered by a 60 day money back guarantee and 7 years emergency assistance including expenses related to car hire and towing if required. For more information visit [toyota.com.au/owners/warranty](http://toyota.com.au/owners/warranty)

## Finance to get you going

If you need a little help, Toyota Finance<sup>14</sup> can offer you a wide range of vehicle financing options. With Toyota Finance, you'll have the peace of mind of dealing with one of Australia's leading vehicle finance corporations with over 30 years experience. And with a range of flexible products and services to suit almost every need and circumstance, Toyota Finance can help find the right package for you or your business.

## Insurance options

Our Comprehensive Motor Vehicle insurance policy is packed with great benefits including; agreed value cover, new vehicle replacement if your Toyota is written off within the first three years, use of Toyota Genuine Parts, and a Lifetime Repair Guarantee on repairs authorised by Toyota Insurance.<sup>15</sup> For more information visit [toyota.com.au/insurance](http://toyota.com.au/insurance)

## Extend your peace of mind

Whether it's a flat tyre, lost keys or a flat battery, Toyota Roadside Assist<sup>16</sup> is never more than a phone call away. Available 24 hours a day, seven days a week, our technicians are there to help you get back on the road. For more information visit [toyota.com.au/insurance/roadside-assistance](http://toyota.com.au/insurance/roadside-assistance)
